Did you know?

Students can work on CTLS on Monday or on the grade level choice boards. Asynchronous Choice Boards were sent home today with each student.

New Staff Spotlight

Mrs. Rudolph, STEM Teacher

Curriculum Night

Thank you to all out families that joined us for Curriculum Night. We had a great evening learning about your child's teacher. If you missed out, contact your teachers.

Asynchronous Day

Students will be working from home on Monday, August 21 while staff members are engaging in professional learning and trainings. Your teachers uploaded assignments, directions, and resources in their CTLS Classroom for students to complete. If your student does not have access to a device, a hard copy, grade level, specific Asynchronous Choice Board went home with all students today. Students either need to complete the work through CTLS or the Choice Board. If they work on the Choice Board, please turn in the work and board on Tuesday, Aug. 22. PE, art, music, and STEM also have CTLS Classrooms established with work to complete. See the Asynchronous Day Information below and attached for specifics and links to help documents.

Test Scores

New this year in CTLS Parent: current and historical test scores. Log in to your CTLS Parent account to access for EOG, MI, RI, CogAT, IOWA, GKDS 2.0, GAA.

Comet Clubs

Don't forget to sign up for Comet Clubs. Information is attached and can be found on the Foundation website.

New Second Grade Teacher

Help us welcome Lindsey Jenkins as the newest member of the Keheley Team. We are delighted to add a fourth 2nd grade classroom this year. She will begin at Keheley on Tuesday!
