

Hightower Trail Middle School

7th Grade Supply List

To avoid purchasing unnecessary items, teachers will provide students with a class-specific list during the first week of school that details supplies needed to be successful in each class. This will allow students to personalize and organize themselves in a manner that provides them with the most success.

The following "Personal Supplies" list includes items that all students should bring on the first day of school and keep replenished throughout the school year.

Personal Supplies (student keeps in his/her backpack)
