

COMMUNITY RESOURCE GUIDE

Postsecondary Education

This guide connects individuals with disabilities and their families to postsecondary education, training, and support resources that help them prepare for and succeed in college and career pathways.

2026-2027

2026-2027 Post-secondary Education Community Resource Guide

What You'll Find Inside

The 2026-2027 Post-secondary Education Community Resource Guide connects families to programs and services that support individuals with disabilities in preparing for, finding, and maintaining meaningful employment.

- **Career and Vocational Training Programs**
 - Institutions offering hands-on training, certifications, and diplomas in skilled trades and technical fields.
- **College Programs with Disability Support**
 - Colleges and universities that provide accommodations and services for students with disabilities pursuing academic degrees.
 - Information on Inclusive Post-secondary Education Programs that provide college experiences for individuals with intellectual and developmental disabilities.
- **Financial Aid and Transition Resources**
 - Information on FAFSA and the Georgia Student Finance Commission
- **Assistive Technology and Diagnostic Services**
 - Resources like Tools for Life and Regents' Centers for Learning Disorders that help students access technology and accommodations.
- **Cobb County School District Transition Guides**
 - Georgia Vocational Rehabilitation Agency
 - Includes information on the Bud McCall Grant
 - Inclusive Post-secondary Education Programs
 - Transitioning to College for Students with Disabilities

To use the active links in this guide, please access a digital copy of this Community Resource Guide on the Cobb County Transition Services webpage or through the QR code.

Post-secondary Education

FAFSA (The Free Application for Federal Student Aid) is the official form used to apply for federal financial aid for college or career school. Students with disabilities are encouraged to complete the FAFSA to determine eligibility for grants, scholarships, work-study programs, and loans. Completing the FAFSA is also required to access Georgia's IPSE Grant and other state-based aid. The form must be submitted each academic year and is available online.

www.studentaid.gov

The Georgia Inclusive Post-Secondary Education Consortium (GAIPSEC) is a statewide initiative housed at Georgia State University's Center for Leadership in Disability. The consortium works to expand access to inclusive post-secondary education (IPSE) for students with intellectual and developmental disabilities. GAIPSEC provides resources for families, educators, and institutions, and supports the development of college programs that promote academic, social, and career success for students with disabilities.

75 Piedmont Ave NE, Suite 514
Atlanta, GA 30303
Phone: 404-413-1013

TRANSITION SERVICES

EDUCATION. EMPLOYMENT. INDEPENDENCE.

Georgia Vocational Rehabilitation Agency (GVRA)

The purpose of the Georgia Vocational Rehabilitation Agency (GVRA) is to help individuals with disabilities get and maintain employment.

Families and Students Need to Know...

GVRA services are free to eligible individuals and designed to support varying needs, from job placement to job readiness assistance or post-secondary training. *They may even pay for post-secondary education or training!*

Eligibility for services is based on factors such as the individual's disability and its impact on their potential for employment.

GVRA provides benefits counseling to help individuals understand how income may impact benefits like Supplemental Security Income (SSI) and Medicaid

Application for GVRA services is completed online at: <https://referral.gvs.ga.gov/>.

**Check spam folders after applying online.*

TRANSITION SERVICES

EDUCATION. EMPLOYMENT. INDEPENDENCE.

Pre-Employment Transition Services (Pre-ETS)

Pre-ETS are group services designed to equip students with disabilities with the skills and knowledge to transition to post-secondary life successfully. These may be provided in the school setting or during school breaks.

The Bud McCall Grant

The Bud McCall Post-Secondary Vocational Rehabilitation Grant is a financial aid program specifically for GVRA clients seeking a college or university education to gain employment. The grant can cover expenses for up to five years and is paid after other financial aid sources like the Pell Grant or scholarships.

It can provide:
Tuition: up to \$7,395 per year

Maintenance (room, board, and meals): up to \$9,430 per year

Books: up to \$900 per year

Transition to College for Students with Disabilities

The transition to college for students with disabilities requires that students and their families understand the shifts in responsibilities and the policies that support students with disabilities.

Did you know...Students with disabilities are half as likely to go to college and less likely to finish when they go? It is essential that students with disabilities prepare themselves for post-secondary education.

10

Top 10 Skills to Build for College

1

10. Learn to use technology that can accommodate academic and executive functioning needs.
9. Make sure sure to practice organizational and time management strategies in order to manage multiple classes and class schedules.
8. Find out how you learn and practice strategies to make the most of your learning style.
7. Use different study skills and find out what works best for you.
6. Learn about and practice using good test taking strategies.
5. Develop a support system.
4. Understand your rights and responsibilities.
3. Advocate for your needs.
2. Set goals and make a plan for achieving them.
1. Find the right college.

Accessing Accommodations in College

In order to receive accommodations in college, a student must demonstrate that their disability impacts at least one major life activity. A major life activity may include learning, reading, concentrating, thinking, writing, etc.

Inclusive Post-secondary Education

Inclusive post-secondary education (IPSE) is a college program that includes people with intellectual and developmental disabilities who might not otherwise get to have a college experience. Students in IPSE programs attend classes and may live in dorms with people who do not have intellectual disabilities. IPSE programs do not confer degrees, but some certifications are available. Check individual programs.

Paying for IPSE

IPSE Grants are a five-year pilot that pays for “standard undergraduate tuition” at *public institutions only*. The grants may pay for program or student fees, depending on funds available.

Applying for an IPSE Grant

Students can apply for IPSE Grants by one of two ways:

1. Complete the Free Application for Federal Student Aid (FAFSA). The FAFSA must be completed every year to be eligible for IPSE Grants or federal funds like the Pell Grant. Or
2. Complete the online Georgia Student Finance Application (GSFAPP). The GSFAPP only needs to be fill out once every ten years in the state of Georgia.

For more information about IPSE Programs in Georgia, check out the Georgia Inclusive Post-secondary Education Consortium (GAIPSEC).

For more information about IPSE Programs in all over the country, check out Think College.
