

# EcoScience

Love 2 Learn

## NEW ECO-SCIENCE AFTERSCHOOL PROGRAM

A dynamic and interactive program to transition the best helpers into independent leaders/entrepreneurs with take home projects.

Semesters will include three \*Themes for ultimate engagement and challenge. Whether students are beginners or seeking a challenge, we will provide customized lessons and take-home projects for each theme. Students will have fun, learning lifelong skills in our interactive Eco-Science program.

### \*Themes

**Craft & Create** – Students will learn craftsmanship and creation techniques by building and taking home one item such as a car, bird house, possession keeper, and gadgets.

**Culinary** - Students will explore cooking measurements, ingredients, tools/ techniques with optional/nut free class tastings and take-home recipes.

**Piggy Bank** – Students will learn principles of saving and spending money with interactive purchasing exercises. Students will receive a piggy bank to take home.

**Farm 2 Table** – Students will learn gardening techniques/tools, seasonal crops and start a garden to take home and love.

**Stitch & Style** - Students will discover sewing techniques like close/open loops and complete a pillow, emoji-con, t-shirt and other projects to take

**BELLS FERRY**

WEDNESDAYS, 2:45-3:45PM \$185 (PAYMENT PLAN)
