Advanced Placement Curriculum Information

The Advanced Placement curriculum consists of college-level classes taught at the high school by a high school teacher with additional training and/or certifications. AP exams are administered nationwide in May. Many, but not all, colleges award credit or allow a student to be exempt from certain college courses if the student scores a 3, 4, or 5 on the AP exam. Students should check the AP admission policy for their college of choice PRIOR to registering for an AP course and exam at Kell High School. Please note that AP test results do not impact nor reflect class grades.
