Seniors please make sure you download the CTLS Learn app through the App Store/Google Play App (search CTLS Learn). This app will allow you to receive one way communication/notifications from your teachers and administrators. Important senior information will be shared via CTLS and student email address. It is important that you check CTLS and your student email regularly to ensure you have all needed information for senior year.

STUDENT SCHEDULES

Student schedules for fall semester will be published to StudentVUE and ParentVUE tonight, Tuesday, July 25th. Students who feel they are incorrectly placed in a class will need to discuss placement with the assigned teacher on the first day of school. Teachers will have student schedules and transcripts at that time and will be able to submit a course request change on the student's behalf if the teacher agrees the student is misplaced.

PARENTS OF RISING 9TH GRADERS

The Harrison STEM Program offers project-based learning that provides engaging, authentic lessons built around STEM careers that are already in high demand and projected to grow in numbers, earning potential, and need over the next several years. The unique aspect of the Harrison STEM program lies in the potential for our students to earn post-secondary credits towards their general course of study and professional certifications with successful completion of program requirements. This is a targeted program that has a specific curriculum outline that begins with the first semester of freshman year. We have a few spaces still available for rising 9th graders only.

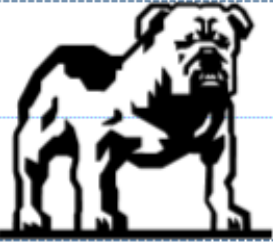

If you have a RISING 9th grade student who may be interested in learning more, please contact Nancy.Curran@cobbk12.org.

For additional information regarding the STEM program, please visit this site [here](#).

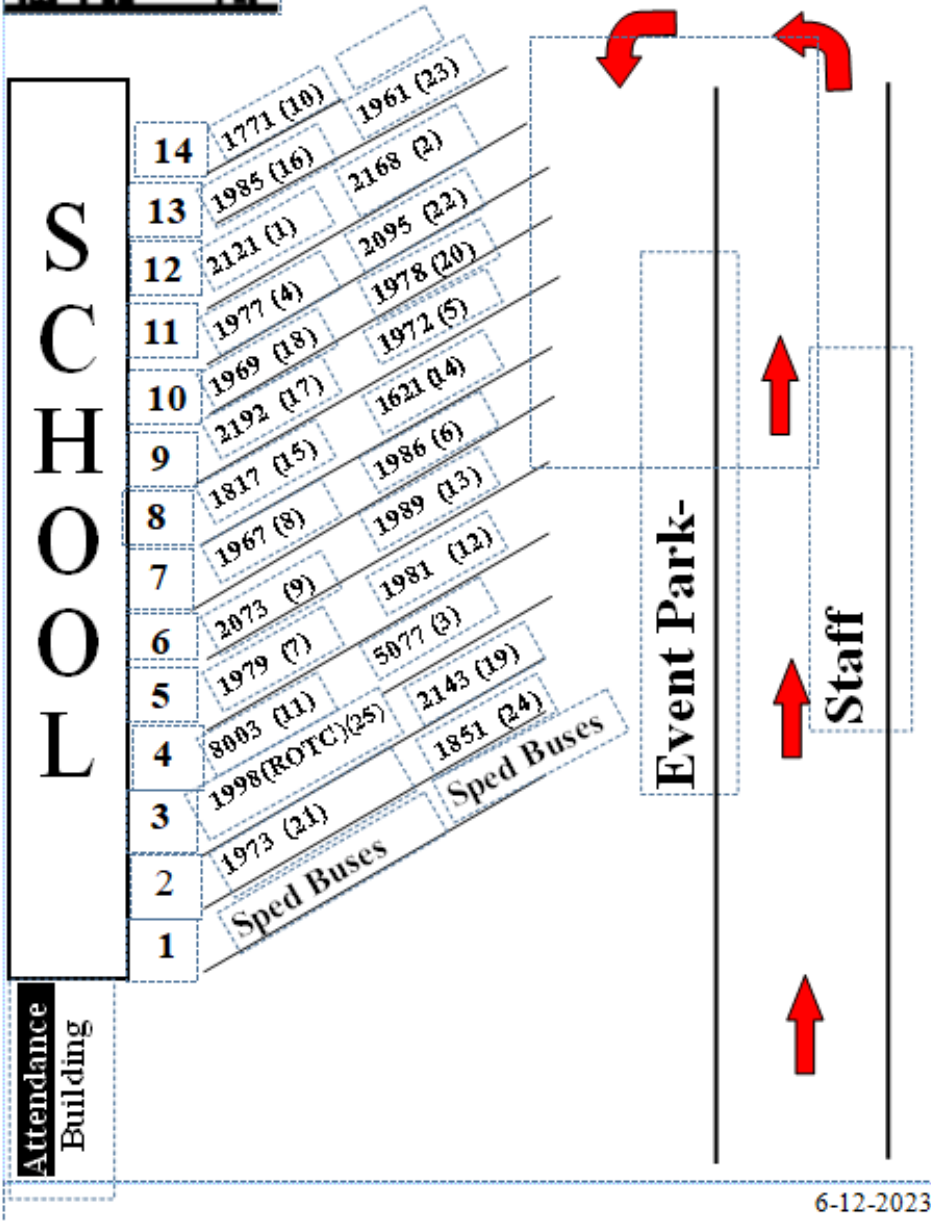

BUS INFORMATION

If you have questions about where your student's bus stop is located, what time pick up is, etc., please click [here](#) to access the County's system. Below you will find the lane assignments at Harrison for all our buses. Please ensure your student knows his/her bus number and the lane in which that bus parks.

***Please note that buses are assigned to a lane, but not to the front or back of that lane. If your student can't locate the correct bus, it is likely in the back of the lane.**
