

### **RISING 9<sup>TH</sup> GRADE REGISTRATION INFORMATION:**

Congratulations, your student has officially begun the journey to becoming a Lassiter Trojan! The purpose of the **Course Registration** process is to allow students to select classes for the upcoming academic term. Course selection for the 2026-2027 school year should be based on your student's interests, academic goals, and the requirements for high school graduation. The registration process helps ensure that students are enrolled in the necessary courses to fulfill state and school district requirements, prepare for college or career, and explore subjects that align with personal interests.

Course registration is an essential step in academic planning. It helps manage class sizes, schedule teachers, and allocate resources effectively. The courses students select allow them to stay on track for graduation while balancing core subjects with electives and extracurricular activities. It is important that students and families do their research and select courses carefully. Course registration for the next school year MUST be completed with a parent or guardian.

**The registration form will open at 8:00AM on Friday, March 6 and will close at NOON on Friday, March 13. This is a firm deadline.**
