## Tech Tip

We're thrilled to announce National Screen-Free Week from May 1st to May 7th! This is a chance for our families to unplug from screens and reconnect with each other and the world around us.

What does this look like...

1. **Quality Family Time:** Enjoy meaningful interactions and bonding without the distractions of screens.
2. **Promotes Creativity:** Encourage your children to tap into their creativity through hands-on activities.
3. **Enhances Well-being:** Prioritize physical, mental, and emotional well-being by taking a break from screens.
4. **Encourages Outdoor Play:** Step outside and enjoy the benefits of nature together as a family.

How to participate:

- **Set Boundaries:** Limit screen time for entertainment purposes.
- **Plan Alternative Activities:** Explore fun and engaging screen-free activities together.
- **Lead by Example:** Show your children the importance of disconnecting from screens by participating yourself.
- **Let's embrace the benefits of a screen-free lifestyle,** even if it's just for one week. We look forward to hearing about your screen-free adventures!

Keheley PTA is conducting a second survey to see how PTA has done over the course of the year and inform the decisions it makes for the 24-25 school year. Based on the survey Keheley families took in October, PTA identified multiple areas to improve family-school relationships and created a School of Excellence Action Plan with a focus on two key standards within National PTA: Sharing Power and Collaborating with Community.
