To Whom It May Concern,

The McCleskey Middle School Foundation is a non-profit organization whose primary goal is to support students and staff by providing funding for the technology needs at our school. By partnering with the school to provide for these tools that are not funded by the county, we are able to help ensure our students are able to compete on a global level while engaging them in successful practices for lifelong learning.

As a business member in our community, we would like to invite you to partner with us in our efforts to raise money to purchase, software, laptops, classroom supplies, and STEAM materials for our students. No amount is too small, however; we do have suggested levels of participation.

- Platinum Dragon: \$2000**
