The 2018 Tax Digest figures presented are estimates based upon work performed up to this date.

This projection does not include estimates for motor vehicles, mobile homes, public utilities etc.

Each year, the tax digest is reduced to some degree due to the appeals process. Given that we are raising a considerable number of values, the amount of appeals and resulting adjustments could rise.

The values being presented are assessed values. The assessed value is 40% of Fair Market Value.

Appraisal Staff is still reviewing data from sales, permits, personal property returns, etc., that may significantly affect the final 2018 tax digest!

Tax Digest - 2018

The commercial mainly in/around Cumberland.

Many residential properties will see a value increase.

Strong home market + new construction = strong increases.

HB 202 requirements on BOE decisions.

Value Change Data Estimates -

Commercial - 3,100 Notices increasing values

Residential - 138,000 Notices increasing values

We need help from the county, cities, and schools to insure that all advertisements and public hearings are conducted in accordance with state law and that all required documents are provided by the normal deadline.

FY2018 Original Budget	\$38,841,213		
FY2018 Revised Budget	\$38,841,213		

Revenue Description: Property tax collected for registering and titling motor vehicles. Existing vehicle owners, prior to March 2013, have the option to continue to operate under the ad valorem or "birthday" tax system and pay the annual taxes with their birthday being the due date. The Title Ad Valorem Tax or TAVT was introduced in the 2013 Georgia Legislative Session. TAVT eliminates the "birthday tax" or the motor vehicle ad valorem tax for new or used vehicle purchases as of March 2013. A one-time TAVT will be collected by the county tax commissioner before a new title is issued and the vehicle is registered. Ad Valorem Vehicle Revenue is estimated to decline due to the attrition of qualifiers for this form of taxation. This decline will be offset with the increase in TAVT collected by all subsequent new/used vehicle sales. The local portion of TAVT collections increased from 45.61% to 51.58% in calendar year 2018.

<u>Calculations</u>: FY2019 revenue is based on the average rate of collections from the three most recent completed fiscal years. This rate is then applied to the collections from the current fiscal year (FY2018) to determine the projected FY2019 revenue.

Revenue Description: The Administrative Claiming for Education (ACE) program is a Medicaid program administered through the Children's Intervention School Services Office in conjunction with the Georgia Department of Community Health. This program allows the district to be reimbursed under the Federal Medicaid program for portions of administrative costs associated with providing school-based health services. The program was discontinued in FY2008, but started again in FY2012.

<u>Calculations</u>: FY2019 revenue is based on the average rate of collections from the three most recent completed fiscal years. This rate is then applied to the collections from the current fiscal year (FY2018) to determine the projected FY2019 revenue.

Revenue Description: The Schools and Libraries Universal Service Support Program, commonly known as the E-rate program, helps schools and libraries obtain affordable telecommunications services, broadband internet access and internal network connections. Funding may be requested under five categories of service: telecommunications, telecommunications services, internet access, internal connections, and basic maintenance of internal connections. Discounts for support depend on the level of poverty and whether the school or library is located in an urban or rural area. The discounts range from 20 percent to 90 percent of the costs of eligible services. Most E-rate funding will be received in the form of a discount in FY2019.

E-rate	(\$2,646,227)	\$0	\$2,646,227

The schools and libraries universal service support program, commonly known as the E-rate program, helps schools and libraries to obtain affordable telecommunications services, broadband Internet access and internal network connections. Funding may be requested under five categories of service: telecommunications, telecommunications services, Internet access, internal connections, and basic maintenance of internal connections. Discounts for support depend on the level of poverty and whether the school or library is located in an urban or rural area. The discounts range from 20 percent to 90 percent of the costs of eligible services. E-rate will provide reduced funding for voice service in FY2015 and continue phasing out funding for voice services until it is eliminated. E-Rate was previously budgeted as a revenue line, but will now be received as credits to bills/invoices.
