

Connecting Personal Devices to the CCSD Secured Wireless Network (Kindle)

The following are directions for connecting your <u>PERSONAL</u> Amazon Kindle device to the CCSD Secured Wireless Network.

- 1. From your device's Home screen, select the **Settings** icon.
- 2. Once you are in the Settings menu, select Wireless.

3. Select Wi-Fi.

4. Ensure that Wi-Fi is turned <u>ON</u>.

5. Select the CCSDWireless network.

6. You will need to enter the password provided by your local school's Library Media Specialist, Lab Manager, or School Administrator. Once entered, press **Connect.**

✓ I accept the Acceptable Use Policy				
Sign In				
To access network resources, please sign in.				

If you are a CCSD **Student**, enter your:

- a. Student ID Number (lunch number)
- b. Network Password (the password used to sign into a school computer)
- c. Check the "Acceptable Use Policy" after reading the terms.

After completing the form, select Sign In.

11. You will be re-directed to the *SSL Certificate Page*.

Click on the **gold key**.

Do not leave this site without first installing the CCSD-issued SSL Certificate!

It will be required to experience error-free surfing at secured HTTPS sites while on the CCSD Wireless Network.

12. Once the certificate has completed downloading, Click **Open** to begin installing the CCSD-issued SSL Certificate.

Download complete!	OPEN

13. When prompted for a Certificate Name, enter <u>ccsdssl</u>, then click **OK**.

14. Your device may require that you confirm your PIN (unlock code) before saving the SSL Certificate. If prompted, enter the PIN then click **Continue**.

- 15. Navigate to a secure HTTPS site like <u>www.yahoo.com</u>, <u>www.google.com</u> or <u>www.bing.com</u>. Verify that the page displays properly.
- 16. Please contact your local Media Specialist if you encounter any issues connecting to the CCSDWireless network.
