Community service hours are earned for activities in which you participate outside of the normal school day. Do								

Community service hours are earned for activities in which you participate **outside** of the normal school day. **Do not** report community service hours for being a team manager at NCHS if you earn a letter as manager. If I can't read it, I can't verify it! Any unverifiable hours may be deducted and if reported hours are deemed fraudulent then all hours on that form may be disregarded. Hours must be reported and turned in by the deadline each school year and **no hours for prior years will be accepted**. Summer hours may be turned in when you return to school in the fall. If form is not filled out completely it will be returned to you for completion. Parent signatures will not be accepted as sponsor.

I have read, understand, and will abide by the rules stated above. _____________
