## Recommended Best Practices for Online Safety

1. Discuss online safety with your children. (Disclosing personal information, what to do if inappropriate information pops up, “online friends”, evaluating reliable resources, etc.) [10 Tips for Parents](#)
2. Place computers in a common area of the house. [Keeping Children Safe Online](#)
3. Spend time online with your children and know who they are talking with online. (Check Browsers) [Parent Guide](#)
4. Set reasonable time and usage limits. (Set Rules-and stick to them, take breaks, go outside) [Net Safety](#)
5. Never let your children upload or download software, photos, apps, etc. without parental consent. [Block Web Content](#); [Protect Young Eyes](#)
6. Know your children’s passwords. [Password Template](#); [Password Keeper](#)
7. Use parental blocks when possible. [Parental Blocks](#)
