

## Thank You

Thank you to the families that walked with us and watched the East Cobber Parade. We had a fantastic day celebrating Mrs. Johnson and Mrs. Wilkinson!

A huge thank you to our PTA and volunteers for a wonderful BINGO Night! It was a BLAST!

## Cobb Schools Foundation Ambassador

The Foundation has three pillars, learning interventions, scholarships, and family stabilization. The purpose is to support our students and schools! Megan Arocho, Instructional Specialist is Keheley's Ambassador to the Cobb Schools Foundation. Thank you!

## What I Need (WIN)

WIN is Tuesday, Wednesday, and Thursdays from 7:20-7:50am. All students are participating in structured math problem solving on Tuesdays and specifically needed math fluency on Wednesdays and Thursdays. Students are grouped according to skill level/academic need and work with a grade level teacher or support teacher. If you are a car rider, get to school early, so you can participate in WIN for math! It's basically morning tutoring for math facts!

## Enrichment

Kindergarten through 2<sup>nd</sup> grade students participate in morning enrichment on Mondays and 3<sup>rd</sup> through 5<sup>th</sup> grade participate on Friday mornings. We have many morning activities, so get to school early, so you can participate from 7:20-7:50am!

## Meals for Woodstock

The first and third Tuesday of every month Vincenzo's Italian restaurant, in downtown Woodstock, offers free meals to those who are suffering from food insecurity. Please forward the attached flyers to families at your school who you know can benefit from this service.
