Thank You

Thank you to our students, staff, and families that made my birthday extra special this year. I'm so honored to serve at such a kind and thoughtful school in a wonderful community. With appreciation, Mrs. Rabil

Georgia DOE Parent Survey

The Georgia Parent Survey was developed to measure parent perceptions of school climate at your child's school. Your opinion is very important to us. Your survey responses are confidential and will be combined with the survey responses of other parents at your child's school to identify areas in need of improvement. It should only take ten or fifteen minutes to complete the survey. Thank you for your time and participation. Parents will be able to complete the survey using their personal computers, smartphones or iPads. All parents, we encourage you to participate in the Georgia Parent Survey because the data will be used to calculate the School Climate Star Rating. Survey responses are anonymous and will be submitted directly to the Georgia Department of Education for analysis. Please complete the survey before the new year.
