Community Resource Guide

2025-2026 Health and Wellness Community Resource Guide

What You'll Find Inside

The 2025-2026 Health & Wellness Community Resource Guide offers an overview of healthcare services and resources available in our area, focusing on various needs and populations.

- **Healthcare Providers and Services**

- Includes information on medical clinics and home care providers.
- Details services like skilled nursing, personal care assistance, and specialized programs for children and adults with medical needs.

- **Specialized Programs and Resources**

- Features Georgia resources that fund supports for individuals with mental health challenges and developmental disabilities.
- Includes resources which offer educational and therapeutic programs for individuals with disabilities and transition support for youth moving to adult care.

- **Cobb County School District Transition Guides**

- Family Support Services
 - Provides information about funding assistance that can help families in paying for disability-related goods and services.

To use the active links in this guide, please access a digital copy of this Community Resource Guide on the Cobb County Transition Services webpage or through the QR code.

Resources found within the Cobb County School District Community Resource Guides are for informational purposes only. The resources contained here are not associated with, affiliated with or sponsored by the Cobb County School District. CCSD makes no recommendations about the validity or usefulness of any agencies listed herein. The resources contained in this guide may change after publication. Please contact the resources for the most up to date information on services provided.

Health & Wellness

180 Medical provides incontinence products: diapers, protective underwear, under pads, ostomy products, and urological catheters to children and adults with special healthcare needs. 180 Medical participates with Georgia Medicaid, all the CMO's (including Amerigroup), Waiver programs, and commercial plans. They bill Medicaid directly and provide cost-free monthly delivery of supplies to the patients' homes, including sending samples if needed.

Georgia Department of Behavioral Health and Developmental Disabilities (DBHDD)

offers treatment and support services for people with mental health challenges, substance use disorders, and developmental disabilities. The agency's mission is to ensure individuals can access high-quality care close to home, helping them achieve independence, recovery, and a meaningful life within their communities. Importantly, DBHDD also administers the Medicaid **NOW and COMP waivers**, which fund support services for individuals with intellectual and developmental disabilities after they leave school. These waivers help individuals continue their growth and independence in adulthood by providing resources and supports beyond their school years.
