What is a School-Parent Compact?

A School-Parent Compact is an agreement that parents, students, and teachers, develop together. It explains how parents and teachers will work together to make sure all of our students succeed. This compact includes strategies to help connect learning at school to learning at home.

Jointly Developed

The parents, students, and staff of Birney Elementary worked together and shared ideas to develop the school-parent compact for achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Parents are encouraged to participate in the annual review process of the compact and make changes based on students' needs. Parents are welcome to contribute comments at any time. Please contact Lina Capellan-Genao at 678.842.6824 or lina.capellan-genao@cobbk12.org to provide feedback.

Teachers, Parents, and Students-Together for Success

Birney Elementary Teachers

Teachers will provide families with math strategies, hands-on activities and manipulatives to practice math skills at home.

Teachers will provide families with leveled readers and reading comprehension activities to support daily reading practice at home.

Teachers will provide families with log in information for Dreambox and Lexia to continue personalized learning at home.

Teachers will use CTLS Parent as a means of school-home communication and support.

Birney Elementary Families

Families will use math strategies, hands-on activities and manipulatives with their student at home at least twice per week.

Families will encourage their child to read leveled readers and practice reading comprehension activities at least 20 minutes each day.

Families will encourage their child to practice math and reading skills using Dreambox or Lexia at least twice per week.

Families will regularly check CTLS Parent for school-home communication.

Birney Elementary Students

Students will practice math strategies using the hands-on activities and manipulatives provided at least twice per week.

Students will use leveled readers and comprehension activities to practice reading at home each day.

Students will use Dreambox and Lexia to practice math and reading skills at home at least twice per week.

Students will use CTLS to access resources at home.

One Team, One Goal, Student Success!
