

Pebblebrook High School
Math Department Digital Resources

This document provides a list of resources that will be used to support students during an extended District initiated physical absence from school. We understand face to face instruction provides the best opportunity to ensure content mastery, however we place great value in the proven digital resources that are shared below to act as a secondary response to instruction. The following outlines the times that students should be accessing digital resources along with additional "digital office hours" for teacher support. In addition, a list of the primary resources to access assignments is provided along with some support resources that students can use to support content mastery.

Math Department Office Hours: 8 am- 9am

Daily Student Work Hours: 10:30 am - 12:00 noon

Department Website: <https://web.cobbk12.org/pebblebrook/page/10261/math>

Digital Textbook:

<http://www.cobbk12.org/centraloffice/learningresources/digitaltextbooks.aspx>

Office 365 Username: firstname.lastname Password: Same as computer password at school
