Kindergarten and New Student Registration

Cobb teachers are looking forward to helping your child begin their educational journey. So, do not delay, register your new student today! Please share with your neighbors and friends!

The online student registration, which is the same system used for all students who are new to the Cobb County School District, enables the enrolling adult to register all students in their family at one time. The safe and secure system allows parents to enter information, save it, and return later to complete the registration.

Enrolling adults who already have a current Cobb student will need to use their ParentVue account to register additional new students. If you are a parent with students currently enrolled in the school system and do not have access to your ParentVUE account, contact your local school to obtain the ParentVUE activation code.

Tech Tip

March is the perfect time for some digital spring cleaning! Help protect your child online with these quick steps:

Week 4: Digital Citizenship Chat

A great reminder for kids (and adults!): **Kindness and safety matter online.** Here's how to guide the conversation:

- **Ask your child:** "What would you do if you saw someone being mean online?"
 - **Remind them:** If you wouldn't say it face-to-face, repeat it to your parent, and don't type it online.
 - **Check privacy settings** together on their favorite apps.
 - **Teach the STOP rule:** If they see something upsetting online, STOP, don't respond, and **tell an adult.**
- A quick chat can go a long way in helping kids be responsible and respectful digital citizens.
