Tech Tip

Parent Tech Tip: Teaching Your Child About Sharing Digital Creations on School Devices
As kids use tools like Canva, Adobe, or Office 365 to create projects, it's essential to discuss the importance of responsible digital sharing, especially when using school-issued devices. At school, we teach students about protecting their privacy, avoiding oversharing, and understanding the implications of sharing files online. Remind them that files shared from school devices may be subject to school monitoring and policies. Encourage your child to ensure their projects are appropriate, limit access to specific individuals when sharing, and avoid including personal information. By reinforcing these lessons at home, you can help your child safely and confidently navigate the digital world.

Cultural Heritage Night

Come join us for our annual celebration of the cultural diversity within our school! You can interact with different displays put up by our families and enjoy entertainment by cultural dance groups. Students will have fun filling out passports and taking part in a scavenger hunt with several great prizes.

RESCHEDULING DUE TO SCHOOL CLOSURE – DATE TBA

January 20 Day of Service

Bring the family for a volunteer event honoring the spirit of Dr. Martin Luther King, Jr. We will be making no-sew blankets for the unhoused as well as creating care cards and accepting donations of hats and head coverings for cancer patients at Loving Arms Cancer Outreach.

Lunch and beverages will be provided to all who attend. Because of the school closing for the holiday, the event will be at North Landing Community Clubhouse on January 20 from 10am to 1pm.
