Members of the Cobb County Board of Education Citizens of Cobb County, Georgia

I am pleased to present to you the Cobb County School District Budget for FY2015.

The annual budget development process is one of the largest, most complex projects that the District undertakes each year. After several years of harsh budget reductions during the economic downturn, the CCSD is starting to experience a rebound in our two primary revenue streams – state funding and local property tax collections. Due to a Board initiative to begin budget preparations earlier this year, our stakeholders were better educated about the gaps in educational funding and consequently politically motivated to request changes for the Fiscal Year 2015 Budget. Thanks to the Governor and our legislators, progress has been made and Cobb will receive a significant boost in state revenue in the form of reduced austerity cuts and increased Quality Basic Education (QBE) funding. Cobb's Tax Assessor has predicted that the local property tax digest will increase by 4.5%. This has resulted in the first budgeted increase in property tax since 2009. With all of these improvements in the District's revenue and many hours of work by the Board and Administration, the Cobb County Board of Education has approved the budget for Fiscal Year 2015.

The FY2015 General Fund Budget anticipates \$862,429,012 in revenue and \$900,243,511 in expenditures. The budget is based on a predicted enrollment of 111,459 (including Charter, Pre-K and Devereux) students. Major highlights of the FY2015 Budget include:

- No Furlough Days
- Full 180 Day School Year
- Full Step for all Eligible Employees
- Reduced Classroom Sizes Across All Grade Levels by Adding 300 Teaching Positions
- A 1 percent Partial Salary Restoration for All Employees

The preparation of this budget has required input from all levels of the organization on how to best educate our students. Cobb County Schools are among the strongest in the state and the nation in academic performance, as evidenced by students consistently outperforming their peers at both the state and national levels on standardized tests. In fact, by practically any standard used to measure educational quality, Cobb County Schools excel.

Cobb County School District Strategic Plan

The improved performance of all students' alignment to the District's vision, "Empowering Dreams for the Future", and mission, "Creating and Supporting Pathways for Success" is guided by a strategic plan that provides overall direction and serves as the foundation for monitoring student success and district accountability.

Each year, the plan is updated and will continue to evolve into an integrated management tool reflective of the Board of Education's constancy of purpose, as well as the Board of Education's innovative flexibility. The CCSD Strategic Plan delineates the goals of the Board of Education with a greater emphasis on the measurement of outcomes.

Vision 2026 / School System Flexibility Options

Hundreds of Cobb parents, community members and employees participated in the Vision 2026 community conversations conducted in fall 2013. The forums offered Cobb citizens a chance to share constructive ideas about the future of our school system and the flexibility options available to the District. This valuable public input will be used to develop a recommendation to the Board regarding school system flexibility.

Current Cobb Kindergarten students will graduate in 2026. How are we empowering their dreams for the future?

County School District Student Achievement

SAT Scores

Seniors in the class of 2014 posted an overall score of 1515 on the SAT test which is well above the State of Georgia and nation average. CCSD students exceeded their statewide peers' average by 70 points, and the national average by 18 points.

GENERAL FUND BUDGET HIGHLIGHTS

FY2015 Budget Development Process

The budget development process incorporated participation by many levels of the organization. The Board, the Superintendent, and staffs met to arrive at a FY2015 tentative budget. The District encouraged public input by scheduling a public hearing on the FY2015 Budget and posting information on the internet at address: http://www.cobb.k12.ga.us; also a memo was provided to all libraries and media centers in the county to instruct citizens on how to access the budget via the internet.

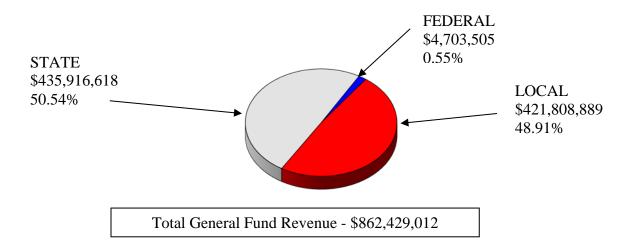

The following is a summary of FY2015 General Fund Budget Projections:

FY2015 General Fund Budget Estimates

FY2015 Projected Revenue	\$862,429,012
FY2015 Projected Expenditures	\$900,243,511
Difference	(\$37,814,499)
Use Fund Reserved from Prior Year	\$37,814,499

General Fund Revenue

The General Fund is the District's general operating fund and is used to account for all financial transactions except those required to be accounted for in another fund. The General Fund has three main categories of revenue: (1) State QBE funds – Education funding from the State of Georgia based on student counts and miscellaneous formulas (2) Local Property Taxes – Taxes that comprise the majority of local revenue for school districts in Georgia (3) Federal revenue – Revenue from the Federal Government such as ROTC Instructor reimbursement and administrative handling fees for the coordination of Federally funded programs.

Millage Rate Information and Comparisons

Property Taxes are levied on real and personal property. Based on values assessed as of January 1 each year, taxes are levied using a "millage rate" which taxes citizens based on \$1 per \$1,000 of assessed property value. The FY2015 approved budget was developed with a millage rate of 18.9 to fund the General Fund Budget.

The General Fund Millage School Tax Calculation

The following is an example of how FY2015 Cobb County School Taxes are calculated for a \$206,700 home (Median Home Value in Cobb County. Source: U.S. Census Bureau 2010 American Community Survey):

General Fund Millage	<u>Item</u>	
\$206,700	House assessed at Fair Market Value	
<u>X</u> .40	40% Assessment Rate	
\$82,680 (\$10,000)	Assessed Value for Tax Purposes Homestead Exemption	
\$72,680	Tax Base for Property Tax	
<u>X .0189</u>	18.9 Millage Rate	
\$1,374	General Fund School Taxes	

Metro Atlanta School Tax Comparison

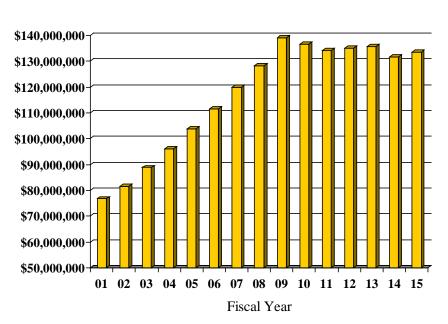

FY2015 Property Tax revenue is based on a millage levy currently of 18.9 mills. The following are Metro Atlanta comparisons of proposed millage rates, homestead exemptions and taxes on a \$206,700 home:

School Locality	Standard Homestead Exemption	Tentative General Fund Millage Rate	Tentative Bond Millage Rate	Taxes on a \$206,700 Home
Atlanta (APS)	\$30,000	21.640	0.100	\$1,145
Cobb	\$10,000	18.900	0.000	\$1,374
DeKalb	\$12,500	23.980	0.000	\$1,683

2015	\$133,378,961

Each year, the Cobb County School District will receive an amount of State funds that is the QBE program cost for the system minus the Local Fair Share amount. Local Fair Share is the amount of money equal to the amount that can be raised by levying five (5) Mills on the forty (40) percent equalized property tax digest. The State requires that local school districts make this levy before state funding can be received. The graph and data chart present a history of Cobb's Local Five Mill Share.

General Fund Expenditures

The General Fund FY 2015 budget allocates funds to many different functions to pay salaries, fringe benefits, contract services, supplies/instructional materials, utilities, and equipment with a major emphasis directed toward the needs of student classroom instruction. The Cobb County School District is labor intensive with most of the budget earmarked for employee salaries and fringe benefits.

<u>Function</u>	FY2015 Budget

Total	\$900,243,511

For school years 2010 through 2014, House Bill 908 amends Article 6 of Chapter 2 of Title 20 to temporarily waive expenditure controls relating to direct instruction, media center costs, staff and professional development costs and additional days of instruction. The direct instructional costs include state salaries, retirement contributions, and health insurance costs for classroom teachers and paraprofessionals, as well as instructional materials and supplies.

Included in the state revenue is \$10,602,791 earmarked for media salaries, benefits, and library books (Function 2220), \$1,974,997 for staff development (Function 2210), and \$5,038,390 for transportation (Function 2700). The District also receives supplemental funds based on House Bill 280, which was introduced and approved in 2009, to provide differentiated compensation for math and science teachers. The balance of state funding can be used to supplement local funds to pay for all indirect instructional costs which include all costs designated in all functions except those specifically mentioned above. Any costs above those funded by the state in all functions are funded with local dollars. The General Fund budget was developed using projected student counts and personnel requirements. No inflation factor was considered during budget development. Note that vacancies/unfilled positions and the over collection of revenues create extra funds in the budget called lapse.

CAPITAL PROJECTS HIGHLIGHTS

Capital Projects are budgeted on a per project basis for construction operations and on a fiscal year basis by the Financial Services Division. After the School Board and public approve a five year capital spending project, capital project funds are budgeted and balances are carried over from year to year until the projects are complete. For FY1998 and beyond, the State of Georgia Legislature approved the use of a 1% sales tax for school districts (SPLOST – Special Purpose Local Option Sales Tax).

(SPLOST III) – Timeframe January 2009 through December 2013

On September 16, 2008, Cobb County citizens voted to continue a five year SPLOST for the third time. The passage of this sales tax will assist the school district in meeting the additional classroom, equipment and technology needs.

REVENUE

Projected Total Cobb SPLOST Receipts (5 Years)	\$797,656,675
EXPENDITURES	
Four New Schools	\$101,654,872

<u>Curriculum/Technology</u>	\$109,770,000
Safety & Support	<u>\$132,309,481</u>
Total	\$797,656,675

(SPLOST IV) – Timeframe January 2014 through December 2018

On March 19, 2013, Cobb County citizens voted to continue SPLOST funding for another five years. The passage of this sales tax has assisted the school district in meeting the additional classroom, equipment and technology needs.

REVENUE

Projected Total Cobb SPLOST Receipts (5 Years)	\$717,844,707
EXPENDITURES	
New/Replacement Facilities	\$175,516,848
<u>Land</u>	\$ 10,000,000

Curriculum, Instruction and Technology	\$125,050,835
Total	\$717,844,707

County Wide Building Fund

The Countywide Building Fund is a multi-year capital outlay fund with the majority of available funds received from the 1995 Bond Fund after all Bond project commitments were completed. Revenues also include interest income, state capital outlay funds, extraordinary income such as catastrophic insurance claims, and construction related grants through the CCPS Education

Foundation. Expenditures in the Countywide Building Fund include leased portable classrooms, small construction projects of an emergency nature, or large capital needs resulting from catastrophic events.

DEBT SERVICE FUND HIGHLIGHTS

The Debt Service Fund was established to track the accumulation of funds to pay long term debt. School buildings were previously funded through the use of bond issues and repayment of these bonds occurred by establishing a debt service millage rate. In January 2007, the District made the final principal and interest payments associated with all outstanding bond debt. A balance of \$395,859 remains in this fund. During the May 22, 2008 meeting, the Board chose to designate the remaining Debt Service Fund balance to provide solutions for improving a student information system.

OTHER FUND HIGHLIGHTS

Federal Funds, Self-Supporting Funds, Internal Service Funds and Special Revenue Funds comprise a small percentage of the total budget. Final Federal and State allocations for FY 2015 are not available at this time. Federal/State budgets for next year are based on current levels of funding or the most current information available.

SUMMARY

In preparing this budget, extreme care was taken to minimize reductions involving classroom instruction and student achievement. The proposed budget reflects the mission of the Cobb County School District to create and support pathways for success. All the technical aspects and tasks of budget development are assigned to responsible employees of the system to ensure that accounts, programs and services are reviewed, analyzed and comply with System Strategic Goals (Student Achievement, Stakeholder Involvement, and Accountability). The District's careful implementation of significant spending cuts and service reductions over the past years, along with prudent management of federal stimulus dollars, has left the district in a better financial position than many had anticipated in this difficult economic climate. As a result, the district plans to use \$37.8 million in revenue reserve to offset the shortfall in revenue. Administration evaluated and prioritized school district budget balancing ideas. I look forward to your discussion and support of the FY 2015 Budget.

Regards,

Chris Ragsdale

Tim Stultz began his first term on the Board of Education in January 2011. Tim is a graduate of Georgia's public school system, and believes that public education continues to open doors for our children to go on to live successful lives. He is an IT business analyst, with previous experience as a project manager. After graduating from Salem High School in Rockdale County, he earned his Bachelor's degree in Electrical Engineering from The Georgia Institute of Technology in 2004. Tim has been married to his wife, Jodi, since 2006. They have two young children, Mackenzie and Sean, who will be starting school in the next few years. They have been members of the Smyrna and Mableton communities since 2004. Tim is a strong advocate of accountable and transparent government, and enjoys providing public service. He believes that the school board must work directly with the community and other elected officials to create an effective environment that will allow students to succeed.

DMorganforschools@gmail.com | 404-803-9975

David L. Morgan began his first term on the Board of Education in January 2009. He is an educator and advocate for children. After spending more than a decade as a teacher, Morgan made history in November 2008 by becoming the first African-American male to be elected to the Cobb County Board of Education, and he did so in his first attempt at a public office. A native of Atlanta, Morgan earned an undergraduate degree in Political Science from Grambling State University in 1993 and a Master of Arts degree in Early Childhood Education from Clark Atlanta University in 1996. He began his teaching career with Atlanta's Head Start program in 1994, and began teaching English at Decatur High School in 1996. While teaching at Decatur, he founded I AM, Inc., a nonprofit organization that provided tutoring, enrichment and mentoring services to more than 500 youths between the ages of five and 16. The highlight of Morgan's teaching career occurred during his tenure at the Knowledge is Power Program (KIPP) Academy in Atlanta, where he taught Reading and Language Arts. While at KIPP, Morgan emerged as the only teacher in the entire school to receive an excellent rating for his teaching ability by an independent panel of international evaluators. He later rose to become principal of the charter school and is credited with maintaining academic excellence amid the many challenges the school and its students faced. He is particularly proud of the fact that his school earned state recognition for the greatest gain in CRCT scores during the 2004-2005 school year. Morgan later taught at Lindley Middle School after KIPP closed due to a lack of funding. Morgan is the 2005 recipient of the NAACP's Education Award. His community involvement includes membership with Alpha Phi Alpha Fraternity, Inc., the Cobb County NAACP, and he is a member of the Advisory Board for the Cobb County Youth Center. Morgan also spent six years as a Little League baseball coach for DeKalb County's Gresham Park. Married to State Representative Alisha Thomas Morgan since 2003, he is the proud father of Rashaan Khalil (16) and Lailah Camille (4).

EXECUTIVE SUMMARY FY2015 BUDGET DEVELOPMENT PROCESS (Continued)

BUDGET PROCESS SUMMARY

A local government budget is a financial plan that details the government's projected revenues and expenditures on specified programs, functions, activities, or objectives.

The budget process is the procedure used by local government to develop the annual budget. It includes the details of schedules, and who is responsible for information gathering or review.

Cobb County School District budget preparation process extends for a period of approximately twelve months beginning on July 1. All funds are budgeted by the district on an annual basis. The fiscal year (July 1 through June 30) budget must be submitted to the seven members of the local Board of Education prior to June 30 for legal adoption.

The Executive Cabinet meets to develop a proposed balanced budget for submission to the Board of Education. A balanced budget is a financial plan in which projected income and other revenues, combined with unrestricted fund balances, equals, or exceeds, the amount proposed to be spent. Budget sessions with the Board and an official public budget meeting are conducted. Following the public hearing, the Board legally adopts the budget. The budget is prepared according to the Georgia Department of Education (GDOE) format and submitted for formal approval. The GDOE generally approves the budget in November; however, school districts are permitted to expend funds on a conditional basis until final State approval is received.

The local Board of Education may legally amend the budget at any time during the year, but must obtain the approval of the Georgia Department of Education for any amendment which exceeds five percent of the State approved budget at the state functional series level. No public funds may be expended until the local Board has approved the budget. The District prepares the budget on a modified accrual basis whereby revenues are generally recognized when susceptible to accrual and expenditures are recognized when related fund liability is incurred. Federal and state grants (excluding QBE) and property taxes with related interest and penalties received within sixty days after year-end are recognized as revenues prior to receipt for budgetary purposes.

EXECUTIVE SUMMARY FY2015 BUDGET PROCESS ADMINISTRATION

FY2015 EXECUTIVE CABINET

The Executive Cabinet is charged with the responsibility of reviewing all budget requests for improvements to the proposed budget, in addition to the continuation budget prepared by the Financial Services Division. The Executive Cabinet reviews budget documentation received from teachers, principals, departments, divisions, and board members, as well as the input received from the general public. The public hearing is held prior to adoption of the final budget. The Executive Cabinet members for the preparation of the 2014-2015 budget were as follows:

Executive Cabinet Members:

Board of Education

Chris Ragsdale, Superintendent (Interim)

Dr. Angela Huff, Chief of Staff

Dr. Grant Rivera, Chief Leadership and Learning Officer

Mary Elizabeth Davis, Chief Academic Officer

Brad Johnson, Chief Financial Officer

John Adams, Chief Human Resources Officer and Chief Operation Officer (Interim)

Dr. Angela Bacon, Chief Technology Officer (Interim)

BUDGETING SERVICES

Budgeting Services is responsible for coordinating the Budget Process. Information is compiled from all levels of the organization and is organized for decisions by the Executive Cabinet and the Board of Education.

Budgeting Services Members:

Mandy Wissing, Director of Budgeting Services Becky Beck, Budget Manager Amy Chang, Financial Analyst Kerry O'Malley, Budget Analyst Pamela Houston, Budget Coordinator Gina Wheeler, Budget Coordinator Austin Castellanos, Budget Technician

EXECUTIVE SUMMARY BUDGET DEVELOPMENT TIMEFRAME

The budget preparation process extends for a period of approximately twelve months beginning in July. All funds are budgeted by the district on an annual basis. The fiscal year (July 1 through June 30) budget must be submitted to the local seven-member Board of Education prior to June 30 for legal adoption. The following are the major budget process elements included in the school district budget process:

Budget Process Elements/Timeframe Prepare Budget Analysis and gather Budget-related information (<i>July-Feb</i>)	Process Descriptions Prepare budget calendar and budget procedures Prepare preliminary Budget Forecast Gather budget balancing information (Schools/Depts) Prepare district personnel allotment projections Prepare operational department projections Prepare revenue projections Prepare revenue/expenditure estimates (Other Funds)
Track Activities that could affect Budget Development (<i>July-June</i>)	Administration tracks and reports on legislative activities
Budget Administrator Meetings (March/April)	Administrators review all budget balancing input Administrators develop balanced proposed budget
Budget Input from Cobb County Citizens (April/May)	Board of Education gathers input from Citizens
Budget Board Markup Meetings and Tentative Board budget approval (<i>May</i>)	Board of Education reviews proposed budget Board of Education adopts a tentative budget
Final budget approval by the Board of Education (<i>June</i>)	Board of Education approves final budget

The administration meets to arrive at a tentative budget for submission to the Board of Education. The public is notified that copies of the proposed budget are placed on the internet and the public budget meetings are advertised via newspaper advertisement. Work sessions with the Board and an official public budget meeting are conducted. At the next scheduled Board meeting after the public hearing, the Board legally adopts the budget. The budget is prepared according to the Georgia Department of Education format and submitted for formal approval by the State Board of Education. The State Board generally approves the budget in November; however, school districts are permitted to expend funds on a conditional basis until final state approval is received. The local Board of Education may legally amend the budget at any time during the year, but must obtain the approval of the Georgia Department of Education for any amendment which exceeds five percent of the State approved budget at the State functional series level. No public funds may be expended until the local Board has approved the budget.

The District prepares the budget on a Modified Accrual Basis. Appropriations not spent or encumbered lapse at year-end. Federal and State grants (excluding QBE) and property taxes with related interest and penalties received within sixty days after year-end are recognized as revenues prior to receipt for budgetary purposes.

EXECUTIVE SUMMARY SIGNIFICANT CHANGES IN THE BUDGET PROCESS AND/OR BUDGET POLICIES

The development of the FY2015 Budget is a planned, orderly process, which prioritizes budget requests using available resources.

The budget process includes the estimation of revenues to fund the necessary operating expenditures of the School District. Decisions on the appropriation of funds were made after input was received from individuals both inside and outside the school system. All the technical aspects and tasks of budget development are assigned to responsible employees of the system to ensure that accounts, programs and services are reviewed, analyzed and comply with District Strategic Plan Goals (Student Achievement, Stakeholder Involvement, and Accountability).

As part of the budget development process, administration gathered information and budget requests from all levels of the organization. In the FY2015 budget, student enrollment, including charter schools, pre-K, and Devereux is estimated to be 111,459.

The District's careful implementation of significant spending cuts and service reductions over the past years, along with prudent management of federal stimulus dollars, has left the District in a better financial position than many had anticipated in this difficult economic climate. As a result, the District plans to use \$37.8 million in revenue reserve to offset the shortfall in revenue.

Each school district functional area (school or department) has a detailed budget designed to carry out their operations. All functional areas are required to review each of their revenue and expenditure accounts. FY2015 system-wide school district staffing estimates and requirements were also reviewed as part of the budget balancing process. Administration evaluated and prioritized school district budget balancing ideas.

The Board met several times and tentatively approved the FY2015 Budget on April 24, 2014. The Board held a public hearing for the budget on May 15, 2014, and approved the final budget on May 29, 2014. Prior to the public hearing, the FY2015 Budget was made available on the Internet for public review at address: http://www.cobbk12.org/centraloffice/finance/budget.aspx.

EXECUTIVE SUMMARY EXPLANATION OF ALLOCATION OF HUMAN AND FINANCIAL RESOURCES BUDGET ASSUMPTIONS/INITIATIVES AND CONSTRAINTS

The operating budget was developed in conformance with budget guidelines developed by the Budget Administrator Committee. These guidelines are divided into different sections, which include assumptions and constraints.

I. ASSUMPTIONS/INITIATIVES

A. Enrollment - The enrollment projections for the forthcoming school year are submitted by the Planning Service Department to the Financial Services Division by November 30th of each year. These projections are used to prepare the proposed expenditure budget. The proposed State revenue is calculated using the current year enrollment and estimated growth based on the realized growth from the previous year. The methodology of forecasting is to review the historical trends in enrollment data at each grade level for each school. In addition, the projections took into consideration the data contained in the recent Enrollment Growth Study that was developed for the Cobb County School District by Davis Demographics & Planning, Inc., as well as a review of the Atlanta Regional Commission (ARC) population data, and housing and population data provided to the District by Metro Study Inc. The following table presents the past five year active enrollment data (including charter, Devereux, and pre-K programs) and projection for the future years:

Five Year History	FY2010	FY2011	FY2012	FY2013	FY2014
Enrollment	107,245	107,315	107,291	108,452	110,001
Growth Rate	-	0.1%	0.0%	1.1%	1.4%

Five Year Projection	FY2015	FY2016	FY2017	FY2018	FY2019
Enrollment	111,459	112,462	113,586	114,040	114,610
Growth Rate	1.3%	0.9%	1.0%	0.4%	0.5%

- B. <u>Personnel</u> The teacher, paraprofessional, counselor, media specialist, assistant principal and clerical needs are determined based on the enrollment projections and the personnel allotment formulas. Personnel needs are analyzed so that existing as well as projected new students are served according to state and local mandates. The teacher/paraprofessional allotment formulas comply with state mandated maximum average class size. The formulas also comply with accreditation agency requirements such as the Southern Association of Schools and Colleges.
- C. Economic Factor In some years, an inflation factor is determined by the Budget Committee based on the Consumer Price Index as published by the Bureau of Labor Statistics with consideration given to local economic conditions. Because of current economic conditions which affect the school district's ability to balance the budget, an inflation factor is not used in budget development. Generally, operating budgets are continued unless there is a new approved school district project or initiative. Individual account estimates (utility rates, etc.) are developed by contacting outside entities to ensure that the District final budgets are as realistic as possible.

EXECUTIVE SUMMARY EXPLANATION OF ALLOCATION OF HUMAN AND FINANCIAL RESOURCES BUDGET ASSUMPTIONS/INITIATIVES AND CONSTRAINTS (continued)

- D. <u>American Recovery and Reinvestment Act (ARRA)</u> The Federal Stabilization Funds and the Stimulus Funds ended in FY2011.
- E. <u>Lapse Analysis</u> Budgets are developed each year using a realistic approach. In spite of this approach, there are accounts that finish the year under-budget. This under-budget amount is referred to as lapse. This can happen for a variety of reasons such as budgeting insurance for employees, but for some reason the employee does not request insurance or they end up being included on their spouse's insurance program. In both of these cases, the budget is not utilized and these funds revert to fund balance at the end of the year. Lapse can also occur as a result of over or under collections of revenue. Because of the District's realistic budget approach, the effect of lapse on the district fund balance should be minimal.
- F. <u>Formula Driven Budget</u> A formula driven budget is prepared by the Finance Division using the enrollment projections and personnel allotments furnished by Leadership & Learning Division to determine availability of funds for improvement and new programs. Only the longevity step increase is used for personnel salary calculations. Existing program appropriations are evaluated and one time costs are eliminated.
- G. <u>Student Supply Allocations</u> FY2015 Elementary schools are allotted supplies at the rate of \$32 per student. Middle schools are allotted supplies at the rate of \$40 per student. High schools are allotted supplies at the rate of \$48 per student.
- H. <u>Salary Improvements</u> Salary improvements are recommended based on the proposed State increase with adjustments as specified in the system's goals and objectives as approved by the Board.
- I. <u>Program Evaluation</u> New programs are recommended for consideration in the enhancement budget and are considered based on their contribution to district-wide and school-level objectives.
- J. <u>Equipment</u> The equipment, furniture and vehicle budgets are zero-based each year. All new and replacement equipment must be itemized and will be considered individually by the Budget Committee.
- K. <u>Facilities</u> Renovations of existing facilities and new facilities to be constructed are funded through the Special Purpose Local Option Sales Tax (SPLOST). Renovations to school facilities such as HVAC units, roofs, painting, etc. impact the General Fund. Because of these new items and new product efficiencies, there is a reduced need for increased general maintenance budgets in the General Fund. All General Fund maintenance accounts are reviewed annually to estimate and budget this savings.

EXECUTIVE SUMMARY EXPLANATION OF ALLOCATION OF HUMAN AND FINANCIAL RESOURCES BUDGET ASSUMPTIONS/INITATIVES AND CONSTRAINTS (continued)

L. <u>Student Transportation</u> – Transportation is provided to students and is partially funded using State categorical grant funding. The majority of transportation is funded through local property taxes. Each year, the number of bus drivers and buses is analyzed based upon the projected number of students that the district will have to serve.

M. Financial Impact of Non-Routine Capital Expenditures

School District building square footage is reviewed each year to account for new schools and classroom additions. Additional maintenance budgets are requested each year to provide for building maintenance (general maintenance supplies, custodians, etc.). Utility companies are contacted annually to ascertain the most current rate estimates. These estimates are used to budget utilities (existing buildings and new schools) for the new school year.

N. Fringe Benefit Estimates for FY2015

FRINGE BENEFIT	FY2014 PROJECTION
Group Insurance - Certified	\$945.00 per month
Group Insurance - Classified	\$596.20 per month
Social Security	6.20% of Gross Salary
Medicare	1.45% of Gross Salary
Teacher's Retirement System	13.15% of Gross Salary
(Certified, Administrators, Clerical, Aides)	
Unemployment	\$20 – Annual Employee Cost
Workers Compensation	
Teachers, Administrators, Clerical, Aides	0.32% of Gross Salary
Bus Drivers	3.19% of Gross Salary
All Other	2.98% of Gross Salary

II. CONSTRAINTS

- A. <u>State Revenue</u> The school district is experiencing revenue gaps in State funding. New and existing programs mandated by the State may not be fully funded and must be supplemented locally. The local fair share deducted from State revenue further reduces the State funds available to the district. The FY2015 local 5 mill share is budgeted at \$133.4 million dollars.
- B. <u>Local Tax Revenue</u> For FY2015, the Cobb County School District is estimating a property tax digest with zero percent decline or growth. The Board approved the millage rate 18.9 mills, the same rate imposed in FY2014.
- C. <u>Uncommitted Fund Reserve</u> For cash flow purposes (Payroll and Vendor Payments), a minimum one month cash reserve is recommended by the Financial Services Division. Current Board Policy (<u>Policy DI</u>) directs the District to maintain a minimum unassigned fund balance in its General Fund of at least 8.33% of budgeted expenditures.

EXECUTIVE SUMMARY OVERVIEW OF REVENUES AND EXPENDITURES FOR ALL FUNDS CONSOLIDATED BUDGET STATEMENT

Note: Extremely conservative revenue and expenditure budget assumptions have been utilized in the budget process. As a results, the General Fund fund balance assignments did not materialize and in fact the District's total fund balance continues to grow.

Note: The Board of Education approved Fiscal Year 2015 Budget that includes the use of \$37.8 million General Fund fund balance to help offset deficit and balance the budget.

EXECUTIVE SUMMARY DISCUSSION OF PRINCIPAL ISSUES IN DEVELOPING BUDGET

School Board Approved Fiscal Year 2015 Budget

The Cobb County Board of Education approved a \$900 million balanced budget for Fiscal Year 2015 during its May 29, 2014 meeting, funding a full 180-day school year and adding more than 300 teachers to reduce class sizes district-wide. The new budget includes no furlough days, a 1 percent partial salary restoration and provides for full step pay increases for eligible employees. A boost in both state funding and additional local property tax revenue helped bolster a more positive financial outlook for the 2014-2015 school year. Fiscal Year 2015 begins July 1, 2014 and runs through June 30, 2015.

The FY2015 General Fund budget anticipates \$862,429,012 in revenue and \$900,243,511 in expenditures, based on an anticipated student enrollment of 111,459 (including two charter schools, the Devereux Ackerman Academy and Pre-Kindergarten). Following several years of declining state and local revenue that resulted in cuts in personnel, salary reductions and furlough days, the FY2015 budget represents a much brighter fiscal outlook as revenues have returned to the positive. The General Fund budget includes significant boosts to the district's two main sources of revenue – an additional \$20.1 million from the state and \$21.3 million in local property taxes – both a product of an improving economy. The budget also includes more than \$25 million in carryover "lapse" funds that were budgeted for the current fiscal year but were not spent due to frugal management. Finally, to balance the budget the school board approved using at least \$24.6 million in reserve funds, which still leaves the district with more than \$95 million in fund balance, safely above the recommended one-month's operating reserve.

The additional teachers that will be hired will help reduce class sizes by approximately one student on average across the district.

"Reducing class sizes has been a top priority for the school board," said Board Chair Kathleen Angelucci. "We have heard from parents that class sizes are a significant concern, and we agree. The additional revenue this year has allowed us to reverse the trend of growing class sizes. We'll be able to hire 300 or more additional teachers and begin the process of lowering the student-to-teacher ratio in all of our schools."

With the new budget, the school board also approved a 1 percent pay raise for all school district employees that partially restores a 2 percent pay cut that occurred in 2010. With no furlough days, the 2014-2015 school year will be the first complete 180-day school year since 2009-2010. The school board also committed \$5 million to go toward the future rebuild of an elementary school in south Cobb that will address the needs of the Harmony-Leland and Clay elementary communities. The timeline and remaining funding for that project will be determined at a later date. Finally, the newly approved budget includes funds to hire additional administrators at 15 schools, as well as additional police officers to enhance school safety.

The FY2015 General Fund Budget Highlights:

- Revenue Budget \$862,429,012; Expenditure Budget \$900,243,511
- Restore 180 School Days
- Adding 300 teachers to reduce class size
- No Furlough days
- 1 percent partial salary restoration and Full Step pay increase

How Does the State Budget Impact CCSD?

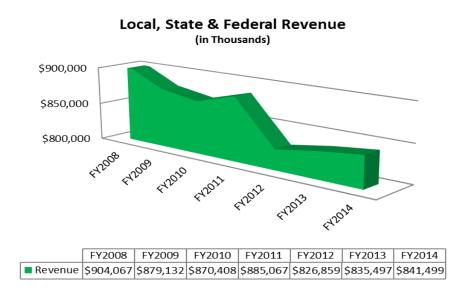

The annual budget development process is one of the largest, most complex projects that the District undertakes each year. The District's two primary revenue streams, state funding and local property tax collections, must be analyzed to determine the District's anticipated revenues. The State of Georgia also has a planned process for developing the budget.

The Governor initiates the budget process by requesting all State agencies submit their budget information to the Office of Planning and Budget (OPB). Legally, the Governor must submit a budget report to the General Assembly within five days of the legislature convening in January. The Assembly takes this report and makes the Appropriation Act. The Appropriation Act is a bill representing the formal law by which state funds are provided to its recipients. The bill is first reviewed by the House; once the bill has been reviewed, amended and approved by the House, it is transferred to the Senate.

The Senate reviews, amends, and approves their version of the budget, which is sent back to the House for approval or rejection. A Conference Committee with members of the House and Senate is formed to come to an agreement on the discrepancies between the two versions of the bill. Once the bill has been passed, it is sent to the Governor for his final approval. The Governor has 40 days to sign the bill before it automatically passes into law. The Governor does have the right of line item veto. The final Appropriation Act gives State agencies their annual operating budget.

Recent Year Economic Impact to District Revenue

- 'Austerity' cuts in State education funding since 2013 with a cumulative total \$491 million up to 2014. These cuts force the District to locally absorb costs once funded by the State.
- State-mandated "Local Fair Share" tax contribution has grown from \$88.8 million in 2003 to \$131.5 million in 2014. Local Fair Share is the amount of money equal to the amount that can be raised by levying five (5) Mills on the forty percent equalized property tax digest.
- Increased employer contributions to teacher retirement system (13.15% in 2015 vs. 12.28% in 2014 and 11.14% in 2013).

State Austerity Budget Cuts

Prior to the FY2015 budget, the State of Georgia faced difficult financial challenges. State revenue growth was not keeping pace with rising expenditures, forcing the State legislature to cut programs and reduce operating costs by enacting austerity budget cuts. Each year, beginning in FY2003, these austerity budget cuts have reduced the amount of state education funding the District receives, with additional, unplanned mid-year austerity budget cuts being applied in fiscal years 2004, 2009, 2010 and 2011. The State cumulative shortfall in QBE funding since 2003 is massive \$7.6 billion. Cobb County ranked as the second largest cumulative QBE cuts school district according to the report from Georgia Budget & Policy Institute (GBPI).

	District Name	Cumulative Cut 2003-2014

The State austerity reductions to Cobb County School District history from FY2003 are listed below. This QBE funding cut is expected to continue into FY2015 and are budgeted at \$45.8 million.

EXECUTIVE SUMMARY DISCUSSION OF PRINCIPAL ISSUES IN DEVELOPING BUDGET (Continued)

How Does COBB Compare?

The Cobb County School District has historically spent more on instruction and less on general administration per full time equivalent (FTE). FTE reporting refers to the state funding mechanism based on the student enrollment and the educational services local school systems provide for students. As seen in the table below, Cobb's general administrative costs, \$116 per FTE, is significantly lower than that of other metro Atlanta districts and constitutes only 1.53% of total expenditures. Cobb has established itself as a Metro Atlanta leader when comparing the expenditures on instruction at \$5,484 (or 72.40%) per FTE. These fiscal priorities keep school tax rates at one of the lowest levels in the region while continuing to demonstrate academic excellence by high achievement on SAT scores.

Education Stretched Thin General Fund Revenue Over the past six fiscal years, the Cobb County School District has faced an unprecedented period \$948.2m of economic hardship. Annual revenues have declined sharply due to reduced local property tax collections and continued 'austerity' cuts to state 2008-09 education funding. The school system has been forced to cut more than 1,300 instructional, professional and support positions even as enrollment has increased. As a result, class sizes have swelled across most grade levels. For example, the ninth grade class ratio in 2008-09 was 1 teacher for every 25 students; in the current school year, that ninth grade class may have as many as 35 students per teacher. CCSD has contended with declining revenue by \$907.5m cutting staff positions and payroll, increasing class sizes, implementing furlough days, expanding the use of SPLOST dollars, and shrinking the reserve fund, among other difficult choices. Those options either have been maximized (class sizes) or are no longer available (excess SPLOST and reserve funds). The district has few options remaining to address the annual deficits. 9th grade classroom in 2008 9th grade classroom in 2013 ********** 2013-14 \$817.3m \$820.8m \$819.4m

Legislative Priorities

2013-2014

Board of Education

Randy Scamihorn, Chair . Brad Wheeler, Vice Chairman Tim Stultz • David Morgan • Kathleen Angelucci David Banks • Scott Sweeney

Dr. Michael Hinojosa, Superintendent

Flexibility, Authority & Accountability

The Cobb County Board of Education encourages the Governor and General Assembly to prioritize education as a means of sustaining and improving Georgia's long-term economic viability. The Board of Education requests the Cobb County Legislative Delegation support the following priorities:

Include local exemptions when calculating the State of Georgia Local Five Mill Share.

The State of Georgia Local Five Mill Share formula only includes state exemptions and not local property exemptions. The exclusion of local property exemptions from the formula results in Cobb contributing in excess of Five Mills. The Board of Education petitions the Cobb Legislative Delegation and the General Assembly and Governor to include local property exemptions in the State of Georgia Local Five Mill Share formula.

FY2014 State of Georgia Local Fair Share - \$131,545,626

Value of 1 Mill on the Cobb County Property Digest - \$18,347,420

Effect of the exclusion of local property exemptions:

\$131,545,626 (FY2014 Local Fair Share) / \$18,347,420 (Value of 1 Mill) = 7.169 Mills

Provide an alternative General Fund revenue option for school districts in Georgia.

The current General Fund revenue structure for school districts in Georgia consists mainly of State of Georgia QBE revenue and Local Property Tax revenue. These two revenue sources have proven to be unstable during times of declining economic growth. An additional revenue option for school districts could assist in providing more diversification resulting in more consistent General Fund revenue amounts from year to year.

Increase local control through district flexibility for instruction.

The school district recognizes that students need a variety of offerings for instruction. By June 2015, current waivers will expire (HB 327). We are asking for flexibility at the local level with funding and guidelines for programs, i.e. Early Intervention Program (EIP), Gifted, Remedial, Class Size, etc. Additionally, flexibility with seat time requirements would allow for more creativity with scheduling hours and days of instruction for students. The Board of Education petitions the Cobb Legislative Delegation and the General Assembly and Governor to increase local control through district flexibility for instruction.

Reduce local burden of standardized testing.

Allow local flexibility in selecting grade levels to be tested rather than requiring testing for all grade levels. Local systems should be given flexibility with assessments while ensuring students meet standards prior to moving to the next grade level. Reduced testing would allow for:

- A focus on formative assessments and or mid-course assessments that can impact student performance during the course rather than at the end.
- · Additional time for instruction and less time spent testing.

Therefore, the Board of Education petitions the Cobb Legislative Delegation and the General Assembly and Governor to reduce the local burden of standardized testing.

Restore austerity cuts.

The Board of Education petitions the Cobb Legislative Delegation and the General Assembly and Governor to discontinue State of Georgia austerity reductions and fully fund the Quality Basic Education Act by restoring funds previously cut.

EXECUTIVE SUMMARY EXPLANATION OF COMMUNITY FINANCIAL AND DEMOGRAPHIC INFORMATION

Location and History

Located just across the Chattahoochee River from Atlanta, Cobb County is a dynamic community of more than 717,000 residents and total house units around 286,000. Cobb County covers 340.2 square miles and has six municipalities: Acworth, Austell, Kennesaw, Marietta, Powder Springs and Smyrna.

Cobb County, Georgia was officially organized in 1832 and named in honor of Thomas Willis Cobb who was a U.S. representative, U.S. senator and Supreme Court judge. The county was created from its

neighboring county, Cherokee, by an act of the General Assembly.

A railroad from Marthasville (now Atlanta) to Chattanooga was completed in 1850. This railroad line was the first route from the South to the West and Cobb County flourished due to a depot in Marietta. During the Civil War, Cobb County was used as a base of operations by General Sherman. After the war, Cobb County suffered due to a depressed farm economy and low-wage industries. The county was transformed in 1942 when Bell Aircraft opened an assembly plant to build B-29 bombers. The Bell Aircraft facility is now the home of Lockheed-Martin Aeronautical Systems Company.

Since World War II, Cobb County's population has grown steadily. As newcomers flocked to the county, the population became more diverse. Less than half of Cobb's residents are native Georgians. It is the fourth most populous county in Georgia. Given its relatively small size, Cobb is the second most densely-populated county in the state.

Community Economic Condition and Outlook

Cobb County is located in the northwest quadrant of the Atlanta metropolitan area, one of the country's top growth areas. Metropolitan Atlanta is a national center for finance, transportation, distribution and communications. These factors, coupled with a mild climate, beautiful natural environment, affordable housing and a first-class international airport help to consistently place Atlanta at or near the top of surveys identifying the most desirable U. S. cities in which to locate a business.

EXECUTIVE SUMMARY EXPLANATION OF COMMUNITY FINANCIAL AND DEMOGRAPHIC INFORMATION

Cobb County is a leader among the metropolitan counties in all economic areas. The top industries currently providing employment are professional, scientific, management, waste management services, educational, health, and social services. With a diversified economy, many national firms are well represented in Cobb County, as are a growing number of international businesses. In fiscal year 2013 (most recent figures available), Cobb County had one of the metropolitan area's highest median household incomes at \$66,300.

Cobb County government is part of a very select group that includes less than 1% counties nationwide to have achieved an impressive credit rating. The AAA rating is a highly acclaimed indicator of the overall financial strength of a community.

Reversing many years steady trend of increases, in fiscal year 2014 the County's gross digest decreased by 1.28% over the 2013 digest as compared to a decrease of 2.42% the previous year and a total decrease of 20.18% over the last five years. This was a reflection of the nationwide erosion of real estate values during the recent economic downturn. However, 2015 become a year with positive property digest growth 4.29%. The real estate values as well as other key local tax revenue items have been gradually picking up. We expect certain challenges still remain due to the sluggish recovery.

CAPITAL PROJECTS FUNDS

The Georgia Legislature passed a law allowing school districts to establish a one-cent sales tax that would be used for capital projects or debt retirement. The passage of this sales tax assists the school district in building new schools, supplying additional classrooms and equipment and technology needs of a growing school district.

Cobb County Citizens voted to approve SPLOST 1 (1999-2003), SPLOST 2 (2004-2008), SPLOST 3 (2009-2013).

Net Property Digest Information – Cobb County

Over half of the General Fund revenue of the Cobb County School District is derived as a result of local property taxes in Cobb County. Millage rates approved by the Board of Education are applied each year to the net property digest for M&O and Bonds. The current and prior year Property Digests are presented below:

Fiscal Year	Net Maintenance & Operations Property Digest	Net Bond Property Digest
FY2005	\$19,347,342,727	\$20,643,481,831
FY2006	\$20,761,870,661	\$22,103,473,120
FY2007	\$22,456,439,458	\$23,824,006,517
FY2008	\$24,167,393,316	\$0 – (See Note)
FY2009	\$25,226,571,673	\$0 – (See Note)
FY2010	\$24,870,361,338	\$0 – (See Note)

A portion of the teachers lost by increasing class size can be paid from Title I Stimulus funds. The positions will no longer be funded by the General Fund.

- 3. Reduced bus driver positions resulting from adjusted school bus pick up locations.
- 4. Reduced approximately 10 % of central office support positions.

FY2011

- 1. K-12 enrollment projected to increase by approximately 276 students.
- 2. On May 24, 2010 the State Board of Education adopted a resolution granting exemption from statutory and regulatory class size maximums for all school districts in Georgia. The Cobb Board of Education approved following class sizes for FY2011:
 - a. Kindergarten
 b. Grades 1-3
 c. Grades 4-5
 d. Grades 6-8
 e. Grades 9-12
 32:1

As a result, the District reduced 636 teaching positions.

- 3. Reduced 68 central office support positions.
- 4. Reduced 55 school counselor/ graduation coach positions
- 5. Reduced 112 custodian positions due to the per custodian service square footage increase
- 6. Eliminated 100 school buses, corresponding routes and driver positions

FY2012

- 1. Add 25.49 instructional and school support positions for FY2012 enrollment and model change
- 2. Add 8.5 custodian positions due to school facility square footage expansion
- 3. Bus drivers increased 30 for needs
- 4. Instructional technician 6 positions transferred from ARRA to General Fund
- 5. Central Office position changes:
 - a. Move 0.3 Director and 0.3 secretary positions to SPLOST
 - b. Add 1.0 courier position to mail room for operation needs
 - c. Move two 0.5 clerical positions to HR from Title II-A

FY2013

- 1. Increase class size by two students at every grade level
 - a. Kindergarten 24:1 b. Grades 1-3 25:1
 - c. Grades 4-5 32:1
 - d. Grades 6-8 32:1
 - e. Grades 9-12 34:1

- 2. Add 11 custodian positions due to school facility square footage expansion
- 3. Closed Skyview Elementary School, reduced 6.15 school support positions
- 4. Eliminated 4 positions in school-within-school reduction
- 5. Transferred to General Fund from Title III grant 12.26 ESOL interpreters and 1.6 clerks
- 6. Reduce Middle and High School Media Parapro to 60%

FY2014

- 1. Class size at every grade level
 - a. Kindergarten 24:1b. Grades 1-3 25:1c. Grades 4-5 32:1
 - d. Grades 6-8 33:1
 - e. Grades 9-12 35:1
 - e. Grades 9-12 55:1
- 2. Add 7 custodian positions due to school facility square footage expansion
- 3. Closed Brown Elementary School
- 4. Eliminated 14 administration contingency positions
- 5. Reduce 182 professional positions at schools
- 6. Central Office reduction 16 positions
- 7. Implement Virtual Learning to add 13 online teachers and 13 Paraprofessional positions
- 8. Utilize 49% teaching positions, 13 fulltime equivalent, to reduce class size

FY2015

- 1. Reduced Class size at every grade level
 - a. Kindergarten 23:1
 - b. Grades 1-3 24:1
 - c. Grades 4-5 30:1
 - d. Grades 6-8 31:1
 - e. Grades 9-12 33:1
- 2. No Furlough Days
- 3. 180 Days School Year
- 4. Full Step for all eligible employees
- 5. A 1% partial salary restoration for all employees
- 6. Reduced Classroom Size across all grade levels by adding 300 teaching positions

IOWA ASSESSMNETS (Replace former ITBS)

Fall 2013 (Latest available scores)

The Iowa Assessments evaluate students in English Language Arts and Math, as well as Science and Social Studies. The tests are particularly helpful in identifying core skills where students may need additional instruction. By administering the test in fall, teachers have time to work with students before spring CRCT testing begins.

Cobb County third, fifth and seventh graders performed above the national average on the new Iowa Assessments, a set of norm-referenced tests that compare students' performance to that of their peers across the United States. Replacing the former Iowa Tests of Basic Skills (ITBS), the Iowa Assessments rank student performance according to percentiles. Cobb third graders had an average composite score ranked in the 59th percentile, meaning that Cobb third graders scored equal to or better than 59 percent of all other U.S. third grade students who took the Iowa Assessments. Composite scores for fifth graders ranked in the 63rd percentile and seventh graders scored in the 61st percentile (See Table I). Results for the 2013 Iowa Assessments are not comparable with percentile rankings from previous administrations of the ITBS.

The Iowa Assessments also include grade equivalents, or GE scores. The numbers in the GE score that come before the decimal represent the grade level of the student's performance, while the digits that follow the decimal represent the month within the grade. A GE score of 5.2 means the student's performance was similar to that expected of a fifth grader taking the same test during the second month of school. For all three grade levels tested, Cobb County students exceeded the expected grade equivalents (see Table I on next page).

CRITERIAL REFERENCE COMPETENCY TESTS (CRCT)

Spring 2014 (Latest available scores)

Georgia law (O.C.G.A. §20-2-281) provides legislation for the development and administration of Criterion-Referenced Competency Tests (CRCT) to measure student acquisition of the knowledge and skills set forth in the Georgia Performance Standards (GPS). The CRCT testing program serves a dual purpose – to provide a diagnosis of individual student and program strengths and areas of improvement as related to instructional standards, and a measure of the quality of education in the state. O.C.G.A. §20-2-283 states that no third grade student will be promoted to the fourth grade if the student does not achieve grade level performance on the third grade CRCT in Reading and no fifth or eighth grade student will be promoted to the next grade if the student does not achieve grade level performance on the CRCT in Reading and Mathematics. Tests were administered in April in the content areas of Reading, English/Language Arts, Mathematics, Science, and Social Studies to students enrolled in grades three through eight.

The scale score range for the CRCT is 650 to 900 or above. Scores are reported in three performance levels: Does Not Meet (650-799), Meets (800-849), and Exceeds (850 and above).

At the District level, the percentage of students meeting or exceeding standards was higher than the State percentage in every content area and grade level.

SCHOLASTIC ASSESSMENT TEST (SAT) SCORES

SAT scores for the Cobb County School District's most recent graduates remain well above averages for the state of Georgia and the nation, although there was no change in the overall score from last year. Seniors in the class of 2014 posted a combined SAT score of 1515 (includes Reading, Math, and Writing totals), exceeding their statewide peers' average by 70 points and the national average by 18 points.

"Our students continue to outperform their peers across the nation," said Interim Superintendent Chris Ragsdale. "All of our high schools are producing graduates who can be competitive and successful both in college and in the workforce. With the percentage of test takers having increased, it is impressive that our average score remained unchanged, even though scores declined nationally and in Georgia."

The SAT is designed to predict a student's potential for success in the first year of college. It tests students' knowledge and application of Reading, Writing and Math. The writing section of the test asks students to write an essay that requires them to take a position on an issue and use reasoning and examples to support their position. The Math section of the test includes topics from third-year college-preparatory Math, such as exponential growth, absolute value, functional notation and negative and fractional exponents. The Critical Reading section, previously known as the Verbal section, includes short and long reading passages.

Many factors affect SAT scores from year to year, including the percentage of students taking the test, student academic preparation, knowledge of English, parents' education and locality. Cobb information shows that the higher the grades and rank-in-class achieved, generally, the higher the mean SAT scores.

AMERICAN COLLEGE TESTING (ACT) SCORES

The Cobb County School District's recently graduated class of 2014 has outperformed its peers across the state and nation on the ACT assessment for college readiness. The average Composite score of 22.2 was one-tenth of a point higher than last year's score, almost 1.5 points higher than the state average of 20.8, and topped the national Composite score of 21.0.

The ACT assessment measures high school students' overall educational development and their readiness for the challenge of core college classes. Cobb students improved their scores from last year in Math, Reading and Science, while the English score was unchanged. Cobb graduates continue to exceed state and national averages in all four subject areas tested

"I am very proud of our students for continuing to excel on the ACT. The ACT is an important barometer for colleges and universities," said Superintendent Chris Ragsdale. "Our students showed improvement in three of four subject areas, and continued to surpass their peers at the state and national levels. More and more Cobb students are taking the ACT, and it is unusual to see scores increase at the same time the percentage of test-takers increases. That is a testament to the quality of our high school instruction, and the commitment of our teachers. Overall, these scores are a very positive indicator. Of course, we plan to study the data carefully, school by school, to determine where improvements may be targeted."

COLLEGE AND CAREER READY PERFORMANCE INDEX (CCRPI)

Scores for Cobb County Schools on the **2013 College and Career Ready Performance Index** (**CCRPI**) topped average scores for Georgia schools at all three levels – elementary, middle and high. The Georgia Department of Education today released the second year of ratings under the statewide accountability system, which measures on a 100-point scale the academic achievement and progress of individual schools and their school systems. The state revised several formulas of the 2013 CCRPI for greater accuracy and clarity and recalculated the 2012 baseline scores based on the updated calculations to allow for fair comparison.

Cobb elementary schools scored **81.3**, a 1.1 point increase from the readjusted 2012 score and 3.3 points higher than the state average. Local middle schools rated **83.4**, a 1.9 increase over 2012 and 8.4 points higher than the state. The CCRPI score for Cobb high schools decreased by six points to **77.7**, yet remains 5.7 points greater than the statewide high school average. The combined district score for the Cobb County School District is **80.7**.

	2012 CCRPI Score (Readjusted)	Achievement Points (60% of CCRPI)	Progress Points (25% of CCRPI)	Achievement Gap Points (15% of CCRPI)	2013 CCRPI Score	2013 State CCRPI Score
Elem.	80.2	50.1	17.4	8	81.3	78.5
Middle	81.5	52.2	17.9	9	83.4	75.0
High	83.7	48.1	17.6	7.5	77.7	72.0
District	81.6				80.7	75.8

The base CCRPI score for each school is calculated from three, separately weighted components:

- Achievement Points account for 60 percent of the overall school score and include state
 standardized tests such as the CRCT and Georgia High School Graduation Tests; the
 SAT and ACT, graduation rates, core courses passed, Advanced Placement, and career
 pathways. The weight of Achievement Points to the overall CCRPI score was decreased
 from 70 percent for 2013.
- **Progress Points** account for 25 percent of the overall school score and gauge the growth students achieve from year to year. This score takes into account the rate of growth of similar groups of students in different schools and reports if students within the school are making similar gains. The weight of Progress Points to the overall CCRPI score was increased from 15 percent for 2013.

COLLEGE AND CAREER READY PERFORMANCE INDEX (CCRPI)

• Achievement Gap Points account for 15 percent, measuring the difference between performance of the lowest 25 percent of students and performance of the overall Georgia student population. The rubric and scale used to calculate Achievement Gap points were also adjusted for 2013.

Schools may also receive additional **Exceeding the Bar (ETB) Points** for demonstrating excellence in specified areas, such as innovative practices and STEM certification.

Twenty CCSD elementary schools scored 90 or greater on the 2013 index. Rocky Mount Elementary posted the District's highest elementary score of 96.6, while Brumby, Hollydale and Nickajack each posted gains of 13 or more points. At the middle school level, Dickerson, Dodgen, Durham, Hightower Trail, Lost Mountain, Lovinggood, Mabry, and Simpson each scored 90 or more points on the CCRPI. Griffin Middle posted an 11 point improvement compared to its readjusted 2012 score and Hightower Trail scored 96.6, the most of Cobb middle schools. Nine of 16 Cobb high schools scored greater than the state average score of 77.7; of those, Harrison, Hillgrove, Lassiter, Pope and Walton scored 90 or greater. Walton High School's index of 92.8 is the highest among CCSD high schools (see Table II).

Superintendent of Schools Dr. Michael Hinojosa said, "The CCRPI results show Cobb is well-positioned among school districts statewide and in the metro Atlanta area. The measure is more comprehensive than anything we've used in the past, and it gives significant weight to a school's achievement growth over the course of a school year, not just on one score from one test given at one particular time. These results will be an informative data point for our schools as they work on specific areas that need improvement. In a district like Cobb with 114 schools, every year some will improve while others decline. Overall, though, we would like to see the trend line move in a positive direction."

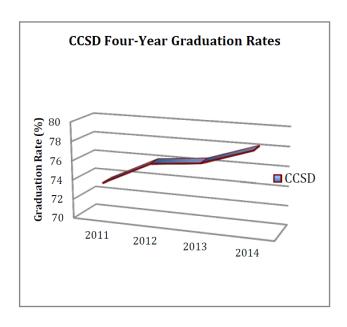

The Georgia Department of Education uses the CCRPI to hold schools accountable for results, provide more prescriptive state support and reward schools for high performance and progress. Detailed information about the College and Career Ready Performance Index, including full reports for individual schools and districts and calculation methods, is available from the Georgia Department of Education.

FOUR-YEAR GRADUATION RATE

The four-year graduation rate for Cobb County School District high schools improved to 78.2 percent in 2014, according to data released by the Georgia Department of Education, marking the third consecutive year the school district's overall graduation rate has increased. Since 2011, the graduation rate has steadily increased 4.65 percent. Cobb schools' graduation rate also exceeds the state graduation rate (72.5 percent) by nearly six percentage points. The 2014 graduation rate exceeds the district's Strategic Plan target of 76.9 percent, as well as the state Department of Education's target of 76.5 percent on the College and Career Ready Performance Index(CCRPI).

The U.S. Department of Education defines the four-year adjusted cohort graduation rate as the number of students who graduate in four years with a regular high school diploma divided by the number of students who entered high school four years earlier (including adjustments for student Transfers). This uniform calculation method allows for accurate and comparable data across all 50 states, improving transparency and accountability. In the past, states measured graduation rates using inconsistent methods, resulting in incomparable sets of data.

"I am thrilled to see continued improvement in our graduation rate," said Interim Superintendent Chris Ragsdale. "Our teachers are working continuously using innovative teaching methods to encourage students to stay in school and increase their achievement level. Of the many indicators that measure how well we are doing as a school district, graduation rate is one of the most important. Ensuring that students graduate on time and are prepared for success is our ultimate goal. It is great to see that we are performing at a high level in that regard."

EXPENDITURES PER FTE

Compared to the average school system in Georgia, Cobb County spends less on operation and support, and more on student instruction.

According to the latest available State DOE Report Card, 2012-2013, Cobb County spent 72.4% of its total General Fund expenditure in instruction. The Georgia State system average is 67.3%. The following table is the presentation of K-12 expenditures in category details, by percent and per FTE (student full-time equivalency).

EXECUTIVE SUMMARY COBB SCHOOLS A+ RATING FOR PUBLIC TRANSPARENCY

Government Watchdog Organization Gives Cobb Schools A+ Rating For Transparency

The Cobb County School District has earned an A+ rating for public transparency from Sunshine Review, a citizen-run, national nonprofit organization focused on government oversight.

Since 2008, the organization has analyzed more than 6,000 state and local government websites for ease of access to public information, grading each on a 10-point transparency checklist. The Cobb County School District website met all 10 of the organization's standards for accountability, including access to information regarding taxes, budgeting, meeting records and minutes, elected officials, contacts for administrators, contracts, audits, academic information, background checks and procedures for records requests. The transparency review for CCSD is available at http://sunshinereview.org/index.php/Cobb County Public Schools, Georgia.

Sunshine Review also provides a chart comparing the openness of major Georgia public school systems. Cobb is one of only two systems in the state to receive an A+ rating as of January 2013. The comparative chart is available

at http://sunshinereview.org/index.php/Evaluation_of_Georgia_school_district_websites.

"The strong support for public education in Cobb County is a reflection of our commitment to accountability and open governance," said Board of Education Chairman Scott Sweeney. "Our public schools belong to the community, and we are thrilled to receive a high rating for our efforts to make access to public information as simple and straightforward as possible."

The Cobb County School District website includes all of the information graded by Sunshine Review and much more, including procedures for citizens to request open records from the District.

EXECUTIVE SUMMARY COBB SCHOOLS NAMED AMONG 2014 BEST COMMUNITIES FOR MUSIC EDUCATION

The Cobb County School District is among the *Best Communities for Music Education* in the United States for 2014, according to a national survey by the NAMM Foundation.

Teachers and district administrators from more than 2,000 schools and systems across the United States participated in a comprehensive survey developed and conducted by The Institute for Educational Research and Public Service, an affiliate of the University of Kansas. They answered detailed questions about funding, graduation requirements, music class participation, instruction time, facilities, and community support for music programs. CCSD is among just 376 school systems nationwide that met the criteria for the prestigious designation for 2014.

The Cobb County School District remains firmly committed to music education, having earned a spot among the *Best Communities for Music Education* 12 times in the program's 15-year history. More than 40,000 Cobb County students are currently enrolled in music elective programs and more than 49,000 elementary students are immersed in music instruction. At the high school level, students can pursue stage and screen dreams through specialized instruction in voice, drama, and dance at The Center for Excellence in the Performing Arts at Pebblebrook High School. Our marching and symphonic bands, orchestras and choral groups have performed in numerous state and national invitationals and at national events including the Tournament of Roses Parade in California and the Macy's Thankgiving Day Parade in New York.

ORGANIZATIONAL SECTION

COBB COUNTY SCHOOL DISTRICT SCHOOL DISTRICT ENTITY

Cobb County School District

The Cobb County School District is the second largest school system in Georgia and the 24th largest in the United States. The kindergarten through 12th grade student population is approximately 111,000.

Parental and community involvement is a hallmark in the District, as demonstrated by 100% PTA participation in many schools, the addition of School Councils and the Partners in Education Program - a joint effort with Cobb Chamber of Commerce – which supports school-business partnerships in every Cobb school.

With approximately 13,500 full-time employees including over 8,400 classroom teachers and 3,200 school personnel in General Fund, the School district is the largest employer in Cobb County. Salaries range from \$39,347 for a beginning teacher with a bachelor's degree to \$82,908 for a teacher with 30 years of experience and a doctorate degree.

Board of Education and Administration

The Cobb County Public School District is the basic unit of governmental organization established to provide educational services to the citizens of Cobb County, Georgia, excluding the city of Marietta which operates its own school district. By Article VIII, Section V, Paragraph 1, of the Constitution of the State of Georgia, "authority is granted to counties to establish and maintain public schools within their limits." Under this legal provision, the Cobb County Schools are operated.

The school district functions under the regulation of the State Board of Education of Georgia and the State Department of Education. From these sources come standards for all educational services of the school district. Through a network of regulations and services, the State Board and the State Department of Education assist Cobb County and other Georgia school systems in the educational process at the local level.

The Georgia Constitution requires that an elected board of education oversee each public school system. Those Boards of Education are elected by the public and are accountable to the public for the fiduciary and stewardship responsibility of the wise use of public funds and public trust.

The Cobb County Board of Education is composed of seven members who are elected to four-year staggered terms in individual posts. The Chairman and Vice Chairman of the Board are elected by a majority of the Board and serve one-year terms. The first recorded minutes of a governing board of schools in Cobb County are dated June 7, 1881. In that year, the schools were operated on an income of less than \$5,000. From this modest beginning has developed an educational enterprise including 114 schools serving over 111,000 students with a total annual budget over one billion in all funds.

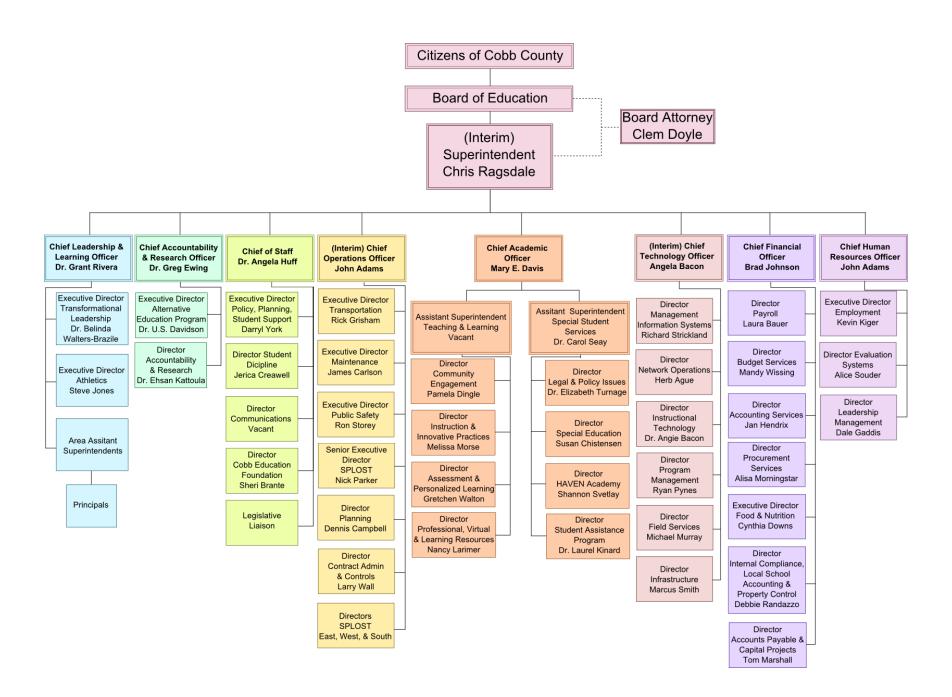

The Board is mandated by the State of Georgia with responsibilities to establish general policies, approve expenditures, set the tax rate for local school funds, approve personnel appointments, make decisions on school sites and construction and appoint special consultants.

COBB COUNTY SCHOOL DISTRICT SCHOOL DISTRICT ENTITY (Continued)

These governing powers are singularly vested in the Cobb County Board of Education (Board) and may not be delegated to others. However, the responsibility for the successful supervision and management of the educational and operational functions of the Cobb County School District (District) is delegated (conferred) to the Superintendent, who shall serve as the Chief Executive Officer (CEO) of the District on behalf of the Board. The Superintendent and eight administrative divisions: Academics, Accountability & Research, Leadership & Learning, Operational Support, Technology, Chief of Staff, Human Resources, and Financial Services are responsible for the administration of the school district, but final responsibility rests with the Board.

A strong concern for, and support of, education has long been a tradition of Cobb citizens. This concern has been paralleled by the quality and enthusiasm of the professional educators who work in the school system. The cooperation between local citizens and educators that has marked the success of education in Cobb County in the past will continue to increase educational opportunities for young people in the coming years.

RELATIONSHIP OF ORGANIZATIONAL UNITS BY FUNCTION AND OBJECT

Personnel of the Cobb County School District are organizationally classified according to the function that they perform for the District. The organizational chart has been coded with the appropriate function code and a definition of those functions has been listed below.

FUNCTION

CODE

The function describes the activity for which a service or material is acquired. Functions include all activities or actions that are performed to accomplish the objectives of an enterprise. The functions of the school district are classified into five broad areas; Instruction, Support Services, Operation of Non-Instructional Services, Facilities Acquisition and Construction and Other Outlays. Functions are further divided into sub-functions and areas of responsibility.

FUNCTION

CODE	TONCTION
100	<u>Instruction</u> Activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as television, radio, telephone, and correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) which assist in the instructional process.
210	<u>Pupil Services</u> Activities designed to assess and improve the well-being of students and to supplement the teaching process. Activities include guidance, counseling, testing, attendance, social work, health services, etc. Also includes supplemental payments for additional duties such as coaching or supervising extracurricular activities.
221	<u>Improvement of Instructional Services</u> Activities which are designed primarily for assisting instructional staff in planning, developing, and evaluating the process of providing challenging learning experiences for students. These include curriculum development, techniques of instruction, child development and understanding, staff training and professional development.
222	<u>Educational Media Services</u> Activities concerned with directing, managing and operating educational media centers. Included are school libraries, audio-visual services and educational television.
223	<u>Federal Grant Administration</u> Activities concerned with the demands of Federal Programs grant management.
230	General Administration Activities concerned with establishing and administering policy in connection with operating the Local Education Agency. These include the activities of the members of the Board of Education. Local activities in interpretation of the laws and statutes and general liability situations are charged here, as are the activities of external auditors. Also recorded here are activities performed by the superintendent, administrative support personnel and deputy, associate, or assistant superintendent having overall administrative responsibility.
240	<u>School Administration</u> Activities concerned with overall administrative responsibility for school operations. Included are activities of principals, assistant principals, full time department chairpersons and clerical staff.

RELATIONSHIP OF ORGANIZATIONAL UNITS BY FUNCTION AND OBJECT (Continued)

250 Support Services-Business Activities concerned with fiscal operation of the Local Education Agency, including budgeting, financial and property accounting, payroll, inventory control, internal auditing and managing funds. Also included are purchasing, warehouse and distribution operations, and printing, publishing and duplicating operations. 260 Maintenance and Operation of Plant Services Activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in effective working condition and state of repair. This includes the activities of maintaining safety in the buildings, on the grounds, and in the vicinity of the schools. Property insurance expenditures are recorded in this function. 270 Student Transportation Activities concerned with the conveyance of students to and from school and trips to school activities. These activities include supervision of student transportation, vehicle operation, servicing and maintenance, bus monitoring and traffic direction. Transportation insurance expenditures are charged to this function. Support Services Central Office activities, other than general administration and business 280 services. Included are personnel services, data processing services, strategic planning including research, development and evaluation on a system-wide basis; and public relations activities, such as writing, editing and other preparation necessary to disseminate information to students, staff and the general public. 290 Other Support Services All other support services not properly classified elsewhere in the 200 series. 310 School Nutrition Program Activities concerned with providing food to students and staff in a school. This service area includes the preparation and serving of regular and incidental meals or snacks in connection with school activities and the delivery of food. Activities should be recorded in Fund 600 (School Nutrition Program) except when paid by federal funds from fund 100 on behalf of the food service operation due to a shortage of funds or by special arrangement. 320 Enterprise Operations Activities that are financed and operated in a manner similar to private business enterprises-where the intent is to recover costs through user charges. Examples: Local Education Agency operated bookstore, cannery or freezer plant operation, stadium operation, etc. 330 Community Services Operations Activities concerned with providing community services to students, staff or other community participants. 400 Facilities Acquisition and Construction Services Activities concerned with the acquisition of land and buildings; renovating buildings; the construction of buildings and additions to buildings; initial installation or extension of service systems and other built-in equipment; and improvements to sites. 500 Other Outlays Outlays which cannot be property classified as expenditures, but require budgetary or accounting control. Transfers to other funds are recorded here. 510 <u>Debt Service</u> Outlays to retire the long-term debt (obligations in excess of one year) of the Local Education Agency. Included are payments of principal, interest and paying agents' fees. Interest on current loans (repayable within one year) is charged to function 250.

RELATIONSHIP OF ORGANIZATIONAL UNITS BY FUNCTION AND OBJECT (Continued)

OBJECT

The object code is used to describe the service or commodity obtained as a result of a specific expenditure. There are several major object categories which may be further subdivided:

<u>CODE</u>	<u>OBJECT</u>
1101-1991	Salaries Salaries paid to all school district related personnel
2101-2901	Employee Benefits Expenditures on behalf of the employees. These amounts are not included in the gross salary, but are in excess of that amount. Such payments are fringe benefit payments and, while not paid directly to employees, are part of the cost of personnel services. The employee benefit applicable to any salary should be charged directly to the function to which the salary was charged. Employer benefits should include, but are not limited to, group insurance, social security, retirement, workers compensation, unemployment compensation and annuity plans.
3001-3105	<u>Contract Services</u> Service which can be performed only by persons or firms with specialized skills and knowledge. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided. Included are the services and travel of architects, engineers, auditors, dentists, medical doctors, lawyers, consultants, teachers, accountants, etc.
4301-4321 4410-4901	<u>Purchased Property Services</u> Expenditures for repairs and maintenance services. This includes contracts and agreements covering the upkeep of buildings and equipment as well as technology hardware. Costs for renovating and remodeling are not included here. Expenditures for leasing or renting land, building, equipment or vehicles, etc., for both temporary and ling-range use.
6101-6165 6301-6422	<u>Supplies</u> All supply items which would include office supplies, paper, cleaning supplies, etc. This category also includes computer software, food usage, textbooks or books and periodicals.
4111, 5301, 6211-6264	<u>Utilities</u> Includes water and sewer, telephone expenses and energy, including electricity, gas, oil, coal, gasoline, diesel fuel and other services from public or private utilities.
7102-7401	Equipment, Building and Land Expenditures for (a) the purchase or acquisition of land, (b) improvements of land including grading, landscaping, sidewalks, driveways, retaining walls, hydrant installation, initial surfacing and soil treatment of athletic fields, fences and underground storage tanks, (c) the acquisition of existing buildings or contracted construction of buildings, (d) equipment such as machinery, furniture and fixtures, and vehicles, (e) buses to transport students, (f) the purchase or lease-purchase of computers and (g) depreciation expenditures.
Misc Codes	Other expenditures such as student transportation, travel, dues and fees, registration, interest expense, and other goods and services that not classified above.

PERFORMANCE MANAGEMENT

Performance management is the regular systematic collection and analysis of specific data regarding the result of resources used, work produced, and services provided.

The Government Finance Officers Association (GFOA) has long urged state and local government to incorporate performance measurement as an integral part of their budget process. It is also recommended by the National Advisory Council of State and local Budgeting.

The Purpose of public-sector performance management is to provide a systematic approach to managing performance through concepts, practice and processes that align governments' efforts to achieve the best possible results for the public within available resources. Performance management emphasizes the importance of continuous learning, improvement, and accountability for results.

In its guideline of Best Practices in School Budgeting, GFOA recommends developing principles and policies as standard that the district's fiscal performance can be judged. In addition, to identify financial position, conduct research for instructional priorities, to engage stakeholders, and ultimately put the strategies into practice and evaluate the results. The performance management plays a key role in examination and evaluation.

Cobb County School District uses performance management to track how efficiently and effectively the budget planned programs are being delivered. Workload Indicators are set for district departments and divisions to measure the impact made by the services provided. This process integrates local school strategic plan to division and area strategic plans, and further into the district strategic plan.

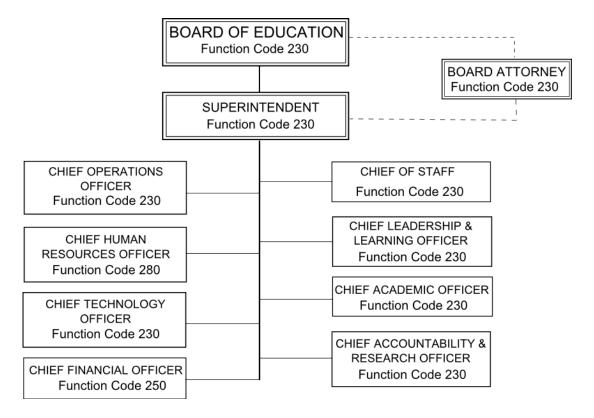

SUPERINTENDENT DIVISION

DIVISION RESPONSIBILITIES

The Georgia Constitution requires that an elected board of education oversee each public school system. A public elected seven-member board serving four-year terms officially governs the Cobb County School District. The board appoints a superintendent of schools to serve as the Chief Executive Officer (CEO). The Superintendent is responsible for implementing educational programs and running the day-to-day operations of the school district.

DIVISION ORGANIZATION

The Superintendent's Division is sub-divided into functional areas of responsibility. The following chart illustrates the structure of this division:

DIVISION ORGANIZATION

The Chief of Staff Division is sub-divided into functional areas of responsibility. The following chart illustrates the structure of this division:

MAJOR DEPARTMENT TASKS

Communications - Communicates with students, staff members, parents and the general public concerning school district events and news. Also manages relations with news media, both proactively promoting a positive image of the Cobb County School District, and reactively responding to crisis events. Develops key communications and maintains the tools - including publications, web sites, cable television station, and automated calling system - to deliver them.

Policy Development – Interprets, implements, and maintains District Board Policy, Administrative Rules and Forms and develops the District calendar.

<u>Student Support</u> includes Prevention and Intervention, School Social Workers, and School Health services. Student Support is also responsible for advising administrators regarding student discipline issues and conducting student discipline hearings. The division also coordinates the student transfer process, provides support to school administrators in student custody, subpoenas, records requests, enrollment and attendance issues.

<u>Prevention / Intervention:</u> This program provides a system-wide student assistance program to address the needs of children involved in high-risk behaviors. The center networks with community agencies, businesses, parent groups, law enforcement departments, and social services organizations to assist in the development of healthy environments and increase effective parenting and positive life skills for students. The program provides prevention education and training, a crisis response team, parent awareness seminars, and free assessments through other agencies.

School Social Work: School Social Workers are certified professionals who provide ongoing advocacy and direct services such as groups, individual counseling, crisis intervention, and home visits to assess environmental factors and improve academic success for students. They develop and implement community resources to eliminate barriers to student achievement in areas of health, mental health, transience, and family basic needs. School Social Workers provide intensive services to address student punctuality, attendance, dropout prevention, and file truancy referrals to Juvenile Court, when necessary.

School Health Services: Student Health Services provide chronic health illnesses training for school staff; orients, trains and provides ongoing professional development for consulting itinerant and school nurses; orients and trains clinic substitutes; develops, implements and interprets procedures and forms for clinic/student health; Individualized Health Care Plan for eligible students; Section 504 plans for eligible students; monitors absenteeism and communicable illness; collaborates with Cobb and Douglas Public Health and DHR; and maintains clinic/student health statistics.

Cobb Education Foundation - A charitable non-profit organization dedicated to supporting, rewarding and enhancing educational opportunities for Cobb County School District staff and students by:

- Recognizing and rewarding excellence in teaching and learning
- Promoting innovative instruction through grants to our teachers and schools
- Ensuring a successful educational environment.

DIVISION RESPONSIBILITIES

The **Operational Support Division** is led by the Interim Chief Operations Officer and comprised of departments that provide the district with services and support for daily operations, maintenance, transportation, public safety, planning and SPLOST initiatives.

DIVISION ORGANIZATION

The Operational Support Division is sub-divided into functional areas of responsibility. The following chart illustrates the structure of this division:

MAJOR DEPARTMENT TASKS

The Interim Chief Operations Officer is responsible for overseeing the services and support for the district's Maintenance Services, Department of Public Safety, Transportation Services and SPLOST Department.

The **Maintenance Services Department** provides this support through a staff of 17 administrators, supervisors, and clerical personnel and a work force of 143 hourly employees. The department's primary objective is the maintenance of existing facilities, their grounds, and equipment not under manufacturer's warranty. These responsibilities involve 127 schools and support facilities that encompass 3,055 acres and 17,192,744 square feet throughout Cobb County.

The majority of support and 51,926 repair requests submitted to Maintenance Services fall within the following areas:

- Heating and air conditioning
- Plumbing
- Electrical
- Paint touch-up
- Minor carpet and floor tile repair
- Security & fire alarm systems
- Intercom systems
- Custodial equipment

- Carpentry
- Roofing
- Grounds
- Glass replacement
- Keys and locks security
- Clocks
- Indoor environmental quality issues
- Kitchen and refrigeration equipment

Maintenance Services also supervises vendor contracts related to pest control, waste management, the cleaning of portables, elevator maintenance, and fire extinguisher servicing, as well as supporting Food and Nutrition Services with repairs, maintenance, research and installation of its equipment.

Lastly, the department supports 557 custodians including evaluating their cleaning effectiveness, making equipment purchases, ordering supplies, training and making recommendations in custodial shift staffing.

The **Transportation Services Department** provides safe, consistent and reliable transportation for the district's students comprised of 865 bus drivers, 134 bus monitors, 837 conventional buses, 278 special needs buses, 877 routes, and 33,979 bus stops per day. The department transports 137,229 students each day and travels 66,807 daily miles.

All buses are equipped with telematics technology and digital recording devices on the inside. Some buses are equipped with digital cameras on the outside to enforce violations of the Stop Arm Law.

The Safe Rider Program is our student management program which assists in a safe ride and keeps students focused on safe bus riding behavior. Bus referrals have reduced up to 70% since the program began.

Special Purpose Local Option Sales Tax (SPLOST) is a one-cent sales tax on all consumer goods that must be approved by Cobb County voters in a referendum. On March 19, 2013, Cobb County voters approved the SPLOST IV referendum that allowed for the continuation of the one-cent sales tax to fund a diverse list of school projects. SPLOST revenues can be used only for specific school related capital outlay improvement projects. SPLOST IV will expire on December 31, 2018.

The SPLOST Division is responsible for all aspects of the planning, implementation, and completion of all SPLOST projects and activities. It is also the division's responsibility to monitor the bidding process to ensure design and construction stay within budget and the scope of the projects conform to the voter referendum.

Program managers coordinate the design of projects with consultants and local school administrators. It is also the responsibility of program managers to inform the community of planned improvements and solicit input on the plans during public forums held during the design phase.

Construction managers provide plan review and cost estimating services to the program management staff during design and manage the construction phase to assure on-time and on-budget project delivery.

Logistic managers are responsible for managing the purchase and installation of furniture, fixtures and equipment for new schools and addition projects. Logistic managers also provide coordination for project vendors, local school staff, central office administrators and other entities.

The Planning Department facilitates sound decision-making by the Board of Education and CCSD Administration in several areas of District operations, including student population growth, redistricting, land property management, leased property management, and cell tower lease initiation and management. In addition, the Planning Department plays a significant role in school attendance zone redistricting initiatives, initiates and leads the process of negotiations for new land acquisitions, rights of way, easements, and maintains property ownership records and land use contracts for the District. They maintain relationships with those who lease property to the District, and initiate new leases and renewal of existing leases when necessary. They are also directly responsible for cellular communication tower placement initiatives and ongoing administration of the program for the District. This initiative provides significant additional direct revenue for schools where cell towers are placed, and shares the total revenue with all schools.

The **Public Safety Department** provides a safe and secure environment for all students and staff. Security programs are developed and maintained by Public Safety for all schools, school system facilities and property. Law enforcement officers are provided for the schools and they monitor overall safety of school campuses.

TECHNOLOGY SUPPORT DIVISION

DIVISION RESPONSIBILITIES

Technology Services' mission is to provide the resources necessary to ensure all CCSD schools reach a consistent technology standard that enhances the teaching and learning process within each classroom through the effective use of technology. It also supports the operation of the district through the integration of all technologies for administrators, teachers, students and parents.

DIVISION ORGANIZATION

The Operational Support Division is sub-divided into functional areas of responsibility. The following chart illustrates the structure of this division:

TECHNOLOGY SUPPORT DIVISION (Continued)

MAJOR DEPARTMENT TASKS

Technology Services major tasks include the following areas:

Field Services – Provides local school and administrative building support for Windows & Apple hardware (desktops and laptops) and software, local servers, printers, copiers, and interactive classroom devices. Also, the Customer Care Center delivers first response technology support for end users district-wide via the phone and/or online ticketing system. The Lifecycle Management Team provides the administration and deployment of all software, maintains all software license compliance and usage statistics, manages mobile device integration, supervision and security, and creates and executes training of and support for technology throughout the district. These services include - but are not limited to – software testing and approval, software updates, inventory maintenance, next level support, system management, vendor interaction, VPP integration, professional development, enterprise server support, online documentation, and protocol development.

Network Services and Security – Operation, support and design for wide area network (WAN), Data Center, and servers. Provides monitoring and reporting for network security and compliance, email and internet services for the district, wireless phone support, and data backup and recovery services. The Disaster Recovery and Business Continuity team is also part of Network Services and has the responsibility for recovering services in the event of a disaster.

<u>Management Information Systems</u> - Support and software development and reporting services for the district's Financial, HR, and Payroll applications, including associated application in the Data Warehouse, Academic Portal and other mission critical applications.

<u>Infrastructure Services</u> – Responsible for design, implementation and support of fiber optic cabling for Local Area Network and Wide Area Network in all existing, renovated, and newly constructed facilities. Maintenance of all network equipment at all schools and administrative offices including all infrastructure cabling, switches, WAPs, and network closets. Support and maintain audio visual equipment and manages Technology's Depot for hardware warranty/parts. Manages the district's phone service, including traditional Key systems and VoIP/Intercom migration.

<u>Instructional Technology</u> – Responsible for assisting in the implementation and facilitation of district and local school technology initiatives; integrating 21st Century College/Career Readiness Skills for students into the K-12 curriculum; collaborating with district and local school personnel to provide professional development and strategic planning; partnering with the CCSD Technology and Teaching & Learning Divisions in order to leverage technology *FOR* learning and student success; developing, coordinating, and/or delivering professional development programs utilizing District approved hardware and Web 2.0/software to support the local school strategic plan and/or District strategic plan.

Support teachers in effectively integrating the use of interactive learning devices and informing teachers/schools of emerging technologies; work cooperatively with classroom teachers to develop and implement effective instructional technology strategies; and model the appropriate integration of technology when working with teachers and students to ensure appropriate Digital Citizenship.

<u>Student Information Systems</u> – Provides support, development, and training services for all district technology systems related to student enrollment, scheduling, grade book, attendance, assessment, discipline, health, federal & state reporting, and special education. The group is also responsible for the district's Generation 3 data warehouse.

HUMAN RESOURCES DIVISION

DIVISION RESPONSIBILITIES

Human Resources' goal is to attract, employ and retain the most qualified applicants for all school district positions and to improve delivery of services rendered by the division to all applicable groups and individuals.

DIVISION ORGANIZATION

The Human Resources Division is sub-divided into functional areas of responsibility. The following chart illustrates the structure of this division:

MAJOR DEPARTMENT TASKS

Under the **Chief Human Resources Officer's** supervision, the following departments and offices provide services to District employees and prospective candidates for employment.

The Employment Department encompasses several functions: the Employment Office, Benefits Office, the Compensation Office, the Risk Management Office, Fingerprinting, ID Badges and Background Check Office and Records.

The Employment Office directs the employment activities for over 18,000 full-time/part-time and temporary classified and certified employees (except for administrators) which includes: supervising the application, employment, and orientation of all new hires; directing the employee transfer and reassignment process; managing the certification process for educators, service professionals, and paraprofessionals, including HiQ; developing a recruitment strategy and attending selected on-campus recruitment fairs; providing ongoing recruitment strategy training to administrators; building relationships with local universities and high schools to recruit future educators; issuing employment contracts to all Certified Employees; approve all Head Coaches; and administer employee recognition programs.

The Benefits Office is responsible for the District's comprehensive employee benefits program which includes requesting and evaluating bid proposals for each type of coverage; providing benefits education to new and existing employees; processing enrollments for new hires, status changes, and open enrollment; counseling and processing paperwork for retiring employees; processing Optional Spending Account enrollments and claims; managing the 403(b) and 457 plans as well as the supplemental retirement plan for those in PSERS; coordinating the Catastrophic Illness Leave Bank; managing leaves of absence; and responding to customer needs by email, phone and in-person visits. The Benefits Office is also responsible for the payroll deductions associated with all employee benefits; for the collection of payments missed due to unpaid leaves of absence; and for making payments to insurance companies and state agencies for employee benefits. Currently, the Benefits Office administers the following:

State Health Benefit Plan Short Term Disability Insurance
Teachers Retirement System of Georgia Long Term Disability Insurance

Public School Employees Retirement System Cancer Insurance

CCSD Supplemental Retirement Plan

Dental insurance (Delta Dental)

Vision insurance (CompBenefits/Humana)

Basic and Supplemental Life Insurance with AD&D

Legal Services Insurance
Optional Spending Accounts
Section 125 Flexible Benefits Plan
Catastrophic Illness Leave Bank

403(b) and 457 Tax-Deferred Savings Plans

Leaves of Absence (short and long term leaves, FMLA, personal and family illness, educational, military, and so on)

The **Compensation Office** is responsible for ensuring pay structures and incentives are designed to compensate employees for their skills, abilities, performance, and years of experience. This includes evaluating experience and certification documents for step placement; processing employee transfers, reassignments, and terminations; developing and rolling out incentive programs; updating employee work calendars; administering salary increases and revising salary schedules; conducting job evaluations and approving job descriptions; and managing salary surveys to ensure salary rates are leveraged competitively.

The **Risk Management Office** coordinates bid proposals for property, comprehensive crime and student accident insurance. It also administers the Districts' self- insurance plan for general liability and vehicle accidents, including bus accidents. It receives and processes claims for student injuries, site visitors, and damage or loss to equipment and facilities. The District is self- insured and self- administered in the area of workers' compensation. Risk Management handles all aspects of the worker's compensation claims process. It is responsible for researching and responding to unemployment claims from the Department of Labor. Risk Management also addresses issues of loss control, safety and accident prevention awareness.

The **Fingerprinting, ID Badge and Background Check Office** manage background checks for all Cobb County School District Employees; maintains fingerprint and ECH records.

The **Records Office** manages the storage and maintenance of employee personnel records, employment verification, and responding to requests for information in compliance with the Georgia Open Records Act.

The Leadership Management Department aims to match the available administrative talent (current Cobb employees and out-of-district applicants) to the needs of the District. Leadership Management directs the employment activities for all local school and central office administrative positions which include: supervising the application, employment, and orientation of all administrative new hires; and assisting the Leadership and Learning Division in the RFP and administrative reassignment process. Leadership Management is further responsible for the following.

- To provide a sufficiently large and diverse number of highly qualified candidates to fill local school and central office administrative openings
- Assist principals and central office administrators in their selection of leaders process
- Assist applicants, both internal and external, in completing administrative applications and understanding the system's leadership selection process
- Manages the posting, advertising (local and national), and application qualifying of all local school and central office administrative vacancies
- To help individuals realize their career objectives in administration
- Forecast replacement needs as a means of targeting necessary training, employee education, and employee development
- Facilitates the advertising, application and selection process for district Leadership Academies and College/University Educational Leadership Cohorts
- Manages the storage and maintenance of administrative personnel records
- Liaison for the Administrative Critical Need process including maintaining contact information for CCSD retirees, scheduling and TRS reporting of retired administrators returning to work

The **Employee Relations Department** is responsible to the following areas:

- Employee disciplinary action, i.e. suspension without pay, termination
- Consultation with supervisors regarding employee job performance and misconduct issues
- Employee misconduct investigations
- Discrimination and sexual harassment investigations
- PSC Code of Ethics violations
- Job performance issues, i.e. PDPs
- Certified employee contract non-renewals
- Employee complaints and grievances
- ADA accommodations requests
- Labor relations issues
- Formal Employee Grievances
- Provide training regarding Employee Discipline and Documentation

The **Evaluation Office** develops, facilitates, and monitors the evaluation process for classified and certified employees.

Mailroom and **Courier Services** provide intra-District mailroom and delivery support for all Central Office departments and schools.

ACADEMIC DIVISION

Division of Academics

The Division of Academics is responsible for the foundation of teaching, learning, and student support services in Cobb County Schools. The two key subdivisions are the Subdivision of Teaching & Learning and the Subdivision of Special Student Services.

The foundational elements for Academics in Cobb County are built on clearly articulated teaching and learning standards, high quality instructional resources, effective and engaging instructional strategies, an infrastructure of formative assessments, and a district-wide student performance data collection mechanism by standard.

Additionally, the district has identified a common instructional framework, Framework for Student Success, that consists of plan, instruct, assess, reflect and a Framework for School Success that identifies the priorities of professional learning communities/data team processes,

The strategy to advance teaching and learning in Cobb County, and the effort to ensure that the community recognizes that learning in a Cobb classroom is superior to any other educational option for our children, focuses on three initiatives to guide teaching and learning in the district for the coming five years.

Initiative 1: College, Career, & Community Ready

- Clearly articulating Cobb Teaching and Learning Standards
- Content/Curriculum Acquisition and Customization Strategy
- Launching the Cobb Teaching & Learning System (CTLS)
- Learning Commons Transition
- Kindergarten to Graduate Profile

Initiative 2: Learning Engagement

- Establish, model and promote 14 research-based engagement strategies
- Build an infrastructure of flexible formative assessment items and district-wide data collection process for student performance.
- Advance the vision for STEM and STEAM in schools.
- Develop innovative course models (i.e. embedded credit, distance learning, blended courses, etc...).

Initiative 3: Professional Learning 21 (PL21)

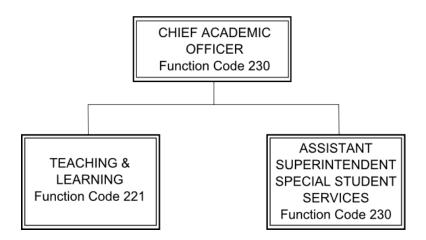

- Develop an infrastructure of Professional Learning Support accessible by all classroom teachers as aligned with their grade level/course area and pacing guides.
 - District-wide Face to Face Professional Learning Schedule Comprehensive Digital Staff Development Modules
- Identify, model, and communicate 21st Century Professional Learning Strategies
 - o Collaboration/Any-time, Any-where Personalized Professional Learning

ACADEMIC DIVISION (Continued)

The Academic Division includes the following two areas:

Teaching & Learning Subdivision and Special Student Services Subdivision

DIVISION ORGANIZATION

SUBDIVISION RESPONSIBILITIES

The Teaching & Learning Subdivision seeks to support and enhance the efforts of our schools, thus enabling students to perform at their highest levels of achievement. Our work is delivered through a Framework of Success focused on how teachers Plan, Instruct, Assess, and Reflect. Contributing to the work of our division and influencing the teaching and learning process are our system's mission, vision, core values and beliefs; our shared, instructionally focused leadership, our professional learning opportunities; and the input and support of our students, families, and community.

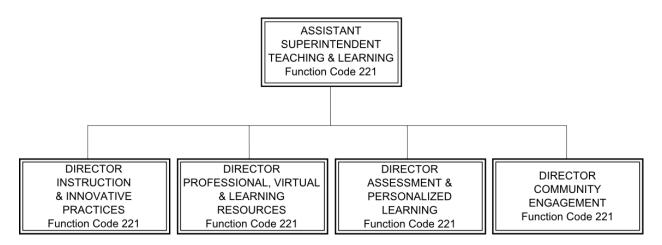

Subdivision of Teaching & Learning

The Subdivision of Teaching & Learning leads the district's efforts to advance student learning in Cobb County. The role of staff in the Subdivision of Teaching & Learning is to enhance the instructional leadership capacity of school leaders, support the administrative operations of school leaders, protect instructional time, and provide high quality resources/information/support for school leaders and teachers.

The Subdivision of Teaching & Learning consists of four Program Offices: The Office of Instruction & Innovative Practice, the Office of Assessment & Personalized Learning, the Office of Community Engagement & Title I, and the Office of Professional, Virtual, & Learning Resources.

ACADEMIC DIVISION – TEACHING AND LEARNING SUBDIVISION

SUBDIVISION ORGANIZATION

Office of Instruction & Innovative Practices

The Office of Instruction and Innovative Practice is responsible for the core backbone of academics in the Teaching & Learning Subdivision. There are nine departments in this office that reflect the academic programs of Cobb County: Mathematics, English Language Arts, Science, Social Studies, Career Technical & Agricultural, Health & Physical Education, Visual Arts, Performing Arts, Band, & Orchestra. The Office of Instruction & Innovative Practice is responsible for enhancing the instructional leadership capacity of all school leaders by articulating the teaching and learning standards in each content area, providing model resources (including pacing guides), developing teacher leaders, facilitating professional learning, and providing principals and assistant principals support to ensure that effective instruction takes place in every classroom. Additionally, the Office of Instruction & Innovative Practice is focused on advancing the teaching and learning in Cobb Schools by thinking creatively about how instruction is delivered, how courses are developed and provided, and the strategies that are used in instruction.

The focus of the leadership in the Office of Instruction & Innovative Practice is to:

Provide Instructional Leadership and Classroom Instruction Resources – The Office of Instruction & Innovative Practice provides principals and assistant principals tools to coach teacher performance and lead a focused improvement on student achievement. Additionally, the Office provides teaching resources for classroom teachers and support personnel to incorporate into their planning for instruction. This includes model lessons, unit plans, activities, videos, simulations, suggested tasks, and model assessments.

- Developing Innovate Academic Practices The leadership staff in the Office of Instruction & Innovative Practice work closely with school leaders and classroom teachers to ideas for how to expand and transform learning for today's students. This includes innovative instructional strategies, unique uses of physical spaces, technology integration, and innovative course design (i.e. imbedded credit, dual enrollment, and accelerated pacing, etc...).
- Enhancing Instructional Leadership Capacity of School Leaders As the district's experts in research, national successes, teaching and learning standards, and effective instructional strategies, the leadership staff in the Office of Instruction and Innovative Practice collaborate with principals, assistant principals, and teacher leaders on what engaging instruction looks like for their program areas. This may include walking classrooms with leaders, suggesting available training and support, as well as conversations about the teacher evaluation system and its standards.

ACADEMIC DIVISION – TEACHING AND LEARNING SUBDIVISION (continued)

The Performing Arts Department leads the music, theatre, and dance programs in the Cobb County School District. These nationally regarded programs and their fundamental ways of knowing and thinking have distinct and significant effect on intuition, reasoning, creativity, and expression in the lives of our students both in the present and in their future.

Office of Assessment & Personalized Learning

The Office of Assessment and Personalized Learning's mission is to increase personalized learning opportunities, to facilitate the administration of national, state, and district assessments, and to build leadership capacity of school leaders to advance assessment practices and to advance the use of data to inform instruction. Our four current priorities are:

- Georgia Milestones Assessments
- SLO Assessments
- Flexible Formative Assessment Bank Development
- Defining and Developing a Strategy to Increase Personalized Learning Opportunities

This Office is composed of three departments: Assessment, Remedial Education, and Advanced Learning Programs.

Assessment Department

1. Georgia Milestones

a. The state-mandated Georgia Milestones Assessment System requires an annual administration of standardized assessments in grades 3-12. In grades 3-8 students take End of Grade (EOG) assessments in the subjects of Language Arts, Mathematics, Science, and Social Studies. In grades 9-12, students take End of Course (EOC) assessments at the end of Ninth Grade Literature and Composition, American Literature, Biology, Physical

ACADEMIC DIVISION – TEACHING AND LEARNING SUBDIVISION (continued)

Science, Coordinate Algebra, Analytical Geometry, United States History, and Economics. The 2014-2015 school year is the first year of implementation of this new assessment system, which has taken the place of Criterion Referenced Competency Tests (CRCTs) and End of Course Tests (EOCTs). Scores from Georgia Milestones assessments factor into CCRPI scores at both the local school and district level.

2. Student Learning Objectives

a. Student Learning Objectives provide state-mandated student growth measures as part of the Teacher Keys Evaluation System. They are content-specific learning objectives that are measureable (through pre and post assessment), focused on growth in student learning, and aligned to curriculum standards. The district will implement SLO assessments for the first time in January 2015.

3. Flexible Formative Assessment Bank Developments

a. The Office of Assessment and Personalized Learning began the development of a formative assessment item bank this fall. School leaders and teachers will be able to go into the bank and choose questions that are tied directly to what they are teaching. When teachers use the district's digital platform to administer their formative assessments, they will have data immediately available to pinpoint instructional needs and ensure that there is a district-wide data collection mechanism by standard.

Remedial Education Department

The Remedial Education Department is responsible for the Early Intervention Program for struggling learners in elementary schools. The Department also facilitates the district's Response to Intervention protocol that each school facilitates for students that benefit from additional interventions in the instruction. Additionally, the Remedial Office leads the efforts to support students that fall behind academically. There are many ways in which students can accelerate their mastery of concepts in order to re-join their peer group academically. The Remedial office facilitates the process of credit recovery, course extension, and summer school.

Advanced Learning Programs Department

The Advanced Learning Programs Department is responsible for gifted identification services and the delivery of gifted service models for students. Additionally, the Department facilitates a talent development process in order to ensure that high ability learners that have potential to receive gifted services are identified and nurtured. The Department also works to improve the Advanced Placement participation and performance in our high schools and supports accelerated classes and advanced content coursework in middle schools and elementary schools, respectively.

ACADEMIC DIVISION – TEACHING AND LEARNING SUBDIVISION (continued)

Office of Community Engagement & Title I

The Office of Community Engagement & Title I consists of two departments that are focused on enhancing the resources and support for parents of Cobb students and administering the federal funds that flow through the Title I grant.

Community Engagement Department

The Community Engagement Department is responsible for the development of parent communication resources as academic support materials for parents to use at home. Additionally, the Community Engagement Department seeks improved connections with community members and community organizations to ensure that there is a complete county focus on the academic needs of our children. There is a multi-pronged approach to connecting with parents, developing parent resources, supporting the home as an extension of the classroom, and ensuring that birth to 5 and post high school opportunities are connected to the academic foundation and potential for all children.

Title I Department

Title I is a federally funded program which provides additional dollars to schools based on student economic needs. Currently, there are 45 Title I identified schools in Cobb County (30 ES, 11 MS, 3 HS, and 1 special program). Cobb County submits documentation regarding the need for resources and the plan to deliver targeted support to Title I identified schools. The Title I Department then works with all Title I designated schools to develop a local budget based on the federal and state compliance requirements. Title I is responsible for distinguishing the difference between supplementing resources at Title I schools and avoiding supplanting resources. The federal dollars that flow through Title I must be used for services above and beyond what the district already provides all schools.

The Title I Department in Cobb County also supports homeless children by providing transportation, basic necessities, and academic tutoring as the law (McKinney-Vento) allows. Additionally, children residing in facilities because they have been orphaned or are under state custody have access to support services through the Title I funds.

Office of Professional, Virtual & Learning Resources

The Office of Professional, Virtual & Learning Resources is comprised of three departments that provide learning opportunities, resources, and support to Cobb County staff to increase student achievement: Professional Learning, Library Media Education, and K-12 Learning Resources.

Professional Learning Department

The Professional Learning Department leads and supports professional learning designed to advance teacher effectiveness, to mobilize school improvement efforts, and to develop and sustain a culture of continuous growth and improvement. Teachers engage in professional development opportunities that help them deepen their content-specific knowledge and skills, learn new strategies that support the art and science of teaching, and earn professional learning units/credits needed for recertification and licensure. The district is committed to an improved infrastructure of professional learning that has been expanded to guarantee that every Cobb educator has equal access to quality professional learning aligned to their grade level, course area, and pacing guide for instruction.

ACADEMIC DIVISION – TEACHING AND LEARNING SUBDIVISION (continued)

Quarterly district-wide, content-specific professional development opportunities have been launched, that offer all teachers the just-in-time preview of upcoming content standards and units in their specific subject areas. These trainings are offered after the school-day to avoid loss of instructional time with teachers during the school day.

Digital-Based Modules are under development to build a comprehensive library of online learning that provide short, engaging videos targeting content-specific strategies. The digital modules feature Cobb teacher leaders and provide effective professional learning that is online, on demand, and on target.

School-Focused Professional Learning Programs are job-embedded experiences designed to improve student performance connected to the growth areas identified in the individual school's strategic plan. The professional learning department provides consultative support to school leaders in the design and implementation of these professional learning interventions. Many school plans have teachers working in Professional Learning Communities that focus on improving teacher practice and increasing student achievement. These collaborative teachers work as "data teams" to measure and analyze student performance data to drive instructional planning. The professional learning department continues to support school-based data teams through collaborative group protocol training.

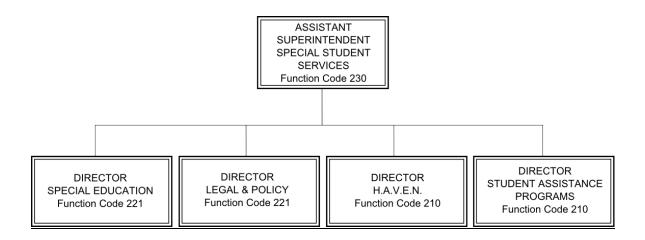

District Courses and Workshops are offered throughout the year in classes after hours and online to meet the diverse professional learning needs of Cobb staff and to address specific district goals and program areas. The Professional Learning Department staff manages a web-based portal for the course catalog, online registration, and Professional Learning Unit documentation and transcripts.

ACADEMIC DIVISION – SPECIAL STUDENT SERVICES

DIVISION RESPONSIBILITIES

Special Student Services provides individualized support for students who are at risk of not achieving to their greatest potential. The division provides educational services that foster achievement of the whole child in the least restrictive environment.

DIVISION ORGANIZATION

MAJOR DEPARTMENT TASKS

The task of **Special Student Services** is to provide educational services that foster achievement of the whole child in the least restrictive environment. To provide a world class education, the Division promotes professional learning, consults and collaborates with students, parents, and staff, assesses students' needs, and fosters relationships with stakeholders. The Special Student Services is comprised of the Special Education Department, Psychological Services, School Counseling, and H.A.V.E.N Academy.

Special Education Department provides support to students, parents, and schools to foster achievement of meaningful outcomes for students with disabilities. This support is provided by leading with integrity, building positive relationships, making student driven decisions, and maintaining high expectations for all students. The Special Education Department is charged with improving the academic, behavior, and social performance of students with disabilities as well as ensuring that the district is in compliance with IDEA.

<u>Audiological Services</u> provides complete diagnostic hearing evaluations for any child from birth through high school who resides in the Cobb County School District. Evaluations are provided by licensed audiologists who test children with multiple disabilities, those who are difficult to test, and children who are at increased risk for permanent hearing loss.

<u>Psychological Services</u> provides psychological services within the school community through consultation, collaboration, research-based interventions, and individualized assessment in order to

ACADEMIC DIVISION – SPECIAL STUDENT SERVICES (Continued)

facilitate learning and promote positive mental health for all students. School psychologists work to increase student achievement by assessing barriers to learning and helping determine the best instructional strategies to improve learning, and work within a multidisciplinary team to evaluate eligibility for special education services. School psychologists collaborate with educators, parents, and other professionals to create safe, healthy and supportive learning environments that strengthen connections between home, school, and the community for all students.

<u>School Counseling</u> assists students in overcoming barriers that impede learning. The goal of all Cobb County Professional School Counselors is to implement a standards-based comprehensive school counseling program that:

- Includes a curriculum addressing the needs of all students in the domains of academic, personal/social, and career development
- Provides specialized interventions based on identified student needs
- Assists students in acquiring appropriate attitudes, knowledge, and communication skills to promote healthy relationships
- Enhances the ability of students to identify and utilize the appropriate resources needed for postsecondary success
- Creates positive relationships with students fostering personal growth, service to others, and academic achievement
- Advocates for all students encouraging them to develop to their fullest potential
- Encourages counselors to consult and collaborate with other educators, parents, and community on behalf of all students

<u>Hospital/ Homebound Services</u> provides instructional services to students who are able to participate in educational instruction but who are medically unable to attend school for a minimum of ten consecutive days or equivalent on a modified calendar, or intermittent periods of time throughout the school year.

H.A.V.E.N. Academy is one of twenty-four programs of the Georgia Network for Educational and Therapeutic Support (GNETS). The program serves students from Cobb, Douglas, and Marietta City School Systems. Students with an emotional and behavioral disorder (EBD) are served based upon the documentation of the severity of the duration, frequency and intensity of the behaviors. H.A.V.E.N. Academy supports the continuum of services by providing comprehensive education and therapeutic support. Special Education services include behavior change strategies within small group H.A.V.E.N. classes, individual and group counseling, family counseling, interagency coordination and direct services to students and their families.

Section 504 of the Rehabilitation Act of 1973/Public law 93-112 is a comprehensive law that addresses the rights of handicapped persons (hereafter referred to as persons with disabilities except when quoting the law) and applies to all agencies receiving federal financial assistance. The Special Student Services Division is charged with ensuring that Section 504 eligible students are provided an appropriate 504 plan if required and that the plan is implemented as written.

ACADEMIC DIVISION – SPECIAL STUDENT SERVICES (Continued)

<u>Vision and Hearing Screening Programs</u> provide services to detect those students who may have a vision or hearing disorder and refer them for further care.

ACCOUNTABILITY & RESEARCH DIVISION

DIVISION RESPONSIBILITIES

The **Accountability & Research Division** is comprised of the following:

Secondary Options (formerly Alternative Education Programs) provide a means for students to receive educational services in a setting other than their home school. Programs include Oakwood Digital Academy, Performance Learning Center, Cobb Virtual Academy, and Adult Education.

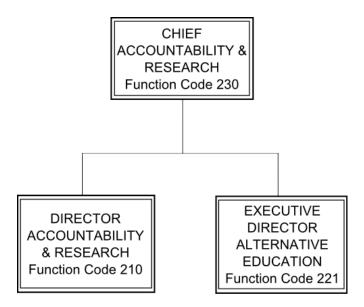

Accountability provides direction and support to stakeholders with data and other resources to improve student learning.

The **Research and Evaluation** department processes student, school, and district achievement, assessment, demographic, and other data.

The **Grants** Office actively seeks federal, state, corporate and private grants for the support of educating all of our children in the District. This effort is done with the support of the Leadership and along with the talented efforts of our teachers and school administrators.

State and Student Reporting department supports the data needs of the Cobb County School District Board of Education, the Superintendent, the Executive Leadership Team, parents, schools, and external agencies/organizations so that students educational needs may be addressed.

DIVISION ORGANIZATION

MAJOR DEPARTMENT TASKS

ESOL Program, its mission is to develop the English proficiency of students while advancing their academic achievement, and to support them in becoming productive, contributing citizens in the United States and an ever-changing global society.

<u>Foreign Language</u> The purpose of the Cobb County School District's Foreign Language program is to encourage the appreciation of cultural values; to enable students to learn to communicate in another language; and to prepare them to successfully enter and compete in an increasingly global society.

International Welcome Center (IWC) facilitates Home-to-School and School-to-Home Communications by providing local schools, parents and community with the following support services: Language Assessment, Middle and High School International Students Enrollment Process, Advisement, Placement, Transcript Evaluation, Translation of District Policies and Local School Documents, Interpretation of School Related Meetings, Student Evaluations, Parent Conferences, Special Education Meetings and Hearings. The IWC provides literacy and academic programs, workshops and assists families with acculturation and school involvement.

<u>Cobb Virtual</u> is a meaningful online learning experience that allows students to become familiar with key means of increasing their own learning skills and knowledge. It also prepares them for the demands that they will encounter in higher educations, the workplace, and in personal life-long learning.

The mission of <u>Oakwood Digital Academy</u> is to challenge students to succeed by guiding them toward and understanding that there is no "one best way" to reach their full potential.

The <u>Performance Learning Center (PLC)</u> strives to provide students with equal access to quality educational programs and the necessary social services in an environment that allows students the opportunity to achieve their maximum learning potential.

The mission of the <u>Adult Education</u> is to teach adult students the literacy skills necessary to become productive, responsible, well-adjusted members of the community thus improving the quality of life for all Georgians. In order that all students realize their full potential, our mission is to marshal resources and use relevant curriculum to provide education and a supportive yet challenging environment that allows for individual, self-paced instruction.

The <u>Grants</u> Office seeks federal, state, corporate and private grants for the support of educating all of our children in the District. The Cobb County School District has been awarded many grants that provide innovative programs impacting all students.

LEADERSHIP & LEARNING DIVISION

DIVISION RESPONSIBILITIES

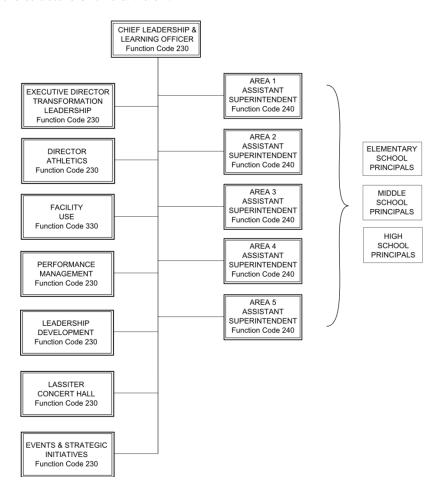

The Primary function of the **Leadership and Learning Division** is to lead the ongoing development and continuous improvement of an effective instructional program in Cobb County. The division is responsible for all facets of student performance, school leadership, leadership development, curriculum and instruction, special student services, student support, transportation, professional learning, athletics, and human resources

Area Assistant Superintendents lead principals in expeditious and sound decision making regarding the productivity, results, accountability, staffing, and continuous improvement for individual schools, both from the standpoint of learning effectiveness and operations.

Athletics is responsible for managing interscholastic activity program in the Cobb County School System. The program provides opportunities for learning experiences in athletics which teaches attitudes of responsible team play and cooperation. It is also a vehicle for learning mental and physical self-discipline, loyalty, personal pride in the school, respect for the rights of others, and the will to win.

DIVISION ORGANIZATION

The Leadership & Learning Division is sub-divided into functional areas of responsibility. The following chart illustrates the structure of this division:

POLICIES & PROCEDURES

The Document presents selected District fiscal management policies and major financial administrative rules.

FISCAL MANAGEMENT GOALS AND OBJECTIVES (Policy Index DA)

The Cobb County Board of Education (Board) recognizes that effective, efficient fiscal management and strategic and equitable allocation of all resources available to the Cobb County School District (District) are required to maximize the academic achievement of every student in the District.

A. ROLE OF THE BOARD OF EDUCATION:

As trustee of local, state and federal funds allocated for use in public education, the Board will be vigilant in fulfilling its responsibility to see that these funds are allocated in ways that maximize the academic achievement of every student in the District.

The Board's fiscal operations and management will ensure that education remains central and that fiscal matters are ancillary and contribute to the educational program.

B. DISTRICT FISCAL MANAGEMENT GOALS:

In the District's fiscal management, the Board seeks to achieve the following goals:

- 1. To engage in thorough advance planning and forecasting, with broad-based staff and community involvement, in order to develop budgets and guide expenditures so as to maximize the academic achievement for the allocated resources;
- 2. To establish levels of funding which will provide high quality education for the District's students;
- 3. To use the best available techniques for budget development and management;
- 4. To provide timely and appropriate information to all staff with fiscal management responsibilities; and
- 5. To establish high quality procedures for accounting, reporting, business, purchasing and delivery, payroll, payment of vendors and contractors, and all other areas of fiscal management responsible for the efficient management and use of resources.

PLANNING, PROGRAMMING, BUDGETING SYSTEM (Policy Index DB)

The Cobb County Board of Education (Board) shall annually adopt a budget according to the laws of the State of Georgia and the regulations of the State Board of Education. The budget shall be adopted at a public meeting of the Board.

Furthermore, the Board expects the Superintendent to assure that the Cobb County School District (District) maintains a multi-year financial plan and to establish financial guidelines and procedures that:

- Protect the District's fiscal soundness; and
- Support the fulfillment of the District's priorities.

A. FINANCIAL PLANNING:

- 1. The District will prepare a one year preliminary General Fund Budget forecast of projected revenues and projected expenditure appropriations on an annual basis. Financial planning for any fiscal year or the remaining part of any fiscal year will:
 - a. Clearly and directly support the District's priorities as established in the District
 Strategic Plan, in response to student achievement data, and by Board Policy DA
 (Fiscal Management Goals and Objectives);
 - b. Insure the District's fiscal soundness;
 - c. Support the fulfillment of the District's multi-year financial plan;
 - d. Fulfill the requirements of Board Policy DI (Accounting and Reporting);
 - e. Contain sufficient information to enable credible projections of revenues and expenses;
 - f. Disclose planning assumptions for the General Fund;

2. Multi-Year Financial Plan:

The District will prepare a five year General Fund Budget forecast of projected revenues and projected expenditure appropriations on an annual basis. This multi-year financial plan shall:

- a. Include a total projected obligation and cost of multi-year programs; and
- b. Be updates whenever significant change occurs.

B. BUDGET DEVELOPMENT:

1. General Provisions:

a. **Revenue**:

Each General Fund revenue account shall be analyzed during the budget development process to develop reasonable budget assumptions, projections and detailed documentation for each revenue account category.

b. Expenditure Appropriations:

- (1) Position counts will be calculated by Division and classification based on Local School Allocation Formulas and a continuation of prior year positions in school support departments.
- (2) Proposals for incremental budget appropriation increases or decreases shall be presented to the Superintendent annually for consideration in the budget development process.

PLANNING, PROGRAMMING, BUDGETING SYSTEM (continued)

c. General Budget Development Methodology:

- (1) The budget will be developed utilizing a structural balanced budget philosophy where recurring revenue equals recurring expenditure appropriations. If one time funds are used from fund balance to assist in balancing the General Fund budget, the expenditure appropriations associated with those one time funds shall be identified as part of the budget approval process and the Board will identify recurring funds for these expenditure appropriations in the immediate subsequent budget development year. The Board shall maintain the objective to keep the General Fund reserve at a level of at least 8.33% (One Month Reserve) of General Fund Expenditure Appropriations.
- (2) The budget will be developed utilizing a Budget Calendar where each budget event is identified along with a person responsible for completion of that event.
- (3) All budget development budget calculations shall be presented along with assumptions utilized in projecting budget estimates.

2. Budget Development Process:

- a. The District will utilize an annual budgeting process that includes:
 - (1) A credible projection of revenues and expenses;
 - (2) Separation of capital and operational items;
 - (3) Cash flow;
 - (4) Disclosure of planning assumptions upon which District leadership based its planning;
 - (5) Total projected obligation and cost of new and proposed multi-year programs; and
 - (6) Annual and remaining obligation and cost of existing multi-year programs.
- b. As part of the budget adoption process, the Superintendent will present to the Board of Education and make public those budget items pre-approved by the Board from specific approval in the spending authority of the Superintendent. (see Board Policy DI ([Accounting and Reporting]).
- c. The District shall not create long-term obligations of employment, compensation, or benefits for employees, consultants, contract workers or volunteers, that extend beyond reliable revenue projections.
- d. The District shall not treat Board approved budget adjustments during the fiscal year as carry-overs to be included in the initial budget amount for the subsequent fiscal year. Rather, the subsequent fiscal year budget process shall:
 - (1) Identify both the original amount included in the current year budget and the amount of any adjustment approved by the Board during the current fiscal year; and
 - (2) Identify adjustments needed for recurring expenses as budget enhancements in the subsequent fiscal year budget process.

e. General Fund Budget Development Events:

- (1) Administration will develop an annual Budget Forecast for Revenues and Expenditure Appropriations.
- (2) Administration will develop a Budget Calendar.
- (3) Administration will seek budget input from the Board of Education.
- (4) Administration will prepare a tentative, balanced budget for consideration by the Board of Education prior to the Board's review of the budget.

PLANNING, PROGRAMMING, BUDGETING SYSTEM (continued)

- (5) The Board will conduct budget meetings as necessary to review and finalize the tentative, balanced budget.
- (6) The Board will approve the Budget before June 30 each year.

f. Continuing Budget Management:

- (1) All General Fund, fund balanced budget adjustments must be approved by the Board during the fiscal year of July 1 through June 30.
- (2) Administration shall provide financial and budget information as requested by the Board during the fiscal year.

3. Public Notice:

a. Advertisement:

The Board shall advertise at least one time in a newspaper of general circulation in Cobb County the proposed budget for each fiscal year. The advertisement shall be made prior to the meeting of the Board of Education at which the District budget for the fiscal year is to be finally adopted and shall follow the form required by the State Board of Education.

b. Hearings:

Before the budget is officially adopted the Board shall hold a public hearing to explain the proposed budget and invite questions and discussion from the administration and public relative to the budget.

4. Millage Rate:

- a. The Board shall annually recommend to the County Commissioners the tax millage for the county to be collected for school purposes only and in compliance with Article 8, Section 6, Paragraph I(a), of the Georgia Constitution which provides that the millage rate shall not be greater than 20 mills.
- b. The Board shall approve the General Fund millage rate annually by July 1 and shall conduct millage rate hearings as required by State of Georgia law.

LOCAL TAX REVENUES

(Policy Index DFA)

Tax Allocation Districts

The Georgia Redevelopment Powers Law, O.C.G.A. § 36-44-1, et seq., provides means for the redevelopment of economically and socially depressed areas through the creation of tax allocation districts by political subdivisions. O.C.G.A. § 36-44-8. The creation of a tax allocation district (TAD) permits the use of actual or anticipated increase in ad valorem tax revenues resulting from redevelopment activities to fund activities in furtherance of that redevelopment. Implicit in this financing method (which involves a commitment of public resources to what are generally private endeavors) is the expectation that but for the infusion of the public commitment, the increased property tax revenue would not occur.

Typically, a large proportion of the total tax millage rate for a county is levied for county school district purposes. The Georgia Constitution and the Redevelopment Powers Law provides that the school district component of tax revenue can be included in the computation of tax allocation increments if the board of education consents to such inclusion by resolution duly adopted by the board.

The Cobb County Board of Education (Board) has a fiduciary obligation of the highest order to ensure that the Cobb County School District (District) component of ad valorem property tax levies is used in a manner that is clearly and convincingly beneficial to the District and its students. This Statement of Policy is intended to permit the District to support appropriate redevelopment under the Redevelopment Powers Law without detriment to the constitutional mission of education.

A. GENERAL PROVISIONS:

The Board shall:

- 1. Carefully and fully consider all applications for participation in a tax allocation district (TAD) requiring consent of the Board under O.C.G.A. § 36-44-9(c);
- 2. Not consent to the creation of a (TAD) unless, following careful review of the application, the evidence is clear and convincing that:
 - a. The redevelopment activities described in the redevelopment plan will occur;
 - b. But for the use of TAD financing, the redevelopment activity and tax increment would not occur; and
 - c. The redevelopment activities will provide benefits to the District commensurate with the dedication of the District component of the tax increment ("district benefit").
- 3. "District benefit" shall mean additional revenues resulting from a TAD that would otherwise be received by the District (with or without regard to the existence of the TAD) are ultimately received or restored to the District within a time and under terms and conditions set forth in the consent documents or, if not, such other benefits as would warrant any deferral or adjustment of receipt of increased tax revenues resulting from the TAD;
- 4. Look with significantly greater favor upon applications for consent that involve specific projects, defined as projects with detailed descriptions, including information as to the:
 a. Identity of the project redevelopment participants;

LOCAL TAX REVENUES (continued)

- b. Affected real property;
- c. Property improvements;
- d. Redevelopment costs;
- e. Method of financing;
- f. Nature and status of participation and financing commitments; and
- g. Such other information as may be required by the Board.
- 5. Applications that do not involve specific projects as described above shall not be approved unless the following criteria are clearly satisfied:
 - a. The characteristics of the proposed district are such that the proposed described redevelopment offers unique opportunities for assured substantial increases in the assessed value of the proposed TAD;
 - b. Financial projections are detailed and supported by documented information, reliable models, and analysis from sources with recognized expertise;
 - c. There are identified special benefits, direct or indirect, for the District beyond those projected as resulting solely from the increase in assessed value of the property in the TAD:
 - d. There are sound reasons why designation of a TAD and Board consent cannot await the creation of specific projects;
 - e. The projected time frames for milestones for the redevelopment are of such length and sufficiently credible as to minimize risk to District interests;
 - f. There are safeguards in place to:
 - (1) Assure the opportunity for Board scrutiny and involvement in decisions as the redevelopment occurs, including, at a minimum, the opportunity to approve specific projects; and
 - (2) Protect the use of the Board share of accumulated tax increments pending use for redevelopment costs.

B. PROCEDURES:

- 1. The Board adopts and incorporates the current TAD Policy and Guidelines adopted by the Cobb County Board of Commissioners to the extent applicable, except as provided herein.
- 2. Applicants seeking the Board's consent to a TAD shall:
 - a. Provide the District with two copies of all materials submitted to the Cobb County government (including the required Redevelopment Plan) at the time of that submission:
 - b. Submit a completed Application for School Board Consent to a Tax Allocation District (Application) in a form prescribed by the District; and
 - c. Provide such other information required by the District.
- 3. Applications for Board consent shall be submitted no later than August 1 of the year prior to the year in which the proposed TAD is to take effect. This requirement may be waived by the Board for good cause shown.
- 4. Applicants shall be responsible for all costs and fees associated with the review of the application. Payment shall be made before the application is filed and shall be nonrefundable.
- 5. Any conditions to Board consent to a TAD shall be included in a binding intergovernmental agreement or other contract containing terms sufficient to carry out this Policy.

ACCOUNTING AND REPORTING

(Policy Index DI)

The Board of Education (Board) expects the Superintendent to assure that the Cobb County School District (District) establishes financial guidelines and procedures that comply with generally accepted accounting principles, State Department of Education rules, and District expectations established in Board Policy DB (Planning, Programming, Budgeting System).

A. PERSONNEL BUDGET:

- 1. To protect the mutual trust between the Board of Education, the Superintendent, and employees of the District, the Superintendent shall, in Executive Session provided that this action does not attempt to violate any provision of the Georgia Open Meetings Act, discuss all personnel budget issues including any proposed changes to the compensation/structure including proposed bonuses, pay increases, and the addition or deletion of employee groups.
- 2. In considering the implementation of specific personnel options (for instance the adequate staffing of a leadership academy, offering an enriched staff development program, or other improvements), the Superintendent must:
 - a. Disclose to the Board the potential financial and programmatic impact of such actions;
 - b. Identify other initiatives, including reaching target reserve levels, which may be jeopardized as a result of funding proposed personnel issues.
 - c. Require specific Board action to hire in excess of those positions provided in the budget.

B. LOANS:

1. Short-Term Loans:

a. The District may incur indebtedness only when approved by the Board and then only in an amount specifically approved by the Board.

b. Procedures:

- (1) The Board, as it deems necessary, may vote to approve a resolution authorizing the borrowing of money for District purposes. The aggregate amount of all such loans outstanding at any one time shall not exceed 75% of the total income of the Board from taxes collected by the Board in the preceding year.
- (2) In accordance with O.C.G.A. § 20-2-391, the resolution authorizing the borrowing of funds shall, as a minimum, state:
 - (a) The amount to be borrowed;
 - (b) The length of time it is to be used;
 - (c) The rate of interest to be paid;
 - (d) The purpose for which it is borrowed; and
 - (e) The institution from which it is to be borrowed.
- (3) Such loans shall be payable on or before December 31 of each year.
- (4) The Board Chair and Superintendent shall execute the note(s) for money that is authorized to be borrowed under the resolution passed by the Board (Board Policy BBA [Board Officers]) and Board Policy ABB [Board Powers and Duties]). (see O.C.G.A. § 20-2-395)

2. Loans to Schools:

a. Eligibility:

Before a loan can be made to a school, the school must demonstrate that all borrowed funds shall be used for curricular, co-curricular or extra-curricular activities which are related to an educational program.

b. Guidelines:

The following guidelines shall apply to loans:

- (1) Loans will be used for the purpose of assisting the program specified;
- (2) The maximum loan to a local school will not exceed \$50,000; and
- (3) Loans will be repaid within five years with one-fifth of the loan due on each anniversary of the loan date.
- (4) Loan requests should follow Financial Services procedures.

3. Loans to Organizations other than Schools:

The Board may not authorize a loan of District funds to private organizations, such as Booster Clubs, PTAs, or other school support organizations (Administrative Rule KG-R [Use of School Facilities]).

C. FUND BALANCE:

- 1. In accordance with Governmental Accounting Standards Board (GASB) Statement 54, the Board recognizes the following five categories of fund balances for financial reporting purposes:
 - a. Non-spendable Fund Balance non-cash assets such as inventories or prepaid items.
 - b. *Restricted Fund Balance* funds legally restricted for specific purposes, such as grant funds.
 - c. *Committed Fund Balance* amounts that can only be used for specific purposes pursuant to a formal vote of the Board. The Board, as the government's highest level of decision-making authority, may authorize expenditures from the committed fund balance by a formal vote prior to the District's fiscal year-end for that fiscal year. Future modification or rescission of committed funds must likewise be accomplished by a formal vote of the Board prior to fiscal year-end. A majority Board vote is required to approve a commitment and a majority Board vote is required to remove a commitment.
 - d. *Assigned Fund Balance* amounts intended by the Board for specific purposes. The Board expressly delegates to the Superintendent, through the Chief Financial Officer, the authority under this policy to assign funds for particular purposes. Such assignments cannot exceed the available fund balance in any particular fund.
 - e. *Unassigned Fund Balance* residual spendable fund balance after subtracting all above amounts.

2. Spending Prioritizations:

- a. When an expenditure is incurred that would qualify for payment with either restricted or unrestricted funds, it will be paid from restricted funds.
- b. When an expenditure is incurred that qualifies for payment from either of the three unrestricted fund balance categories, it will be applied in the following order:
 - (1) Committed,
 - (2) Assigned, and
 - (3) Unassigned.

3. Minimum Unassigned Fund Balance:

The District will strive to maintain a minimum unassigned fund balance in its General Fund of at least 8.33% of budgeted expenditures. This minimum fund balance is to protect against cash flow shortfalls related to timing of projected revenue receipts and to maintain an emergency funding source.

4. Replenishing Unassigned Fund Balance Deficiencies:

When the Unassigned Fund Balance falls below the minimum of 8.33%, the District will replenish shortages/deficiencies using the following budget strategies and timeframe:

- a. The following budgetary strategies shall be utilized by the District to replenish fund deficiencies:
 - (1) The District will reduce recurring expenditures to eliminate any structural deficit;
 - (2) The District will increase recurring or one-time revenues or pursue other funding sources; or
 - (3) Some combination of the two options listed above.
- b. Minimum Unassigned Fund Balance deficiencies shall be replenished within the following time period:
 - (1) Deficiency resulting in a minimum Unassigned Fund Balance of less than 8.33% shall be replenished over a period not to exceed two (2) years.

5. Total Fund Balance:

Should the Total Fund Balance of the General Fund ever exceed 15% of budgeted expenditures, the District will:

- a. Utilize excess funds for one-time expenditures that are non-recurring in nature and which will not require additional future expense outlays for maintenance, additional staffing or other recurring expenditures; or
- b. Consider transferring excess funds to a separate Capital Accumulation Fund (Committed Fund Balance).
- 6. Pursuant to the provisions of GASB Statement 54, the Board hereby commits substantially all of the revenue received by the following Special Revenue funds to be used exclusively for each respective program's operating expenditures.

D. DEBT MANAGEMENT:

1. **Objectives**:

The primary objective is to ensure prudent debt management practices which:

- a. Maintain financial stability
- b. Preserve public trust
- c. Minimize costs to taxpayers
- d. Minimize borrowing costs
- e. Demonstrate adequate administrative oversight of debt programs to credit rating agencies

2. State of Georgia Law Debt Limit:

The District will manage its debt in compliance with O.C.G.A. § 20-2-390 et seq.

3. Short Term District Debt:

- a. Definition For purposes of this policy, short-term debt refers to debt with a repayment term of one (1) year or less.
- b. Short Term Debt Mitigation The District will strive to maintain a minimum unassigned fund balance in its General Fund of at least 8.33% of budgeted expenditures (one-month reserve). This minimum fund balance is to protect against cash flow shortfall related to timing of projected revenue receipts and to maintain an emergency funding source.
- c. Authorized Short Term Debt In the event of short term cash needs, the district is authorized to issue short-term debt in compliance with O.C.G.A. § 20-2-390 *et seq*.

4. Long Term District Debt:

- a. Definition For purposes of this policy, long-term debt refers to debt with a repayment term of greater than 1 year.
- b. Long Term Debt Mitigation The District will strive to be free of Long Term Debt. The District's participation in the Special Purpose Local Option Sales Tax (SPLOST) revenue program will continue to be the district's primary source of funding to provide for school facilities, technology and capital needs.
- c. Authorized Long Term Debt In the event of long term cash needs, the district is authorized to issue long-term debt in compliance with O.C.G.A. § 20-2-390 *et seq*.

E. FINANCIAL ADVISOR SERVICES:

The District shall have the option of retaining a Financial Advisor to provide independent financial advice to the Chief Financial Officer and the Board. The various financial advice topics are:

- 1. Short Term Borrowing;
- 2. Long Term Borrowing;
- 3. Financial Project Coaching; and
- 4. Financial Investment Advice

F. FINANCIAL PRACTICES:

1. On-time Payments:

The District shall:

- a. Settle payroll and debts in a timely manner;
- b. File accurate and on-time tax and other government ordered payments and financial filings.
- c. Not acquire real property for investment purposes; and
- d. Aggressively pursue receivables after a reasonable grace period.

2. **Procedures:**

The procedures developed and implemented by the Superintendent or designee shall:

- a. Provide for the consistent accountability of all District funds;
- b. Require that District personnel have itemized receipts for cash purchases and that other purchases be supported by purchase orders or contracts with payment made only upon receipt of original invoices;
- c. Require that District personnel not collect funds from students for expenditures that are included in the District budget;
- d. Require District personnel to maintain a clear audit trail from receipt of funds to disbursement of funds;
- e. Provide for an annual audit of student activity funds by either an internal or external auditor:
- f. Account for the disposition of surpluses or deficits from completed projects; and
- g. Provide for an annual audit of all District funds and the payment of costs for external auditors from the funds being audited.

3. Line Items Transfers:

The Superintendent will request Board approval of all budget transfers in accordance with state budgeting amendment procedures. Budgeted funds assigned to Department heads and Principals can be transferred between their line item accounts with the exception of salary and fringe benefit accounts. To implement these budgeting procedures the Superintendent and staff will develop, review and maintain up-to-date Financial Services Regulations governing budget transfers of all District funds to ensure good fiscal responsibility.

4. Investment of District Funds:

Effective cash management is recognized as essential to good fiscal management. The extent to which the cash manager can obtain investment returns on funds not immediately required can provide additional needed financial resources. This requires that investments be well founded and uncompromisingly applied in legal, vendor, and administrative aspects.

a. Depositories:

All District central funds shall be deposited to the credit of the District. The bank depository for the District's daily operating central funds will be selected through standard bidding procedures and approved by the Board Chair.

b. Investment Authority:

(1) The Board delegates the authority to invest the District's idle funds to the Chief Financial Officer (CFO) or designee;

(2) The CFO or designee:

- (a) Has the authority to sign all paperwork required by investment or banking institutions to open investment accounts unless additional signatures are required; and
- (b) Will provide a quarterly investment report to the Board.

c. Guidelines:

- (1) The District will emphasize the preservation of investment principal and conform with Federal and State legal requirements.
- (2) The financial administration will maintain sufficient liquidity to meet funding needs.
- (3) Investments will be diversified to avoid incurring unreasonable risks regarding specific investments or individual banks.
- (4) Investments will be mad e that will attain the best market rate of return considering liquidity based on projected expenditure needs.

G. PROCUREMENT PRACTICES:

1. Purchases:

Purchases are defined as the obtaining of goods or services via purchase orders, check requests, performance contracts, construction contracts, other contracts, or procurement cards.

2. General Provisions:

The Board expects the Superintendent and his/her staff to establish procedures for the procurement of supplies, equipment and services for the District that complies with generally accepted purchasing principles, District procedures and Georgia Department of Education Rules, Georgia laws and federal laws. Specifically, the District shall make purchases that are consistent with the purchasing principles of:

- Acceptable quality at lowest price;
- Transparency in use of public funds;
- Protection against conflict of interest;
- Maximization of competition;
- Equal and fair competition; and
- Legal/regulatory compliance.

3. Solicitation Process:

- a. All purchases are subject to the competitive solicitation process if the anticipated annual cost is \$10,000 or more and an Exception to Full and Open Competition as defined in the District Purchasing Regulations does not apply.
- b. The Superintendent or designee shall set solicitation dates and opening time according to District procedures and State rules. The District shall be represented by appropriate staff members at all bid openings including at least one representative from Procurement Services. The Procurement Services staff member representing the District shall call the time for receiving solicitation responses closed at the time specified in the solicitation document(s). Solicitation responses will not be accepted after the time specified in the solicitation document has been called.

4. Board Approval:

Specific Board approval shall be required for all purchases greater than \$200,000 except those purchases specifically pre-approved by the Board and/or those purchases that are within a Board approved bid/RFP. The Board may change its list of

pre-approved items at any time (see Board Policy DB [Planning, Programming, Budgeting System]).

5. Contracts:

a. Contracts for Good and Services:

All District Standard Contracts for Goods and Services, including purchase orders and performance contracts, require the following approval:

GRANTS

(District Administrative Rules DFF-R)

RATIONALE/OBJECTIVE:

The Cobb County School District (District) seeks to maximize its sources of revenue for the benefit of students, employees and taxpayers.

RULE:

The District recognizes and appreciates that organizations and/or individuals may wish to award grants, contribute gifts, make donations or provide sponsorships to the schools in the District. The system reserves the right to determine if the grant, gift, donation, or sponsorship is appropriate and may reject those it deems inappropriate or unsuitable.

A. General Provisions:

To be acceptable, a grant, gift, donation, or sponsorship must:

- 1. Have a purpose consistent with the beliefs/philosophy of the school system;
- 2. Not bring undesirable or hidden costs to the school system;
- 3. Place no undesirable restrictions on the Board;
- 4. Not be inappropriate or harmful to the best education of students;
- 5. Not imply endorsement of any business or product or belief; and
- 6. Not be in conflict with any Board Policy, Administrative Rule, state law, or District financial procedures.

B. Grant Application:

The District, including schools and District divisions, are encouraged to apply for competitive grant funding from sources including local, state, and federal government as well as non-governmental agencies and organizations. For the purpose of this Rule, competitive grants are defined as those grants that are awarded through an application process in which multiple grant applications are solicited through a grants notice or request for proposal.

1. Office of Grants Administration:

Employees considering applying for a grant in the amount of \$10,000 or more should first contact the District's Office of Grants Administration for guidance and to insure compliance with Administrative Rules related to the approval process;

2. Required Compliance:

- a. The District shall comply with all local, state and federal rules and regulations concerning these grant programs;
- b. All grants applied for shall comply with Board of Education (Board) Policy, District Administrative Rules and District procedures including but not limited to the following:
 - (1) Board Policy DB (Planning and Budgeting);
 - (2) Board Policy DI (Accounting and Reporting);
 - (3) Board Policy CEB (Superintendent Duties);
 - (4) Board Policy KB (Public Information Program);
 - (5) Administrative Rule GBRG-R (Non-school Employment);
 - (6) Administrative Rule GAKA-R (Reduction in Force)

C. District Approval:

1. Administrative:

a. Grant applications in the amount of \$10,000 or more:

Prior to submission, all grant applications in the amount of \$10,000 or more shall have the approval of:

- (1) The applicant's principal, department head and/or division head;
- (2) Other District office personnel as appropriate;
- (3) The Office of Accountability;
- (4) The Senior Staff and/or Superintendent.
- b. Grant applications in an amount under \$10,000:

All grant applications in an amount under \$10,000 shall have the approval of the local school principal.

c. Grant Applications that require a contract (see Section D below):

Prior to submission, all grant applications of any amount that require a contract shall have the approval of:

- (1) The applicant's principal, department head and/or division head;
- (2) Other District office personnel as appropriate;
- (3) The Office of Accountability;
- (4) The Senior Staff and Superintendent.

2. Board:

a. Initial:

The Superintendent and/or Board shall approve any grant that:

- (1) Requires a special appropriation from the General Fund prior to the acceptance of the grant's funding; or
- (2) Specifically requires Board approval.

b. Continuing:

In subsequent years:

- (1) These funds shall be disclosed in the District's annual budget in compliance with Board Policy DB (Financial Planning and Budgeting) requirements regarding nonrecurring project funds; and
- (2) The continuing acquisition of these funds shall be based on Board approval of the annual budget.

D. Legal Review:

Once a grant has been awarded, any required contract must be reviewed and approved by the Board Attorney, Superintendent and/or Board in compliance with Board Policy BBA (Board Powers and Responsibilities).

E. Matching Funds:

Any grant application which requires "Matching Funds" which are not currently budgeted must be presented to Senior Staff for review and approval. It will be the

GRANTS (continued)

determination of the Senior Staff to send the "request for matching funds" to the Board along with appropriate documentation to request the additional funds needed for the final grant approval. This final decision will be made only AFTER a pre-award has been granted by the grantor.

F. Grant, Gift and Donation Expenditures:

All grant, gift, and donation expenditures must follow District financial procedures.

G. Quarterly Report of Competitive Grants:

Quarterly reports will be submitted to the Board in the form of a written report outlining all competitive grants of more than \$10,000 received on behalf of the Cobb County School District.

AUDITS

(District Administrative Rules DID-R)

RATIONALE/OBJECTIVE:

Internal Audit is an independent appraisal function established within the Cobb County School District (District) to document financial integrity and to promote efficiency, effectiveness and economy in District operations.

RULE:

A. RESPONSIBILITIES:

Internal Audit shall:

1. Perform independent audits, examinations and investigations and report results and outcomes;

2. Verify compliance with:

- a. Laws and regulations;
- b. Board Policies;
- c. District Administrative Rules; and
- d. Written departmental procedures;

3. Evaluate internal controls and seek improvements that will:

- a. Enhance the District's performance;
- b. Reduce the risk of fraud and other corrupt/illegal conduct (Administrative Rule DIEA [Audits: Fraud and Other Corrupt/Illegal Conduct]); and
- c. Increase accountability to the public.

B. AUTHORITY:

1. Scope:

All District schools, departments, programs and functions are subject to audit by Internal Audit;

2. Access:

The Chief Audit Executive and authorized representatives shall have full, free and unrestricted access to all District functions, records, property and personnel.

3. Audit Committee:

The Chief Audit Executive shall serve as one of the members of the Board of Education Audit Committee governed by Board Policy BBC (Board Committees).

FRAUD PREVENTION

(District Administrative Rules DIE-R)

RATIONALE/OBJECTIVE:

The Cobb County School District (District) has a responsibility to uphold the public trust. Internal Audit is an independent appraisal function established to document financial integrity and to promote efficiency, effectiveness and economy in District operations.

RULE:

District employees are subject to the requirements of the Georgia Code of Conduct for Educators (Administrative Rule GBU [Ethics]). In addition to the professional requirements, the District sets forth the following actions which are prohibited and guidelines for reporting their occurrence or suspected occurrence:

A. FRAUD AND OTHER CORRUPT/ILLEGAL CONDUCT:

This includes but is not limited to:

- 1. Any crime defined in Title 16 in the Official Code of Georgia Annotated (O.C.G.A.).
- 2. Inappropriate conduct or the appearance of inappropriate conduct that does not rise to the level of criminal activity including but not limited to:
 - a. Conflict of Interest;
 - b. Omissions or the failure to provide information that could affect a financial decision or cause an undue loss or expense to the District;
 - c. Other actions prohibited by the Code of Conduct for Educators.

B. NOTIFICATION:

1. Procedures:

Internal Audit shall:

- a. Be notified of any occurrence or suspected occurrence of any of the above conduct;
- b. Establish and publicize procedures for the reporting (including the ability to report anonymously) and investigating of any of the above conduct in the District.

2. Reprisals:

No action shall be taken or threatened against any employee for reporting the occurrence or suspected occurrence of any of the above conduct unless the complaint was made with the knowledge the allegation was false.

STUDENT ACTIVITIES FUNDS MANAGEMENT

(District Administrative Rules DK-R)

RATIONALE/OBJECTIVE:

The Cobb County Board of Education (Board) Policy SD-6 (Fiscal Accounting and Reporting) establishes the expectation that the Cobb County School District (District) will establish financial guidelines and procedures that comply with generally accepted accounting principles, State Department of Education rules, and District expectations established in Board Policy SD-5 (Financial Planning/Budgeting). Athletic Concession monies represent a significant source of revenue for high schools and/or their school support organizations. Board Policy SD-6 necessitates the establishment of clearly stated and understood guidelines for the consistent accountability of these funds.

RULE:

A. GATE RECEIPTS/TICKET SALES:

These guidelines apply only to athletic concession monies not athletic/special event gate receipts/ticket sales. Guidelines and procedures for athletic/special event gate receipts/ticket sales may be found in the District's Local School Accounting and Procedures Manual.

B. ATHLETIC CONCESSION MONIES:

District guidelines for the accounting and reporting of high school athletic concession monies are as follows:

1. School Receives Proceeds:

If the school is the direct recipient of the monies received from the sale of athletic concessions, the monies shall be handled in accordance with procedures specified by the Financial Services Division.

2. Booster Club Received Proceeds:

If the Principal elects to consider the concession sales as a fund raising activity for a specific booster organization, the monies shall be handled as follows:

a. Other Required Guidelines:

All activities and procedures shall be in compliance with the provisions of the following:

- (1) Administrative Rule JJE (Student Activities: Fund Raising Activities); and
- (2) Administrative Rule KJA (Relations with Booster Organizations).

b. Accounting:

All receipts must be collected and recorded in the booster organization's financial records and all concession invoices must be paid directly by the booster organization.

c. Reporting Requirements:

Reporting requirements are outlined in Administrative Rule KJA (Relations with Booster Organizations) as follows:

- (1) The booster organization's annual budget should include the projected dollar amount of anticipated athletic concessions proceeds and the planned expenditure of these funds;
- (2) Quarterly financial reports to the Principal to include actual proceeds/expenditures from athletic concessions; and
- (3) An annual financial accounting and summary report as provided in the booster organization's constitution.

PUBLIC INFORMATION PROGRAM

(Policy Index KB)

With respect to the community, the Cobb County Board of Education (Board) expects the Superintendent to actively encourage input and engagement, especially with parties that are directly affected by Cobb County School District (District) operations.

Accordingly, without limiting the above, the Superintendent shall establish procedures to:

- 1. Be responsive, whether directly or through appropriate staff, in timely communications with parents/guardians.
- 2. Utilize personal communications.
- 3. Seek evaluative feedback from persons directly affected by (District) operations.
- 4. Seek input from parents/guardians into major changes in District operation.
- 5. Inform parents/guardians about major changes in the District. This includes:
 - a. Programmatic changes; and
 - b. Notification of owners of property contiguous to the involved District property that the Board has approved an outside facility construction project for said property. The notice shall be by certified and first class mail and shall be mailed at least five days prior to the start of the actual construction project. Projects requiring notice include, but are not limited to, the following:
 - (1) Building additions;
 - (2) Telecommunications facilities/Cellular towers (See Administrative Rule FJA [Construction of/Improvements to Facilities on District Property by Community Organizations or Individuals]);
 - (3) Property-line fencing;
 - (4) Parking lot changes;
 - (5) Retention ponds; and
 - (6) Re-roofing.
- 6. Establish and maintain processes to engage, and a variety of opportunities to involve, citizens in the education of Cobb County children.
- 7. Encourage the parents and guardians of students attending District schools to actively participate in their respective school's PTA/PTSA.
- 8. Promote the visibility of the Board when representing the District at external functions and with elected leaders on political issues.

BUDGET DEVELOPMENT PROCESS

Board of Education sets District Goals and Priorities.
Superintendent and Executive Cabinet review proposed budget procedures.
School Administration develops subsequent year student and employee count estimates. Using these estimates, Financial Services prepares formula driven budgets for salaries, fringes and operating expenditures.
All Schools/Departments relate program needs to Division Heads.
Divisions review formula driven budgets. Divisions prepare budget improvement requests and budget reduction requests for committee review.
Budget Administrator Committee reviews budget and available resources and recommends a preliminary tentative balanced budget.
Board of Education reviews budget and adopts a tentative balanced budget.
Public hearing is held.
Board of Education approves final budget.
State Board of Education approves the Final Official Budget.

BUDGET ADJUSTMENT PROCEDURE

Guidelines

The chief administrator of each department is responsible for the initiation of a budget adjustment. A budget adjustment is required when a department head desires to deviate from the original board approved budget. All changes to non-allocated salary accounts and division reorganizations must have a budget adjustment approved prior to actual implementation in Human Resources and Payroll. Each budget administrator is responsible for being knowledgeable about his or her assigned accounts and for the management of his or her assigned accounts. Budget administrators CANNOT exceed any of their budgets. The State of Georgia does not permit deficit budgets. Additionally, strict QBE requirements necessitate timely budget adjustments so that account expenditures may be properly monitored for QBE compliance.

Budget Appropriation Units

In the financial accounting system and the budget database, accounts are in groups called appropriation units. Administrators and principals have flexibility to spend their funds in various accounts within the respective appropriation unit. A budgeted amount is often loaded to *Supplies 6101*; however, actual expenditures will be expended from other accounts. As long as the entire appropriation unit is within budget limits, the system will accept additional expenditures to non-budgeted or *zero budget accounts*. For example:

Charge Code	APRs	Object Name	Budget	Expended	Encumbered	Avail Bal
	<u>Unit</u>					
0100-H30-1101-1041-6101	ISZ	Supplies	500	200	15	285
0100-H30-1101-1041-6121	ISZ	Software	0	75	43	- 118
0100-H30-1101-1041-6151	ISZ	Software	<u>0</u>	95	<u>52</u>	<u>- 147</u>
Appropriation Unit Total			500	370	110	20

In this example, the appropriation unit has \$20 remaining while the Software and Expendable Equipment accounts appear to be over-budget.

Some accounts are subsidizing other accounts within this appropriation unit because a zero budget is utilized. A budget administrator may choose to set up zero budgets within their appropriation unit to purchase items that were previously not budgeted. If a zero budget is desired, the Principal or Administrator should contact Budget Services to request a zero budget be set up for a particular account.

STEPS NECESSARY TO PROCESS A BUDGET ADJUSTMENT

Initiator/Chief Administrator

A Budget Adjustment form (FS127-A) must be filled out completely and accurately. The budget adjustment must be typed, signed and dated in blue ink (to denote original) by the chief administrator. All budget adjustments must have sufficient supporting documentation.

Budget Services

The Budget Services staff will date stamp RECEIVED on all incoming adjustments. They will verify all computations, account numbers and attached documentation. Budget Services will route the budget adjustment for appropriate approval. Adjustments to Capital Outlay Funds (beginning with 03XX) are processed through the Capital Projects Finance Department rather than Budget Services.

Approval Routing

Director of Budget Services or Capital Projects Finance Manager

Chief Financial Officer

Executive Cabinet Member

Superintendent

(If adjustments are greater than or equal to \$200,000, Superintendent approval is required)

Board

(If the total budget is increased or decreased from the original, Board approval is required)

Budget Services

After the formal review process is completed, the Budget Services staff will key the budget adjustment into the system. A confirmation copy will be returned to the initiator/chief administrator when processing is complete. Funds 03XX (Capital Outlay) are keyed by the Capital Projects Finance Department.

Note:

- A budget adjustment must be finalized before processing any expenditures related to the adjusted accounts.
- All signatures must be in blue ink to denote original.

GENERAL GUIDELINES RELATED TO BUDGET ADJUSTMENTS

Non-Transferable Accounts

Budget adjustments containing non-transferable accounts cannot be processed without the Superintendent or Designee's approval. The following are non-transferable accounts:

Account Number	<u>Description</u>
1XXX	All Salary Accounts
2XXX	All Benefit Accounts
4111	Water and Sewage
5301	Telephone
6211	Natural Gas
6221	Electricity
6261	Gasoline
7303	Vehicles
7321	Buses
6411	Regular Textbooks
6412	Replacement Textbooks

Budget Adjustment Justification

All budget adjustments must have proper documentation to explain why money is being moved. If there is a budget adjustment for the transfer of funds from one account to another, there must be an explanation for the use of the funds. Budget adjustments with improper documentation will be sent back to the originator.

Capital Projects

All budget adjustments for 03XX funds are prepared by the Capital Projects Finance Department. Any budget adjustment necessary as a result of a purchase order or a change order to a capital project must accompany the order document for approval. No encumbrances or expenditures will be processed until a budget adjustment has been approved and signed by all appropriate administrators.

Grant Budget Adjustments

All grants are the responsibility of the grant administrator. It is the policy of Financial Services to continue recurring grant budgets at the previous year's dollar amount. If the grant administrator is aware of upcoming federal/state appropriation increases or decreases, it is his/her responsibility to adjust the budgets as soon as possible. These preliminary budgets are ESTIMATES only. The grant administrator is responsible for adjusting these budget estimates to the current year grant approved amounts for revenue and expenditures as soon as the approved amounts are ascertained. A written, formal, signed approval letter acquired by the grant administrator is required from the granting agency as part of the grant's documentation prior to budgeting and spending of the funds. The grant administrator should be in constant contact with the grant agency to ensure all rules and procedures relating to the grant are followed. The grant administrator is required to be proactive to ascertain the current grant procedures and current approved grant amounts. The grant administrator is responsible for budget over-expenditures and under-expenditures. Before a grant application is submitted to the Board or State/Agency, the grant administrator is required to provide a copy of the grant for review by the grant accountant. This assures proper account coding and information.

BUDGET ADJUSTMENT SIGN-OFF PROCEDURES

All budget adjustments must be signed in blue ink and dated by the initiator, and/or chief administrator(s) of the account. In addition, the adjustment may require additional sign-off if it meets any of the criteria that fall under the responsibility of the following individuals:

Director of Budget Services:

- Internal Adjustments
 - o Corrections and transfers for the purpose of accounting requirements compliance.
 - o Approved budget appropriations requiring reallocation to a detailed level (such as the local school allocations).
 - o Carryover Budgets Fund Balance adjustments necessary to carry-over previously approved funding into a new fiscal year.

Agency/Department Administrators (Chief Administrators) & Principals

• All budget adjustments under respective areas of supervision.

Chief Financial Officer or Designee:

• All budget adjustments.

Executive Cabinet Members:

• All budget adjustments under respective areas of supervision.

Superintendent or Designee:

• All budget adjustments greater than or equal to \$200,000.

Board of Education:

• General Fund budgets that increase/decrease from the original Board approved budget.

Note: Budget adjustments for all funds need to be reported to the Board if the transferred line item is greater than 20% of the total and/or the adjustment amount is over \$100,000.

CAPITAL PROJECTS/SPLOST BUDGET ADJUSTMENTS SIGN-OFF PROCEDURES

Capital Projects/SPLOST related budget adjustments are coordinated by the Capital Projects department in Financial Services. The adjustment will require sign-off under the criteria stated below. The stated requirements are considered the minimal requirements. Additional signatures may be requested at the direction of the Chief Financial Officer.

Director of Project Services

1. All budget adjustments requested by Project Services.

Director of Construction

1. All budget adjustments related to Construction Services and all Countywide Building Fund adjustments.

Capital Projects Finance Manager

1. All budget adjustments.

Director, Program Management & Accountability

1. All budget adjustments.

Executive Director, SPLOST

1. All budget adjustments over \$200,000 and all Countywide Building Fund adjustments.

Chief Financial Officer

1. All budget adjustments.

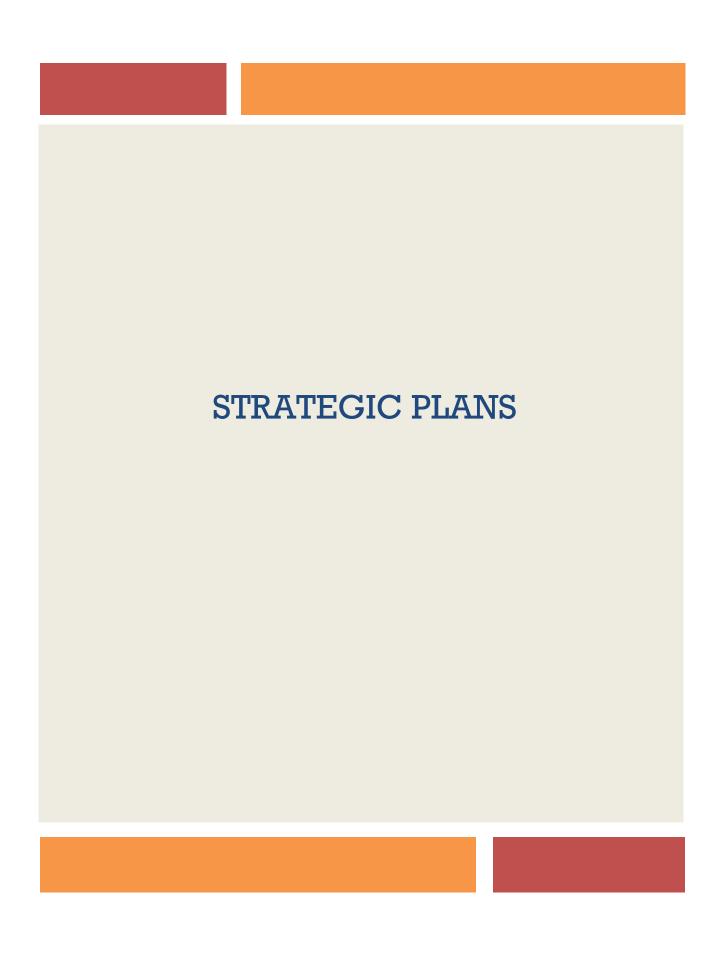

Deputy Superintendent, Operations

- All technology initiative adjustments.
- All budget adjustments from Fund Contingency greater than \$200,000, and all revenue adjustments greater than \$200,000.

Superintendent/Designee

1. All budget adjustments from Fund Contingency greater than \$200,000, and all revenue adjustments greater than \$200,000.

Note: Budget adjustments for all funds need to be reported to the Board if the transferred line item is greater than 20% of the total and/or the adjustment amount is over \$100,000.

FINANCIAL SECTION

FUND DESCRIPTION AND BASIS OF ACCOUNTING

The District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

An important principle that the Governmental Accounting Standards Board (GASB) *Codification of Governmental Accounting and Financial Reporting Standards* includes within the code is the "Basis of Accounting" which refers to when revenues, expenditures, expenses and transfers, and the related assets and liabilities, are recognized in the accounts and reported in the financial statements.

When budgeting for revenue and expenditures, the District uses one of two methods that the GASB approved: accrual basis or modified accrual basis. The accrual basis of accounting recognizes transactions in the accounting period that when they occur. That is the revenue becomes objectively measurable and earned. Under the modified basis of accounting, the expenditures are recognized while they are measurable and incurred; and the revenues must meet two criteria: measurable and available. Available means that the revenue was collected during the year or will be collected within a specified period of time after year-end. The District considers revenues available if they are collected within 60 days after year-end. Budgets is adopted on a basis other than accounting principles generally accepted in the United States of America (GAAP) as allowed by the State of Georgia.

The basis of budgeting is the same as the basis of accounting used in the District's Comprehensive Annual Financial Report (CAFR) for both Governmental funds and Proprietary funds.

Governmental funds are those through which most governmental functions of the District are financed. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined; and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues available if they are collected within 60 days after year-end. Property taxes, sales taxes and interest are considered to be susceptible to accrual. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Expenditures are generally recognized when the related fund liability is incurred, except for the principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized as expenditures to the extent they have matured.

The district appropriates budgets for governmental funds including the following fund types:

The *general fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Major revenue sources include state funding under the Quality Basic Education Act (QBE) and local property taxes. Expenditures include all costs associated with the daily operations of the schools, except for federal and state grant funded programs, school construction, debt service, lunchroom operations and interdepartmental services.

FUND DESCRIPTION AND BASIS OF ACCOUNTING (Continued)

The *special revenue funds* are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District has three categories of special revenue funds depending on the revenue source and program purpose.

- 1. Funds which are funded primarily through fees and tuitions to provide extracurricular activities and special services to the students and citizens of the District.
- 2. Funds which are funded with State revenues to provide programs and services specified by the State of Georgia.
- 3. Funds which are funded with Federal revenues to provide programs and services specified by the Federal government.

The *debt service fund* accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs. The primary revenue source is local property taxes levied specifically for debt service.

The *capital project funds* account for financial resources used for the acquisition and construction of major capital facilities. The District has three funds used for that purpose: County-Wide Building Fund, SPLOST II (Special Purpose Local Option Sales Tax II), and SPLOST III Fund

<u>Proprietary funds</u> the District appropriates budgets for proprietary funds which are accounted for on the flow of economic resources measurement focus and use the <u>accrual basis of accounting</u>. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Proprietary funds include the following fund type:

Internal service funds are used to account for the financing of goods or services provided by one department to other departments on a cost-reimbursement basis. The District has five individual funds in the Internal Service Funds category. The Unemployment, Self-Insurance and Dental Insurance Funds are used to account for the District's self-insurance programs. The Flexible Benefits Fund accounts for the District's cafeteria plan of flexible benefits. Purchasing and warehousing costs are allocated to users through the Purchasing/Warehouse Fund.

<u>Agency funds</u> the fiduciary funds report only assets and liabilities, are custodial in nature, and do not present results of operations or have a measurement focus. It focuses on net assets and changes in net assets. The District has two individual Agency funds, the Club and Class Fund and the Payroll Withholding Fund. The funds are used to account for assets held by the District as an agent for special school groups and clubs and for salary withholdings collection agencies. The District does not appropriate budgets for these funds.

OVERVIEW OF REVENUES AND EXPENDITURES FOR ALL FUNDS CONSOLIDATED BUDGET STATEMENT

The FY 2015 consolidated budget presented below is for informational purposes only. While informative, this consolidated statement shows mixed types of funds. It does not represent an operational statement of the District, but merely a total of all budget types within.

FISCAL YEAR 2015 REVENUE EXPLANATIONS AND PROJECTIONS

LOCAL REVENUE

During the development of the budget, the historical trend of each local revenue item is reviewed. State agencies are contacted during the budget process and the local revenue budget is modified if the agency predictions vary from the historical trend. In FY2015, local revenue contributes approximately **48.91%** of the Cobb County School System's revenue. The local revenues consist of the following categories:

Property Taxes - The ad valorem tax, more commonly called property tax, is the primary source of revenue for local governments in Georgia. Ad valorem means "according to the value." The County Board of Tax Assessors, which is appointed by the County Board of Commissioners, evaluates and assesses all property for tax purposes. Assessments are based on 40% of the (appraised) market value by law as of the 1st day of January each year. The millage rate is the determining factor in the calculation of taxes (a mill is 1/10 of 1 cent). The State authorities set the millage rate for State taxes, the County Board of Commissioners sets the millage rate for County taxes and the County Board of Education sets the millage rate for County school taxes. The various authorities establish the millage rate by dividing revenue needed by the 40% net assessment. The Tax Commissioner is responsible for collecting taxes based on the set millage rate. The school district pays a 1.6% fee of collections received to the Tax Commissioner for collection of the school taxes.

Property tax bills are mailed on, or about, August 15 each year to the owner on record as of January 1 and payment is due upon receipt. Delinquent taxes are subject to a 5% penalty plus 1% interest per month or any portion thereof, figured on the principal plus the 5% penalty. Fifa tax lien(when a tax liability has gone unpaid and reaches the lien stage), recording fees (\$15.50 on taxes less than \$100 and \$20.50 on taxes \$100 and over) and any administrative levy fees incurred will be charged. The Tax Commissioner collects city taxes for Acworth and Kennesaw. Marietta, Smyrna, Powder Springs and Austell collect their own city taxes. Contact the city Tax Department for information concerning city taxes in these four cities.

Note: <u>Property Tax Revenue Trends</u> – Property tax revenue is generated by applying a millage rate to the assessed value in Cobb County each year. Growth in the assessed value of property in Cobb County each year yields additional revenue for the school district. Assessed property growth since FY2003:

Fiscal Year	Property Digest Growth
FY2015	4.29%
FY2014	(1.28%)
FY2013	(2.42%)
FY2012	(5.66%)
FY2011	(9.41%)
FY2010	(1.41)%
FY2009	4.38%
FY2008	7.05%
FY2007	8.16%
FY2006	7.31%
FY2005	5.23%
FY2004	3.50%
FY2003	16.41%

Taxes levied on real and personal property are based on values assessed as of January 1. Based on a millage levy of 18.90 mills, a homeowner would pay \$20.00 per \$1,000 on 40% of the assessed value. Taxes not paid in sixty (60) days become delinquent taxes and penalties and interest are assessed.

How your School Taxes are calculated

The following is an example of how FY2015 Cobb County School Taxes are calculated for a \$206,700 home:

M & O Millage	<u>Item</u>
\$206,700	House assessed at Fair Market Value
X .40	40% Assessment Rate
\$ 82,680	Assessed Value for Tax Purposes
<u>(\$10,000)</u>	Homestead Exemption
\$ 72,680	Tax Base for Property Tax
X .0189	Millage Rate 18.90
\$ 1,374	M & O School Taxes
	Note: Median Home Value in Cobb County \$206,700, per
	U.S. Census Bureau 2010 American Community Survey

Property Tax Exemptions -A property tax exemption excludes all or part of a property's value from property taxation, ultimately resulting in lower property taxes. In Cobb County the Tax Commissioner's office processes the exemption applications. Following are some major exemptions:

Cobb County Basic Homestead - These exemptions apply only to homestead property. For all exemptions, the amount exempted is deducted from the 40% assessed value of the property in the applicable tax categories. Homeowners who meet the basic Homestead Exemption requirements are entitled to a \$10,000 exemption in the county general and school general tax categories. The Basic Homestead Exemption was worth \$262.40 in 2014.

Cobb County School Tax (Age 62) - Homeowners who are 62 years of age on or before January 1 are entitled to an exemption from all taxes in the school general and school bond tax categories.

State Senior Age 65 - Homeowners who are 65 years of age on or before January 1 are entitled to a full exemption in the state tax categories up to 10 contiguous acres immediately surrounding the residence.

State Senior Age 65 \$4,000 (\$10,000 Income Limit) - Homeowners who are 65 years of age on or before January 1 and whose annual NET income does not exceed \$10,000 for the immediately preceding tax year (including income of the spouse but not including Social Security or retirement income) are entitled to a \$4,000 exemption in the state, county bond and fire district tax categories.

Cobb County \$22,000 Disability - Homeowners who are disabled on or before January 1, and whose annual NET income (including income of the spouse but not including income received as a result of the disability; e.g. disability retirement) does not exceed \$12,000 for the immediately preceding year are entitled to a \$22,000 exemption in all tax categories except the state.

State Veteran's Disability - Homeowners who are disabled veterans as defined in O.C.G.A. 48-5-48 are entitled to an exemption in all tax categories.

State Surviving Spouse – A homeowners who is the un-remarried surviving spouse of a member of the U. S. armed forces killed in any war or conflict as defined in O.C.G.A. 48-5-52.1 and receiving spousal benefits from the U. S. Department of Veteran's Affairs is entitled to an exemption in all tax categories.

State Surviving Spouse of a Peace Officer or firefighter killed in the Line of Duty – The un-remarried surviving spouse of a peace office or firefighter killed in the line of duty is entitled to an exemption for the full value of the homestead.

Real Estate Transfers - A tax imposed on the transfer of real estate located within Cobb County. The tax is \$1.00 on the first \$1,000 or less of the purchase price or value of the property, and \$.10 of each additional \$100 or fraction thereof. Transfers with a purchase price of less than \$100 are not taxable. This tax has a direct relationship of property being bought in the county.

<u>Title Ad Valorem Tax (TAVT)</u> – According to House Bill 386, new TAVT is introduced. Motor vehicles purchased on or after March 1, 2013 and titled in Georgia are exempt from Georgia sales and use tax and annual ad valorem tax, also known as "the birthday tax". These motor vehicles are instead subject to a one-time State and Local TAVT Fee, as provided by O.G.G.A. 48-5C-1.

<u>Intangible Recording Tax</u> - Holders of "long term" notes secured by real estate pay the Georgia intangible recording tax to the Tax Commissioner. The rate is \$1.50 per \$500 or fraction thereof of the principal amount of the loan. The maximum amount of recording tax on any single note is \$25,000.

<u>Alcoholic Beverages</u> - Tax collected on all alcoholic beverages sold in Cobb County.

<u>Liquor by the Drink</u> - Tax collected on all liquor by the drink sold in Cobb County.

Tuition and Fees - Charged to non-employees enrolled in District professional learning classes.

<u>Interest Income</u> - Interest income are funds collected as interest on all school investments and the interest charged to delinquent taxes.

Other Local Revenue - These funds include revenue from Cell Tower contracts, sale of school assets, revenue from district property leasing or school facility rental, reimbursement revenue from students for school property damages, school gate receipts of sports half time exhibition, and other miscellaneous revenue examples include copies, ID badges, transcripts, etc.

STATE REVENUE

State revenue is earned via a formula entitled the Quality Basic Education (QBE) Act which is approved by the State of Georgia legislature. The main criteria for State funding is student growth. In FY2015, the projected State contributes approximately **50.54%** of the Cobb County School System's revenue.

QBE Funding Formula Summary

- 1. **Full-Time Equivalent** The funding formula utilizes a concept called Full-Time Equivalent (FTE). The State of Georgia allocates funds to school districts based on their number of full-time students. Cobb County reports enrollment during each school year to the State of Georgia. Each school day is divided into six parts and the student is counted six times. Students in the following programs or situations may not be counted for the portion of the day that they are in them:
 - Study Hall
 - Students on Minimum Day Schedule
 - Non-credit Courses

EXAMPLE: A student taking the following in school is counted as 5/6 FTE instead of 1 FTE:

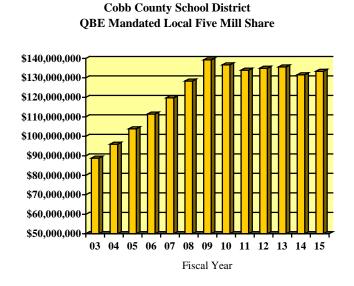

<u>Item</u>	# Items	FTE
Math	1	1
English	1	1
Social Studies	1	1
Science	1	1
Study Hall	1	0
Literature	<u>1</u>	<u>1</u>
Total	6	5

2. **Program Weights** - Since different programs (kindergarten, primary grades 1-3, middle school grades 6-8, etc) vary in their cost of operation, each program is assigned a program weight. The Governor is authorized to appoint a task force every three years to recommend to the General Assembly any needed changes in the program weights. The following are the FY2015 Program Weights:

<u>Programs</u>	Weights	<u>Programs</u>	Weights
Kindergarten	1.6519	Remedial	1.3092
Kindergarten EIP	2.0363	Alternative	1.4717
Grades 1-3	1.2853	Special Ed Cat I	2.3810
Grades 1-3 EIP	1.7941	Special Ed Cat II	2.7903
Grades 4-5	1.0356	Special Ed Cat III	3.5520
Grades 4-5 EIP	1.7877	Special Ed Cat IV	5.7555
Grades 6-8	1.0279	Special Ed Cat V	2.4520
Middle School	1.1313	Gifted	1.6597
Grades 9-12	1.0000	ESOL Program	2.5068
Vocational Lab	1.1912		

3. **Training & Experience** - The State of Georgia allocates additional funds to school districts to adjust for varying levels of teacher education and years of experience.

4. **Local Five Mill Share** - The Local Share for each local system is an amount of money equal to the amount that can be raised by levying five (5) mills on the forty (40) percent equalized property tax digest. Each local system will receive an amount of State funds that is the QBE program cost for the system MINUS the Local Share Amount. Cobb County's Local Share contribution in FY2015 is \$133 million.

2014	\$131,545,626	
2015	\$133,378,961	
These amounts are deducted from the State		
revenue earned by Cobb County		

5. **Base Amount** - Standard Cost per Student amount established by the State of Georgia. The base amount for FY 2015 is \$2,443.99 per student.

QBE Formula

To determine the total State funds for a specific school system, the following formula is used: FTE Count X Program Weight X Base Amount X Training & Experience Factor - Five Mill Share

^{*}The Federal ARRA funding had replaced the State funding in 2009-10 and 2010-11 two years.

Note: State Revenue Trends with Impact of Austerity Cuts

State Revenue is based primarily on student counts. Due to the State of Georgia economic decline since FY2003, the State of Georgia implemented austerity cuts for K-12 education. Cobb County's cumulative austerity cuts from FY2003 to FY2015 total \$537 million. FY2015 budget was created with the anticipation of a \$45.8 million austerity cut.

FEDERAL REVENUE

The Cobb County School District receives a small portion of its revenue from the Federal Government. In FY2015 projected federal revenue is approximately **0.55%** of the Cobb County School System's revenue. The following is a listing of the various Federal Revenues sources:

<u>Indirect Cost Revenue</u> – Reimbursement allowed under selected federal grant programs to help compensate the school district for administrative costs, overhead costs that support the grant.

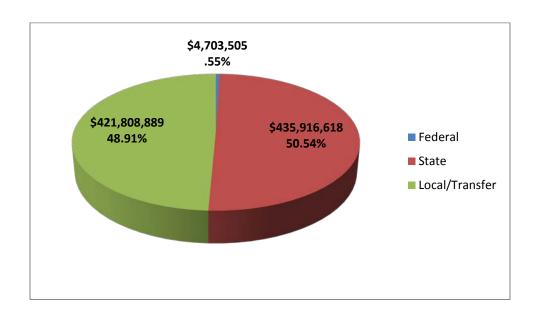

ROTC Revenue – The Federal Government pays half of the cost of ROTC instructors.

<u>MedACE Revenue</u> – The Administrative Claiming Education (ACE) program is a Medicaid program administered through the Children's Intervention School Services Office in conjunction with the Georgia Department of Community Health. This program allows the district to be reimbursed under the Federal Medicaid program for portions of administrative costs associated with providing school-based health services.

<u>Medicaid Reimbursement</u> – This program reimburses the district for certain medical services provided to a child under his/her Individual Education Program (IEP). This program is only available to Medicaideligible students. This program allows the district an opportunity to obtain funding which would otherwise be unavailable to the district, thereby strengthening the district's ability to deliver high quality education to the student.

GENERAL FUND BUDGET BOND DEBT AND LONG-TERM OBLIGATION

Long-Term Bond Debt

As of January 31, 2007, the Cobb County School District is free from all long-term debt. The Board voted to eliminate the debt service millage rate of 0.90 mills as part of the FY2008 budget. The additional millage tax rate has not been needed while there has been no ling-term debt.

Long-Term Obligation

Accrued Vacation Pay

The Cobb County School District employees who work an annual employment year are eligible to earn vacation leave. An employee's vacation leave accrual rate is determined by a combination of his/her years of employment in both education and the District.

An employee may accumulate up to four (4) times the amount of vacation leave he/she earns annually. An employee who resigns, retires, or changes from annual employment to less-than-annual employment status will be reimbursed for accumulated vacation leave at the rate of the annual salary for each day of vacation accumulated up to the maximum described above (District Policy GARK-R Vacations). Accrued vacation pay is generally liquidated by the General Fund.

Fiscal year 2014 long-term obligations are as follows:

GENERAL FUND DISTRICT-WIDE INSTRUCTIONAL ALLOCATION GUIDELINES LOCAL SCHOOL

The basic 2014-2015 per pupil instructional allocation for local schools, based on the October Full-Time Equivalent (FTE) count, is: elementary school (including kindergarten), \$32.00; middle school, \$40.00; and high school, \$48.00. The QBE accounting requirements apply to all the 2014-2015 Local School Allocation Funds. Each category of funding by school level is detailed in the following pages.

<u>Instructional Expenditures</u>

Funds must be used for instructional purposes as defined. Instruction includes the activities dealing directly with the intervention between students and teachers whereby a uniformly sequenced core curriculum is provided for those competencies defined by the State Board of Education in Georgia Code 20-2-140. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving curricular activities. It may also be provided through some other approved medium such as computer, television, radio, telephone, or correspondence. Included are the activities of aides or classroom assistants of any type (clerks, graders, etc.) that assist the instructional process.

New School Allocation

The new school allocation procedure for 2014-2015 provides for an additional 100% increase of instructional allocation (per pupil FTE count) for the first two years of operation. For the third year and beyond of the school's operation, regular funding applies.

Curriculum Materials and Instructional Supplies Policy

The Cobb County Board of Education shall annually provide to schools a teaching supplies allocation based upon a per pupil allotment. This allocation shall be consistent among schools of like grade levels. Additionally, in accordance with accreditation standards of the Southern Association of Colleges and Schools, the provision of materials and supplies for libraries and programs associated with them shall be provided on an equitable basis from school to school. Special funding may be provided to schools on a selected basis for curriculum materials and supplies above the basic allotment to address unique needs in the individual schools. Through the basic allotment provided on an equitable basis to all schools and additional funding according to identified need, the Cobb County Board of Education shall provide an equalized educational opportunity for all students within the resources available.

Please note for all programs:

- (1) Each principal is responsible for complying with all agency requirements (SACS, QBE and other accreditation and/or state standards) for expenditures of allocated funds.
- (2) Allotments are based on the October FTE count as reported to the State.
- (3) The annual allotment for state media funds includes funds necessary to renew periodical subscriptions for the next year.

GENERAL FUND DISTRICT-WIDE INSTRUCTIONAL ALLOCATION GUIDELINES LOCAL SCHOOL (Continued)

- (4) Each school has a Local School Billing account with a zero budget. The school submits a local school check to the Central Office for the amount of an order before a purchase order can be processed through the county purchasing system.
- (5) Specific Board approval shall be required for all purchases/expenditures greater than \$200,000 except those purchases/expenditures specifically excluded by the Board. The Board may change its list of excluded items at any time and shall review the list each February as part of the annual budget adoption process.

DISTRICT-WIDE INSTRUCTIONAL ALLOCATION GUIDELINES ELEMENTARY SCHOOLS

Direct Instructional Allotments:		
Instructional Supplies and/or	\$32	Per pupil allocation
Equipment		\$18 must be spent on instructional materials. A maximum of \$14 may be used for equipment and non-instructional supplies (office supplies) from the per pupil allocation. If maximum amount is spent on equipment, funds will not be available for office supplies.
		Note: Included in Instructional Supplies are extra funds for new schools and transient funds.
New School Additional Allocation		The new school allocation provides a 100% increase of instructional supply funds for two years after which regular funding applies.
Transient Allotment	\$2	Per transient pupil
		Funding is provided for schools with a transient rate of 30% or more. This additional instructional supplies allotment is based on transient percentage of student enrollment.
	\$250	Per transient school postage allowance
Discretionary Funds	\$150	Base + .03 per pupil based on total enrollment
Guidance	\$.45 \$.08	Per initial 500 pupils enrolled plus Per remaining number of pupils
Personnel Allotments:		
Custodians		Each school is allotted custodian salary funds based on the number of custodian positions, determined by a formula of one custodian per 30,000 square feet.
Supplemental Clerical	\$719	Per elementary school, for assistance with teachers or office staff
Summer Flexible Clerical Days	\$1,327	Per elementary school, additional funds for summer tasks, e.g. grade reports, student data
Other Allotments:		
Early Intervention Program		EIP funds are distributed according to number of EIP students at the school.
Gifted	\$75	Per every 1-50 Gifted students, e.g. 0-50, \$75; 1-100, \$150; 101-150, \$225, etc.

DISTRICT-WIDE INSTRUCTIONAL ALLOCATION GUIDELINES ELEMENTARY SCHOOLS (Continued)

Other Allotments (continued):		
School Focused Staff Development	\$2,500	Base + additional funds as determined by Director of Professional Learning
Media Materials/AV Supplies	\$5,000	Base + \$13.00 X (Total FTE-310)
Operations Allotment		The custodial supplies allotment is \$.09 per square foot.

DISTRICT-WIDE INSTRUCTIONAL ALLOCATION GUIDELINES MIDDLE SCHOOLS

Direct Instructional Allotments:		<u> </u>
Instructional Supplies and/or Equipment	\$40	Per Pupil allocation
		\$22 must be spent on instructional materials. A maximum of \$18 may be used for instructional equipment and non-instructional supplies (office supplies) from the per pupil allocation. If maximum amount is spent on equipment, funds will not be available for office supplies.
		Note: Included in Instructional Supplies are extra funds for new schools, computer lab supplies, lab workbooks, and transient funds.
New School Additional Allocation		The new school allocation provides a 100% increase of instructional supply funds for two years after which regular funding applies.
Computer Lab Supplies	\$1,400	Per middle school for supplies, e.g. paper, printer cartridges (Garrett, Lindley, Campbell only)
Lab Workbooks	\$608	Per middle school for workbooks
Transient Allotment	\$2	Per transient pupil
		Funding is provided for schools with a transient rate of 30% or more. This additional instructional supplies allotment is based on transient percentage of student enrollment.
	\$250	Per transient school postage allowance
Discretionary Funds	\$300	Base +. 03 per pupil-based on total enrollment
Band, Chorus, Orchestra Supplies/Equipment		For each program, half of total budget is divided between schools. The remaining half is distributed according to student enrollment for each program.
Guidance Supplies	\$.45 \$.08	Per initial 500 pupils enrolled plus Per remaining number of pupils
Personnel Allotments:		
Counselor – 4 Extra Days/Summer	\$1,321	Per school
		Middle schools are allotted four extra days to prepare records for high school, register new students, request records, prepare class lists, conferences and to advise students and parents. This work should take place after post-planning or prior to pre-planning at per diem rate.

DISTRICT-WIDE INSTRUCTIONAL ALLOCATION GUIDELINES MIDDLE SCHOOLS (continued)

Personnel Allotments (continued):		
Supplemental Clerical	\$599	Per middle school, for assistance with teachers or office staff
Custodians		Each school is allotted custodian salary funds based on the number of custodian positions, determined by a formula of one custodian per 30,000 square feet.
Other Allotments:		
Gifted	\$75	Per every 1-50 Gifted students, e.g. 0-50, \$75; 1-100, \$150; 101-150, \$225, etc.
Middle School Exploratory		Funds are allotted according to programs at each school: Business Education, \$500, Career Connections, \$500; Explorations in Technology, \$500; Family and Consumer Science, \$1,000 (schools with mini-programs receive fraction of allotment).
School Focused Staff Development	\$2,500	Base + additional funds as determined by Director of Professional Learning
Drama		Half of total budget is divided between schools. The remaining half is distributed according to student enrollment in the program.
Media Materials/AV Supplies	\$5,000	Base + \$13.00 X (Total FTE-310)
Operations Allotment		The custodial supplies allotment is \$.07 per square foot.

SPECIAL REVENUE FUNDS SPECIAL REVENUE SOURCES/ASSUMPTIONS

Special Revenue Funds (Special Fee Based Programs)

The Cobb County School District has multiple Special Revenue funds that depend on fees in order to fund and operate the program. Each year during the budget process, each of these programs is examined to anticipate program participation. Based on this examination, revenue is estimated. The scope of each program is then adjusted based on available resources.

Special Revenue Grants (Federal and State)

Special Revenue Grant revenue is projected based on previous year grant awards. Each grant is adjusted in the current year before funds are spent based on the actual grant award for that year.

DEBT SERVICE FUND BOND DEBT ISSUES

DEBT REVENUE AND POLICY

Debt Service Fund Revenue Sources/Assumptions

Whenever the District and the citizens of Cobb County make a decision to incur long term debt, debt retirement is funded in the Debt Service fund with local property taxes. This debt would be serviced via a special millage tax rate assessed as property tax to pay remaining principal and interest payments.

Debt Administration

In fiscal year 2007, the District paid off all its outstanding general obligation bonds. The District has maintained its AA+ rating from Standard & Poor's Corporation and its AA-1 rating from Moody's Investors Service on general obligation bond issues. The District's general obligation bonded debt issuances are subject to a legal limitation based on 10 percent of total assessed value of real and personal property. As of June 30, 2014, the District's net general obligation bonded debt of \$0 was well below the legal limit of \$2,040,157. Net bonded debt per capita equaled \$0. With capital leases, debt per capital is \$0.

The Cobb County School District is currently free of all long term debt.

Prior to 1995, all school construction was funded by issuing bonded debt. School construction has been funded since 1995 using a one percent sales tax. This alternative funding method is a "pay as of go method" which has saved the citizens of Cobb County millions of dollars in interest.

CAPITAL PROJECTS FUND BUDGET

These funds are established to provide accounting for financial resources to be used for the acquisition and construction of major capital facilities. The District has five funds used for that purpose: SPLOST 1, SPLOST 2, SPLOST 3, SPLOST 4, and Countywide Building Fund.

CAPITAL PROJECTS FUND CAPITAL PROJECTS DESCRIPTION

Capital Projects Revenue Sources

The Georgia Legislature passed a law allowing school districts to establish a one-cent sales tax that would be used for capital projects or debt retirement. On September 15, 1998, Cobb County citizens voted and approved SPLOST 1 (Special Purpose Local Option Sales Tax), the five year funding source that assisted the school district in building new schools, supplying additional classrooms and equipment and providing for the technology needs of a growing school district. On September 16, 2003, the voters approved SPLOST 2, the renewal of this one-cent sales tax for an additional five years. Again, on September 16, 2008, the District held a referendum for an extension of current SPLOST, which also passed. This SPLOST 3 expired on December 31, 2013. On March 19, 2013, a fourth SPLOST was approved for the period January 1, 2014 – December 31, 2018.

SPLOST funding includes categories for facility improvements such as new and replacement schools, additions, modifications, renovations and maintenance; safety and support items such as school buses, textbooks, security fencing, access controls, surveillance cameras, furniture and equipment; and technology initiatives including audio visual equipment, interactive classrooms, district server, copier and printer replacement, computing devices for teachers and other staff, network maintenance, phone system enhancement and music equipment.

As enrollment trends have flattened in recent years, the District's needs have shifted toward revitalization of outdated facilities. Many Cobb schools are more than 40 years old and have inadequate space and resources to best serve students. SPLOST 4 is focused on giving new life to existing facilities, replacing some of the district's oldest and least efficient school buildings and refreshing the District's technology resources and infrastructure.

Since the first Ed-SPLOST was approved in 1998 we have seen:

- 22 new schools
- 2.372 new classrooms
- Hundreds of maintenance improvements
- Safety improvements, including lighting, fencing, video surveillance cameras, and access control systems for elementary schools.
- 551 portable classrooms eliminated.
- New technology including the replacement of more than 46,000 computers five years or older, plus a personal computing device for every teacher.
- Bond debt of \$184 million paid off in 2007, making Cobb County one of only a few school districts in Georgia that is free of long-term debt.
- More than 5,000 total projects completed (or in progress) as promised to voters – all completed in a timely fashion with a net savings of millions of dollars for taxpayers due to efficient management.

Impact of Capital Investments and Nonrecurring Expenditures on Operating Budget of General Fund

With the opening of any new school, the General Fund is forced to absorb the additional costs of school operations. Examples of these include new school salaries, utilities costs and school supplies/equipment (New school gets a 100% increase of instructional supply fund allocation for two years). Note that these additional operating costs are funded primarily through local funding sources, such as property taxes and state funding.

The Capital Project budget and finance funding rules and procedures are presented separately following this description document.

Replacement Schools

East Side Elementary School replacement project was completed in FY2012 at a total cost of \$20 million. In FY2013, two new replacement elementary schools were opened. Mableton Replacement Elementary School was completed at a cost of \$22 million and funded from SPLOST 3. Clarkdale Elementary School was demolished after a catastrophic flood loss in 2009 and was replaced on a different site cost of \$19 million. Clarkdale Replacement Elementary School was funded from several revenue sources, but primarily from Casualty Loss Insurance funds. Since both of these are replacement schools, the effect on General Fund was minimal.

In FY2014, Smyrna Replacement Elementary School opened. On a site of 143,107 square feet, it has 61 instructional units and can house 962 students. The construction cost is \$23.6 million funded fully by SPLOST.

In SPLOST IV, budgets are included to replace two elementary schools, two high schools and one middle school. There is also a plan to open a new Career Academy. The first of these replacement schools is scheduled to open in fiscal year 2018.

Capital Project Highlights of FY2014

Major Non-Construction Projects

The following non-construction projects accounted for major expenditures in FY2014:

- ➤ Land for Replacement Schools
- > Textbooks
- Buses
- ➤ Replacement of Human Resources/Payroll System Software
- ➤ Replacement of Obsolete Workstations and Audio Visual Equipment

Largest Projects during the Year

The District makes various contractual commitments on an ongoing basis for construction and remodeling of its fixed assets. The major outstanding commitments as of June 30, 2014, included additions and renovations to two elementary schools and one high school. As of June 30, 2014, the contract price and expenditures to date for the largest projects were as follows:

CAPITAL PROJECTS FUND NEW SCHOOL AND NEW ADDITIONS PROCEDURES GENERAL FUND & CAPITAL PROJECTS

In an effort to streamline the financial services process for new schools and new school additions, the following procedures will be followed:

I. Budget Section:

- 1. When the new school Principal is named and the school Secretary is hired, Budget Services will contact the Principal. A meeting will be scheduled at a time after the new school Bookkeeper begins work. Budget Services will train the Bookkeeper on the County allotment process and general financial procedures. Also, training will be offered by Local School Accounting on local school accounting and procedures, Procurement Services on the purchase order process, and Accounting on the Procurement Card program.
- A custodian will be hired once the new school is occupied; contact the Budget Services for the charge code. A budget adjustment will be initiated by Budget Services to provide \$500.00 for school supplies. If additional funds are desired, the Principal will contact the CFO to request additional funds.
- 3. Additional staffing days are available and are to be used <u>only</u> in preparation for the opening of new schools/new additions; 240 day annual employees are ineligible for additional staff days. The Principal has discretion on use of these additional staffing days. Some employees may work less additional days while others may work more additional days with any variation acceptable as long as the total number of days is not exceeded:

Per Person Days

a. Certified Staff: 6 additional days at new schools

3 additional days at existing schools with new additions,

limited to the number of staff directly affected by the move

Charge Code: 0100-621-2400-6153-1991-0### (where ### is the school

number)

b. Classified Staff: 6 additional days at new schools

3 additional days at existing schools with new additions,

limited to the number of staff directly affected by the move

Charge Code: 0100-621-2400-6153-1991-0### (where ### is the school

number)

c. Certified Media Staff: 20 additional days

Charge Code: 0100-621-2400-6153-1991-0### (where ### is the school

number)

Note (1):

For existing employees, payment should be authorized on a supplemental pay request form and entered directly into CTMS as supplemental pay. Use the charge codes shown above and give a description of the work – e.g. "Kitchen Staff – extra days for new school opening". If the employee is a new staff member, please contact Human Resources to determine whether a supplemental pay form or a revised start date is the most appropriate way to handle additional days.

CAPITAL PROJECTS FUND NEW SCHOOL AND NEW ADDITIONS PROCEDURES GENERAL FUND & CAPITAL PROJECTS (Continued)

Note (2):

The amount paid to each staff member should be based on the per diem rate for each employee. The per diem rate for an employee can be found on the CTMS supplemental pay screen.

4. Budget Services will issue an official projected County Allotment sheet for the new school before the school opening. The \$500.00 for supplies (see <u>I.</u>, 2.) and any additional requested funds that were previously allotted via the budget adjustment will be deducted from this County Allotment. A final allotment will be distributed by December of the school year. The regular instructional materials allocation is \$32.00 per FTE for Elementary; \$40.00 per FTE for Middle; \$48.00 per FTE for High Schools.

II. Capital Projects Finance Section:

- 1. When a new school or addition is under construction, the Logistics Manager will meet with the Principal, and with any relevant Department Heads (School Improvement, Maintenance Department, Food and Nutrition Services, Safety and Security) to establish a furniture and equipment needs list along with the corresponding budgets for a standard set of accounts.
- 2. SPLOST Accountability Manager will approve the list of items and the budgets.
- 3. The Capital Projects Finance Department will prepare a budget adjustment and route the adjustment for the required signatures. After the budget adjustment has been approved, the Capital Projects Finance Department will load the available dollars into the designated categories of accounts.
- 4. The chart of accounts will be issued to the Logistics Manager and to designated order entry personnel.
- 5. The SPLOST Division will be responsible for purchase order entry.
- 6. The school bookkeeper will be responsible for entering receivers at the direction of the Logistics Manager. In the absence of the bookkeeper, the Logistics Manager will assume responsibility of having the receivers entered.
- 7. Any budget adjustments that are needed will be requested by the Logistics Managers, approved by the Area Director, forwarded to SPLOST Accountability Manager for approval, and routed to the Capital Projects Finance Department for posting.
- 8. Rules for use of SPLOST funds:
 - SPLOST cannot be used to purchase consumable supplies.
 - SPLOST funds can only be used to purchase software if the software is to be loaded on computer hardware purchased concurrently from the same funding source.
 - SPLOST purchases cannot be made with a procurement card, except as noted in Item 9.

CAPITAL PROJECTS FUND NEW SCHOOL AND NEW ADDITIONS PROCEDURES GENERAL FUND & CAPITAL PROJECTS (Continued)

9. Each new school* will be provided with a **Finishes Account** to be used after all the standard furniture has been purchased and installed. Items purchased with these funds must be approved by the Logistics Manager and the SPLOST Area Director. Examples are: non-bid occasional tables (end tables, coffee tables, telephone stands, etc.); draperies (excluding stage curtains); fabric for draperies; murals, posters, artwork; magazine racks (for reception areas, media center magazine racks would not be included in Finish items); framing for artwork; lamps; decorative mirrors; silk plants and planters; fountains; statuary; and pottery. The funding limits for each level are:

Elementary Schools \$3,000 Middle Schools \$5,000 High Schools \$10,000

The preferred method of procurement is a purchase order. The Purchasing Department has provided a list of the more common vendors that will take purchase orders for these types of items.

Vendor	Vendor #	Phone #	Fax #	Contact
Lowe's	60523-0	770-794- 4778	770-794-4983	Patrick Jones

Woodstock Outlet	61555-0	678-255- 1000	678-255-1069	Richard Anderson

If a purchase order cannot be issued, use of the county procurement card is allowable. Prior approval from the SPLOST Department is recommended since any purchases deemed inappropriate for SPLOST funds or exceeding the funding limit will be not be processed. Purchases should be paid using school instruction funds and reimbursed via check request with appropriate documentation. All existing Purchasing Guidelines and procurement card guidelines must be followed.

Call the Capital Projects Finance Department at with any questions regarding the use of SPLOST funds.

^{*}Schools undergoing additions and/or renovations will be granted funds for finish items on a case by case basis.

SPLOST 3 PROJECTS

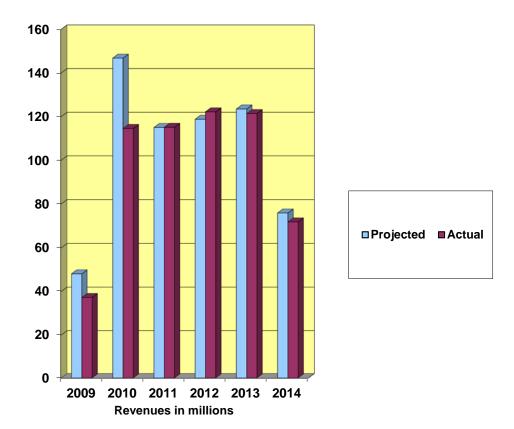

On September 16, 2008, Cobb County Citizens voted to approve another five year 1% sales tax to improve our school system facilities and programs. The tax became effective January 1, 2009, and expired December 31, 2013. Actual tax receipts were \$582,563,697 with additional construction funding from the State of Georgia for a total budget of \$627,916,322. Projects include replacing three elementary schools, building a new ninth grade center, school additions, maintenance (including parking lot repaving, re-flooring, painting, HVAC, roofing, fire suppression, etc.), and various electrical upgrades (fire alarm systems, emergency generators, etc.), curriculum technology (servers, network, etc.), safety and support (security fencing, surveillance cameras, access controls, etc.) and land. All projects are identified in priority order, with the highest priority being classroom space.

HARRISON FRESHMAN ACADEMY

- NEW/REPLACEMENT FACILITIES: SPLOST 3 funds were utilized to replace two of the county's oldest elementary schools: East Side and Mableton, and construct a new elementary school: Smyrna Elementary. SPLOST 4 PROJECTS

On March 19, 2013, Cobb County Citizens voted to approve another five year 1% sales tax to improve our school system facilities and programs. Tax receipts are projected to be \$717,844,707 with additional funding from the State of Georgia. The tax became effective January 1, 2014 and will expire on December 31, 2019. Projects include replacing five schools, building a Career Academy, school additions and modifications, renovations and maintenance; safety and support items such as school buses, textbooks, security fencing, access controls, surveillance cameras, furniture and equipment; and technology initiatives including audio visual equipment, interactive classrooms, district server replacement, copiers and printers, computing devices for teachers and other staff, network maintenance, phone system enhancement and music equipment.

Elementary Gym Floor Replacement

- NEW/REPLACEMENT FACILITIES: SPLOST 4 funds will be used to replace two elementary schools, an east cobb middle school, Osborne HS, Walton HS and a Career Academy will be added.
- LAND: A total of \$10,000,000 has been budgeted for expenses relating to land acquisitions for SPLOST 4 facilities.
- ADDITIONS/MODIFICATIONS: Major additions/modifications/renovations are planned at the following locations: Campbell HS, Harrison HS, Kincaid ES, Lassiter HS, Mount Bethel ES, North Cobb HS, Pope HS, Sope Creek ES, South Cobb HS, Tapp MS, Teasley ES, Tritt ES and Wheeler HS.
- INFRASTRUCTURE/INDIVIDUAL SCHOOL NEEDS: Projects include Athletic ADA/Individual school needs, sitework, roofing, doors, windows and hardware, flooring, painting, auditorium seating replacement, and various mechanical and electrical upgrades.
- SAFETY AND SUPPORT IMPROVEMENTS: School Safety improvements continue with access controls, security fencing, signage, and traffic controls, surveillance cameras, and communication radios. Support improvements include buses, vehicles and equipment, school level furniture and equipment for growth and replacement, food service upgrades and textbooks for students.
- CURRICULUM, INSTRUCTION, AND TECHNOLOGY INITIATIVES: Funds will be used to continue maintaining
 the existing technology infrastructure, as well as district server replacement, data center equipment, and
 phone systems. Replacing obsolete audio visual equipment, computing devices, interactive classroom
 devices, printers and copiers, and graphing calculators for math classes. Providing equipment and software
 enhancements for existing programs such as disabled students, Financial Services, HR/Payroll, Learning
 Management and Library Automation.

Countywide Building Fund

The Countywide Building Fund is a multi-year capital outlay fund with start-up funds received from the 1995 Bond Fund after all Bond project commitments were completed. Revenues also include interest income, state capital outlay funds, extraordinary income such as catastrophic insurance claims, and construction related grants through the CCPS Education Foundation. Expenditures in the Countywide Building Fund include lease and maintenance of portable classrooms, small construction projects of an emergency nature, or large capital needs resulting from catastrophic events.

EXPENDED % LOCATION/DESCRIPTION BUDGET COMPLETE to Date Projects in blue were active projects during Fiscal Year 2014 The Countywide Building Fund is a capital outlay fund with the majority of available funds received from the 1995 Bond Fund after all Bond project commitments were completed. Revenues also include interest income, state capital outlay funds, extraordinary income such as catastrophic insurance claims, and state grants for construction-type projects from the State Department of Community Affairs. Expenditures in the Countywide Building fund include leased portable classrooms, small construction projects of an emergency nature, or large capital needs resulting from catastrophic events. INTERNAL SERVICE FUND BUDGET

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost-reimbursement basis. The District has four individual funds in the Internal Service Funds category. The Unemployment Compensation and Self-Insurance are used to account for the District's self-insurance programs. The Flexible Benefits Fund accounts for the District's cafeteria plan of flexible benefits. Purchasing and warehousing costs are allocated to users through the Purchasing/Warehousing Fund.

FISCAL YEAR 2015 REVENUE EXPLANATIONS AND PROJECTIONS

LOCAL REVENUE

During the development of the budget, the historical trend of each local revenue item is reviewed. State agencies are contacted during the budget process and the local revenue budget is modified if the agency predictions vary from the historical trend. In FY2015, local revenue contributes approximately **48.91%** of the Cobb County School System's revenue. The local revenues consist of the following categories:

Property Taxes - The ad valorem tax, more commonly called property tax, is the primary source of revenue for local governments in Georgia. Ad valorem means "according to the value." The County Board of Tax Assessors, which is appointed by the County Board of Commissioners, evaluates and assesses all property for tax purposes. Assessments are based on 40% of the (appraised) market value by law as of the 1st day of January each year. The millage rate is the determining factor in the calculation of taxes (a mill is 1/10 of 1 cent). The State authorities set the millage rate for State taxes, the County Board of Commissioners sets the millage rate for County taxes and the County Board of Education sets the millage rate for County school taxes. The various authorities establish the millage rate by dividing revenue needed by the 40% net assessment. The Tax Commissioner is responsible for collecting taxes based on the set millage rate. The school district pays a 1.6% fee of collections received to the Tax Commissioner for collection of the school taxes.

Property tax bills are mailed on, or about, August 15 each year to the owner on record as of January 1 and payment is due upon receipt. Delinquent taxes are subject to a 5% penalty plus 1% interest per month or any portion thereof, figured on the principal plus the 5% penalty. Fifa tax lien(when a tax liability has gone unpaid and reaches the lien stage), recording fees (\$15.50 on taxes less than \$100 and \$20.50 on taxes \$100 and over) and any administrative levy fees incurred will be charged. The Tax Commissioner collects city taxes for Acworth and Kennesaw. Marietta, Smyrna, Powder Springs and Austell collect their own city taxes. Contact the city Tax Department for information concerning city taxes in these four cities.

Note: <u>Property Tax Revenue Trends</u> – Property tax revenue is generated by applying a millage rate to the assessed value in Cobb County each year. Growth in the assessed value of property in Cobb County each year yields additional revenue for the school district. Assessed property growth since FY2003:

Fiscal Year	Property Digest Growth
FY2015	4.29%
FY2014	(1.28%)
FY2013	(2.42%)
FY2012	(5.66%)
FY2011	(9.41%)
FY2010	(1.41)%
FY2009	4.38%
FY2008	7.05%
FY2007	8.16%
FY2006	7.31%
FY2005	5.23%
FY2004	3.50%
FY2003	16.41%

Taxes levied on real and personal property are based on values assessed as of January 1. Based on a millage levy of 18.90 mills, a homeowner would pay \$20.00 per \$1,000 on 40% of the assessed value. Taxes not paid in sixty (60) days become delinquent taxes and penalties and interest are assessed.

How your School Taxes are calculated

The following is an example of how FY2015 Cobb County School Taxes are calculated for a \$206,700 home:

M & O Millage	<u>Item</u>
\$206,700	House assessed at Fair Market Value
X .40_	40% Assessment Rate
\$ 82,680	Assessed Value for Tax Purposes
<u>(\$10,000)</u>	Homestead Exemption
\$ 72,680	Tax Base for Property Tax
X .0189	Millage Rate 18.90
\$ 1,374	M & O School Taxes
	Note: Median Home Value in Cobb County \$206,700, per
	U.S. Census Bureau 2010 American Community Survey

Property Tax Exemptions -A property tax exemption excludes all or part of a property's value from property taxation, ultimately resulting in lower property taxes. In Cobb County the Tax Commissioner's office processes the exemption applications. Following are some major exemptions:

Cobb County Basic Homestead - These exemptions apply only to homestead property. For all exemptions, the amount exempted is deducted from the 40% assessed value of the property in the applicable tax categories. Homeowners who meet the basic Homestead Exemption requirements are entitled to a \$10,000 exemption in the county general and school general tax categories. The Basic Homestead Exemption was worth \$262.40 in 2014.

Cobb County School Tax (Age 62) - Homeowners who are 62 years of age on or before January 1 are entitled to an exemption from all taxes in the school general and school bond tax categories.

State Senior Age 65 - Homeowners who are 65 years of age on or before January 1 are entitled to a full exemption in the state tax categories up to 10 contiguous acres immediately surrounding the residence.

State Senior Age 65 \$4,000 (\$10,000 Income Limit) - Homeowners who are 65 years of age on or before January 1 and whose annual NET income does not exceed \$10,000 for the immediately preceding tax year (including income of the spouse but not including Social Security or retirement income) are entitled to a \$4,000 exemption in the state, county bond and fire district tax categories.

Cobb County \$22,000 Disability - Homeowners who are disabled on or before January 1, and whose annual NET income (including income of the spouse but not including income received as a result of the disability; e.g. disability retirement) does not exceed \$12,000 for the immediately preceding year are entitled to a \$22,000 exemption in all tax categories except the state.

State Veteran's Disability - Homeowners who are disabled veterans as defined in O.C.G.A. 48-5-48 are entitled to an exemption in all tax categories.

State Surviving Spouse – A homeowners who is the un-remarried surviving spouse of a member of the U. S. armed forces killed in any war or conflict as defined in O.C.G.A. 48-5-52.1 and receiving spousal benefits from the U. S. Department of Veteran's Affairs is entitled to an exemption in all tax categories.

State Surviving Spouse of a Peace Officer or firefighter killed in the Line of Duty – The un-remarried surviving spouse of a peace office or firefighter killed in the line of duty is entitled to an exemption for the full value of the homestead.

Real Estate Transfers - A tax imposed on the transfer of real estate located within Cobb County. The tax is \$1.00 on the first \$1,000 or less of the purchase price or value of the property, and \$.10 of each additional \$100 or fraction thereof. Transfers with a purchase price of less than \$100 are not taxable. This tax has a direct relationship of property being bought in the county.

<u>Title Ad Valorem Tax (TAVT)</u> – According to House Bill 386, new TAVT is introduced. Motor vehicles purchased on or after March 1, 2013 and titled in Georgia are exempt from Georgia sales and use tax and annual ad valorem tax, also known as "the birthday tax". These motor vehicles are instead subject to a one-time State and Local TAVT Fee, as provided by O.G.G.A. 48-5C-1.

<u>Intangible Recording Tax</u> - Holders of "long term" notes secured by real estate pay the Georgia intangible recording tax to the Tax Commissioner. The rate is \$1.50 per \$500 or fraction thereof of the principal amount of the loan. The maximum amount of recording tax on any single note is \$25,000.

<u>Alcoholic Beverages</u> - Tax collected on all alcoholic beverages sold in Cobb County.

<u>Liquor by the Drink</u> - Tax collected on all liquor by the drink sold in Cobb County.

Tuition and Fees - Charged to non-employees enrolled in District professional learning classes.

<u>Interest Income</u> - Interest income are funds collected as interest on all school investments and the interest charged to delinquent taxes.

Other Local Revenue - These funds include revenue from Cell Tower contracts, sale of school assets, revenue from district property leasing or school facility rental, reimbursement revenue from students for school property damages, school gate receipts of sports half time exhibition, and other miscellaneous revenue examples include copies, ID badges, transcripts, etc.

STATE REVENUE

State revenue is earned via a formula entitled the Quality Basic Education (QBE) Act which is approved by the State of Georgia legislature. The main criteria for State funding is student growth. In FY2015, the projected State contributes approximately **50.54%** of the Cobb County School System's revenue.

QBE Funding Formula Summary

- 1. **Full-Time Equivalent** The funding formula utilizes a concept called Full-Time Equivalent (FTE). The State of Georgia allocates funds to school districts based on their number of full-time students. Cobb County reports enrollment during each school year to the State of Georgia. Each school day is divided into six parts and the student is counted six times. Students in the following programs or situations may not be counted for the portion of the day that they are in them:
 - Study Hall
 - Students on Minimum Day Schedule
 - Non-credit Courses

EXAMPLE: A student taking the following in school is counted as 5/6 FTE instead of 1 FTE:

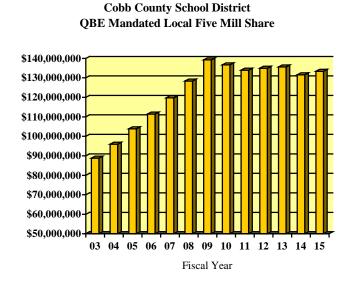

<u>Item</u>	# Items	FIE
Math	1	1
English	1	1
Social Studies	1	1
Science	1	1
Study Hall	1	0
Literature	<u>1</u>	<u>1</u>
Total	6	5

2. **Program Weights** - Since different programs (kindergarten, primary grades 1-3, middle school grades 6-8, etc) vary in their cost of operation, each program is assigned a program weight. The Governor is authorized to appoint a task force every three years to recommend to the General Assembly any needed changes in the program weights. The following are the FY2015 Program Weights:

<u>Programs</u>	Weights	Programs	Weights
Kindergarten	1.6519	Remedial	1.3092
Kindergarten EIP	2.0363	Alternative	1.4717
Grades 1-3	1.2853	Special Ed Cat I	2.3810
Grades 1-3 EIP	1.7941	Special Ed Cat II	2.7903
Grades 4-5	1.0356	Special Ed Cat III	3.5520
Grades 4-5 EIP	1.7877	Special Ed Cat IV	5.7555
Grades 6-8	1.0279	Special Ed Cat V	2.4520
Middle School	1.1313	Gifted	1.6597
Grades 9-12	1.0000	ESOL Program	2.5068
Vocational Lab	1.1912		

3. **Training & Experience** - The State of Georgia allocates additional funds to school districts to adjust for varying levels of teacher education and years of experience.

4. **Local Five Mill Share** - The Local Share for each local system is an amount of money equal to the amount that can be raised by levying five (5) mills on the forty (40) percent equalized property tax digest. Each local system will receive an amount of State funds that is the QBE program cost for the system MINUS the Local Share Amount. Cobb County's Local Share contribution in FY2015 is \$133 million.

YEAR	LOCAL SHARE			
2003	\$88,827,699			
2004	\$95,996,050

2013	\$135,582,243			
2014	\$131,545,626			
2015	\$133,378,961			
These amounts are deducted from the State				
revenue earned by Cobb County				

5. **Base Amount** - Standard Cost per Student amount established by the State of Georgia. The base amount for FY 2015 is \$2,443.99 per student.

QBE Formula

To determine the total State funds for a specific school system, the following formula is used: FTE Count X Program Weight X Base Amount X Training & Experience Factor - Five Mill Share

Cobb County School District QBE and State Grant Revenue

FY 2015 General Fund State Revenue is approximately 50.54% of Total Revenue. The following chart

^{*}The Federal ARRA funding had replaced the State funding in 2009-10 and 2010-11 two years.

Note: State Revenue Trends with Impact of Austerity Cuts

State Revenue is based primarily on student counts. Due to the State of Georgia economic decline since FY2003, the State of Georgia implemented austerity cuts for K-12 education. Cobb County's cumulative austerity cuts from FY2003 to FY2015 total \$537 million. FY2015 budget was created with the anticipation of a \$45.8 million austerity cut.

FEDERAL REVENUE

The Cobb County School District receives a small portion of its revenue from the Federal Government. In FY2015 projected federal revenue is approximately **0.55%** of the Cobb County School System's revenue. The following is a listing of the various Federal Revenues sources:

<u>Indirect Cost Revenue</u> – Reimbursement allowed under selected federal grant programs to help compensate the school district for administrative costs, overhead costs that support the grant.

ROTC Revenue – The Federal Government pays half of the cost of ROTC instructors.

<u>MedACE Revenue</u> – The Administrative Claiming Education (ACE) program is a Medicaid program administered through the Children's Intervention School Services Office in conjunction with the Georgia Department of Community Health. This program allows the district to be reimbursed under the Federal Medicaid program for portions of administrative costs associated with providing school-based health services.

<u>Medicaid Reimbursement</u> – This program reimburses the district for certain medical services provided to a child under his/her Individual Education Program (IEP). This program is only available to Medicaideligible students. This program allows the district an opportunity to obtain funding which would otherwise be unavailable to the district, thereby strengthening the district's ability to deliver high quality education to the student.

EXPLANATION OF ALLOCATION OF HUMAN AND FINANCIAL RESOURCES BUDGET ASSUMPTIONS/INITIATIVES AND CONSTRAINTS

The operating budget was developed in conformance with budget guidelines developed by the Budget Administrator Committee. These guidelines are divided into different sections, which include assumptions and constraints.

I. ASSUMPTIONS/INITIATIVES

A. Enrollment - The enrollment projections for the forthcoming school year are submitted by the Planning Service Department to the Financial Services Division by November 30th of each year. These projections are used to prepare the proposed expenditure budget. The proposed State revenue is calculated using the current year enrollment and estimated growth based on the realized growth from the previous year. The methodology of forecasting is to review the historical trends in enrollment data at each grade level for each school. In addition, the projections took into consideration the data contained in the recent Enrollment Growth Study that was developed for the Cobb County School District by Davis Demographics & Planning, Inc., as well as a review of the Atlanta Regional Commission (ARC) population data, and housing and population data provided to the District by Metro Study Inc. The following table presents the past five year active enrollment data (including charter, Devereux, and pre-K programs) and projection for the future years:

Five Year History	FY2010	FY2011	FY2012	FY2013	FY2014
Enrollment	107,245	107,315	107,291	108,452	110,001
Growth Rate	-	0.1%	0.0%	1.1%	1.4%

Five Year Projection	FY2015	FY2016	FY2017	FY2018	FY2019
Enrollment	111,459	112,462	113,586	114,040	114,610
Growth Rate	1.3%	0.9%	1.0%	0.4%	0.5%

- B. <u>Personnel</u> The teacher, paraprofessional, counselor, media specialist, assistant principal and clerical needs are determined based on the enrollment projections and the personnel allotment formulas. Personnel needs are analyzed so that existing as well as projected new students are served according to state and local mandates. The teacher/paraprofessional allotment formulas comply with state mandated maximum average class size. The formulas also comply with accreditation agency requirements such as the Southern Association of Schools and Colleges.
- C. Economic Factor In some years, an inflation factor is determined by the Budget Committee based on the Consumer Price Index as published by the Bureau of Labor Statistics with consideration given to local economic conditions. Because of current economic conditions which affect the school district's ability to balance the budget, an inflation factor is not used in budget development. Generally, operating budgets are continued unless there is a new approved school district project or initiative. Individual account estimates (utility rates, etc.) are developed by contacting outside entities to ensure that the District final budgets are as realistic as possible.

EXPLANATION OF ALLOCATION OF HUMAN AND FINANCIAL RESOURCES BUDGET ASSUMPTIONS/INITIATIVES AND CONSTRAINTS (continued)

- D. <u>American Recovery and Reinvestment Act (ARRA)</u> The Federal Stabilization Funds and the Stimulus Funds ended in FY2011.
- E. <u>Lapse Analysis</u> Budgets are developed each year using a realistic approach. In spite of this approach, there are accounts that finish the year under-budget. This under-budget amount is referred to as lapse. This can happen for a variety of reasons such as budgeting insurance for employees, but for some reason the employee does not request insurance or they end up being included on their spouse's insurance program. In both of these cases, the budget is not utilized and these funds revert to fund balance at the end of the year. Lapse can also occur as a result of over or under collections of revenue. Because of the District's realistic budget approach, the effect of lapse on the district fund balance should be minimal.
- F. <u>Formula Driven Budget</u> A formula driven budget is prepared by the Finance Division using the enrollment projections and personnel allotments furnished by Leadership & Learning Division to determine availability of funds for improvement and new programs. Only the longevity step increase is used for personnel salary calculations. Existing program appropriations are evaluated and one time costs are eliminated.
- G. <u>Student Supply Allocations</u> FY2015 Elementary schools are allotted supplies at the rate of \$32 per student. Middle schools are allotted supplies at the rate of \$40 per student. High schools are allotted supplies at the rate of \$48 per student.
- H. <u>Salary Improvements</u> Salary improvements are recommended based on the proposed State increase with adjustments as specified in the system's goals and objectives as approved by the Board.
- I. <u>Program Evaluation</u> New programs are recommended for consideration in the enhancement budget and are considered based on their contribution to district-wide and school-level objectives.
- J. <u>Equipment</u> Equipment, furniture and vehicle budgets are zero-based each year. All new and replacement equipment must be itemized and will be considered individually by the Budget Committee.
- K. <u>Facilities</u> Renovations of existing facilities and new facilities to be constructed are funded through the Special Purpose Local Option Sales Tax (SPLOST). Renovations to school facilities such as HVAC units, roofs, painting, etc. impact the General Fund. Because of these new items and new product efficiencies, there is a reduced need for increased general maintenance budgets in the General Fund. All General Fund maintenance accounts are reviewed annually to estimate and budget this savings.

EXPLANATION OF ALLOCATION OF HUMAN AND FINANCIAL RESOURCES BUDGET ASSUMPTIONS/INITATIVES AND CONSTRAINTS (continued)

L. <u>Student Transportation</u> – Transportation is provided to students and is partially funded using State categorical grant funding. The majority of transportation is funded through local property taxes. Each year, the number of bus drivers and buses is analyzed based upon the projected number of students that the district will have to serve.

M. Financial Impact of Non-Routine Capital Expenditures

School District building square footage is reviewed each year to account for new schools and classroom additions. Additional maintenance budgets are requested each year to provide for building maintenance (general maintenance supplies, custodians, etc.). Utility companies are contacted annually to ascertain the most current rate estimates. These estimates are used to budget utilities (existing buildings and new schools) for the new school year.

N. Fringe Benefit Estimates for FY2015

FRINGE BENEFIT	FY2014 PROJECTION
Group Insurance - Certified	\$945.00 per month
Group Insurance - Classified	\$596.20 per month
Social Security	6.20% of Gross Salary
Medicare	1.45% of Gross Salary
Teacher's Retirement System	13.15% of Gross Salary
(Certified, Administrators, Clerical, Aides)	
Unemployment	\$20 – Annual Employee Cost
Workers Compensation	
Teachers, Administrators, Clerical, Aides	0.32% of Gross Salary
Bus Drivers	3.19% of Gross Salary
All Other	2.98% of Gross Salary

II. CONSTRAINTS

- A. **State Revenue** The school district is experiencing revenue gaps in State funding. New and existing programs mandated by the State may not be fully funded and must be supplemented locally. The local fair share deducted from State revenue further reduces the State funds available to the district. The FY2015 local 5 mill share is budgeted at \$133.4 million dollars.
- B. <u>Local Tax Revenue</u> For FY2015, the Cobb County School District is estimating a property tax digest with zero percent decline or growth. The Board approved the millage rate 18.9 mills, the same rate imposed in FY2014.
- C. <u>Uncommitted Fund Reserve</u> For cash flow purposes (Payroll and Vendor Payments), a minimum one month cash reserve is recommended by the Financial Services Division. Current Board Policy (<u>Policy DI</u>) directs the District to maintain a minimum unassigned fund balance in its General Fund of at least 8.33% of budgeted expenditures.

FY2010

- 1. K-12 enrollment projected to maintain flat growth
- 2. Due to the economic downturn, the State legislation lowered the maximum class size requirements for FY2010. Cobb increased the class size by 1 for K-12.

	FY 2009	Change	FY2010	FY10 State Max
Kindergarten	18	1	19	22
Grade 1-3	19	1	20	23
Grade 4-5	26	1	27	30
Grade 6-8	22.5	1	23.5	30
Grade 9-12	25	1	26	32

A portion of the teachers lost by increasing class size can be paid from Title I Stimulus funds. The positions will no longer be funded by the General Fund.

- 3. Reduced bus driver positions resulting from adjusted school bus pick up locations.
- 4. Reduced approximately 10 % of central office support positions.

FY2011

- 1. K-12 enrollment projected to increase by approximately 276 students.
- 2. On May 24, 2010 the State Board of Education adopted a resolution granting exemption from statutory and regulatory class size maximums for all school districts in Georgia. The Cobb Board of Education approved following class sizes for FY2011:
 - a. Kindergarten
 b. Grades 1-3
 c. Grades 4-5
 d. Grades 6-8
 e. Grades 9-12
 32:1

As a result, the District reduced 636 teaching positions.

- 3. Reduced 68 central office support positions.
- 4. Reduced 55 school counselor/ graduation coach positions
- 5. Reduced 112 custodian positions due to the per custodian service square footage increase
- 6. Eliminated 100 school buses, corresponding routes and driver positions

FY2012

- 1. Add 25.49 instructional and school support positions for FY2012 enrollment and model change
- 2. Add 8.5 custodian positions due to school facility square footage expansion
- 3. Bus drivers increased 30 for needs
- 4. Instructional technician 6 positions transferred from ARRA to General Fund
- 5. Central Office position changes:
 - a. Move 0.3 Director and 0.3 secretary positions to SPLOST
 - b. Add 1.0 courier position to mail room for operation needs
 - c. Move two 0.5 clerical positions to HR from Title II-A

FY2013

- 1. Increase class size by two students at every grade level
 - a. Kindergarten 24:1 b. Grades 1-3 25:1
 - c. Grades 4-5 32:1
 - d. Grades 6-8 32:1
 - e. Grades 9-12 34:1

COBB COUNTY SCHOOL DISTRICT PERFORMANCE RESULTS

IOWA ASSESSMNETS (Replace former ITBS)

Fall 2013 (Latest available scores)

The Iowa Assessments evaluate students in English Language Arts and Math, as well as Science and Social Studies. The tests are particularly helpful in identifying core skills where students may need additional instruction. By administering the test in fall, teachers have time to work with students before spring CRCT testing begins.

Cobb County third, fifth and seventh graders performed above the national average on the new Iowa Assessments, a set of norm-referenced tests that compare students' performance to that of their peers across the United States. Replacing the former Iowa Tests of Basic Skills (ITBS), the Iowa Assessments rank student performance according to percentiles. Cobb third graders had an average composite score ranked in the 59th percentile, meaning that Cobb third graders scored equal to or better than 59 percent of all other U.S. third grade students who took the Iowa Assessments. Composite scores for fifth graders ranked in the 63rd percentile and seventh graders scored in the 61st percentile (See Table I). Results for the 2013 Iowa Assessments are not comparable with percentile rankings from previous administrations of the ITBS.

The Iowa Assessments also include grade equivalents, or GE scores. The numbers in the GE score that come before the decimal represent the grade level of the student's performance, while the digits that follow the decimal represent the month within the grade. A GE score of 5.2 means the student's performance was similar to that expected of a fifth grader taking the same test during the second month of school. For all three grade levels tested, Cobb County students exceeded the expected grade equivalents (see Table I on next page).

CRITERIAL REFERENCE COMPETENCY TESTS (CRCT)

Spring 2014 (Latest available scores)

Georgia law (O.C.G.A. §20-2-281) provides legislation for the development and administration of Criterion-Referenced Competency Tests (CRCT) to measure student acquisition of the knowledge and skills set forth in the Georgia Performance Standards (GPS). The CRCT testing program serves a dual purpose – to provide a diagnosis of individual student and program strengths and areas of improvement as related to instructional standards, and a measure of the quality of education in the state. O.C.G.A. §20-2-283 states that no third grade student will be promoted to the fourth grade if the student does not achieve grade level performance on the third grade CRCT in Reading and no fifth or eighth grade student will be promoted to the next grade if the student does not achieve grade level performance on the CRCT in Reading and Mathematics. Tests were administered in April in the content areas of Reading, English/Language Arts, Mathematics, Science, and Social Studies to students enrolled in grades three through eight.

The scale score range for the CRCT is 650 to 900 or above. Scores are reported in three performance levels: Does Not Meet (650-799), Meets (800-849), and Exceeds (850 and above).

At the District level, the percentage of students meeting or exceeding standards was higher than the State percentage in every content area and grade level.

SCHOLASTIC ASSESSMENT TEST (SAT) SCORES

SAT scores for the Cobb County School District's most recent graduates remain well above averages for the state of Georgia and the nation, although there was no change in the overall score from last year. Seniors in the class of 2014 posted a combined SAT score of 1515 (includes Reading, Math, and Writing totals), exceeding their statewide peers' average by 70 points and the national average by 18 points.

"Our students continue to outperform their peers across the nation," said Interim Superintendent Chris Ragsdale. "All of our high schools are producing graduates who can be competitive and successful both in college and in the workforce. With the percentage of test takers having increased, it is impressive that our average score remained unchanged, even though scores declined nationally and in Georgia."

The SAT is designed to predict a student's potential for success in the first year of college. It tests students' knowledge and application of Reading, Writing and Math. The writing section of the test asks students to write an essay that requires them to take a position on an issue and use reasoning and examples to support their position. The Math section of the test includes topics from third-year college-preparatory Math, such as exponential growth, absolute value, functional notation and negative and fractional exponents. The Critical Reading section, previously known as the Verbal section, includes short and long reading passages.

Many factors affect SAT scores from year to year, including the percentage of students taking the test, student academic preparation, knowledge of English, parents' education and locality. Cobb information shows that the higher the grades and rank-in-class achieved, generally, the higher the mean SAT scores.

AMERICAN COLLEGE TESTING (ACT) SCORES

The Cobb County School District's recently graduated class of 2014 has outperformed its peers across the state and nation on the ACT assessment for college readiness. The average Composite score of 22.2 was one-tenth of a point higher than last year's score, almost 1.5 points higher than the state average of 20.8, and topped the national Composite score of 21.0.

The ACT assessment measures high school students' overall educational development and their readiness for the challenge of core college classes. Cobb students improved their scores from last year in Math, Reading and Science, while the English score was unchanged. Cobb graduates continue to exceed state and national averages in all four subject areas tested

"I am very proud of our students for continuing to excel on the ACT. The ACT is an important barometer for colleges and universities," said Superintendent Chris Ragsdale. "Our students showed improvement in three of four subject areas, and continued to surpass their peers at the state and national levels. More and more Cobb students are taking the ACT, and it is unusual to see scores increase at the same time the percentage of test-takers increases. That is a testament to the quality of our high school instruction, and the commitment of our teachers. Overall, these scores are a very positive indicator. Of course, we plan to study the data carefully, school by school, to determine where improvements may be targeted."

COLLEGE AND CAREER READY PERFORMANCE INDEX (CCRPI)

Scores for Cobb County Schools on the **2013 College and Career Ready Performance Index** (**CCRPI**) topped average scores for Georgia schools at all three levels – elementary, middle and high. The Georgia Department of Education today released the second year of ratings under the statewide accountability system, which measures on a 100-point scale the academic achievement and progress of individual schools and their school systems. The state revised several formulas of the 2013 CCRPI for greater accuracy and clarity and recalculated the 2012 baseline scores based on the updated calculations to allow for fair comparison.

Cobb elementary schools scored **81.3**, a 1.1 point increase from the readjusted 2012 score and 3.3 points higher than the state average. Local middle schools rated **83.4**, a 1.9 increase over 2012 and 8.4 points higher than the state. The CCRPI score for Cobb high schools decreased by six points to **77.7**, yet remains 5.7 points greater than the statewide high school average. The combined district score for the Cobb County School District is **80.7**.

	2012 CCRPI Score (Readjusted)	Achievement Points (60% of CCRPI)	Progress Points (25% of CCRPI)	Achievement Gap Points (15% of CCRPI)	2013 CCRPI Score	2013 State CCRPI Score
Elem.	80.2	50.1	17.4	8	81.3	78.5
Middle	81.5	52.2	17.9	9	83.4	75.0
High	83.7	48.1	17.6	7.5	77.7	72.0
District	81.6				80.7	75.8

The base CCRPI score for each school is calculated from three, separately weighted components:

- Achievement Points account for 60 percent of the overall school score and include state
 standardized tests such as the CRCT and Georgia High School Graduation Tests; the
 SAT and ACT, graduation rates, core courses passed, Advanced Placement, and career
 pathways. The weight of Achievement Points to the overall CCRPI score was decreased
 from 70 percent for 2013.
- **Progress Points** account for 25 percent of the overall school score and gauge the growth students achieve from year to year. This score takes into account the rate of growth of similar groups of students in different schools and reports if students within the school are making similar gains. The weight of Progress Points to the overall CCRPI score was increased from 15 percent for 2013.

COLLEGE AND CAREER READY PERFORMANCE INDEX (CCRPI)

• Achievement Gap Points account for 15 percent, measuring the difference between performance of the lowest 25 percent of students and performance of the overall Georgia student population. The rubric and scale used to calculate Achievement Gap points were also adjusted for 2013.

Schools may also receive additional **Exceeding the Bar (ETB) Points** for demonstrating excellence in specified areas, such as innovative practices and STEM certification.

Twenty CCSD elementary schools scored 90 or greater on the 2013 index. Rocky Mount Elementary posted the District's highest elementary score of 96.6, while Brumby, Hollydale and Nickajack each posted gains of 13 or more points. At the middle school level, Dickerson, Dodgen, Durham, Hightower Trail, Lost Mountain, Lovinggood, Mabry, and Simpson each scored 90 or more points on the CCRPI. Griffin Middle posted an 11 point improvement compared to its readjusted 2012 score and Hightower Trail scored 96.6, the most of Cobb middle schools. Nine of 16 Cobb high schools scored greater than the state average score of 77.7; of those, Harrison, Hillgrove, Lassiter, Pope and Walton scored 90 or greater. Walton High School's index of 92.8 is the highest among CCSD high schools (see Table II).

Superintendent of Schools Dr. Michael Hinojosa said, "The CCRPI results show Cobb is well-positioned among school districts statewide and in the metro Atlanta area. The measure is more comprehensive than anything we've used in the past, and it gives significant weight to a school's achievement growth over the course of a school year, not just on one score from one test given at one particular time. These results will be an informative data point for our schools as they work on specific areas that need improvement. In a district like Cobb with 114 schools, every year some will improve while others decline. Overall, though, we would like to see the trend line move in a positive direction."

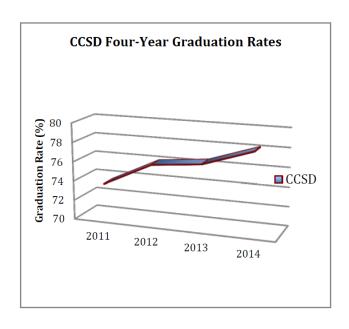

The Georgia Department of Education uses the CCRPI to hold schools accountable for results, provide more prescriptive state support and reward schools for high performance and progress. Detailed information about the College and Career Ready Performance Index, including full reports for individual schools and districts and calculation methods, is available from the Georgia Department of Education.

FOUR-YEAR GRADUATION RATE

The four-year graduation rate for Cobb County School District high schools improved to 78.2 percent in 2014, according to data released by the Georgia Department of Education, marking the third consecutive year the school district's overall graduation rate has increased. Since 2011, the graduation rate has steadily increased 4.65 percent. Cobb schools' graduation rate also exceeds the state graduation rate (72.5 percent) by nearly six percentage points. The 2014 graduation rate exceeds the district's Strategic Plan target of 76.9 percent, as well as the state Department of Education's target of 76.5 percent on the College and Career Ready Performance Index(CCRPI).

The U.S. Department of Education defines the four-year adjusted cohort graduation rate as the number of students who graduate in four years with a regular high school diploma divided by the number of students who entered high school four years earlier (including adjustments for student Transfers). This uniform calculation method allows for accurate and comparable data across all 50 states, improving transparency and accountability. In the past, states measured graduation rates using inconsistent methods, resulting in incomparable sets of data.

"I am thrilled to see continued improvement in our graduation rate," said Interim Superintendent Chris Ragsdale. "Our teachers are working continuously using innovative teaching methods to encourage students to stay in school and increase their achievement level. Of the many indicators that measure how well we are doing as a school district, graduation rate is one of the most important. Ensuring that students graduate on time and are prepared for success is our ultimate goal. It is great to see that we are performing at a high level in that regard."

EXPENDITURES PER FTE

Compared to the average school system in Georgia, Cobb County spends less on operation and support, and more on student instruction.

According to the latest available State DOE Report Card, 2012-2013, Cobb County spent 72.4% of its total General Fund expenditure in instruction. The Georgia State system average is 67.3%. The following table is the presentation of K-12 expenditures in category details, by percent and per FTE (student full-time equivalency).

College and Career Ready Index (CCRPI)

FAQ - Frequently Answered Questions

What is the College and Career Ready Index (CCRPI)?

The College and Career Ready Index is a new accountability system developed by the Georgia Department of Education to rate school and district performance. Georgia was one of 10 states granted a waiver from the federal No Child Left Behind Act in February 2012. This new accountability model replaces the Adequate Yearly Progress (AYP) system previously mandated by No Child Left Behind.

Why is Georgia implementing this new accountability system?

Georgia devised the new plan to provide a more comprehensive picture of school performance that takes into account student achievement, academic progress over time, gaps in performance between student groups, and awards extra points for innovation or exceptional performance. The new system is more closely aligned with the K-12 educational process than the former AYP measure of a single test score at a given point in time.

How is the CCRPI different from AYP?

	АҮР	CCRPI
Focus	Product oriented	Process oriented
	 Deficiencies 	Successes of schools
	 Present and past performance 	Preparation for the future
		Growth for all student groups
Accountability	One size fits all	Flexibility for customization
Achievement	Absolute achievement on one Test	Achievement/growth over time
	Reading and mathematics	Increased number of non-academic indicators
		All subject areas (ELA, Math, Science, Social
		Studies)
Measurements	Attendance / graduation	Attendance/graduation
	Participation in testing	Participation in testing
	Achievement	Achievement
		Readiness for college
		Career preparation
		Student progress
		Implementation of innovative practice
		Exceptional performance
		Gaps between student groups
		 Increased opportunities/programs for
		students
Impact	Short term / annual	Expanded emphasis on long-term success for students
		National indicators (college/post-secondary
		preparation, career preparation)
Consequences	Two-tiered accountability	Graduated accountability
	School choice for students in failing	Early warning system (Alert School
	schools and supplemental services	designation)
	for underachieving students	Increased support for schools along the way
		Multiple data points to Inform instruction
		and student/school/district direction

What are Performance Flags?

Performance Flags are indicators of how well student groups are meeting specified state targets and participation rates. Schools must have a minimum of 15 students in a specific student group for the data to be reported. It is possible that a school may fall short of a state target due to the performance of a few students.

- Green Flags = meeting both state and student Performance Target
- Red Flags = meeting neither state or student group Performance Target
- Yellow Flags fall into 2 Categories:
 - Subgroup Yellow (SG): = meeting state but not meeting subgroup Performance Target State Yellow (S) = meeting subgroup but not state Performance Target
- Participation = subgroup met the state required participation rate of 95% or greater

How are points awarded?

The scale for the CCRPI ranges from 1-100 and is based upon weighted averages of Achievement (70%), Progress (15%), and Achievement Gap Closure (15%). Schools also have the opportunity to earn up to 10 additional points, known as Challenge Points, which reflect significant progress with student groups (economically disadvantaged, English learners, and students with disabilities) and exemplary or innovative practices. In the future schools will also be rated on financial and school climate effectiveness.

What if my school's score is less than expected?

As with any change, schools and leaders will need to adapt and refocus their efforts towards these new criteria. It is important to remember that the system is new and the state is applying new criteria to old data. Additionally, the state is calling this release a "study year" to continue to improve data collection processes and also allow teachers and principals to gain a deeper understanding of what is expected. Finally, most families and staff are supportive of the day-to-day work their school is doing and are willing to contribute towards continuous improvement.

What are the implications for the CCRPI for my school?

The CCRPI will assist schools in understanding the extent to which their school, school district, and the state are successfully making progress in a number of key areas, such as content mastery, student attendance, and preparation for the next level. The index will encourage an in-depth analysis of student performance and readiness for college and career.

What other designations will the state make?

Below is a chart specifying the state designations based upon the CCRPI.

Designation	Who It Applies To	Description
Reward	Title I Schools	Highest performance or progress
Priority	Title I Schools	Graduation rate of less that 60% over two years
		OR
		Lowest achievement overall
		OR
		Lack of progress over three years
Focus	Title I Schools	Graduation rate less than 60% over two years
		OR
		Gaps in student graduation rates
		OR
		Largest gaps in graduation rates between student groups
Alert	Any School	Graduation rate, student group achievement, or subject
		achievement below the state determined mark

CAPITAL PROJECTS FUNDS

The Georgia Legislature passed a law allowing school districts to establish a one-cent sales tax that would be used for capital projects or debt retirement. The passage of this sales tax assists the school district in building new schools, supplying additional classrooms and equipment and technology needs of a growing school district.

Cobb County Citizens voted to approve SPLOST 1 (1999-2003), SPLOST 2 (2004-2008), SPLOST 3 (2009-2013).

- 1) Nonspendable Fund Balance Noncash assets, such as inventories and prepaid items.
- 2) Restricted Fund Balance Funds with limitations imposed on their use by external restrictions.
- 3) Committed Fund Balance Amounts that can only be used for specific purposes pursuant to a formal vote of the Cobb County Board of Education.
- 4) Assigned Fund Balance Amounts designated by the Board of Education for specific purposes.
- 5) Unassigned Fund Balance Residual, spendable fund balance after subtracting categories listed above.

⁽a) Implementation of GASB Statement No. 54: Fund Balance Reporting and Governmental Fund Type Definitions began July 1, 2010. Statement No. 54 provides clarification and transparency to fund balance classifications. The new standard changes overall definitions and classifications of governmental fund balance. Prior to these classifications, fund balance was separated into two groups, Reserved and Unreserved. Under GASB No. 54, the District's fund balance is classified as follows:

Note: Prior to 2008, the property digest for debt service of school bonds included properties annexed by the City of Marietta that were no longer taxed for general operations but were still taxed for unpaid school bonds issued before the date of annexation.

Taxes levied for debt service were discontinued in July 2007 after bonds were fully paid in fiscal year 2007. Prior to 2008, Maintenance and Operations assessments were included in the bonds amount; therefore, in 2008 through 2012, only the M & O is reflected.

Property Taxes - Assessments are based on 40% of the appraised market value as of January 1 each year.

⁽a) Occupied year represents the year during which the school was initially opened and utilized for instructional purposes, but does not reflect the most recent year of subsequent additions, improvements, or renovations, if any.

⁽b) With the opening of Smyrna Elementary for school year 2013-14, Brown Elementary closed at the end of 2012-13. During fiscal year ended 2014, Brown facilities were used to house Teasley primary grades during construction of new classrooms at Teasley Elementary.

⁽c) Performance Learning Center is housed at Oakwood.

⁽d) Operated by unaffiliated non-profit entities. Enrollment report by Cobb County School District; buildings do not belong to the district.

GLOSSARY

This glossary contains definitions of selected terms used in this document and additional terms and interpretative data, including abbreviations and acronyms, as necessary for common understandings concerning financial accounting procedures of the Cobb County School District. Several terms, which are not primarily financial accounting terms, have been included because of their significance in the budgeting process. The glossary is arranged alphabetically with appropriate cross-referencing where necessary.

ACCOUNTING SYSTEM

The recording and reporting of activities and events affecting the money of an administrative unit and its programs. Specifically, it describes: (1) what accounting records are to be maintained, how they will be maintained, and the procedures, methods, and forms to be used; (2) data recording, classifying, and summarizing activities or events; (3) analyzing and interpreting recorded data; and (4) preparing and initiating reports and statements which reflect conditions as of a given date, the results of operations for a specific period, and the evaluation of status and results of operation in terms of established objectives.

ACCRUE

To record revenues when earned, or when levies are made, and to record expenditures as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made. Sometimes, the term is used in a restricted sense to denote the recording of revenues earned but not yet due, such as accrued interest on investments and the recording of expenditures which result in liabilities that are payable in another accounting period, such as accrued interest on bonds. See also **ACCRUAL BASIS**.

ACCRUAL BASIS ACCOUNTING

The basis of accounting under which revenues are recorded when levies are made and expenditures are recorded as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made. See also **REVENUE** and **EXPENDITURES**.

ACT

American College Testing. One of the American college entrance examinations.

ADA

American with Disabilities Act.

ADMINISTRATION

Activities that have as their purpose the general regulation, direction, and control of the affairs of the local education agency.

AD VALOREM TAXES

Taxes levied on the assessed valuation (less exemptions) of real and personal property, including automobiles. See also **TAX DIGEST** and **ASSESSED VALUATION**.

AGENCY FUND

A fund normally used to account for assets held by a government as an agent for individuals, private organizations or other governments and/or other funds.

ALLOTMENT, TEACHER

The teachers are allotted to the schools on the basis of active enrollment. The formulae used for allocations meet the provisions of the State Board of Education and accrediting standards.

<u>AP</u>

Advanced Placement.

APPROPRIATION

An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. Note: An appropriation is usually limited in amount and as to the time when it may be expended.

APPROPRIATION UNIT

A budgetary unit set up to record specific authorizations to spend. The account is credited with original, and any supplemental, appropriations and is charged with expenditures and encumbrances.

AMERICAN RECOVERY AND REINVESTMENT ACT (ARRA)

A federal Act approved by the House of Representatives and Senate on February 13, 2009 to help the nation's economic recovery, create and save jobs, and provided services to people affected by the recession.

ASBO

Association of School Business Officials International.

ASSESSED VALUATION

A valuation set upon real estate or other property by a government as a basis for levying taxes. Forty percent of full-assessed value is used as the tax basis in Georgia.

AVERAGE DAILY ATTENDANCE, ADA

In a given school year, the average daily attendance for a given school is the aggregate days attendance of the school divided by the number of days school was actually in session. Only the pupils were under the guidance and direction of teachers in the teaching process should be considered as days in session.

AVID

Advancement via Individual Determination

AYP

Adequate Yearly Progress

BALANCE SHEET

A financial statement disclosing the assets, liabilities and equity of an entity at a specified date in conformity with GAAP.

BALANCED BUDGET

A balanced budget is a financial plan in which projected income and other revenues, combined with unrestricted fund balance, equals, or exceeds, the amount proposed to be spent.

BOARD OF EDUCATION, DISTRICT

The elected or appointed body which has been created according to State law and vested with responsibilities for educational activities in a given geographical area. These bodies are sometimes called school boards, governing boards, boards of directors, school committees, school trustees, etc. This definition relates to the general term and covers State boards, intermediate administrative unit boards, and local basic administrative unit boards.

BOND

A written promise, generally under seal, to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality.

BONDED DEBT

The part of the school district debt that is covered by outstanding bonds of the district. Sometimes this is called "Funded Debt."

BONDS PAYABLE

The face value of bonds issued and unpaid.

BUDGET

A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them. The budget usually consists of three parts. The first part contains a message from the budget-making authority together with a summary of the proposed expenditures and the means of financing them. The second part is composed of drafts of the appropriation, revenue, and borrowing measures necessary to put the budget into effect. The third part consists of schedules supporting the summary. These schedules show in detail the proposed expenditures and means of financing them together with information as to past years' actual revenues and expenditures and other data used in making the estimates.

BUDGET ADJUSTMENTS

An administrative procedure used to revise a budgeted amount after the Annual Budget has been adopted by the Board of Education and approved by the State Board of Education.

BUDGET CALENDAR

The schedule of key dates used in the preparation and adoption of the Annual Budget.

The control or management of the business affairs of the school district in accordance with an approved budget with a responsibility to keep expenditures within the authorized amounts.

BUDGET DOCUMENT

The instrument used as a comprehensive financial plan of operations of the Board of Education.

BUILDINGS

A fixed asset account that reflects the acquisition value of permanent structures used to house persons and property owned by the local education agency. If buildings are purchased or constructed, this account includes the purchase or contract price of all permanent buildings and fixtures attached to, and forming a permanent part of such buildings. If buildings are acquired by gift, the account reflects their appraised value at time of acquisition.

CAPITAL BUDGET

A plan of proposed capital outlay with the accompanying finance method for the current fiscal period, which is usually a part of the current year budget. If a Capital Program exists it will consist of the first capital program year. A CAPITAL PROGRAM may also be referred to as a Capital Budget.

CAPITAL OUTLAYS

Expenditures that result in the acquisition of, or addition to, land, buildings, machinery, furniture, and other equipment which the school district intends to hold or continue in use over a long period of time.

CAPITAL PROGRAM

A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long term work program or otherwise. It sets forth each project or other contemplated expenditure in which the local education agency is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

CASH BASIS ACCOUNTING

A basis of accounting in which transactions are recorded when cash is either received or expended.

CBST

Community-Based Skills Training (CBST). An instructional model used in the Transition Academies which uses community settings as an extension of the classroom.

CCRPI

ELEMENTARY SCHOOL

A school classified as elementary by state and local statutes or practice and composed of kindergarten through grade five.

EMPLOYEE BENEFITS (FRINGE BENEFITS)

Amounts paid by the school system on behalf of employees; these amounts are not included in the gross salary, but are over and above. Such payments are, in a sense, overhead payments. They are fringe benefit payments, and while not paid directly to employees, are part of the cost of salaries and benefits. Examples are: (a) group health or life insurance, (b) contribution to employee retirement, (c) Social Security/Medicare, and (d) Worker's Compensation.

ENCUMBRANCE ACCOUNTING

A system or procedure which involves giving recognition in the accounting budgetary expenditure control records for the issuance of purchase orders, statements, or other commitments chargeable to an appropriation in advance of any liability or payment.

ENCUMBRANCES

Purchase orders, contracts, and/or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid, as in accounts payable, or when actual liability is established or when canceled.

EQUIPMENT

Those moveable items used for school operations that are of a non-expendable and mechanical nature and perform a specific operation. Typewriters, projectors, computers, lathes, machinery, and vehicles, etc., are classified as equipment. (Heating and air conditioning systems, lighting fixtures and similar items permanently fixed to or within a building are considered as part of the building.)

ESOL

English for Speakers of Other Languages

ESTIMATED REVENUE

When the accounts are kept on an accrual basis, this term designates the amount of revenue estimated to accrue during a given period regardless of whether or not it is all to be collected during the period.

EXPENDITURES

Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants,

entitlements and shared revenues.

EXPENSES

Outflows or other using up of assets or incur of liabilities (or a combination of both) from delivering or producing goods, rendering services or carrying out other activities that constitute the entity's ongoing major or central operations.

FEDERAL REVENUE

Revenue provided by the federal government. Expenditures made with this revenue are identifiable as federally supported expenditures.

FI. FA.

A tax lien or writ, authorizing the Sheriff to obtain satisfaction of unpaid taxes by levying on and selling the delinquent taxpayer's property. The phrase is short for fieri facias (a Latin term for "cause it to be done.")

FISCAL PERIOD

Any period at the end of which a local education agency determines its financial position and the results of its operations. The period may be a month, a quarter, or a year, depending upon the scope of operations and requirements for managerial control and reporting.

FISCAL YEAR (FY)

A twelve-month period of time to which the annual budget applies, and at the end of which a local education agency determines its financial position and the results of its operations.

FIXED ASSETS

Land, buildings, machinery, furniture, and other equipment which the school district intends to hold or continue in use over a long period of time. "Fixed" denotes probability or intent to continue use or possession and does not indicate immobility of an asset.

FNS

Food and Nutrition Services.

FORECAST

A projection made for the development of next fiscal year's budget. The projection is based primarily on the annualized cost of providing the same level of services as in the current year.

FRINGE BENEFITS

Total employers share of FICA Taxes, hospitalization, dental, disability, worker's compensation, unemployment, and retirement contributions made on behalf of employees.

FTE (FULL-TIME EQUIVALENCE-EMPLOYEE)

The amount of employed time required in a part-time position expressed in proportion to that required in a full-time position, with 1.000 representing one full-time position. It is derived by dividing the amount of employed time in the part time position by the amount of employed time required in a corresponding full-time position.

FTE (FULL-TIME EQUIVALENCY - STATE FUNDING)

Local school systems in Georgia must report enrollment two times during the school year for funding purposes. This reporting reflects the school day being divided into six parts (periods). The student is counted six times, according to which programs he or she participates in during the day. Students may not be counted for the portion of the day that they are in the following programs or under the following conditions:

- 1. Study Hall
- 2. Non-credit courses
- 3. Driver's education
- 4. Enrichment courses as defined by QBE or the State Board (generally one that does not devote a major portion of time to the competencies adopted by the State Board)
- 5. Courses that require complete participation in an extracurricular activity
- 6. Serving as a student assistant, unless this activity is an approved career or vocational education work program
- 7. Individual study courses that have no outline of course objectives available
- 8. Other courses designated by the State Board
- 9. The student is not enrolled in a program or not attending regularly
- 10. A resident student paying tuition or fees in excess of the local cost per student
- 11. A non-resident student paying tuition or fees in excess of the local cost per student
- 12. A student who has not attended within 10 days of the count

Each student is counted for each one-sixth of the school day for the eligible program in which he or she is enrolled. The resulting total, when divided by six, is known as the full-time equivalent (FTE) program count. An average of the counts reported at two different times during the year are used in the funding formula. See also **QBE**.

FUNCTION

An accounting term relating to both the budget and the financial report. A "function" is a grouping of activities being performed for which salaries and other types of direct costs are expended and accounted. Functions and subfunctions consist of activities that have somewhat the same general operational objectives. Furthermore, categories of activities comprising each of these divisions and subdivisions are grouped according to the principle that the activities should be combinable, comparable, relatable and mutually exclusive. Both the budget and the financial reports group activities within "functions".

FUND

A fiscal and accounting entity which is comprised of a self-balancing set of accounts which reflect all assets, liabilities, equity, revenue, and expenditures (or expenses) necessary to disclose financial position and the results of operations. Funds are established as individual entities in order to segregate financial records for purposes of legal compliance, different natures of the activities performed, measurement of different objectives, and to facilitate management control.

FUND BALANCE

The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities, reserves

and appropriations for the period.

FUND BALANCE, UNRESERVED

The portion of Fund Balance that is not reserved for encumbrances, debt service or similar items.

FUND, CAPITAL PROJECTS

Used to account for all resources used for acquiring capital sites, buildings, and equipment as specified by the related bond issue. Capital project funds are designated to account for acquisition or construction of capital outlay assets that are not acquired directly by the general fund, special revenue funds, or enterprise funds. Capital project funds have been developed to account for the proceeds of a specific bond issue and revenue from other possible sources which is designated for capital outlay, i.e., for land, buildings, and equipment.

FUND, DEBT SERVICE

Used to finance and account for payment of principal and interest on all long-term general obligation debts. Debt service funds are used to accumulate resources over the outstanding life of the bond issue in an amount equal to the maturity value. Cash of the debt service may be invested in income-producing securities that are converted back into cash at the maturity date for use in retiring bonds.

FUND, ENTERPRISE

Used to finance and account for the acquisition, operations, and maintenance of school district facilities and services which are entirely or predominantly self-supportive by user charges. Budgetary accounts and formal budgetary accounting are recommended for Enterprise Funds. The accounting consists primarily of proper recording of receipts and disbursements.

FUND, GENERAL

The fund used to finance the ordinary operations of the local education agency. It is available for a legally authorized purpose and consists of money not specifically designated for some other particular purpose.

FUND, INTERNAL SERVICE

A fund established to finance and account for services and commodities furnished by a designated department or agency to other departments and agencies within a single governmental unit. Amounts expended by the fund are restored thereto either from operating earnings or by transfer from other funds so that the original fund capital is kept intact.

FUND, SPECIAL REVENUE

A fund used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditures for specific purposes.

FUND, TRUST AND AGENCY - FIDUCIARY

A fund used to account for money and property held in trust by a school system for individuals, government entities, or non-public organizations. A Trust Fund is usually in existence over a longer period of time than an Agency Fund. Primarily, Agency Funds function as a clearing mechanism for cash resources collected by the district held for a short period, and then disbursed to authorized recipients.

GAAP

General Accepted Accounting Principles.

GED

General Education Development.

GENERAL FUND

The fund used to account for all financial resources except those required to be accounted for in another fund.

GENERAL LONG-TERM DEBT

Liability for general obligations bonds. The general long-term debt of a state or local government is secured by the general credit and revenue-raising powers of the government rather than by the assets acquired or specific fund resources.

GFOA

PROGRAM

The definition of an effort to accomplish a specific objective or objectives consistent with funds or resources available. Budgets and actual revenue and expenditure records may be maintained per program.

PROGRAM BUDGET

A budget wherein expenditures are based primarily on programs of work and secondarily on character and object. A program budget is a transitional type of budget between the traditional character and object budget on the one hand, and the performance budget, on the other.

PROGRAM WEIGHTS

Since different programs vary in their cost to operate, each of the nineteen (19) QBE programs is assigned a different program weight. These weights reflect the cost of teachers, paraprofessionals, and other instructional personnel; instructional materials; facility maintenance and operation (M & O) costs; media center personnel and materials costs; school and central office administration costs and staff development. The middle grades program is defined as the "base" program for the purpose of determining relative program costs. The cost of each component of the middle grades program (grades 6-8) are totaled and the result is given a weight of "one". The other nineteen (19) programs are assigned weights that reflect their cost relative to that of the middle grades program. See also **OBE**.
