Friday, May 17th
1:30 Arrival
1:55 The Walk of Honor
2:10 Reception

* Wear your cap and gown! Also,
wear a shirt that tells us about
your plans after graduating!

Safety Reminders

Each day, the safety of our students, staff, and parents is our priority. While we understand waiting can be difficult, please realize that keeping everyone on campus safe is more important than the few extra seconds gained by not following our procedures. Recently, we have had cars run over cones, cars passing stopped cars and narrowly missing children unloading on the left side of the car, and driving up the wrong side of the parking lot. It is of the utmost importance you follow our traffic protocols each day.

Please remember to adhere to our simple and safe carpool rules:

1. Students load and unload on the right hand side only. This prevents the risk of being hit by a passing car that is not following protocol. Also, staff cannot see around cars to the otherside.
2. Drivers wait until cars move, not not go around cars that are still loading. This prevents the risk of running into other cars, people, and cones.
3. Follow the directives of our staff working carpool. Our staff is well trained on when to stop cars and help pedestrians cross the walk.
4. Pull all the way forward to the end of the loop and to the car in front of you to allow for the maximum amount of cars in the parking lot at a time.
5. Be respectful to all.

Comet Galaxy Tech Tip

Wait Until 8th

Before spring break our Comet Galaxy Tech Tip discussed the "Wait Until the 8th Pledge." We understand for some families there is a need for a child to have a cell phone earlier. Balancing technology use and healthy habits is challenging, which is why we want to provide you with resources. Attached is an insightful article on Psychology Today titled "The Best Technology Screen Time Contract for Kids." This resource offers practical guidance on creating a technology and screen time contract tailored to children's needs. As a school community, we can work together to support each other in promoting healthy technology habits for our children. Check out the links to the article and contracts.
