Cobb Scores on New Iowa Assessments Top National Averages

Cobb County third, fifth and seventh graders performed above the national average on the new Iowa Assessments, a set of norm-referenced tests that compare students' performance to that of their peers across the United States. Replacing the former Iowa Tests of Basic Skills (ITBS), the Iowa Assessments rank student performance according to percentiles. Cobb third graders had an average composite score ranked in the 59th percentile, meaning that Cobb third graders scored equal to or better than 59 percent of all other U.S. third grade students who took the Iowa Assessments. Composite scores for fifth graders ranked in the 63rd percentile and seventh graders scored in the 61st percentile (See Table I). Results for the 2013 Iowa Assessments are not comparable with percentile rankings from previous administrations of the ITBS.

The Iowa Assessments evaluate students in English Language Arts and Math, as well as Science and Social Studies. The tests are particularly helpful in identifying core skills where students may need additional instruction. By administering the test in fall, teachers have time to work with students before spring CRCT testing begins.

In Cobb County, third graders performed best in Science, scoring in the 63rd percentile and English Language Arts, where they ranked in the 59th percentile. Scores for Cobb fifth graders were at the 66th percentile in Language Arts and 60th percentile in Math. Seventh grade students ranked highest in Language Arts at the 64th percentile, followed by Science where they placed in the 63rd percentile. Math was the weakest area for fifth and seventh grade students; both grades ranked in the 60th percentile, which remains 10 percentile points above the national average.

The Iowa Assessments also include grade equivalents, or GE scores. The numbers in the GE score that come before the decimal represent the grade level of the student's performance, while the digits that follow the decimal represent the month within the grade. A GE score of 5.2 means the student's performance was similar to that expected of a fifth grader taking the same test during the second month of school. For all three grade levels tested, Cobb County students exceeded the expected grade equivalents (see Table I).

Student scores are reported for CCSD in Table I; Individual school scores are reported in Tables IIa–IIc.

###

COBB COUNTY SCHOOL DISTRICT

TESTING BRIEF

Iowa Tests

Fall 2013

Georgia law (O.C.G.A., Section 20-2-281) allows school districts to administer nationally norm-referenced instruments in reading, mathematics, science, or social studies. The purpose of the norm-referenced test (NRT) is to obtain information about how the performance of Georgia's students compare with that of students in a national sample, an external reference group. The results of an NRT are used for evaluation, decision-making, and instructional improvement.

Cobb County School District has contracted with Riverside Publishing Company to provide the Iowa Tests for students in grades 3, 5 and 7. The Iowa was administered in district schools in late September for these three grades.

The Iowa ranks student performance according to percentiles, or how they compare with peers nationwide. For example, a student in the 75th percentile on the Iowa scored equal to or better than 75% of all students across the nation who participated in the Iowa at that same grade level.

Sixty-three percent of elementary schools in the district had average composite scores above the national average (50th percentile), and 67% percent of middle schools ranked above the national average in grade seven.

KEY FINDINGS

Third Grade Results

- Students at this grade level ranked in the 58th percentile in **Reading** with a grade equivalent (GE) of 3.3. At the time of the administration, a GE of 3.2 is the expected performance level.
- Overall performance in **English Language Arts** tests placed third graders in the 59th percentile, with a GE of 3.3.
- Students scored in the 58th percentile in **Third Grade Math**, and a grade equivalent of 3.2.
- The **Core Composite** for third grade, which is an overall score excluding Science and Social Studies, was in the 57th percentile and 3.2 for a GE.
- **Social Studies** scores for third grade students ranked in the 57th percentile with a GE of 3.3.
- In **Science**, the percentile for third graders was 63 with a GE of 3.5.
- The **Complete Composite** score for third grade students was 59, and the GE was 3.3.

Fifth Grade Results

- Students at this grade level ranked in the 60th percentile in **Reading** with a grade equivalent (GE) of 5.6. At the time of the administration, a GE of 5.2 is the expected performance level.
- Students scored in the 66th percentile overall in **English Language Arts**, with a grade equivalent of 5.9.
- **Math** scores for fifth grade students ranked in the 60th percentile with a GE of 5.4.
- The **Core Composite** for fifth grade, which is an overall score excluding Science and Social Studies, was in the 61st percentile and 5.6 for a GE.
- In **Social Studies**, the percentile for fifth graders was 69th with a GE of 6.2.
- Performance on the **Science** test placed fifth graders in the 64th percentile, with a GE of 5.9.
- The **Complete Composite** score for fifth grade students was 63, and the GE was 5.8.

Seventh Grade Results

- Students at this grade level ranked in the 57th percentile in **Reading** with a grade equivalent (GE) of 7.6. At the time of the administration, a GE of 7.2 is the expected performance level.
- Overall in **English Language Arts**, the percentile for seventh graders was 64 with a GE of 8.1.
- Students scored in the 60th percentile in **Math**, with a grade equivalent of 7.9.
- The **Core Composite** for seventh grade, which is an overall score excluding Science and Social Studies, was in the 60th percentile and 7.8 for a GE.
- Performance on the **Social Studies** test placed seventh graders in the 63rd percentile, with a GE of 8.2.
- **Science** scores for seventh grade students ranked in the 62nd percentile with a GE of 8.1.
- The **Composite** score for seventh grade students was 61, and the GE was 8.0.
