Cobb**Board** Education Financial Services On behalf the County of and the Division, the 2012 Comprehensive Annual Financial are proud present Report.

We hope you enjoy the exemplary artwork displayed on the cover and within the pages of this report. The artists, from kindergarten through grade 12, of the Cobb County School District, continue a long tradition of transforming a financial document into an art gallery. Their works of art reflect the extraordinary standards in art education that have become a hallmark of the District. Please take a moment and escape into their world - a world of objects, places, and people for you to see, wonder about, and enjoy.

As Chief Financial Officer, along with the Financial Services Division, and particularly Steve Barnette and the Accounting Services staff, we would like to express our deep appreciation to the art teachers and Judy Condon, Supervisor of Art Education, for their passion and dedication to the art of teaching art. These works will become part of the District's art collection for many years to come. To the student-artist, thank you for turning our 2012 Comprehensive Annual Financial Report into a beautiful work of art.

Empowering Dreams for the Future

December 6, 2012

To the Members of the Cobb County Board of Education and Citizens of Cobb County, Georgia:

We are pleased to submit to you the comprehensive annual financial report (CAFR) of the Cobb County School District (District) for the fiscal year ended June 30, 2012. This report conforms to generally accepted accounting principles as applicable to governmental entities. The Financial Services Division prepared this report. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the District's administration and is presented for your careful review.

We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the District as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the District's financial activity have been included. A comprehensive framework of internal control is in place to give reasonable assurance that the financial statements are free of any material misstatements. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Readers of this report are encouraged to consider the information presented here in conjunction with additional information presented in the Management's Discussion and Analysis beginning on page four of this report.

PROFILE OF THE SCHOOL DISTRICT

Cobb County School District is one of two public school districts located in Cobb County, Georgia. The District serves the entire county area with the exception of the City of Marietta, which has its own independent school district. It provides a program of public education from kindergarten through grade twelve. The purpose and responsibility of the District is to provide a thorough and efficient educational system for the children enrolled in public schools within its

BOARD OF EDUCATION Scott Sweeney, Chairman · David Morgan, Vice Chairman

Lynnda Eagle · Timothy Stultz · Kathleen Angelucci · David Banks · Alison Bartlett

SUPERINTENDENT Michael Hinojosa, Ed.D

boundaries whereby each child has access to programs and services that are appropriate to his or her educational needs.

The District is the second largest school system in Georgia and the 24th largest in the United States with an average daily enrollment of 106,502. The District is governed by a Board of Education consisting of seven members elected from seven county posts. Members serve four-year terms and each year appoint a chairperson and vice-chairperson. The Board appoints a Superintendent to oversee the day-to-day administration of the School District.

Dr. Michael Hinojosa currently serves as the 24th Superintendent of the Cobb County School District. He holds a doctorate in education from the University of Texas at Austin. With a career in public education that spans more than three decades, Dr. Hinojosa's most recent experience is with the Dallas Independent School District in Texas, where he served as Superintendent/CEO. The Dallas Independent School District is the 14th largest school system in the United States. Dr. Hinojosa's recognitions include Texas Association of School Board's 2002 Superintendent of the Year and University of Texas at Austin's 2005 Superintendent of the Year. Texas Tech University's College of Education has honored Dr. Hinojosa as a Distinguished Alumnus.

The District continued its tradition of strong academic achievement. Here are a few of the many accomplishments from FY2012:

- District eighth graders improved their writing test scores and continue to outperform their peers on the 2012 Eighth Grade Writing Assessment. Eighty-six percent of Cobb students ranked in either the "meets" or "exceeds" category, four points higher than the statewide percentage and equal to the metro comparison group.
- District fifth graders improved their writing test scores and continue to outperform their peers on the 2012 Eighth Grade Writing Assessment. Eighty-four percent of Cobb students ranked in either the "meets" or "exceeds" category, four points higher than the statewide percentage and equal to the metro comparison group.
- District graduates topped national averages in all subject areas of ACT, indicating the Class of 2012 was better prepared for the rigor of college studies than their peers across the state or nation. The results mark the seventh consecutive year in which Cobb graduates have bested national averages in all four subject areas tested: English, Math, Reading and Science.
- District graduates continued to exceed state and national averages for the SAT. The Class of 2012 remained well above average for the state of Georgia and the nation, despite a 2-point decrease from last year. Seniors in the class of 2012 posted an overall score of 1520 (combined Reading, Math and Writing totals), besting their statewide peers' average by 68 points and the national average by 22 points.

More details can be obtained through the District's Communications Department.

The District has reviewed its operating entity definition in order to ensure conformance with the Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity."

This report includes all funds and account groups of the District. The District is not included in any other reporting entity, and no other entities are included within this report.

The District maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Cobb County Board of Education. Activities of the General Fund, Special Revenue Funds and Student Information Systems are included in the annual appropriated budget. Capital Projects Funds are budgeted on a multi-year, project-length basis. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by function within an individual fund.

ECONOMIC CONDITION AND OUTLOOK

The District is located in the northwest quadrant of the Atlanta metropolitan area, one of the country's top growth areas. Metropolitan Atlanta is a national center for finance, transportation, distribution and communications. These factors, coupled with a mild climate, beautiful natural environment, affordable housing and a first-class international airport help to consistently place Atlanta at or near the top of surveys identifying the most desirable U. S. cities in which to locate a business. Cobb County is a leader among the metropolitan counties in all economic areas. In fiscal year 2011 (most recent figures available), Cobb County had one of the metropolitan area's highest average household incomes at \$57,906, an unemployment rate of 8.9%, and a growing population which increased from 628,800 in 2002 to 699,500 in 2011. Projected student enrollment for the 2013 fiscal year is 106,591.

In fiscal year 2012 the District's gross property digest decreased by 5.7% over the 2011 digest as compared to a decrease of 8.6% the previous year and a total decrease of 10.7% over the last five years. This was a reflection of the nationwide erosion of real estate values during the recent economic downturn.

In addition to a decline in property tax revenue, the District encountered financial challenges during fiscal year 2012 due to \$72.4 million austerity cuts in state funding. We expect continuing challenges in the future due to continued cuts in state funding resulting from depressed state tax revenues, as well as lower property tax revenue due to continuing depressed real estate values.

LONG-TERM FINANCIAL PLANNING

The District anticipates meeting its projected capital improvement needs through December 2013 through county sales tax revenues. In September 2008, the citizens of Cobb County voted to renew a one-percent local option sales tax for education over a period of five years beginning January 1, 2009 and ending December 31, 2013. The revenue generated from sales tax has been

or will be used to construct new schools, improve existing schools, construct major additions to many schools, improve technology and security throughout the District and acquire land for future expansion. A schedule of District school buildings and their age can be found on pages 140 and 141, in the statistical section.

OTHER INFORMATION

Independent Audit: The financial statements have been audited by Mauldin & Jenkins, LLC, whose opinion is expressed on page 1. The District complies with the requirements of the Single Audit Act and associated reports and schedules are presented in the last section of this report.

Financial Reporting Awards: Every year since 1980, our comprehensive annual financial report has earned a Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association of the United States and Canada (GFOA). Additionally, the District's comprehensive annual financial report received the Association of School Business Officials' (ASBO) Certificate of Excellence in Financial Reporting every year since 1984.

These prestigious awards are made only to government units which publish a comprehensive annual financial report that is easily readable, efficiently organized, and conforming to program standards and satisfies generally accepted accounting principles and applicable legal requirements. The awards are valid for a period of one year only. We believe the accompanying report continues to conform to award eligibility, and will submit it for determination as appropriate.

Budget Presentation Award: The District prepares an official budget document each year which is issued as a separate report. Since 1990, the district has received the Distinguished Budget Presentation Award from GFOA. In order to receive this award, the District must publish a budget document that meets program criteria as a policy document, a financial plan, an operations guide, and as a communications device. The award is valid for a period of one year only. We have received the Meritorious Budget Award from ASBO every year since 2005. The criteria required by ASBO includes an introductory, organizational, financial and information section. We believe the most recent budget continues to conform to program requirements, and we are submitting it to GFOA and ASBO to determine its eligibility for another award.

Acknowledgments: We wish to express our appreciation to Steve Barnette, Director of Accounting Services, and to the entire staff of the Financial Services Division whose dedicated efforts have enabled this report to be prepared on a timely basis. We would especially like to recognize the students of our District for providing the beautiful artwork for our Comprehensive Annual Financial Report.

The active involvement and professional support of Mauldin & Jenkins, LLC Audit Supervisor, Christopher McKellar and his auditing staff have been instrumental in the prompt completion of the associated audit of this report.

In closing, sincere gratitude is expressed to the Board of Education for their leadership and dedication to the Cobb County School District, its taxpayers, employees, and, most importantly, its students. To the citizens of the Cobb County School District, please accept our gratitude for your support of our successful school district.

Respectfully submitted,

Dr. Michael Hinojosa Superintendent

COBB COUNTY SCHOOL DISTRICT FUNCTION AND COMPOSITION JUNE 30, 2012

All matters relating to education and operations in the Cobb County School District are governed and controlled by the Board of Education as provided by Georgia law. The Board has the responsibility to maintain a uniform system of public schools providing quality education for all young people of Cobb County. With the advice of the superintendent, the Board must determine the policies and prescribe the rules and regulations for the management and administration of the school system.

Generally, the Board holds public meetings twice a month to conduct normal business with special sessions as needed. The Board is composed of seven members who are each elected for four years from one of seven geographical districts in the county. The Board elects a chairman and vice-chairman from the seven members to govern the body for a one year period. As of June 30, 2012 the members of the Board and years of expiration of their terms are as follows:

<u>Title</u>	<u>Name</u>	Term Expires
Chair	Mr. Scott Sweeney	December 31, 2014
Vice-Chair	Mr. David Morgan	December 31, 2012
Board Member	Mr. Tim Stultz	December 31, 2014

INDEPENDENT AUDITOR'S REPORT

To the Superintendent and Members of the Cobb County Board of Education Marietta, Georgia

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Cobb County Board of Education, as of and for the year ended June 30, 2012, which collectively comprise the Cobb County Board of Education's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Cobb County Board of Education's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Cobb County Board of Education as of June 30, 2012, and the respective changes in financial position, and, where applicable, cash flows thereof, and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 6, 2012, on our consideration of the Cobb County Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 15 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

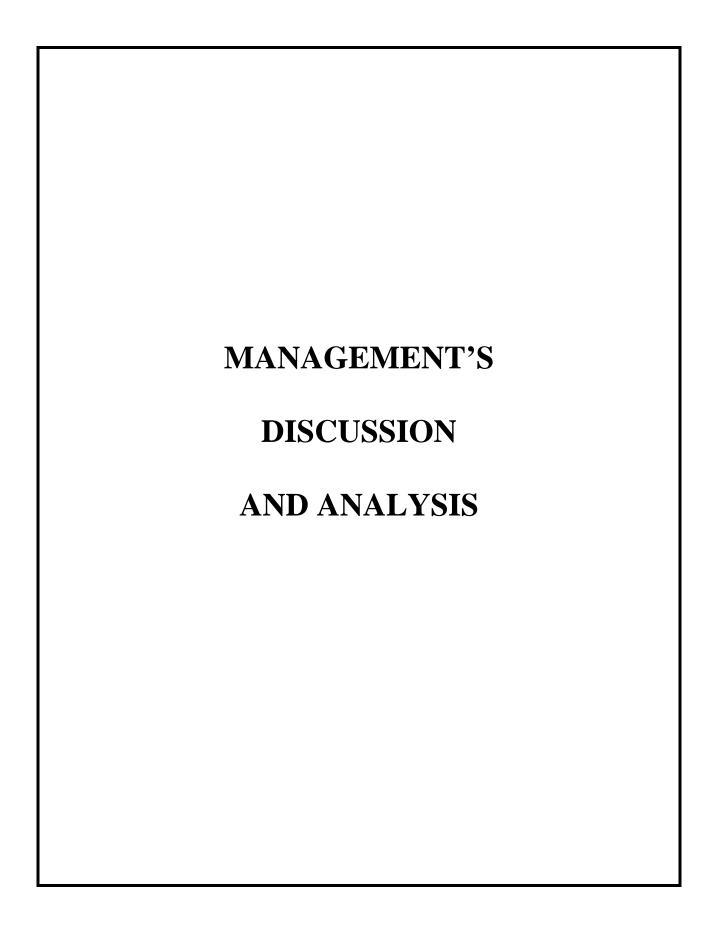

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cobb County Board of Education's financial statements. The combining and individual nonmajor fund financial statements and schedules, the SPLOST II schedule of expenditures of Special Purpose Local Option Sales Tax Projects, and the SPLOST III schedule of expenditures of Special Purpose Local Option Sales Tax Projects, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules, the SPLOST II schedule of expenditures of Special Purpose Local Option Sales Tax Projects, and the SPLOST III schedule of expenditures of Special Purpose Local Option Sales Tax Projects, are fairly stated in all material respects in relation to the financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cobb County Board of Education's basic financial statements. The introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Manddin & Jenlins, LLC

Atlanta, Georgia December 6, 2012

The discussion and analysis of the Cobb County School District's (subsequently referred to as the District) financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2012. The intent of this discussion and analysis is to look at the District's financial performance as a whole. Readers should also review the transmittal letter and complete financial statements, with notes, to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for 2012 are as follows:

- Total net assets increased from \$1,423.5 million in 2011 to \$1,454.7 million in 2012, an increase of \$31.2 million.
- Total revenue decreased from \$1,122.1 million in 2011 to \$1,105.3 million in 2012, a decrease of \$16.8 million. Revenue for 2012 was \$31.2 million more than expenses.
- Total expenses increased from \$1,050.4 million in 2011 to \$1,074.1 million in 2012, an increase of \$23.7 million.

Overview of the Financial Statements

This discussion and analysis serves as an introduction to the District's basic financial statements. The basic financial statements comprise three components: 1) District-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

District-wide Financial Statements

The District-wide financial statements provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net assets changed during the most recent fiscal year. Changes in net assets appear as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses appear in this statement for some items that will result in future fiscal period cash flows (e.g., uncollected taxes and earned but unused vacation leave).

Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. District funds are in one of three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Most of the District's activities are reported in governmental funds. The governmental fund statements focus on how money flows in and out of those funds and the balances left at year-end that are available for spending in future periods. These statements also provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The District maintains numerous governmental funds with the majority of activity occurring in the General Fund.

Proprietary Funds

Proprietary funds are those used to account for ongoing organizations and activities which are similar to those found in the private sector. The District's proprietary funds are internal service funds and report activities that provide supplies and services for its other programs and activities. The District's internal service funds consist of the Unemployment Compensation Fund, the Self-Insurance Fund, the Flexible Benefits Fund, the Dental Insurance Fund, and the Purchasing/Warehouse Fund.

Fiduciary Funds

The District is the trustee, or fiduciary, for assets that belong to others. The District's fiduciary funds include the Student Activity Fund and the Payroll Withholding Fund. The District is responsible for ensuring that the assets in these funds are used exclusively for their intended purposes for the benefit of those to whom the assets belong. The District excludes these funds from the district-wide financial statements because it cannot use these assets to finance its operations.

District-wide Financial Analysis

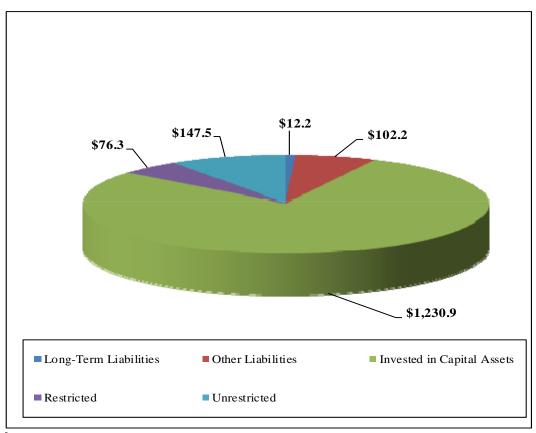

The Condensed Statement of Net Assets Table (Table I) below summarizes and compares the Statement of Net Assets for 2012 and 2011.

In 2012, the District's net assets increased 2.2%, or \$31.2 million, over the prior year due primarily to a decrease in other liabilities.

Total current and other assets reflected a net decrease of 30.3%, or \$147.0 million, primarily due to a decrease in total cash and cash equivalents of 14.7%, or \$145.6 million. Cash and cash equivalents decreased in the General Fund, Special Purpose Local Option Sales Tax (SPLOST) Funds, and the other governmental funds by \$13.1 million, \$112.5 million, \$20.0 million, respectfully. Total receivables declined by \$1.7 million, while inventories increased by \$0.4 million.

Capital assets increased by 10.3%, or \$115.1 million, while total liabilities decreased by 35.5%, or \$63.1 million, resulting in a modest increase in net capital assets. Construction was completed on two new elementary schools and a loan of \$62.0 million, used to fund capital asset construction projects, was paid off.

Table I Condensed Statement of Net Assets (Amounts Expressed In Millions)

Governmental Activities			Change
	2011	2012	2011-2012
Assets:			
Current and Other Assets	\$ 485.3	\$ 338.3	-30.3%
Capital Assets	1,115.7	1,230.8	10.3%
Total Assets	1,601.0	1,569.1	-2.0%
Liabilities:			
Long-Term Liabilities	7.7	12.2	58.4%
Other Liabilities	169.8	102.2	-39.8%
Total Liabilities	177.5	114.4	-35.5%
Net Assets:			
Invested in Capital Assets	1,066.6	1,230.9	15.4%
Restricted	185.3	76.3	-58.8%
Unrestricted	171.6	147.5	-14.0%

Changes in Net Assets from Operating Results

The Changes in Net Assets from Operating Results Table (Table II) below summarizes and compares the Statement of Activities for 2012 and 2011.

Revenues

In 2012, the District's total revenues decreased 1.5%, or \$16.8 million, over the prior year due primarily to a decrease in operating grants and contributions.

- Charges for services increased by 2.1%, or \$1.2 million primarily due to a modest increase in student activity fee revenue.
- Operating grants and contributions decreased by 7.6%, or \$39.4 million, primarily due to an instructional revenue decrease of 9.6%, or \$39.7 million.
- General property taxes decreased 4.2%, or \$17.7 million, due to the reduction of property values and an increase in property foreclosures.
- All other revenue sources increased by 17.9%, or \$1.0 million.

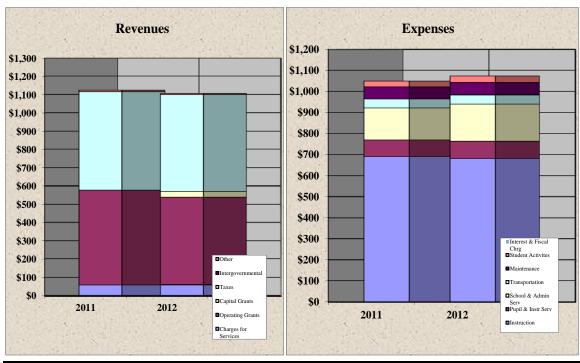

Expenses

In 2012, the District's total expenses increased 2.3%, or \$23.7 million, over the prior year due primarily to an increase in the cost of providing school and administrative services.

- School and administrative services increased 15.5%, or \$23.6 million.
- Maintenance and operations increased 6.2%, or \$3.5 million.
- Student transportation increased 2.5%, or \$1.1 million due to increased fuel costs.
- Instruction decreased by 1.1%, or \$7.5 million.

Governmental Activities

The Net Cost of Governmental Activities Table (Table III) presents the total and net cost of six major District activities: Instruction, Pupil and Instructional Services, School and Administrative Services, Student Transportation, Maintenance and Operations, and other.

Net Cost of Services is the total cost less fees generated by the activities and intergovernmental revenue provided for specific programs. The net cost shows the financial burden on the District's taxpayers by each activity. The total cost of governmental services in 2012 was \$1,074.1 million. Users of the District's programs financed \$59.4 million of the costs. Federal and State grants, subsidized programs and contributions financed \$509.7 million of the cost. District taxpayers financed the remaining costs of 2012 which totaled \$505.0 million.

The School District's Funds

The District ended fiscal year 2012 with a healthy fund balance in its governmental funds. The combined balance of all governmental funds, at \$228.1 million, was lower than 2011's ending balance of \$307.4 million. The decline in fund balance of \$79.4 million, or 25.8%, was driven by capital outlays. SPLOST III, SPLOST II, and County-Wide Building declined by \$30.1 million, \$28.1 million, and \$7.1 million, respectively. The General Fund's fund balance declined by \$13.1 million, or 8.9%. This decline was forecasted in the FY2012 Budget. Despite continued cuts in state funding, the District maintains a strong cash position from which to meet future financial obligations.

General Fund Budgetary Highlights

The 2012 budget balanced the challenges of student growth, lower student/teacher ratios, and reductions in state funding for education, while maintaining an adequate fund balance reserve to ensure financial stability.

The most significant fund for the District is the General Fund, funded primarily through state revenue and local property tax revenue. The State of Georgia is required to maintain a balanced budget (a constitutional requirement in Georgia) and with a challenging economy, the State of Georgia issued budget reductions to all school districts in Georgia. In addition to its regular budgetary cycle, the State of Georgia imposed austerity reductions of \$85.9 million, \$69.8 million, and \$72.4 million in fiscal years 2010, 2011, and 2012 respectively.

The 2012 original budget for the General Fund was approved with \$817.3 million in revenue and \$851.8 million in expenditures, with the expectation of using \$34.5 million in fund balance in order to balance the budget. During the course of the year, the board increased the expenditures of the General Fund budget to \$863.6 million, in order to bring forward amounts for encumbrances from the prior year budget into the current year budget.

For 2012, actual General Fund revenue was \$9.5 million more than the final revised budget, a variance of only 1.2%. General Fund expenditures were \$23.8 million less than the final revised budget, a variance of only 2.8%. The ability to budget within such a low variance to actual is the result of careful examination of revenue and expense assumptions and trending data. The district's careful implementation of significant spending cuts and service reductions over the past several years, along with prudent management of federal, state, and local resources, have left the district in a better financial position than many had anticipated in this difficult economic climate.

General Fund Balance

The unassigned General Fund balance at June 30, 2012 was \$98.6 million. This represents 43 days of general fund expenditures. The Board of Education made a concerted effort to maintain adequate reserves for the District. This performance is noteworthy when considered in light of the substantial reductions in state and local funding detailed in the above section.

Other Governmental Funds

Capital Projects Funds

The District uses Capital Projects Funds to account for school construction and improvement projects which, prior to 1999, were financed primarily through bond issues. In September of 2003, Cobb County voters overwhelmingly approved a five-year extension of a Special Purpose Local Option Sales Tax (SPLOST) II to finance construction of new schools and other capital projects. SPLOST II expired in December 2008. In September of 2008, voters again approved another five-year extension. SPLOST III focuses on revitalizing schools. Collections of the tax began on January 1, 2009. The SPLOST II fund had expenditures of \$6.0 million for the year ended June 30, 2012 and a fund balance of \$22.9 million. A full listing of remaining SPLOST II projects can be located on pages 91 - 92. The Board of Education will continue to address contingencies in 2012. The SPLOST III fund had expenditures of \$183.4 million and a fund balance of \$33.2 million. A full listing of SPLOST III projects can be located on pages 93 - 94.

Nonmajor Governmental Funds

The Nonmajor Governmental Funds had aggregate expenditures of \$163.6 million and aggregate fund balances of \$61.4 million. Funds with the highest expenditures were School Nutrition at \$51.8 million, Special Education at \$22.7 million, Title I at \$18.5 million, and Local School Funds at \$29.8 million. Funds ending the year with the highest fund balances were SPLOST II at \$22.9 million, School Nutrition at \$21.9 million, Local School Funds at \$8.0 million, and District-Wide Building at \$4.0 million. The fund balance of Nonmajor Governmental Funds, in aggregate, decreased from \$97.6 million in 2011 to \$61.5 million in 2012, a decrease of \$36.1 million. This decrease was primarily due to the continued expending of SPLOST II and District-wide Building Fund outlays for capital projects. Descriptions of these funds can be located on page 50 of the *Notes to the Basic Financial Statements*.

Capital Assets and Debt Administration

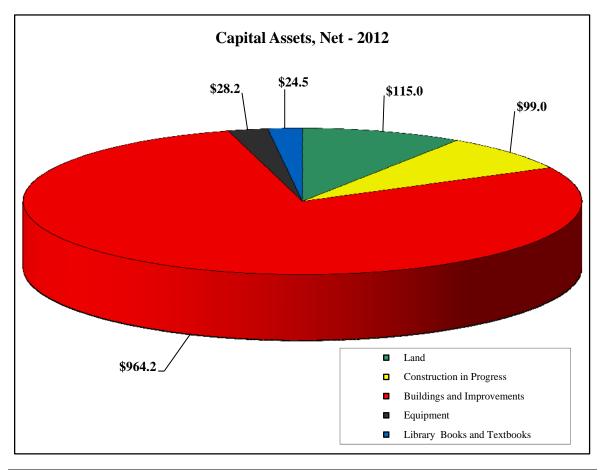

Capital Assets

The Capital Assets, Net of Depreciation (Table IV) below summarizes and compares the capital assets for 2012 and 2011.

Capital assets increased 10.3% from \$1,115.7 million in 2011 to \$1,230.9 million in 2012, an increase of \$115.2 million. Buildings and Improvements increased by \$105.0 million, or 12.2%, due to construction projects funded by SPLOST III. Equipment increased by 2.9 million, or 11.5%. Library books and textbooks decreased by \$1.9 million, or 7.2%.

More detailed information about capital assets can be found in Note 5 of the *Notes to the Basic Financial Statements*.

Equipment	25.3	28.2	11.5%
Library Books and Textbooks	26.4	24.5	-7.2%
Total	\$ 1,115.7	\$ 1,230.9	10.3%

Long-Term Obligations

As of June 30, 2012, the District had \$7.7 million in outstanding long-term obligations for compensated absences. More detailed information about long-term obligations can be found in Notes 10 and 13 of the *Notes to the Basic Financial Statements*.

Factors Bearing on the District's Future

We are fortunate that the Cobb County School District is debt free which has resulted in a more favorable financial position even with the impact of the global economy on our local economy. The continued support of our schools by the public and by local community organizations and businesses is also an integral part of our ability to educate our students.

This financial report is designed to provide a general overview of Cobb County School District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Financial Services Division, Cobb County School District, 440 Glover Street, Marietta, Georgia, 30060.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES

TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED JUNE 30, 2012

(amounts expressed in thousands)		
Total Net Change in Fund Balances-Governmental Funds		\$ (79,356)
Amounts reported for governmental activities in the statement of activities are different because:		
Capital assets are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:		
Capital outlay	179,490	
Non-capitalized items	(3,602)	445.000
Depreciation expense	(60,510)	115,378
Because some property taxes will not be collected for several months after the fiscal year ends, they are not considered as "available" revenues in the governmental funds, and are instead counted as deferred revenues.		(2,146)
The net effect of various miscellaneous transactions involving capital assets (i.e., sales) is to decrease net assets.		(272)
Internal service funds are used by management to charge the costs of insurance, purchasing and warehouse services to individual funds. The net revenue of the internal service funds is reported with governmental activities.		(2,370)
Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. This activity consists of the increase in compensated absences.		 (12)

See accompanying notes to the basic financial statements.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Reporting Entity:

The Cobb County School District (District) was established under the laws of the State of Georgia and operates under the guidance of a school board elected by the voters of Cobb County and has a superintendent appointed by the Board. The Board is organized as a separate legal entity and has the power to levy taxes and issue bonds. Its budget is not subject to approval by any other entity. Accordingly, the District is a primary government and consists of all the organizations that compose its legal entity.

A financial reporting entity consists of a primary government and its component units. A component unit is a legally separate entity that must be included in the reporting entity of a primary government in conformity with generally accepted accounting principles. Based on the guidance of the Governmental Accounting Standards Board (GASB) Statements 14 and 39, there are no component units combined with the District for financial statement presentation purposes, and the District is not included in any other governmental reporting entity.

B. Basis of Presentation:

The District's basic financial statements are collectively comprised of the District-wide financial statements, fund financial statements and the notes to the basic financial statements of the Cobb County School District.

District-wide Statements:

The Statement of Net Assets and the Statement of Activities display information about the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and nonexchange transactions.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities.

 Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses (expenses of the District related to the administration and support of the District's programs, such as office and maintenance personnel and accounting) are not allocated to programs, except for federal indirect costs allocated to federal grant programs.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Program revenues include (a) charges paid by the recipients of goods or services
offered by the programs and (b) grants and contributions that are restricted to
meeting the operational or capital requirements of a particular program. Revenues
that are not classified as program revenues, including all taxes, are presented as
general revenues.

Fund Financial Statements:

The fund financial statements provide information about the District's funds, including fiduciary funds. Separate statements for each category (governmental, proprietary and fiduciary) are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

- General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those resources required to be accounted for in another fund.
- Special Purpose Local Option Sales Tax III Fund (SPLOST III) account for sales tax proceeds required to be used for capital outlay for educational purposes as authorized by local referendum.

Additionally, the District reports the following fund types:

- Special revenue funds account for restricted or committed specific revenues and their related expenditures. Revenues for the District include various federal and state grants, donations to the District, rental of District facilities, charges for afterschool programs, adult high school, and performing arts.
- Capital project funds account for restricted and assigned revenues and related capital expenditures. The expenditures are used for capital outlays for educational purposes as authorized by local referendum and management's decision.
- Internal service funds (proprietary funds) account for insurance, benefits, unemployment compensation, and purchasing/warehouse services provided to other funds of the District on a cost reimbursement basis.
- Fiduciary funds (agency funds) account for assets and liabilities held by the District as an agent for various governments or individuals on the accrual basis of accounting. Specifically, the District temporarily holds assets for numerous school student activity organizations and payroll withholdings.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting/Measurement Focus:

The basis of accounting determines when transactions are reported on the financial statements. The District-wide governmental activities and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, sales taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from sales taxes is recognized in the fiscal year in which the underlying transaction (sale) takes place. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Agency funds report only assets and liabilities and, accordingly, do not have a measurement focus.

The District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all non-grant revenues reported in the governmental funds to be available if they are collected within 60 days after year-end. The District considers all intergovernmental revenues to be available if they are collected within 120 days after year-end. Property taxes, sales taxes, intergovernmental and interest are considered to be subject to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term liabilities and acquisitions under capital leases are reported as other financing sources.

The State of Georgia reimburses the District for teachers' salaries and operating costs through the Quality Basic Education (QBE) Formula Earnings program. State of Georgia law defines the formula driven grant that determines the cost of an academic school year and the State of Georgia's share in this cost. Generally teachers are contracted for the school year (July 1 – June 30) and paid over a twelve month contract period, generally September 1 through August 31. In accordance with the requirements of the

Notes to the Basic Financial Statements JUNE 30, 2012

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

enabling legislation of the QBE program, the State of Georgia reimburses the District over the same twelve month period in which teachers are paid, funding the academic school year expenditures. At June 30, the amount of teachers' salaries incurred but not paid until July and August of the subsequent year are accrued as the State of Georgia has only postponed the final payment of their share of the cost until the subsequent appropriations for cash management purposes. By June 30 of each year, the State of Georgia has a signed appropriation that includes this final amount, which represents the State of Georgia's intent to fund this final payment. Based on guidance in Government Accounting Standards Board (GASB) Statement No. 33, paragraph 74, the State of Georgia recognizes its QBE liability for the July and August salaries at June 30, and the District recognizes the same QBE as a receivable and revenue, consistent with symmetrical recognition.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants, categorical grants, and general revenues. Thus, when program costs are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply grant resources to such programs, followed by cost-reimbursement grants, then general revenues.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing services. Operating revenues in the internal service funds are charges to customers for services. Operating expenses for internal service funds consist of the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Cash and Cash Equivalents:

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition in authorized financial institutions. Georgia Law OCGA 45-8-14 authorizes the District to deposit its funds in one or more solvent banks or insured Federal savings and loans associations.

E. Investments:

Included in cash equivalents are items such as deposits with the Georgia local government investment pool, certificates of deposit and money market accounts. All of the District's investments as of June 30, 2012, were purchased with a maturity date less than one year from the date of purchase. These investments are stated at fair value.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments made by the District in nonparticipating interest-earning contracts (such as certificates of deposit) and repurchase agreements are reported at cost. Both participating interest-earning contracts and money market investments with a maturity at purchase greater than one year are reported at fair value. The Official Code of Georgia Annotated Section 36-83-4 authorizes the District to invest its funds. In selecting among options for investment or among institutional bids for deposits, the highest rate of return shall be the objective, given equivalent conditions of safety and liquidity. Funds may be invested in the following:

- (1) Obligations issued by the State of Georgia or by other States,
- (2) Obligations issued by the United States government,
- (3) Obligations fully insured or guaranteed by the United States government or a United States government agency,
- (4) Obligations of any corporation of the United States government,
- (5) Prime banker's acceptances,
- (6) The Local Government Investment Pool administered by the State Treasurer of the State of Georgia.
- (7) Repurchase agreements, and,
- (8) Obligations of other political subdivisions of the State of Georgia.

F. Receivables:

Receivables consist of amounts due from property and sales taxes, grant reimbursements due on Federal, State or other grants for expenditures made but not reimbursed and other receivables disclosed from information available. Receivables are recorded when either the asset or revenue recognition criteria has been met. Federal and State Aid Receivables at June 30, 2012 were as follows:

	General Other Fund Governmenta		Total
Federal Grants	\$ -	\$ 6,707,000	\$ 6,707,000
State Aid / Grants	58,277,000	818,000	59,095,000
Federal and State	\$ 58,277,000	\$ 7,525,000	\$ 65,802,000

Notes to the Basic Financial Statements JUNE 30, 2012

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Property Taxes:

The Cobb County Board of Commissioners fixed the property tax levy for the 2011 tax digest year (calendar year) in July 2011 (levy date) based on property values as of January 1, 2011. Taxes were due on October 15, 2011 (lien date). Taxes collected within the current fiscal year or within 60 days after year-end on the 2011 tax digest are reported as revenue in the governmental funds for fiscal year 2012. The Cobb County Tax Commissioner bills and collects the property taxes for the School District, withholds 1.6% of taxes collected as a fee for tax collection and remits the balance of taxes collected to the District. Property tax revenues during the fiscal year ended June 30, 2012 totaled \$408,129,000.

School tax by law cannot be greater than 20 mills per dollar for the support and maintenance of education. Tax millage rates levied for the 2011 tax year (calendar year) for the Cobb County School District were as follows (a mill equals \$1 per thousand dollars of assessed value):

School Operations

18.90 mills

H. Sales Taxes:

A one percent Special Purpose Local Option Sales Tax is to be used for capital outlay for educational purposes and debt service. The State will terminate collection of this tax once an additional \$397,913,860 has been collected or on December 31, 2013, whichever occurs first.

I. Inventories:

On the district-wide financial statements, inventories of donated food commodities used in the preparation of meals are reported at their Federally assigned value and purchased foods inventories are reported at cost (first in-first out). The District uses the consumption method to account for inventories whereby donated food commodities are recorded as an asset and as revenue when received, and expenses are recorded as the inventory items are used. Purchased foods are recorded as an asset when purchased and expenses are recorded as the inventory items are used.

On the fund statements, inventories of governmental funds are reported at cost (first infirst-out). The District uses the consumption method to account for inventories whereby expenditures are recorded when inventory items are used.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Capital Assets:

Capital assets purchased, including capital outlay costs, are recorded as expenditures in the fund financial statements at the time of purchase. On the District-wide financial statements, all purchased capital assets are valued at cost where historical records are available and at estimated historical cost based on appraisals or deflated current replacement cost where no historical records exist. Donated capital assets are recorded at fair market value on the date donated. Disposals are deleted at depreciated recorded cost. The cost of normal maintenance and repairs that do not add to the value of assets or materially extend the useful lives of the assets is not capitalized. Depreciation is computed using the straight-line method.

Capitalization thresholds and estimated useful lives of capital assets reported in the District-wide statements are as follows:

	General	Useful
	Policy	Life
Land	All	N/A
Buildings and Improvements	All	20 to 50 Years
Equipment	\$10,000	5 to 10 Years
Intangible Assets	\$500,000	10 Years
Library Books and Textbooks	All	5 Years

Depreciation expense is used to allocate the actual or estimated historical cost of all capital assets over estimated useful lives.

K. Fund Balance:

Fund equity at the governmental fund financial reporting level is classified as "fund balance". Fund equity for all other reporting is classified as "net assets".

Notes to the Basic Financial Statements JUNE 30, 2012

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The District's fund balances are classified as follows:

- 1) Non-spendable Fund Balance Non-cash assets such as inventories or prepaid items.
- Restricted Fund Balance Funds with limitations imposed on their use by external restrictions imposed by creditors, grantors, or laws or regulations of other governments.
- 3) *Committed Fund Balance* Amounts that can only be used for specific purposes pursuant to a formal vote of the Board of Education. Only the Board may modify or rescind the commitment.
- 4) Assigned Fund Balance Amounts intended by the Board of Education for specific purposes, but are neither restricted or committed. The Board of Education can choose to delegate this authority.
- 5) *Unassigned Fund Balance* Residual spendable fund balance after subtracting all above amounts. Positive unassigned values are only reported in the General Fund.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Committed Fund Balances

The Board of Education, as the government's highest level of decision-making authority, may commit fund balance by a formal vote prior to the government's fiscal year-end for that fiscal year. Future modification or rescission of committed funds must likewise be accomplished by a formal vote of the Board of Education prior to fiscal year-end. Pursuant to the requirements of Governmental Accounting Statement 54, the Board of Education committed substantially all of the revenue received by the following Special Revenue funds to be used exclusively for each respective program's expenditures.

Special Revenue Fund	Revenue Source		
Donations	Donations by individuals or organizations to		
Donations	benefit school programs.		
After School Program	Attendance and registration fees of After		
After School Program	School Program (ASP).		
	Voluntary student contributions to fund		
Performing Arts / Artists at School	Performing Arts Programs and donations to		
	fund artist workshops at local schools.		
Tuition School / Adult High School	User tuition charges and GED fees.		
Easility Use / Dublic Cofety	User rental fees and student parking permit		
Facility Use / Public Safety	fees.		
	Funds earned or donated at local schools		
Local Schools	used by local principals to benefit students		
	and faculty subject to District policy.		

Assigned Fund Balances

The Board of Education expressly delegates to the Superintendent, through the Chief Financial Officer, the authority to assign funds for particular purposes.

Spending Prioritization

When expenditures are incurred by the District that would qualify for payment with either restricted or unrestricted funds, it will be paid from restricted funds. When an expenditure is incurred that qualifies for payment from either of the three unrestricted fund balance categories, it will be applied in the following order:

- 1) Committed
- 2) Assigned
- 3) Unassigned

Notes to the Basic Financial Statements JUNE 30, 2012

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Minimum Unassigned General Fund Balance

The Board of Education will strive to maintain a minimum unassigned general fund balance, less encumbrances, equivalent to a range of 30 to 55 days of annual expenditures unless this is unfeasible due to circumstances beyond its control such as:

- a) A substantial decrease in the county property tax digest
- b) A substantial decrease in State funding
- c) An unanticipated fiscal necessity

Schedule of Fund Balances

	Com	eral Fund	Special Purpose Local Option Sales Tax III	Go	Other overnmental Funds	Total
Fund Balances:	Gen	ierai ruiiu	Sales Tax III		runus	Total
Nonspendable:						
Inventory	\$	353,000		\$	1,706,000	\$ 2,059,000

Notes to the Basic Financial Statements JUNE 30, 2012

Note 2. LEGAL COMPLIANCE - BUDGETS:

The Board of Education budgets its operations on an annual basis for the General Fund and all Special Revenue Funds except the Local Schools Fund. Capital Projects Funds are budgeted on a multi-year, project-length basis. Prior to July 1 each year, the administration of the District submits a proposed budget to the Board of Education which conducts public hearings and legally adopts the budget. The administration then submits the adopted budget to the Georgia Department of Education for final approval.

The District prepares the budget on a basis other than accounting principles generally accepted in the United States of America (GAAP) as allowed by the State of Georgia. Appropriations not spent or encumbered lapse at year-end and encumbrances outstanding at that time are rebudgeted in the following fiscal year. Budget amendments which are funded through a decrease in fund balance must be approved by the Board of Education. All other budget amendments may be approved by the Superintendent or his designee.

The level of legal budgetary control (the level at which expenditures may not exceed appropriations) is at the function level within individual funds. Several supplementary appropriations were necessary during the fiscal year ended June 30, 2012.

For the year ended June 30, 2012, expenditures exceeded appropriations in several function areas (the legal level of budgetary control). These over-expenditures were offset by under-expenditures in other function areas within the same fund. The over-expenditures are identified in the following schedule:

Fund/Function	Overexpenditure	
General Fund:		
School Administration	\$	1,062,000
After School Program Fund:		
Instruction		32,000
Tuition Schools/Adult High School Fund:		
Pupil Services		1,000
Food and Nutrition Fund:		
School Nutrition Program		18,000
Vocational Education Fund:		
Instruction		6,000
Title II Fund:		
Instruction		1,000
Homeless Grant Fund:		
Instruction		1,000
Title IV Fund:		
Improvement of Instrutional Services		6,000
Transportation		10,000

Notes to the Basic Financial Statements JUNE 30, 2012

Note 2. CASH EQUIVALENTS, DEPOSITS AND INVESTMENTS:

COLLATERALIZATION OF DEPOSITS

Official Code of Georgia Annotated (OCGA) Section 45-8-12 provides that there shall not be on deposit at any time in any depository for a time longer than ten days a sum of money which has not been secured by surety bond, by guarantee of insurance or by collateral. The aggregate of the face value of such surety bond and the market value of securities pledged shall be equal to not less than 110 percent of the public funds being secured after the deduction of the amount of deposit insurance. If a depository elects the pooled method (OCGA 45-8-13.1) the aggregate of the market value of the securities pledged to secure a pool of public funds shall be not less than 110 percent of the daily pool balance. OCGA Section 45-8-11 (b) provides an officer holding public funds may, in his discretion, waive the requirement for security in the case of operating funds placed in demand deposit checking accounts.

Acceptable security for deposits consists of any one of or any combination of the following:

- (1) Surety bond signed by a surety company duly qualified and authorized to transact business within the State of Georgia,
- (2) Insurance on accounts provided by the Federal Deposit Insurance Corporation,
- (3) Bonds, bills, notes, certificates of indebtedness or other direct obligations of the United States or of the State of Georgia,
- (4) Bonds, bills, notes, certificates of indebtedness or other obligations of the counties or municipalities of the State of Georgia,
- (5) Bonds of any public authority created by the laws of the State of Georgia, providing that the statute that created the authority authorized the use of the bonds for this purpose,
- (6) Industrial revenue bonds and bonds of development authorities created by the laws of the State of Georgia, and
- (7) Bonds, bills, notes, certificates of indebtedness, or other obligations of a subsidiary corporation of the United States government, which are fully guaranteed by the United States government both as to principal and interest or debt obligations issued by the Federal Land Bank, the Federal Home Loan Bank, the Federal Intermediate Credit Bank, the Central Bank for Cooperatives, the Farm Credit Banks, the Federal Home Loan Mortgage Association, and the Federal National Mortgage Association.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 2. CASH EQUIVALENTS, DEPOSITS AND INVESTMENTS (Continued)

Cash Equivalents and Deposits

Cash equivalents consist of bank checking, savings, money-market accounts, and certificate of deposits.

Custodial credit risk-deposits and investments

Custodial credit risk is the risk that in the event of bank failure, the District's cash equivalents and deposits may not be returned to the District. At June 30, 2012, the District had deposits with a carrying amount of \$274,027,000 and a bank balance of \$281,183,000. The bank balance was entirely covered by Federal depository insurance, by collateral held by the District or the District's agent in the District's name, or by a multiple financial institution collateral pool authorized by the State of Georgia that insures public deposits.

The District has no custodial credit risk since there are no uncollateralized or uninsured securities not in the District's name.

Investments

As of June 30, 2012, the District's investments included \$11,040,942 in an investment pool account called Georgia Fund One, the combined state general fund and local government investment pool managed by the Office of the State Treasurer. On that date, these funds had a weighted average maturity of 48 days. Additionally, the District has \$30,500,000 in certificate of deposits, which are held at various institutions and are fully insured as of June 30, 2012. These investments are reported as cash equivalents.

Credit Risk

The District's investment policy is to apply the prudent investor rule which states "investments shall be made with judgment and care, under circumstances when prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the primary objective of safety of capital as well as the objective of obtaining a market rate of return."

The policy of the District is to invest funds with larger banking institutions which are able to collateralize the public funds at 110%. Any bid to purchase securities must be from a broker/dealer who is a member of the NASD and SIPC and have a major presence in the metropolitan area.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 2. CASH EQUIVALENTS, DEPOSITS AND INVESTMENTS (Continued)

The District's investment in Georgia Fund One, the State of Georgia Investment Pool, was rated AAAm by Standard & Poor's. The Treasurer of the State of Georgia is the oversight agency for Georgia Fund One.

Concentration of Credit Risk

Concentration of credit risk is defined as investments of more than 5% in any one issuer. Georgia Fund One is excluded from the requirement of disclosing concentration of credit risk.

However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as on investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal(\$1 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$ per share. As of June 30, 2012, the District considers amounts held in Georgia Fund 1 as cash equivalents for financial statement presentation.

Interest Rate Risk

In accordance with its investment policy, the District will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market, and investment operating funds primarily in money market funds or similar investment pools and limiting the average maturity in accordance with the District's cash requirements.

Foreign Currency Risk

The District is not authorized to invest in investments which have this type of risk.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 3. NON-MONETARY TRANSACTIONS:

The District received food commodities from the United States Department of Agriculture (USDA) for school breakfast and lunch programs. **See Note 1 – Inventories**

Note 4. CAPITAL ASSETS:

The following is a summary of changes in the capital assets during the fiscal year:

	Balance June 30, 2011			Balance June 30, 2012	
Governmental Activities					
Capital Assets, Not Being Depreciated:					
Land	\$ 106,923,000	\$ 8,047,000	\$ -	\$ 114,970,000	
Construction In Progress	97,942,000	144,248,000	(143,157,000)	99,033,000	
Total Capital Assets Not Being Depreciated	204,865,000	152,295,000	(143,157,000)	214,003,000	
Capital Assets Being Depreciated:					
Buildings and Improvements	1,381,731,000	147,584,000	-	1,529,315,000	
Equipment	107,543,000	9,703,000	(4,589,000)	112,657,000	
Library/Textbooks	92,379,000	9,463,000	(5,251,000)	96,591,000	
Total Capital Assets Being Depreciated	1,581,653,000	166,750,000	(9,840,000)	1,738,563,000	
Less Accumulated Depreciation for:					
Buildings and Improvements	522,570,000	42,569,000	-	565,139,000	
Equipment	82,218,000	6,590,000	(4,317,000)	84,491,000	
Library/Textbooks	65,983,000	11,351,000	(5,251,000)	72,083,000	
Total Accumulated Depreciation	670,771,000	60,510,000	(9,568,000)	721,713,000	
Total Capital Assets Being Depreciated-Net	910,882,000	106,240,000	(272,000)	1,016,850,000	
Governmental Capital Assets-Net	\$ 1,115,747,000	\$ 258,535,000	\$ (143,429,000)	\$ 1,230,853,000	

Current year depreciation expense by function for governmental activities is as follows:

Instruction	\$ 47,870,000
Pupil Services	4,292,000
Instructional Services	1,774,000
School and Administrative Services	3,318,000
Pupil Transportation	3,229,000
Maintenance and Operations	27,000
	\$ 60,510,000

Notes to the Basic Financial Statements JUNE 30, 2012

Note 5. INTERFUND ASSETS AND LIABILITIES:

Interfund receivable and payable balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All interfund balances will be paid within one year. Interfund receivable and payable balances by fund as of June 30, 2012 are disclosed in the following schedule:

	Receivable		Payable	
Governmental Funds:				
General Fund	\$	2,811,000	\$	11,987,000
Nonmajor Governmental Funds:				
Miscellaneous Grants		-		87,000
Adult Education		_		231,000
Title I		-		1,355,000
Vocational Education		-		81,000
Title II		-		362,000
Title III		-		83,000
Title IV		-		612,000
Local Schools		4,476,000		
Total Nonmajor Governmental Funds		4,476,000		2,811,000
Proprietary Funds:				
Unemployment Compensation Fund		420,000		_
Self-Insurance Fund		6,701,000		-
Flexible Benefits Fund		358,000		_
Dental Insurance Fund		32,000		
Total Proprietary Funds		7,511,000		
Total	\$ 14	,798,000	\$	14,798,000

Notes to the Basic Financial Statements JUNE 30, 2012

Note 6. INTERFUND TRANSFERS:

Interfund transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) to use unrestricted revenues in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Interfund transfers for the year ended June 30, 2012, consisted of the following:

Transfers Out:	Transfers In:	 Amount
General Fund:		
General Fund	Facility Use / Public Safety Fund	721,000
General Fund	Performing Arts / Artists at School Fund	7,000
General Fund	Tuition School / Adult High School Fund	200,000
General Fund	Self-Insurance Fund	494,000
Total General Fund		1,422,000
Nonmajor Governmental Funds:		
Student Information Systems Fund	General Fund	8,000
SPLOST II Fund	General Fund	22,234,000
District- Wide Building Fund	General Fund	1,600,000
Facility Use / Public Safety Fund	General Fund	160,000
Total Nonmajor Governmental Funds		24,002,000
Internal Service Funds:		
Dental Insurance Fund	Self Insurance Fund	3,600,000
Total Internal Service Funds		3,600,000
Total for All Funds		\$ 29,024,000

Notes to the Basic Financial Statements JUNE 30, 2012

Note 7. RISK MANAGEMENT:

The District is self-insured for all claims under general liability, vehicle accidents and workers compensation. The District maintains as policy for excess workers compensation. The District is commercially insured for property, contents and boiler and carries fidelity bond coverage for employee dishonesty, in addition to a state-mandated Superintendent's bond and school principals' bond.

Premiums are paid into Internal Service funds by user funds and are available to pay claims and administrative costs of the program and establish claim reserves. These interfund premiums are recognized as revenue in the internal service funds. Actuarial analysis provides estimated ultimate losses for workers compensation and automobile liability, which are then converted to present values using an interest rate of 3%.

Estimated claims for the next fiscal year total \$1,888,000 and the non-current liability for succeeding years is \$4,421,000.

Claims at Beg		nated Unpaid s at Beginning Fiscal Year				Claim Payments	Estimated Unpaid Claims at End of Fiscal Year		
2011	\$	8,856,000	\$	1,800,000	\$	(4,744,000)	\$	5,912,000	
2012	\$	5,912,000	\$	3,534,000	\$	(3,137,000)	\$	6,309,000	

Note 8. SHORT-TERM NOTES:

In February 2011, the District issued \$62,000,000 in revenue anticipation notes in order to continue construction of new schools, school additions, and school renovations. The notes bear interest at a rate of 1.5% and were due on December 29, 2011. The District repaid the notes with proceeds from a local option sales tax collected in calendar year 2011. The principal and interest payment on December 29, 2011 totaled \$62,824,000.

The following represents the activity related to short-term notes during the fiscal year ended June 30, 2012.

Beginning						
Balance	Additio	ns	Deletions	Ending Balance		
\$ 62,000,000	\$	-	\$62,000,000	\$	-	

Notes to the Basic Financial Statements JUNE 30, 2012

Note 9. LONG-TERM OBLIGATIONS:

Fiscal year 2012 long-term obligations are as follows:

					Current		Long-term	
	 Balance 5/30/2011	Added	Retired	Balance 6/30/2012		mounts Due		nounts Due er One Year
Accrued Vacation Pay	7,733,000	2,912,000	(2,900,000)	7,745,000		2,904,000		4,841,000
Total	\$ 7,733,000	\$ 2,912,000	\$ (2,900,000)	\$ 7,745,000	\$	2,904,000	\$	4,841,000

Accrued vacation pay is generally liquidated by the General Fund.

Note 10. ON-BEHALF PAYMENTS:

The State of Georgia makes certain health insurance and pension plan payments on behalf of the District for its employees. The District records these payments as both a revenue and expenditure in the General Fund. The total of the on-behalf payments for the fiscal year ended June 30, 2012 was \$1,120,093.

Note 11. COMMITMENTS AND CONTINGENCIES:

The District makes various contractual commitments on an ongoing basis for construction and remodeling of its capital assets. The major outstanding commitments as of June 30, 2012, included the construction of three replacement elementary schools, 9th grade additions to two high schools, and additions and renovations to seven existing schools.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 11. COMMITMENTS AND CONTINGENCIES: (Continued)

As of June 30, 2012, the total contract price and expenditures to date for the largest projects were as follows:

	Contract	\mathbf{E}	xpenditures
Project	Price		To Date
Replacement - Clarkdale ES	\$ 15,906,459	\$	14,692,436
Replacement - East Side ES	17,638,981		17,638,239
Addition/Renovations - Garrett MS	8,930,126		6,961,455
9th Grade Addition - Harrison HS	15,307,405		1,035,611
Addition/Renovations - Lassiter HS	16,443,310		10,680,789
Replacement - Mableton ES	19,647,815		18,125,813
Addition/Renovations - McCleskey MS	9,393,898		8,004,290
9th Grade Addition - North Cobb HS	16,124,395		15,261,013
Addition/Renovations - Pine Mountain MS	7,329,966		6,858,175
Addition/Renovations - Pope HS	9,892,141		9,745,567
Addition/Renovations - Simpson MS	9,444,267		8,568,108
Replacement - Smyrna Area ES	20,490,974		6,427,953
9th Grade Addition - South Cobb HS	20,409,278		20,322,505
Addition/Renovations - Sprayberry HS	11,821,584		11,652,239
Addition/Renovations - Wheeler HS	22,917,870		9,445,894
Total	\$ 221,698,469	\$	165,420,087

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2012, may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 11. COMMITMENTS AND CONTINGENCIES (Continued)

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the District.

Note 12. COMPENSATED ABSENCES:

It is the District's policy to allow employees to accumulate earned but unused vacation benefits. Employees are compensated for qualifying vacation benefits upon termination of their employment with the District. A liability for these vacation benefits are accrued and include social security, medicare, and workers compensation. Employees are not compensated for sick leave benefits upon termination of their employment. Therefore, no liability is reported for earned but unused sick leave benefits.

Note 13. RETIREMENT PLANS:

Teachers Retirement System of Georgia (TRS):

Plan Description

Substantially all teachers, administrators and clerical personnel are members of this cost-sharing multiple-employer defined benefit public employee retirement system. TRS was created in 1943 by an act of the Georgia General Assembly and is administered by a ten member Board of Trustees. TRS is funded by a combination of employee, employer and State of Georgia contributions. Benefits are established by State statute and provide retirement, death, long-term disability, survivor and health insurance premium benefits. TRS issues a comprehensive annual financial report that includes financial statements and required supplementary information. To obtain a copy of the report contact the Teachers Retirement System of Georgia at Two Northside 75, Suite 100, Atlanta, Georgia 30318.

Funding Policy

Plan members are required to contribute 5.53 percent of their annual covered payroll and the District is required to contribute 10.28 percent of the covered payroll. The contribution is an actuarially determined rate. The contribution requirements of plan members and the District are established and may be amended by the TRS Board of Trustees. The District's contributions to TRS for the years ended June 30, 2012, 2011 and 2010 were \$58,155,546, \$57,920,356, and \$58,051,816 respectively, which were equal to the required contribution for each year.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 13. RETIREMENT PLANS (Continued)

Public School Employee Retirement System of Georgia (PSERS):

Plan Description

Bus drivers, maintenance, custodial, and lunchroom personnel are members of this cost-sharing multiple-employer defined benefit public employee retirement system. PSERS is administered by a Board of Trustees. PSERS is funded by employee and State of Georgia contributions. Benefits are established by State statute and provide retirement, death, longterm disability and survivor benefits. PSERS issues an annual financial report that includes financial statements and required supplementary information. To obtain a copy of the report contact the Employees' Retirement System of Georgia at Two Northside 75, Suite 300, Atlanta, Georgia 30318.

Funding Policy

Plan members are required to contribute four dollars per month for the nine month school year. The State of Georgia makes an annual contribution to PSERS based upon an actuarial calculation. The District does not make an annual contribution to PSERS. The contribution requirements of plan members and the State are established and may be amended by the PSERS Board of Trustees.

Note 14. POSTEMPLOYMENT BENEFITS:

Georgia Retiree Health Benefit Fund

Plan Description

The Cobb County School District contributes to the Georgia Retiree Health Benefit Fund (GRHBP), a healthcare plan administered by the Georgia Department of Community Health. The GRHBP is a cost-sharing multiple-employer defined-benefit postemployment healthcare plan that covers former state employees, former teachers and former public school employees who met eligibility criteria when active. The GRHPB provides health insurance benefits to eligible former employees and their qualified beneficiaries through the State Health Benefit Plan (SHBP) administered by the Department of Community Health. The Official Code of Georgia Annotated (OCGA) assigns the authority to establish and amend the benefit provisions of the group health plans, including benefits for retirees, to the Board of Community Health (Board). The Department of Community Health issues a publicly available financial report that includes financial statements and required supplementary information for the GRHBP. That report may be obtained from the Georgia Department of Community Health at 2 Peachtree Street, Atlanta, GA 30303.

Notes to the Basic Financial Statements JUNE 30, 2012

Note 14. POSTEMPLOYMENT BENEFITS (Continued)

Funding Policy

The contribution requirements of plan members and participating employers are established by the Board in accordance with the current Appropriations Act and may be amended by the Board. Contributions of plan members or beneficiaries receiving benefits vary based on plan election, dependent coverage, and Medicare eligibility and election. On average, plan members pay approximately sixty-two percent (62%) of the cost of health insurance coverage. Participating employers are statutorily required to contribute in accordance with the employer contribution rates established by the Board.

The contribution rate is established to fund both the active and retired employee health insurance plans based on projected "pay-as-you-go" financing requirements. Contributions are not based on the actuarially calculated annual required contribution (ARC) which represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The combined rates for the active and retiree contribution rates established by the Board for employees participating in the SHBP were as follows for the fiscal year ended June 30, 2012:

Certified	empl	ovees

July 2011	18.534% of covered payroll for August coverage
August 2011 - March 2012	24.00% of covered payroll for September - April coverage
April 2012 - June 2012	3.958% of covered payroll for May - July coverage
Non-Certificated Employees	
Non-Certificated Employees July 2011 - August 2011	\$246.20 per member per month

No additional contribution was required by the Board for fiscal year 2012 nor contributed to the GRHBP to prefund retiree benefits. Such additional contribution amounts are determined annually by the Board in accordance with the State plan for other postemployment benefits and are subject to appropriation.

The School District's combined active and retiree contributions to the health insurance plans, which equaled the required contribution, for the current fiscal year and the preceding two fiscal years were as follows:

Fiscal Year	Contribution	Contribution
2012	\$81,239,085	100%
2011	\$84,335,948	100%
2010	\$83,074,364	100%

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

Nonmajor Governmental Funds

Special Revenue Funds

These funds are used to account for proceeds of specific revenue sources that are legally restricted or committed to expenditures for specified purposes other than debt service or capital projects. These funds also account for receipts and expenditures of resources transferred from the General Fund where revenues are inadequate to finance specified activities.

Donations This fund is created to provide accounting of donations which are made to the District for specific purposes by individuals or organizations.

Facility Use/Public Safety

This fund is created to provide accounting of the Facility Use program which organizes the rental of school facilities during non-instructional hours to provide the community with a place to hold activities at a nominal fee and to account for funds collected for parking decals sold to students, which are used to pay for campus police officers. In addition to

parking decals sold to students, funds are transferred from the General fund.

After School Program

This fund is created to provide accounting of funds for the After School Program which utilizes designated school facilities for the purpose of providing supervision to children from school release time until 6:00 p.m. This program is self-supported from charges of daily attendance fees and non-refundable annual registration fees per enrolled child.

Performing Arts/Artist at School

This fund is created to account for funds for the Performing Arts Program which offers an opportunity for students in kindergarten through eighth grade to experience professional quality performing arts experiences. These experiences include off-campus trips to art museums, symphony concerts, ballet and theater performances, as well as in-house musical and dramatic presentations. The program is funded through voluntary student contributions and charges for participation. Artist at School fund is created to provide accounting of funds which are provided to local artists as compensation for workshops

held in the district's schools.

Tuition School/Adult High School

This fund is created to provide accounting for the Tuition School Program which provides the opportunity for students to make up school classes and provide enrichment and remedial work at various instructional levels. This program is supported by user tuition charges. This fund is created to account for funds for the Adult High School Program which provides the opportunity for students 16 years of age, and older, who are not enrolled in a regular high school, to improve their basic educational skills and work

towards high school completion.

50

Miscellaneous Grants

This fund is established to provide accounting of funds received and represent a compilation of several grants which are awarded for educational purposes.

School Nutrition

This fund is established to provide accounting of funds which are used for the operation of school lunchrooms. All lunches and breakfasts provide at least one-third of each student's nutritional needs and are available at a minimal cost. Free and reduced meals are provided for qualifying students. All lunchrooms are regularly inspected by the Cobb County Health Department and meet prescribed standards of the State Department of Education.

ARRA Grants

This fund is established to provide accounting of grant funds provided by the National Clean Diesel Campaign. This new grant promotes diesel emission reductions by retrofitting diesel engines with emissions controls. This program allows the District along with Georgia Institute of Technology to utilize emerging technologies to meet critical local air quality needs at a faster pace.

Adult Education

This fund is established to provide accounting for grant funds via the Georgia Department of Technical and Adult Education which are used to educate adults and is a part of the national effort to ensure that all adults are literate and able to compete in the global economy.

Psycho Education Center

This fund is established to provide accounting for grant funds via the Georgia Department of Education which are used to provide appropriate education for students identified as severely emotionally behavior disordered, or autistic.

Title I

This fund is established to provide accounting of Title I funds which are provided as part of the No Child Left Behind Act of 2001. This act provides federal funds through the Georgia Department of Education to local school districts to help disadvantaged children meet high standards. The goal is to have a quality education for all children by having local schools and state departments work together.

Special Education

This fund is established to provide accounting of federal revenues received to provide programs for direct and related support services for handicapped children.

Vocational Education

This fund is established to provide accounting of federal grant revenues provided for career training and opportunities to students

Title II

This fund is established to provide accounting of federal categorical grant funds which flow through the Georgia Department of Education to our school district. The funds are used to advance teacher quality through professional learning, preparation, recruitment and retention as well as upgrading teachers' skills in science and math through training.

Homeless Grant

This fund is established to provide accounting of funds for federal categorical grant funds which flow through the Georgia Department of Education and are used to provide educational services to homeless children.

Learn and Serve

This fund is established to provide accounting of grant funds received from Learn and Serve America which is a program of the Corporation for National Community Service (CNCS). These funds provide opportunities for integrating community service projects with classroom learning.

Title III

This fund is established to provide accounting of federally funded grants for programs that support Limited English Proficiency (LEP) students and their families, through language instructional programs. These programs include community participation programs, family literacy services, parent outreach and training activities to improve the English language skills of limited English proficient children and assistance for parents in helping their children to improve their academic achievement.

Title IV

This fund is established to provide accounting of federal categorical grant funds which are directly funded from the U.S. Department of Education and may flow through the Georgia State Department of Education. The funds are used to promote the Safe and Drug Free Schools Program, the Mentoring Program and the 21st Century Community Learning Centers Program for students in our schools.

Local School Funds

This fund is established to provide accounting for local school resources generated through ticket sales, commissions, vending, donations, etc. in which the administration has a material degree of involvement. These revenues have been committed by the Board for use by local principals to benefit students and faculty subject to District policy.

Capital Projects Funds

These funds are established to provide accounting for financial resources to be used for the acquisition and construction of major capital facilities. The District has three nonmajor funds used for those purposes; the Special Purpose Local Option Sales Tax II Fund, the District-Wide Building Fund, and the Student Information Systems Fund.

Internal Service Funds

These funds are established to account for the financing of goods or services provided by one department to other departments on a cost-reimbursement basis. The District has five individual funds in the Internal Service Funds category. The Unemployment Compensation, Self-Insurance and Dental Insurance Funds are used to account for the District's self-insurance programs. The Flexible Benefits Fund accounts for the District's cafeteria plan of flexible benefits. Purchasing and warehousing costs are allocated to users through the Purchasing/Warehousing Fund.

Fiduciary Funds

These funds are established to account for assets held by the District as a trustee or agent. The District has two individual Agency Funds, the Student Activity Fund and the Payroll Withholding Fund. The funds are used to account for assets held by the District as an agent for special school groups and clubs and for salary withholdings collection agencies.

STATISTICAL SECTION

(Unaudited)

This part of the District's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the District's overall financial position.

Contents:

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance has changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's major revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current level of outstanding debt and the District's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain staffing, key operating statistics, comparisons and capital asset data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Sources:

Unless otherwise noted, the information contained here is derived from comprehensive annual financial reports for the indicated years. The District began implementation of GASB Statement No. 54 as of July 1, 2010.

- 1) Nonspendable Fund Balance Noncash assets, such as inventories and prepaid items.
- 2) Restricted Fund Balance Funds with limitations imposed on their use by external restrictions.
- 3) Committed Fund Balance Amounts that can only be used for specific purposes pursuant to a formal vote of the Cobb County Board of Education.
- 4) Assigned Fund Balance Amounts designated by the Board of Education for specific purposes.
- 5) Unassigned Fund Balance Residual, spendable fund balance after subtracting categories listed above.

⁽a) Implementation of GASB Statement No. 54: Fund Balance Reporting and Governmental Fund Type Definitions began July 1, 2010. Statement No. 54 provides clarification and transparency to fund balance classifications. The new standard changes overall definitions and classifications of governmental fund balance. Prior to these classifications, fund balance was separated into two groups, Reserved and Unreserved. Under GASB No. 54,the District's fund balance is classified as follows:

Note: Prior to 2008, the property digest for debt service of school bonds included properties annexed by the City of Marietta which were no longer taxed for general operations but were still taxed for unpaid school bonds issued before the date of annexation.

Taxes levied for debt service were discontinued in July, 2007 after bonds were fully paid in fiscal year 2007. Prior to 2008, Maintenance and Operations were included in the bonds amount; therefore, in 2008 through 2012, only the M & O is reflected.

Property Taxes - Assessments are based on 40% of the appraised market value by law as of January 1 each year.

School tax, by law, cannot be greater than 20 mills per dollar for the support and maintenance of education.

Concluded.

Note: Year represents the year during which the school was initially opened and utilized for instructional purposes but does not reflect the most recent year of subsequent additions, improvements or renovations, if any, to the facility.

- (a) Clarkdale destroyed by flood fall 2009. Students housed at other schools; enrollment recorded as Clarkdale.
- (b) Barnes Center students reported in their home school. Facility is now Lindley 6th Grade Academy.
- (c) Hawthorne enrollment is included with HAVEN @ Fitzhugh Lee after 2010.
- (d) Operated by a non profit, enrollment reported by CCSD; buildings do not belong to CCSD.

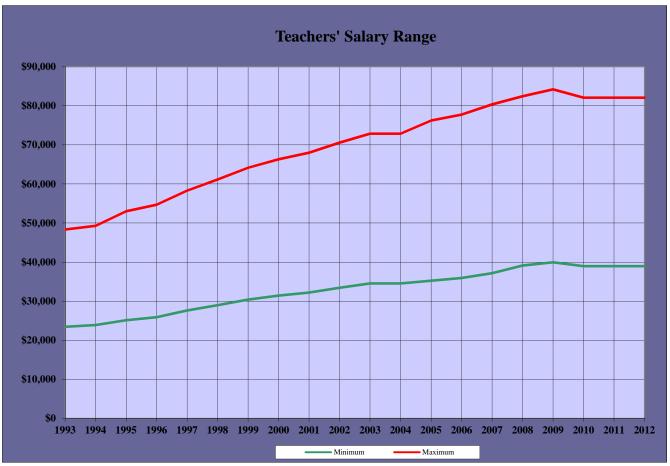

^{* 2012} data reflects the new Five-Year Local Facilities Plan approved by the Board on May 17, 2012. The 2012 - 2016 Local Facilities Plan has been approved by the Georgia Department of Education and validated by a Facilities Survey Team as required by State BOE rules.

⁽a) Occupied year represents the year during which the school was initially opened and utilized for instructional purposes but does not reflect the most recent year of subsequent additions, improvements or renovations, if any, to the facility.

⁽b) Clarkdale destroyed by flood fall 2009. Students housed at other schools; enrollment recorded as Clarkdale.

⁽c) Performance Learning Center is housed at Oakwood.

⁽d) Hawthorne Center enrollment is included with HAVEN Academy @ Fitzhugh Lee.

⁽e) Operated by a non-profit. Enrollment reported by CCSD; buildings do not belong to CCSD.
