Did you know?

We serve warm breakfast & lunch each day! Our Café team was recognized by the District for increasing breakfast & lunch popularity by 3%. Café meals are easy meals for you!

New Staff Spotlight

Mrs. Campbell, First Grade Teacher

Great Week

We had a wonderful and exciting first week back! We have enjoyed seeing all our families in the building! Thank you for your continued support of our staff, students, and community.

Transportation

As a friendly reminder, all transportation changes are made through ParentVue. Please refer to the help documents attached. Beginning Monday, students will walk to their classrooms without parents. Don't worry, we have plenty of adults positioned around the building to help! Please complete your bus Safe Rider Form and return to the school or your bus driver.

Comet Clubs

Comet Clubs are after school, teacher led clubs at Keheley. Registration begins Aug. 14.

PTA & Foundation

Please join our PTA & Foundation. They support our students and staff each and every day. Checkout their Friday Message below.

ParentVue & CTLS Parent

What's the difference and why are they so important?

Think of **ParentVue** as your personal information station for your child and **CTLS Parent** as your child's classroom blog. **ParentVue** is where you will make all dismissal changes this year, view report cards, sign permission forms, and change/update contact information. **CTLS Parent** is where your child's digital classroom is with posts from your teacher, assignments, direct messaging, and resources from your child's classroom.

Both platforms are vital for communication and will be utilized with your child until they graduate high school. **Good news!** Both have apps to download for your devices, for easy accessibility!
