

Cobb County School District

Georgia Milestones End-of-Grade Assessments Testing Brief for 2014–2015

Middle Schools

Georgia Milestones End-of-Grade (EOG) Assessments were given for the first time in the 2014–2015 school year. EOG assessments are given in grades 3 to 8 in four subjects: English Language Arts, Math, Science, and Social Studies.

Student performance on the EOG Assessments is divided into one of four achievement levels: (1) Beginning Learner, (2) Developing Learner, (3) Proficient Learner, or (4) Distinguished Learner.

Beginning Learners These students did not demonstrate proficiency.

Developing Learners These students demonstrated partial proficiency.

Proficient Learners These students demonstrated proficiency.

Distinguished Learners These students demonstrated advanced proficiency

Percent proficient is the percentage of students scoring in the top two achievement levels. The Georgia DOE considers the percent proficient to correspond to those students who are ready to progress to the next grade in that test subject.

Data Provided in this Testing Brief

The summary statistics of assessment results presented in this document are from EOG assessments taken during the Spring administration of the Georgia Milestones. All summary statistics for the district presented in this testing brief were calculated from individual student test scores provided to the district by the Georgia DOE. In the following tables, groupings that contained 15 or fewer students were excluded to protect privacy.

The following tables include district- and school-level summaries of the performance of Cobb students on the Georgia Milestones EOG assessments. Comparisons are made to the state-level summaries where available.

Tapp	232	964.8	40.9	26.7	32.3

Notes

- Students are reading on grade level if their lexile score is within or above the stretch band.
- Above the stretch band includes lexiles above 1070.
- Within the stretch band includes lexiles between 925 and 1070 inclusive.
- Below the stretch band includes lexile below 925.
