

Campbell HS COURSE PREVIEW

for the
2025-26 SY

The scheduling team is preparing for the 2025-2026 school year. **Wednesday, March 26, 2025**, we will begin our Course Preview for next school year. Course Preview week affords parents an opportunity to request a change if you disagree with the teachers recommended placement (i.e. On-Level to Honors, Honors to AP, Honors to On-Level) or if you need to make an elective change. We will not renumber elective selections. Additional details below:

- Level of rigor changes require a waiver. The waiver is included in the change request form.
- Any electives chosen can be placed in your students' schedule including the **8th elective option**, as well as **ANY** CTAE course that allows them to continue with a sequence and complete a pathway.
- JROTC, Band, Orchestra and Chorus are **year-long commitments** and are two elective options.

You may view your student's courses in StudentVue/ParentVue by selecting the "Course Request" tab. Changes must be submitted through the link below. Email requests will **not** be granted. **No changes will be made in the fall or spring unless a prerequisite has not been met.** The form will be available beginning **Wednesday, March 26 and closing Wednesday, April 2 at 4:00 PM.** Please remember these are only course request **NOT** your students' actual schedule. Students will receive their schedules in late July.
