

# Milestones Testing Brief

## Cobb Elementary Schools: 2017–2018

Georgia Milestones End-of-Grade (EOG) Assessments were given in the 2017–2018 school year for the fourth time. EOG assessments are given in grades 3 to 8 in English Language Arts and Math. EOG assessments are also given in Science and Social Studies in grades 5 and 8.

### Achievement Levels on the Georgia Milestones EOG Assessments

Student performance on the EOG Assessments is divided into one of four achievement levels: (1) Beginning Learner, (2) Developing Learner, (3) Proficient Learner, or (4) Distinguished Learner.

**Beginning Learners** These students did not demonstrate proficiency.

**Developing Learners** These students demonstrated partial proficiency.

**Proficient Learners** These students demonstrated proficiency.

**Distinguished Learners** These students demonstrated advanced proficiency

**Percent proficient** is the percentage of students scoring in the top two achievement levels. The Georgia DOE considers the percent proficient to correspond to those students who are ready to progress to the next grade in that test subject.

### Data Provided in this Testing Brief

The summary statistics of assessment results presented in this document are from EOG assessments taken during the Spring administration of the Georgia Milestones. All summary statistics for the district presented in this testing brief were calculated from individual student test scores provided in the final data file from the Georgia DOE. In the following tables, groupings that contained fewer than 15 students were excluded to protect privacy.

The following tables include district- and school-level summaries of the performance of Cobb students on the Georgia Milestones EOG assessments. Comparisons are made to the state-level summaries where available.

Historical trends are shown for most test metrics from 2015 to 2018 in the following tables. The 1-year trend is calculated by subtracting the 2017 test metric from the 2018 value. Likewise, the 3-year trend is calculated by subtracting the 2015 test metric from the 2018 value.

If this document is viewed online, the titles in the list of tables are hyperlinked so that clicking on a table title will take you to that table. A hyperlink is also provided in the upper-right-hand corner of each page that will return you to the list of tables.
