

Finding Your Child's Bus Route Information

(Please be sure to read ALL 4 pages)

- 1) Click this link to find your student's bus route information: [Bus Route Finder](#)
- 2) On the WebQuery site, enter your street # and the street name in the "Address" field. Also, enter your child's grade level.

The screenshot shows a web browser window with the URL `transportation.cobbk12.org/livewqweb/webquery/`. The page title is "WebQuery". A yellow box highlights the "Student Information" section, which contains the following text:

Welcome to Edulog's WebQuery

WebQuery helps you determine the schools a student is eligible to attend and the available bus stops. WebQuery also provides a helpful street map. Just enter the student's information and click "Go."

The first AM/PM bus stop listed is your assigned stop. Any second AM/PM stop listed shows is to service any second loads or gender/grade specific stop should it apply

WebQuery helps you match your typed in address with an address in the database by allowing you to enter a partial street name. For example, you could enter "2555 Lex" to match "2555 Lexington Ave N"

5) If your child rides one of these buses **AND** the afternoon “Stop Time” is **2:37 p.m. or after** (see **green** arrow), your child rides 2nd load in the afternoon. This means that your child will wait in his/her classroom with the teacher until the bus returns to school to pick up the 2nd load of students.

Here Comes the Bus!!!

Do you want to get notifications from our Transportation department when your child's bus is running late? Do you want to be able to track where your child's bus is on the route to or from school?

Then we encourage you to get the "Here Comes the Bus!!!" app. You can read more about it and get instructions for downloading the app by clicking here:
