PARENT MENTORS

SUPPORT. ADVISE. EDUCATE.

Cobb County School District partners with the Georgia Department of Education to participate in the Georgia Parent Mentor Partnership. Our Special Education Parent Mentors work with the families of students with disabilities and schools to support educational success. As parents of children with disabilities themselves, they use their knowledge and experience to help others, like you.

StacyGreene@CobbK12.org

Samira.RobinsonHubbard@CobbK12.org

How can we help you?

Our goal as Parent Mentors is to build a collaboration between home, school, and community that leads to greater achievement for students.

Ways we can provide support:

- Provide engagement strategies to facilitate communication between parents and educators
- Listen and provide confidential support to families on an individual basis
- Provide information on special education topics
- Support families in planning transitions from preschool to high school and beyond
- Link parents to support groups and resources
- Host informational talks, workshops and events for families and educators
- Provide connections to local services and organizations that support students with disabilities
