

# Friday Challenge at COLA

April 12, 2024

A Partnership with Cobb's  
Instructional Technology  
Department

## 2 IN 1 DAY: DESIGN A VIDEO GAME AND CREATE A 3D TOY--CODING AND AR/VR

Learn how to create your own video game with code in Scratch or Bloxels, AND, design a new toy invention in 3D using Tinkercad or CoSpaces! and view it in AR with Merge Cubes. Leave with a video game and a 3D toy! Bring your creativity and ideas!

### DID YOU MISS THE FACE-TO- FACE FRIDAY CHALLENGE?

Join the Friday Virtual Challenge COLA  
Class at Flip.

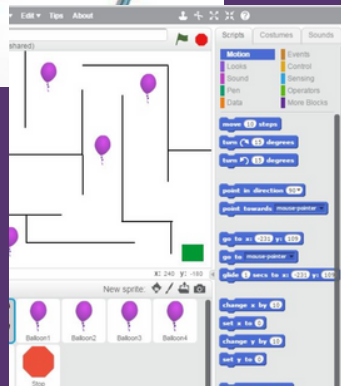

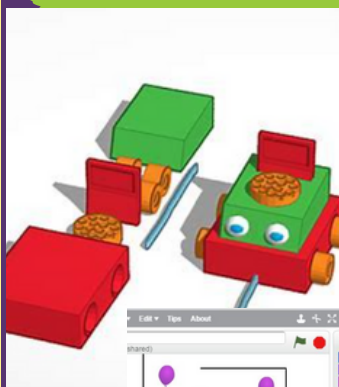

<https://flip.com/6d18ece5>

1. Pick a school-appropriate topic and  
teach others how to do something new!  
Be sure to use lots of descriptions! You  
will have three minutes.

2. Prizes for every entry!

3. All entries are entered into the grand  
prize drawing for a 3D pen at the end of  
the day on April 12th.

Let these ideas inspire you!

### Schedule

High School: 10:00-  
11:30

Middle School: 11:30-  
1:00

**Today is the day!**  
The drawing for a 3D  
pen will be held at the  
end of the Middle  
School session! (1:00)
