After School Enrichment at Bells Ferry Elementary

Register: [bricks4kidz.com/306](https://bricks4kidz.com/306)

Bricks 4 Kidz® Enrichment Class takes learning out of the textbook and into an imaginative, hands-on learning experience with emphasis on S.T.E.M./STEAM! In this 60-minute class, our instructor will lead a lesson which will meet Georgia Standards in science, math, and social studies. Students work in pairs to build a NEW motorized model, complete art/experiments, record data, and more.

**Bricks 4 Kidz will provide:**

- Trained and screened Instructor to lead the lesson.
- LEGO® Brick kits, motors, and infrared remote controls for building activity.
- Step-by-step building instruction sets for our unique, proprietary models. (2 difficulty levels per model allows both new and experienced builders to be challenged in the same class)
- Email to parents with picture of model
- Instructor presentation or PowerPoint slide show for each lesson
- End of semester celebration and customized LEGO mini-figure.

we learn, we build, we play with  
**LEGO® Bricks**

**Bells Ferry Elementary School**

\$180.00 (payment plan available)

Mondays, 08/26 - 12/02/2024

2:45 - 3:45pm

(excluding no school, conference & early release days)
