Members of the Cobb County Board of Education Citizens of Cobb County, Georgia

I am pleased to present to you the Cobb County School District budget for FY2013. The preparation of this budget has required input from all levels of the organization on how to best educate our students. It has been developed to accomplish our highest priorities through the most efficient and effective use of available resources. Cobb County Schools are among the strongest in the state and the nation in academic performance, as evidenced by students consistently outperforming their peers at both the state and national levels on standardized tests. In fact, by practically any standard used to measure educational quality, Cobb County schools excel.

Cobb County School District Strategic Plan

The improved performance of all students and district alignment to support that performance is guided by a strategic plan that provides overall direction to the school district and serves as the foundation for monitoring student success and district accountability. Each year, the plan is updated and will continue to evolve into an integrated management tool reflective of the Board of Education's constancy of purpose and well as the Board of Education's innovative flexibility.

The CCSD Strategic Plan delineates the goals of the Board of Education with a greater emphasis on the measurement of outcomes. This updated strategic focus places emphasis in three critical areas: process, people, and performance.

BOARD OF EDUCATION

Scott Sweeney, Chairperson • David Morgan, Vice Chairperson
Kathleen Angelucci • David Banks • Alison Bartlett • Lynnda Eagle. • Tim Stultz

Millage Rate Information and Comparisons

Property Taxes are levied on real and personal property. Based on values assessed as of January 1 each year, taxes are levied using a "millage rate" which taxes citizens based on \$1 per \$1,000 of assessed property value.

The General Fund Millage School Tax Calculation

The following is an example of how FY2013 Cobb County School Taxes are calculated for a \$206,700 home (Median Home Value in Cobb County. Source: U.S. Census Bureau 2010 American Community Survey):

General Fund Millage	<u>Item</u>
\$206,700	House assessed at Fair Market Value
<u>X</u> .40	40% Assessment Rate
\$82,680	Assessed Value for Tax Purposes
<u>(\$10,000)</u>	Homestead Exemption
\$72,680	Tax Base for Property Tax
X 18.9 mills	Millage Rate
\$1,374	General Fund School Taxes

Metro Atlanta School Tax Comparison

Taxes levied on real and personal property, based on values assessed as of January 1 each year. FY2013 Property Tax revenue is based on a millage levy currently of 18.9 mills. The following are Metro Atlanta comparisons of proposed millage rates, homestead exemptions and taxes on a \$206,700 home:

School Locality	Standard Homestead Exemption	Tentative General Fund Millage Rate	Tentative Bond Millage Rate	Taxes on a \$206,700 Home
Atlanta (APS)	\$30,000	21.640	0.100	\$1,145
Cobb	\$10,000	18.900	0.000	\$1,374
DeKalb*	\$12,500	22.980	0.000	\$1,613
Fulton*	\$2,000	18.502	0.000	\$1,493
Gwinnett	\$4,000	19.250	1.300	\$1,617

^{*}Based on FY2012 (2011 Digest) millage. Districts have not determined FY2013 millage.

On March 22, 2012 the Board approved the declaration of excess proceeds from SPLOST II. The excess proceeds equal to 1.00 mills to allow the millage rate to be reduced from 19.9 mills to the rate imposed in FY2012: 18.9 mills. The approximate value of the excess declaration is \$20,269,817.

County School District Student Achievement

Seniors in the class of 2012 posted an overall score of 1520 in SAT test. This is 68 point higher than the State's score of 1452, and 22 points higher than the National average of 1498. The SAT is designed to predict a student's potential for success in the first year of college. Seven Cobb high schools had an increase of more than ten points in the SAT total over last year.

SAT Total Score

Year	2002	2003	2004	2005	2006	2007	2008	2009	2010	2011	2012

Georgia	980	984	987	993	1477	1472	1466	1455	1451	1445	1452

In all subject areas of ACT, an assessment measures high school students' overall educational development and their preparedness for core college classes, Cobb's scores exceeded those to the State and national in all sections.

GENERAL FUND BUDGET HIGHLIGHTS

FY2013 Budget Development Process

The budget development process incorporated participation by many levels of the organization. The Board and the Budget Administrator's Committee met to arrive at a FY2013 tentative budget. The School District encouraged public input by scheduling a Public Hearing on the FY2013 Budget and posting information on the internet at address: http://www.cobb.k12.ga.us; also a memo is provided to all libraries and media centers in the county to instruct citizens how to access the budget via the internet.

The following is a summary of FY2013 General Fund Budget Projections:

FY2013 General Fund Budget Estimates

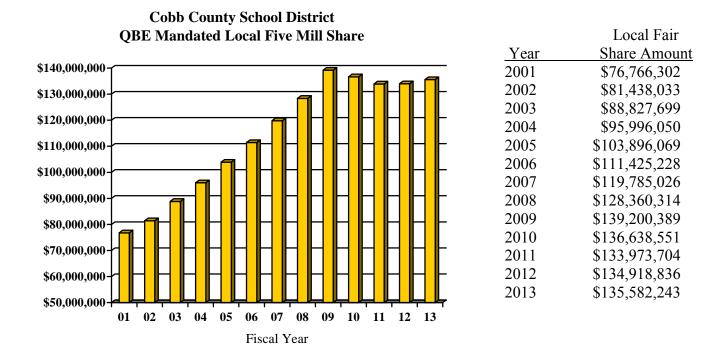

FY2013 Projected Revenue	\$820,773,005
FY2013 Projected Expenditures	\$849,027,242
Difference	\$28,254,237

The District will use \$28.2 million funds reserved in prior year to help offset the deficit.

State of Georgia Quality Basic Education (QBE) Local Five Mill Share

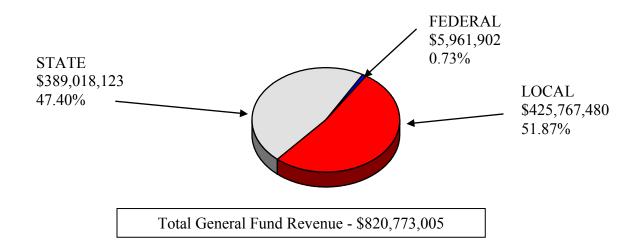

Each year, Cobb County School District will receive an amount of State funds that is the QBE program cost for the system minus the Local Fair Share amount. Local Fair Share is the amount of money equal to the amount that can be raised by levying five (5) Mills on the forty (40)

percent equalized property tax digest. The State requires that local school districts make this levy before state funding can be received. The graph and data chart present a history of Cobb's Local Five Mill Share.

General Fund Revenue

The General Fund is the District's general operating fund and is used to account for all financial transactions except those required to be accounted for in another fund. The General Fund has three main sources of revenue: (1) State QBE funds – Education funding from the State of Georgia based on student counts and miscellaneous formulas (2) Local Property Taxes – Taxes that comprise the majority of local revenue for school districts in Georgia (3) Federal revenue – Revenue from the Federal Government such as ROTC Instructor reimbursement and administrative handling fees for the coordination of Federally funded programs.

General Fund Expenditures

The General Fund FY 2013 budget allocates funds to many different functions to pay salaries, fringe benefits, contract services, supplies/instructional materials, utilities, and equipment with a major emphasis directed toward the needs of student classroom instruction. The Cobb County School District is labor intensive with most of the budget earmarked for employee salaries and fringe benefits.

Function Instruction Pupil Support Services Improvement of Instructional Services Educational Media Services General Administration School Administration Support Services – Business Maintenance & Operations	FY2013 Budget \$607,926,546 \$ 17,551,041 \$ 22,443,699 \$ 14,440,461 \$ 7,822,683 \$ 50,952,082 \$ 4,085,060 \$ 59,541,249
Student Transportation Central Support Services Community Services Capital Outlay Transfers Debt Services Total	\$ 45,774,354 \$ 15,915,165 \$ 68,170 \$ 17,983 \$ 2,488,749 \$ 0 \$849,027,242

For school years 2010 through 2013, House Bill 908 amends Article 6 of Chapter 2 of Title 20 to temporarily waive expenditure controls relating to direct instruction, media center costs, staff and professional development costs and additional days of instruction. The direct instructional costs include State salaries, retirement, and health insurance costs for classroom teachers and paraprofessionals, as well as instructional materials and supplies.

Included in the State revenue is \$10,344,209 earmarked for media salaries, benefits, and library books (Function 2220), \$2,086,695 for staff development (Function 2210), and \$5,023,719 for transportation (Function 2700). The District also gets supplemental funds based on House Bill 280, which was introduced and approved in 2009, to provide differentiated compensation for math and science teachers. The balance of state funding can be used to supplement local funds to pay for all indirect instructional costs which include all costs designated in all functions except those specifically mentioned above. Any costs above those funded by the state in all functions are funded with local dollars. The General Fund budget was developed using projected student counts and personnel requirements. No inflation factor was considered during budget development. Note that vacancies/unfilled positions and the over collection of revenues create extra funds in the budget called lapse.

CAPITAL PROJECTS HIGHLIGHTS

Capital Projects are budgeted on a per project basis for construction operations and on a fiscal year basis by the Financial Services Division. After the School Board and public approve a capital spending project, capital project funds are budgeted and balances are carried over from year to year until the projects are complete. For FY1998 and beyond, the State of Georgia Legislature approved the use of a 1% sales tax for school districts (SPLOST – Special Purpose Local Option Sales Tax).

(SPLOST II) – Timeframe January 2004 through December 2008

On September 16, 2003, Cobb County citizens voted to continue SPLOST funding for another five years. The passage of this sales tax will assist the school district in meeting the additional classroom, equipment and technology needs of a growing school district.

County Wide Building Fund

The Countywide Building Fund is a multi-year capital outlay fund with the majority of available funds received from the 1995 Bond Fund after all Bond project commitments were completed. Revenues also include interest income, state capital outlay funds, extraordinary income such as catastrophic insurance claims, and construction related grants through the CCPS Education Foundation. Expenditures in the Countywide Building Fund include leased portable classrooms, small construction projects of an emergency nature, or large capital needs resulting from catastrophic events.

DEBT SERVICE FUND HIGHLIGHTS

The Debt Service Fund was established to track the accumulation of funds to pay long term debt. School buildings were previously funded through the use of bond issues and repayment of these bonds occurred by establishing a debt service millage rate. In January 2007, the District made the final principal and interest payments associated with all outstanding bond debt. A balance of \$395,859 remains in this fund. During the May 22, 2008 meeting, the Board chose to designate the remaining Debt Service Fund balance to provide solutions for improving student information system.

OTHER FUND HIGHLIGHTS

Federal Funds, Self-Supporting Funds, Internal Service Funds and Special Revenue Funds comprise a small percentage of the total budget. Final Federal and State allocations for FY 2013 are not available at this time. Federal/State budgets for next year are based on current levels of funding or the most current information available.

SUMMARY

In preparing this budget, extreme care was taken to minimize cuts involving classroom instruction and student achievement. The proposed budget reflects the mission of the Cobb County School District to create and support pathways for success. For School Year 2013 we continue to face the economic impacts from the decreasing of local property tax revenue, the persistent State Austerity cuts, the mandated Local Fair Share tax contribution growth, and the increase of employee health insurance costs which place significant challenges upon the budget to maintain control of spending within the limits of available funds. The proposed budget is a prudent plan that balances the many needs of our students with the economic realities of our community. I look forward to your discussion and support of the FY 2013 Budget.

Respectfully,

Michael Hinojosa, Ed.D.

Tim Stultz began his first term on the Board of Education in January 2011. Tim is a graduate of Georgia's public school system, and believes that public education continues to open doors for our children to go on to live successful lives. He is an IT business analyst, with previous experience as a project manager. After graduating from Salem High School in Rockdale County, he earned his Bachelor's degree in Electrical Engineering from The Georgia Institute of Technology in 2004. Tim has been married to his wife, Jodi, since 2006. They have two young children, Mackenzie and Sean, who will be starting school in the next few years. They have been members of the Smyrna and Mableton communities since 2004. Tim is a strong advocate of accountable and transparent government, and enjoys providing public service. He believes that the school board must work directly with the community and other elected officials to create an effective environment that will allow students to succeed.

David Morgan • **Post 3 – Vice Chairman**dmorgan.boardmember@cobbk12.org | 404-702-1857

David L. Morgan began his first term on the Board of Education in January 2009. He is an educator and advocate for children. After spending more than a decade as a teacher, Morgan made history in November 2008 by becoming the first African-American male to be elected to the Cobb County Board of Education, and he did so in his first attempt at a public office. A native of Atlanta, Morgan earned an undergraduate degree in Political Science from Grambling State University in 1993 and a Master of Arts degree in Early Childhood Education from Clark Atlanta University in 1996. He began his teaching career with Atlanta's Head Start program in 1994, and began teaching English at Decatur High School in 1996. While teaching at Decatur, he founded I AM, Inc., a nonprofit organization that provided tutoring, enrichment and mentoring services to more than 500 youths between the ages of five and 16. The highlight of Morgan's teaching career occurred during his tenure at the Knowledge is Power Program (KIPP) Academy in Atlanta, where he taught Reading and Language Arts. While at KIPP, Morgan emerged as the only teacher in the entire school to receive an excellent rating for his teaching ability by an independent panel of international evaluators. He later rose to become principal of the charter school and is credited with maintaining academic excellence amid the many challenges the school and its students faced. He is particularly proud of the fact that his school earned state recognition for the greatest gain in CRCT scores during the 2004-2005 school year. Morgan later taught at Lindley Middle School after KIPP closed due to a lack of funding. Morgan is the 2005 recipient of the NAACP's Education Award. His community involvement includes membership with Alpha Phi Alpha Fraternity, Inc., the Cobb County NAACP, and he is a member of the Advisory Board for the Cobb County Youth Center. Morgan also spent six years as a Little League baseball coach for DeKalb County's Gresham Park. Married to State Representative Alisha Thomas Morgan since 2003, he is the proud father of Rashaan Khalil (13) and Lailah Camille (1).

David Banks began his first term on the Board January 2009. David is an Information Technology consultant for the McKesson Corporation and previously owned his own Computer Hardware & Software company for 25 years in Marietta. David was born in Atlanta and has lived in East Cobb since 1969. David has been married to his wife, Kay Hardin Banks, for 44 years and they have four children; two graduated from Walton High School and two graduated from Pope High School. Their youngest daughter died from Cystic Fibrosis in August 1998. David and Kay have five grandchildren, two who are now attending Cobb County schools. David attended Ben Hill Elementary School and Southwest High School ('57). David obtained a BBA ('68) and a MBA ('71) from Georgia State University with a major in Management. David has been an active member of the Cobb County Republican Party since 1992 and has held various elected and appointed offices. David and Kay are active members of Johnson Ferry Baptist Church. David was a charter member of the Cobb County School Blue Ribbon Committee serving a three-year tenure. David enjoys growing vegetables, building RC airplanes and taking cruises with friends. David's objective, as a Board member, is to move the Cobb County School System to a first-class 21st century organization where the best and latest technology tools are effectively used to enhance student achievement, to be aware of employees needs, and fulfill the community expectations.

Alison Bartlett • Post 7 • Chair abartlett.boardmember@cobbk12.org | 404-702-9291

Mrs. Bartlett became involved with Cobb County Schools in 1999. She has worked as a parent volunteer and was named Volunteer of the Year in 2005 at Cheatham Hill Elementary School. She has been elected twice to Cheatham Hill's School Council and also has served on the Lovinggood School Council. Mrs. Bartlett also served on Cheatham Hill's Educational Foundation. In its first year, the Foundation successfully raised funds to replace equipment for two playgrounds. Mrs. Bartlett also worked with a group of parents to help form the Cobb Chapter of Georgia Association for Gifted Children, serving on the executive board. In this capacity, she has worked with the school district's financial, administrative, and advanced learning program staff to strengthen opportunities for students. In recognition of her leadership, she was appointed to serve on the Governor's Panel on Gifted Education in 2006. Mrs. Bartlett attended the University of Alabama and graduated with a degree in Civil Engineering. She worked for Proctor & Gamble, and later with JA Jones Construction. Mrs. Bartlett and her husband, Rick, have lived in Marietta since 1987. In 1994, Mrs. Bartlett left her full-time work as an engineer to be a stay-at-home Mom. Alison and Rick have four children: a 9th grader, 7th grader, 4th grader, and 1st grader. Mrs. Bartlett has demonstrated a passion for children, a passion for her community, and a passion for service. She demonstrated the ability to understand the needs of students, the needs of the district, and how to work to be a positive voice for change in Cobb County. Mrs. Bartlett's passion for education led her to return to the work force as a math teacher. She is currently teaching 9th grade math at Chapel Hill High School in Douglas County.

EXECUTIVE SUMMARY FY2013 BUDGET DEVELOPMENT PROCESS (Continued)

BUDGET PROCESS SUMMARY

The budget preparation process extends for a period of approximately twelve months beginning on July 1. All funds are budgeted by the district on an annual basis. The fiscal year (July 1 through June 30) budget must be submitted to the seven members of the local Board of Education prior to June 30 for legal adoption.

The Budget Administrators Committee meets to develop a proposed balanced budget for submission to the Board of Education. A balanced budget is a financial plan in which projected income and other revenues, combined with unrestricted fund balances, equals, or exceeds, the amount proposed to be spent. Budget sessions with the Board and an official public budget meeting are conducted. Following the public hearing, the Board legally adopts the budget. The budget is prepared according to the Georgia Department of Education (GDOE) format and submitted for formal approval. The GDOE generally approves the budget in November; however, school districts are permitted to expend funds on a conditional basis until final State approval is received.

The local Board of Education may legally amend the budget at any time during the year, but must obtain the approval of the Georgia Department of Education for any amendment which exceeds five percent of the State approved budget at the state functional series level. No public funds may be expended until the local Board has approved the budget. The District prepares the budget on a modified accrual basis whereby revenues are generally recognized when susceptible to accrual and expenditures are recognized when related fund liability is incurred. Federal and state grants (excluding QBE) and property taxes with related interest and penalties received within sixty days after year-end are recognized as revenues prior to receipt for budgetary purposes.

EXECUTIVE SUMMARY FY2013 BUDGET PROCESS ADMINISTRATION

FY2013 BUDGET COMMITTEE

The Budget Committee is charged with the responsibility of reviewing all budget requests for improvements to the proposed budget, in addition to the continuation budget prepared by the Financial Services Division. The Committee reviews budget documentation received from teachers, principals, central office staff, department heads, board members and Budget Steering Committee members. Input is also received from the general public as presented at the public hearing. The public hearing is held prior to adoption of the final budget. The Budget Committee members for the preparation of the 2012-2013 budget were as follows:

Budget Committee Members:

Board of Education
Dr. Michael Hinojosa, Superintendent
Alice Stouder, Deputy Superintendent Leadership and Learning
Mike Addison, Chief Financial Officer
Dr. Michael Shanahan, Chief Human Resources Officer
Christopher Ragsdale, Chief Information Officer
Judi Jones, Chief Accountability and Research Officer
Jay Dillon, Director of Communications
Mandy Wissing, Director of Budgeting Services & Capital Project

BUDGETING SERVICES

Budgeting Services is responsible for coordinating the Budget Process. Information is compiled from all levels of the organization and is organized for decisions by the Budget Committee and the Board of Education.

Budgeting Services Members:

Mandy Wissing, Director of Budgeting Services & Capital Projects David Baker, Local School Budget Supervisor Amy Chang, Financial Analyst Mandy Mattison, Accounting/Budget Analyst Kerry O'Malley, Budget Coordinator Martha Marler, Budget Coordinator Pamela Houston, Budget Technician

EXECUTIVE SUMMARY FY2013 BUDGET DEVELOPMENT CALENDAR

The budget preparation process extends for a period of approximately twelve months beginning in July. All funds are budgeted by the district on an annual basis. The fiscal year (July 1 through June 30) budget must be submitted to the local seven-member Board of Education prior to June 30 for legal adoption. The following are the major budget process elements included in the school district budget process:

Budget Process Elements/Timeframe Prepare Budget Analysis and gather Budget-related information (<i>July-Feb</i>)	Process Descriptions Prepare budget calendar and budget procedures Prepare preliminary budget forecast Gather budget balancing information (Schools/Depts) Prepare district personnel allotment projections Prepare operational department projections Prepare revenue projections Prepare revenue/expenditure estimates (Other Funds)

Budget Input from Cobb County Citizens (April/May)	Board of Education gather input from Citizens
Budget Board Markup Meetings and Tentative Board budget approval (<i>May</i>)	Board of Education reviews proposed budget Board of Education adopts a tentative budget
Final budget approval by the Board of Education (<i>June</i>)	Board of Education approves final budget

The Budget Administrators Committee and the Budget Steering Committee met to arrive at a tentative budget for submission to the Board of Education. The public is notified that copies of the proposed budget are placed on the internet and the public budget meetings are advertised via newspaper advertisement. Work sessions with the Board and an official public budget meeting are conducted. At the next scheduled Board meeting after the public hearing, the Board legally adopts the budget. The budget is prepared according to the Georgia Department of Education format and submitted for formal approval by the State Board of Education. The State Board generally approves the budget in November; however, school districts are permitted to expend funds on a conditional basis until final state approval is received. The local Board of Education may legally amend the budget at any time during the year, but must obtain the approval of the Georgia Department of Education for any amendment which exceeds five percent of the State approved budget at the State functional series level. No public funds may be expended until the local Board has approved the budget.

The District prepares the budget on a modified accrual basis. Appropriations not spent or encumbered lapse at year-end. Federal and State grants (excluding QBE) and property taxes with related interest and penalties received within sixty days after year-end are recognized as revenues prior to receipt for budgetary purposes.

EXECUTIVE SUMMARY SIGNIFICANT CHANGES IN THE BUDGET PROCESS AND/OR BUDGET POLICIES

The development of the FY2013 Budget is a planned, orderly process, which prioritizes budget requests using available resources.

The budget process includes the estimation of revenues to fund the necessary operating expenditures of the School District. Decisions on the appropriation of funds were made after input was received from individuals both inside and outside the school system. All the technical aspects and tasks of budget development are assigned to responsible employees of the system to ensure that accounts, programs and services are reviewed, analyzed and comply with District Strategic Plan Goals (Student Achievement, Stakeholder Involvement, and Accountability).

As part of the budget development process, administration gathered information and budget requests from all levels of the organization. In the FY2013 budget, student enrollment, including charter schools and pre-K, is estimated to be 106,591.

The District's careful implementation of significant spending cuts and service reductions over the past three years, along with prudent management of federal stimulus dollars, has left the

District in a better financial position than many had anticipated in this difficult economic climate. As a result, the District plans to use \$28.3 million in revenue reserve to offset the shortfall in revenue.

Each school district functional area (school or department) has a detailed budget designed to carry out their operations. All functional areas are required to review each of their revenue and expenditure accounts. FY2013 system-wide school district staffing estimates and requirements were also reviewed as part of the budget balancing process. Administration evaluated and prioritized school district budget balancing ideas.

The Board met several times and tentatively approved the FY2013 Budget on April 26, 2012. The Board held a public hearing for the budget on May 7, 2012, and approved the final budget on May 21, 2012. Prior to the public hearing, the FY2013 Budget was made available on the Internet for public review at address: http://www.cobbk12.org/centraloffice/finance/budget.aspx.

EXECUTIVE SUMMARY EXPLANATION OF ALLOCATION OF HUMAN AND FINANCIAL RESOURCES BUDGET ASSUMPTIONS/INITIATIVES AND CONSTRAINTS

The operating budget was developed in conformance with budget guidelines developed by the Budget Administrator Committee. These guidelines are divided into different sections, which include assumptions and constraints.

I. ASSUMPTIONS/INITIATIVES

A. Enrollment - The enrollment projections for the forthcoming school year are submitted by the Planning Services to the Financial Services Division by November 30th of each year. These projections are used to prepare the proposed expenditure budget. The proposed State revenue is calculated using the current year enrollment and estimated growth based on the realized growth from the previous year. The methodology of forecasting is to review the historical trends in enrollment data at each grade level for each school. In addition, the projections took into consideration the data contained in the recent Enrollment Growth Study that was developed for the Cobb County School District by McKibben and Cropper, as well as a review of the Cobb County Government data (2030 Comprehensive Plan), and housing and population data provided to the District by Metro Study Inc. The following table presents the past five year active enrollment data and projection for the future years:

Five Year History	FY2008	FY2009	FY2010	FY2011	FY2012
Enrollment	106,056	105,742	106,488	106,836	106,502
Growth Rate	-	(0.29%)	0.70%	0.33%	(0.31%)

Five Year Projection	FY2013	FY2014	FY2015	FY2016	FY2017
Enrollment	106,591	106,912	107,446	107,983	108,522
Growth Rate	0.08%	0.30%	0.50%	0.50%	0.50%

- B. <u>Personnel</u> The teacher, paraprofessional, counselor, media specialist, assistant principal and clerical needs are determined based on the enrollment projections and the personnel allotment formulas. Personnel needs are analyzed so that existing as well as projected new students are served according to state and local mandates. The teacher/paraprofessional allotment formulas comply with state mandated maximum average class size. The formulas also comply with accreditation agency requirements such as the Southern Association of Schools and Colleges.
- C. Economic Factor In some years, an inflation factor is determined by the Budget Committee based on the Consumer Price Index as published by the Bureau of Labor Statistics with consideration given to local economic conditions. Because of current economic conditions which affect the school district's ability to balance the budget, an inflation factor is not used in budget development. Generally, operating budgets are continued unless there is a new approved school district project or initiative. Individual account estimates (utility rates, etc.) are developed by contacting outside entities to ensure that the District final budgets are as realistic as possible.

EXECUTIVE SUMMARY EXPLANATION OF ALLOCATION OF HUMAN AND FINANCIAL RESOURCES BUDGET ASSUMPTIONS/INITIATIVES AND CONSTRAINTS (continued)

- D. <u>American Recovery and Reinvestment Act (ARRA)</u> The Federal Stabilization Funds and the Stimulus Funds ended in FY2011.
- E. <u>Lapse Analysis</u> Budgets are developed each year using a realistic approach. In spite of this approach, there are accounts that finish the year under-budget. This under-budget amount is referred to as lapse. This can happen for a variety of reasons such as budgeting insurance for employees, but for some reason the employee does not request insurance or they end up being included on their spouse's insurance program. In both of these cases, the budget is not utilized and these funds revert to fund balance at the end of the year. Lapse can also occur as a result of over or under collections of revenue. Because of the District's realistic budget approach, the effect of lapse on the district fund balance should be minimal.
- F. Formula Driven Budget A formula driven budget is prepared by the Finance Division using the enrollment projections and personnel allotments furnished by Leadership & Learning Division to determine availability of funds for improvement and new programs. Only the longevity step increase is used for personnel salary calculations. Existing program appropriations are evaluated and one time costs are eliminated.
- G. <u>Student Supply Allocations</u> FY2013 Elementary schools are allotted supplies at the rate of \$32 per student. Middle schools are allotted supplies at the rate of \$40 per student. High schools are allotted supplies at the rate of \$48 per student.
- H. <u>Salary Improvements</u> Salary improvements are recommended based on the proposed State increase with adjustments as specified in the system's goals and objectives as approved by the Board.
- I. <u>Program Evaluation</u> New programs are recommended for consideration in the enhancement budget and are considered based on their contribution to district-wide and school-level objectives.
- J. <u>Equipment</u> Equipment, furniture and vehicle budgets are zero-based each year. All new and replacement equipment must be itemized and will be considered individually by the Budget Committee.
- K. <u>Facilities</u> Renovations of existing facilities and new facilities to be constructed are funded through the Special Purpose Local Option Sales Tax (SPLOST). Renovations to school facilities such as HVAC units, roofs, painting, etc. impact the General Fund. Because of these new items and new product efficiencies, there is a reduced need for increased general maintenance budgets in the General Fund. All General Fund maintenance accounts are reviewed annually to estimate and budget this savings.

EXECUTIVE SUMMARY EXPLANATION OF ALLOCATION OF HUMAN AND FINANCIAL RESOURCES BUDGET ASSUMPTIONS/INITATIVES AND CONSTRAINTS (continued)

L. <u>Student Transportation</u> – Transportation is provided to students and is partially funded using State categorical grant funding and local property taxes. Each year, the number of bus drivers and buses is analyzed based upon the projected number of students that the district will have to serve.

M. Financial Impact of Non-Routine Capital Expenditures

School District building square footage is reviewed each year to account for new schools and classroom additions. Additional maintenance budgets are requested each year to provide for building maintenance (general maintenance supplies, custodians, etc.). Utility companies are contacted annually to ascertain the most current rate estimates. These estimates are used to budget utilities (existing buildings and new schools) for the new school year.

N. Fringe Benefit Estimates for FY2013

FRINGE BENEFIT	FY2013 PROJECTION
Group Insurance - Certified	18.534% of Gross Salary
Group Insurance - Classified	\$446.20 per month
Social Security	6.20% of Gross Salary
Medicare	1.45% of Gross Salary
Teacher's Retirement System	11.41% of Gross Salary
(Certified, Administrators, Clerical, Aides)	
Unemployment	\$45 – Annual Employee Cost
Workers Compensation	
Teachers, Administrators, Clerical, Aides	0.35% of Gross Salary
Bus Drivers	2.68% of Gross Salary
All Other	1.97% of Gross Salary

II. CONSTRAINTS

- A. <u>State Revenue</u> The school district is experiencing revenue gaps in State funding. New and existing programs mandated by the State may not be fully funded and must be supplemented locally. The local fair share deducted from State revenue further reduces the State funds available to the district. The FY2013 local 5 mill share is budgeted at \$135.5 million dollars.
 - B. <u>Local Tax Revenue</u> For FY2013, the Cobb County School District is estimating a property tax digest decline of 2.0 percent. The budget contains an increase in the millage rate from 18.9 mills to 19.9 mills. The Board approved the declaration of SPLOST II excess proceeds equal to 1.0 mills to allow the millage rate to be reduced to 18.9 mills, the rate imposed in FY2012.
- C. <u>Uncommitted Fund Reserve</u> For cash flow purposes (Payroll and Vendor Payments), a minimum one month cash reserve is recommended by the Financial Services Division. Current Board Policy directs the District to maintain a minimum unassigned general fund balance less encumbrances equivalent to a range of 30 to 55 days of annual expenditures.

FUND DESCRIPTIONS

- The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *Special Revenue Fund* is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
- The *Debt Service Fund* accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.
- The Capital Project Fund accounts for financial resources used for the acquisition and construction of major capital facilities.
- The *Internal Service Fund* is used to account for the financing of goods or services provided by one department to other departments on a cost-reimbursement basis.

EXECUTIVE SUMMARY DISCUSSION OF SIGNIFICANT EVENTS AND INITIATIVES

Board Approved Fiscal Year 2013 Budget

The Cobb County Board of Education approved the budget for Fiscal Year 2013 during a special called meeting Monday, May 21. The Board backed a revised budget recommendation by Superintendent Dr. Michael Hinojosa that includes three furlough days, a 177-day school year and no changes to elementary school media paraprofessional positions. The \$841.9 million budget is based on a projected enrollment of 106,591 students in the new school year.

The Board and Dr. Hinojosa initiated the budget development process earlier than in previous year, to provide the District with ample time to address budget concerns and acquire input from staff and the community.

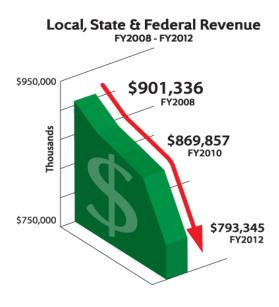

Faced with a shortfall in excess of \$60 million due to continued decreases in local property tax revenue and state funding cuts, the Board approved the following spending reductions and measures to balance the FY13 budget:

- Increased class sizes by 2 students (at all grade levels)
- Reduced school year from 180 days to 177 days
- 3 furlough days for all employees
- Delayed step increase for eligible employees to mid-year
- Use \$20.4 million in SPLOST II excess funds to lower the property tax millage rate
- Use \$28.2 million in reserve funds to help offset deficit

The FY2013 budget goes into effect July 1, 2012.

What Factors have contributed to the Budget Situation?

• Continued decrease in revenues from local property tax collections

EXECUTIVE SUMMARY DISCUSSION OF SIGNIFICANT EVENTS AND INITIATIVES (Continued)

- 'Austerity' cuts in state education funding; \$72 million in Fiscal Year 2012, \$353 million in lost revenue since Fiscal Year 2003. These cuts force the District to locally absorb costs once funded by the state.
- State-mandated "Local Fair Share" tax contribution has grown from \$81.4 million in 2002 to \$134.9 million in 2012
- Increased employer contributions to employee health insurance, teacher retirement system
- End of Federal 'stabilization' funding

State Austerity Budget Cuts

Prior to the FY2013 budget, the State of Georgia faced difficult financial challenges. State revenue growth was not keeping pace with rising expenditures, forcing the State legislature to cut programs and reduce operating costs by enacting austerity budget cuts. Each year, beginning in FY2003, these austerity budget cuts have reduced the amount of state education funding the District receives, with additional, unplanned mid-year austerity budget cuts being applied in fiscal years 2004, 2009 and 2010. State austerity budget cuts are expected to continue into FY2013 and are budgeted at \$72 million.

The State austerity reductions to Cobb County School District history from FY2003 and projection of FY2013 are listed below.

Expenditure Comparison

How Does Cobb Compare in Spending?

Compared to the average school system in Georgia, Cobb County spends less on operational costs and more on student instruction.

EXECUTIVE SUMMARY DISCUSSION OF SIGNIFICANT EVENTS AND INITIATIVES (Continued)

The Cobb County School District was mentioned in an Atlanta Journal-Constitution article dated January 19 for having the fewest central office positions per 1,000 students when compared with other metro area districts. Fulton and Dekalb were the highest at 18.5 and 15.5, respectfully; Gwinnett had 6.1 positions and Cobb was the lowest at 5.8 positions. According to Dekalb's consultant, the number should be close

to 12 central office positions per 1,000 students. The article's statement is consistent with the expenditures reported on the State Report Card published by the Governor's Office of Student Achievement each year.

As seen in the table below, Cobb's general administrative costs, \$83 per full time equivalent (FTE), is significantly lower than the other districts. Cobb has also continued to be at the top when comparing the per FTE expenditures on Instruction.

EXECUTIVE SUMMARY EXPLANATION OF COMMUNITY FINANCIAL AND DEMOGRAPHIC INFORMATION

Location and History

Located just across the Chattahoochee River from Atlanta, Cobb County is a dynamic community of more than 690,000 residents and total house units around 286,000. Cobb County covers 340.2 square miles and has six municipalities: Acworth, Austell, Kennesaw, Marietta, Powder Springs and Smyrna.

Cobb County, Georgia was officially organized in 1832 and named in honor of Thomas Willis Cobb who was a U.S. representative, U.S. senator and Supreme Court judge. The county was created from its neighboring county, Cherokee, by an act of the General Assembly.

A railroad from Marthasville (now Atlanta) to Chattanooga was completed in 1850. This railroad line was the first route from the South to the West and Cobb County flourished due to a depot in Marietta. During the Civil War, Cobb County was used as a base of operations by General Sherman. After the war, Cobb County suffered due to a depressed farm economy and low-wage industries. The county was transformed in 1942 when Bell Aircraft opened an assembly plant to build B-29 bombers. The Bell Aircraft facility is now the home of Lockheed-Martin Aeronautical Systems Company.

Since World War II, Cobb County's population has grown steadily. As newcomers flocked to the county, the population became more diverse. Less than half of Cobb's residents are native Georgians. It is the fourth most populous county in Georgia. Given its relatively small size, Cobb is the second most densely-populated county in the state.

Community Economic Condition and Outlook

Cobb County is located in the northwest quadrant of the Atlanta metropolitan area, one of the country's top growth areas. Metropolitan Atlanta is a national center for finance, transportation, distribution and communications. These factors, coupled with a mild climate, beautiful natural environment, affordable housing and a first-class international airport help to consistently place Atlanta at or near the top of surveys identifying the most desirable U. S. cities in which to locate a business.

Cobb County is a leader among the metropolitan counties in all economic areas. In fiscal year 2010 (most recent figures available), Cobb County had one of the metropolitan area's highest media household incomes at \$59,896. With a diversified economy, many national firms are well represented in Cobb County, as are a growing number of international businesses. Reversing a ten-year steady trend of increases, in fiscal year 2012, the County's gross digest decreased by 5.7% over the 2011 digest as compared to a decrease of 8.6% the previous year and a total decrease of 10.7% over the last five years. This was a reflection of the nationwide erosion of real estate values during the recent economic downturn. The unemployment rate is about 8.5 percent. We expect continuing challenges in the near future due to depressed real estate values as well as other key local tax revenue items.

Profile of Cobb County School District

Cobb County School District is one of two public school districts located in Cobb County, Georgia. The District serves the entire County area with the exception of the City of Marietta, which has its own independent school district. It provides a program of public education from kindergarten through grade twelve. The purpose and responsibility of the District is to provide a thorough and efficient educational system for the children enrolled in public schools within its boundaries whereby each child has access to programs and services that are appropriate to his or her educational needs.

The Cobb County School District is the second largest school system in Georgia and the 25th largest in the United States. The kindergarten through 12th grade student population is approximately 107,000. The District is governed by a Board of Education consisting of seven members elected from seven county posts. Members serve four-year terms and each year a chairman and a vice-chairman are appointed. The Board appoints a Superintendent to oversee the day to day administration of the School District.

Parental and community involvement is a hallmark in the District, as demonstrated by 100% PTA participation in many schools, the addition of School Councils and the Partners in Education Program - a joint effort with Cobb Chamber of Commerce – which supports school-business partnerships in every Cobb school.

With approximately 13,500 employed the School district is the largest employer in Cobb County. Salaries range from \$38,958 for a beginning teacher with a bachelor's degree to \$82,088 for a teacher with 30 years of experience and a doctorate degree. Substitute teachers receive \$69 per day and Supply teachers receive \$100 per day.

The Cobb County School District received notice from the Southern Association of Colleges and Schools (SACS) affirming the full accreditation of all Cobb County schools through 2014. SACS accreditation is a critical validation of school operations, and most colleges and universities will accept only students who have graduated from a SACS-accredited school.

The Cobb County School District first earned district-wide accreditation in 2004 and was one of the first three school systems in the nation to receive the designation. SACS, paired with the North Central Association Commission on Accreditation and School Improvement (NCA CASI) and the National Study of School Evaluation (NSSE) comprise the AdvancED organization, which seeks to help schools and school systems improve student success through a stringent set of standards.

CAPITAL PROJECTS FUNDS

the: The Georgia Legislature passed a law allowing school districts to establish a one-cent sales tax that would be used for capital projects or debt retirement. The passage of this sales tax assists the school district in building new schools, supplying additional classrooms and equipment and technology needs of a growing school district.

Cobb County Citizens voted to approve SPLOST 1 (1999-2003), SPLOST 2 (2004-2008). SPLOST 3 was approved on September 16, 2008 for another five year plan starting from January 1, 2009.

IOWA TEST OF BASIC SKILLS (ITBS)

Fall 2011 (Latest available scores)

Administration of the Iowa Tests of Basic Skills (ITBS) allows the district to compare the performance of students to that of other students across the nation who took the same test at the same time of year. Core subjects tested by the ITBS include Reading, Language Arts, and Math.

Cobb County students again topped national averages on the ITBS and posted increases in percentile rank scores in the Fall 2011 test. ITBS results are particularly helpful in identifying reading or math skills where students may need additional instruction; by administering the test in the Fall, teachers have time to work with students before Spring CRCT testing begins.

"The ITBS scores are a good indication that our students are receiving competitive instruction by national comparison," said Superintendent Dr. Michael Hinojosa. "The gains in Math, Language Arts and Science are especially encouraging as these academic areas play an increasing role in school performance measures."

The ITBS is a norm-referenced test that ranks student performance according to percentiles. For example, a student in the 75th percentile scored equal to or better than 75 percent of all students across the nation who participated in the ITBS at the same grade level.

CRITERIAL REFERENCE COMPETENCY TESTS (CRCT)

Spring 2012 (Latest available scores)

Georgia law (O.C.G.A. §20-2-281) provides legislation for the development and administration of Criterion-Referenced Competency Tests (CRCT) to measure student acquisition of the knowledge and skills set forth in the Georgia Performance Standards (GPS). The CRCT testing program serves a dual purpose – to provide a diagnosis of individual student and program strengths and areas of improvement as related to instruction of the GPS, and a measure of the quality of education in the state. O.C.G.A. §20-2-283 states that no third grade student will be promoted to the fourth grade if the student does not achieve grade level performance on the third grade CRCT in Reading and no fifth or eighth grade student will be promoted to the next grade if the student does not achieve grade level performance on the CRCT in Reading and Mathematics. Tests were administered in April in the content areas of Reading, English/Language Arts, Mathematics, Science, and Social Studies to students enrolled in grades three through eight.

The scale score range for the CRCT is 650 to 900 or above. Scores are reported in three performance levels: Does Not Meet (650-799), Meets (800-849), and Exceeds (850 and above).

At the District level, the percentage of students meeting or exceeding standards was higher than the State percentage in every content area and grade level.

The percentage of all students in Cobb meeting or exceeding standards was the same or higher than last year across all grades and content areas with the exception of 3rd Grade Science, where there was a decline of 1%.

GEORGIA HIGH SCHOOL GRADUATION TEST (GHSGT)

As part of the statewide testing program, 11th grade students are administered the GHSGT each spring. They are tested in four subject areas — English Language Arts, Mathematics, Science and Social Studies — and each section must be passed to earn a Georgia high school diploma. Scores range from 100 to 300 with 200 as a passing score in English Language Arts, Science and Social Studies. The scores for Math range from 400 to 600, with 500 as passing. Results for the System, metro area (RESA—Regional Educational Service Agencies) and State are listed in the Table below. It is followed by Figures that display the passing percentage on each subject with five year, 2007 – 2011, progress comparison.

Schools use the GHSGT results to determine if students are well-prepared students to graduate and earn a high school diploma. Students who do not succeed on their first attempt have additional opportunities to meet the standards prior to completing 12th grade.

EXPENDITURES PER FTE

Compared to the average school system in Georgia, Cobb County spends less on operation and support, and more on student instruction.

According to the latest available State DOE Report Card, 2010-2011, Cobb County spent 74.4% of its total General Fund expenditure in instruction. The Georgia State system average is 67.5%. The following table is the presentation of K-12 expenditures in category details, by percent and per FTE (student full-time equivalency).

EXECUTIVE SUMMARY REACCREDITATION BY SACS

The Cobb County School District received official notice from the Southern Association of Colleges and Schools Council on Accreditation and School Improvement (SACS) that the school district has been reaccredited for five years. SACS accreditation is a critical validation of school operations, and most colleges and universities will accept only students who have graduated from a SACS-accredited school.

The official notice follows a comprehensive, three-day evaluation by a delegation of SACS representatives in November 2009. The evaluation team was comprised of 27 education professionals from throughout the Southeast. During the evaluation team's visit to Cobb, more than 1,200 parents, students, teachers, principals, administrators and District support staff were interviewed regarding a variety of standards and best practices. At both the district and individual school levels, the team looked closely at Vision and Purpose, Governance and Leadership, Teaching and Learning, Documenting and Using Results, Resource and Support Systems, Stakeholder Communications and Relationships, and Commitment to Continuous Improvement. SACS offers district-wide accreditation only to systems meeting the highest levels of educational quality. The final report offered numerous commendations for outstanding practices, and cited several strengths in each of the areas evaluated. Additionally, the report provided a few key recommendations for improvement. The District already has begun the process of addressing those recommendations.

EXECUTIVE SUMMARY COBB NAMED 2012 CLEAN AIR SCHOOL DISTRICT OF THE YEAR

The Clean Air Campaign has named the Cobb County School District its 2011-2012 District of the Year! As part of the program's PACE awards honoring Georgia businesses and public agencies who contribute to cleaner air in Georgia, the District was recognized for community-wide efforts to create safer and healthier campuses. Here's the good word from the Clean Air Campaign about Cobb County Schools:

Less traffic. Cleaner air.

Cobb County has had consistent participation in the Clean Air Schools program since 2008 with almost half of all schools participating in 2011-2012. Due to the county's success, representatives from Cobb County schools are invited to speak with principals from other counties about the Clean Air Schools

program. The PTA provides a high level of support, and members are invited to events every year to help identify potential carpool matches for parents.

- Nearly 50 percent of Cobb schools are registered with the Clean Air Campaign and implemented anti-idling and carpool programs this year.
- The Performance Learning Center competed and earned second place in the "Get There Green' contest encouraging carpooling. Fifty-two percent of PLC students arrive to school in carpools.
- CCSD established a district-wide anti-idling policy and promotes healthier commutes to school.
- The Transportation Department partnered with Georgia Tech for a \$1.2m EPA Diesel Emissions Reduction Act Grant (DERA) to track idling with GPS boxes and placing DMF filters on buses to improve Cobb's carbon footprint.
- Earlier this school year, 26 Cobb schools were recognized by the Clean Air Campaign for individual school programs to educate students about sustainability and air quality. The Clean Air Campaign will nominate CCSD for a National Green Ribbon School District of Excellence award as a result of the state honor.

COBB COUNTY SCHOOL DISTRICT SCHOOL DISTRICT ENTITY

Cobb County School District

The Cobb County School District is the second largest school system in Georgia and the 26th largest in the United States. The kindergarten through 12th grade student population is approximately 107,000.

Parental and community involvement is a hallmark in the District, as demonstrated by 100% PTA participation in many schools, the addition of School Councils and the Partners in Education Program - a joint effort with Cobb Chamber of Commerce – which supports school-business partnerships in every Cobb school.

With approximately 13,500 full-time employees including over 8,100 classroom teachers and 3,100 school personnel in General Fund, the School district is the largest employer in Cobb County. Salaries range from \$38,958 for a beginning teacher with a bachelor's degree to \$82,088 for a teacher with 30 years of experience and a doctorate degree. Substitute teachers receive \$69 per day and Supply teachers receive \$100 per day.

Board of Education and Administration

The Cobb County Public School District is the basic unit of governmental organization established to provide educational services to the citizens of Cobb County, Georgia, excluding the city of Marietta which operates its own school district. By Article VIII, Section V, Paragraph 1, of the Constitution of the State of Georgia, "authority is granted to counties to establish and maintain public schools within their limits." Under this legal provision, the Cobb County Schools are operated.

The school district functions under the regulation of the State Board of Education of Georgia and the State Department of Education. From these sources come standards for all educational services of the school district. Through a network of regulations and services, the State Board and the State Department of Education assist Cobb County and other Georgia school systems in the educational process at the local level.

The first recorded minutes of a governing board of schools in Cobb County are dated June 7, 1881. In that year, the schools were operated on an income of less than \$5,000. From this modest beginning has developed an educational enterprise including 114 schools serving over 107,000 students with a total annual budget over one billion in all funds.

The Cobb County Board of Education is composed of seven members who are elected to four-year staggered terms in individual posts. The Chairman and Vice Chairman of the Board are elected by a majority of the Board and serve one-year terms. The Board is mandated by the state of Georgia with responsibilities to establish general policies, approve expenditures, set the tax rate for local school funds, approve personnel appointments, make decisions on school sites and construction and appoint special consultants. The Cobb County Board of Education is elected by the public and, as such, has decision-making authority over the District. The District is not included in any other "reporting entity" as defined in NCGA Statement 3 <u>Defining the Governmental Reporting Entity</u>.

COBB COUNTY SCHOOL DISTRICT SCHOOL DISTRICT ENTITY (Continued)

The Board welcomes visitor's public input and will permit anyone to bring matters before the members. A citizen may address the Board in the Public Comments section (30-minute limit) which is held prior to the regular Board meetings.

The Board meets at 8:30 a.m. the second Wednesday and at 7:00 p.m. the fourth Thursday of each month at the central administration building, 514 Glover Street, Marietta, Georgia. There is only one Board meeting in November and December because of Thanksgiving and the Winter holidays.

The Board of Education appoints a superintendent of schools to serve as the chief administrative officer. The Superintendent is charged with administering the educational programs as authorized by the Board and directing the work of administrative and instructional personnel as they implement programs in the school district. The Superintendent and six administrative divisions: Operational Support, Human Resources, Accountability & Research, Leadership & Learning, Financial Services and Special Student Services are responsible for the administration of the school district, but final responsibility rests with the Board.

Each of the schools is administered by a principal who is charged with the responsibility of the total school operation. The schools are staffed by appropriate instructional and support personnel based on pupil enrollment. The school principal and faculty work cooperatively with instructional specialists and central administrative personnel in developing and implementing effective instructional programs in concert with quality education.

In addition to meeting established standards from local and state sources, Cobb County schools meet accrediting standards of the Southern Association of Colleges and Schools. The accreditation means that schools meet a recognized standard regarding personnel, auxiliary services, instructional programs, and physical facilities. The accreditation assures school personnel and citizens that the means are available to support a cooperative effort for quality education.

A strong concern for, and support of, education has long been a tradition of Cobb citizens. This concern has been paralleled by the quality and enthusiasm of the professional educators who work in the school system. The cooperation between local citizens and educators that has marked the success of education in Cobb County in the past will continue to increase educational opportunities for young people in the coming years.

Fund Descriptions and Basis of Accounting

The District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

COBB COUNTY SCHOOL DISTRICT SCHOOL DISTRICT ENTITY (Continued)

When budgeting for revenue and expenditures, the District uses one of two methods that the Governmental Accounting Standards Board (GASB) approved: modified accrual basis or accrual basis. Budgets are adopted on a basis other than General Accepted Accounting Principles (GAAP) as allowed by the State of Georgia. The basis of budgeting is the same as the basis of accounting used in the District's Comprehensive Annual Financial Report (CAFR) for both Governmental funds and Proprietary funds.

Governmental funds are those through which most governmental functions of the District are financed. Governmental fund types use the flow of current financial resources measurement focus and the Modified Accrual Basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined; and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues available if they are collected within 60 days after year-end. Property taxes, sales taxes and interest are considered to be susceptible to accrual. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Expenditures are generally recognized when the related fund liability is incurred, except for the principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized as expenditures to the extent they have matured.

The district appropriates budgets for governmental funds including the following fund types:

The *general fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Major revenue sources include state funding under the Quality Basic Education Act (QBE) and local property taxes. Expenditures include all costs associated with the daily operations of the schools, except for federal and state grant funded programs, school construction, debt service, lunchroom operations and interdepartmental services.

The *special revenue funds* are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District has three categories of

special revenue funds depending on the revenue source and program purpose.

- 1. Funds which are funded primarily through fees and tuitions to provide extracurricular activities and special services to the students and citizens of the District.
- 2. Funds which are funded with State revenues to provide programs and services specified by the State of Georgia.
- 3. Funds which are funded with Federal revenues to provide programs and services specified by the Federal government.

COBB COUNTY SCHOOL DISTRICT SCHOOL DISTRICT ENTITY (Continued)

The *debt service fund* accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs. The primary revenue source is local property taxes levied specifically for debt service.

The *capital project funds* account for financial resources used for the acquisition and construction of major capital facilities. The District has three funds used for that purpose: County-Wide Building Fund, SPLOST II (Special Purpose Local Option Sales Tax II), and SPLOST III Fund.

<u>Proprietary funds</u> the District appropriates budgets for proprietary funds which are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Proprietary funds include the following fund type:

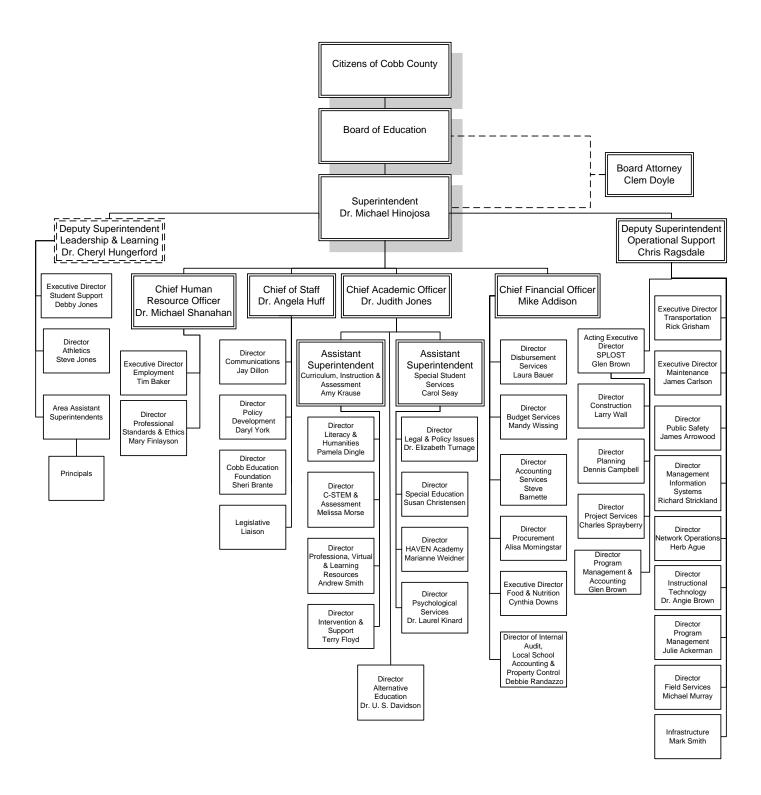

Internal service funds are used to account for the financing of goods or services provided by one department to other departments on a cost-reimbursement basis. The District has five individual funds in the Internal Service Funds category. The Unemployment, Self-Insurance and Dental Insurance Funds are used to account for the District's self-insurance programs. The Flexible Benefits Fund accounts for the District's cafeteria plan of flexible benefits. Purchasing and warehousing costs are allocated to users through the Purchasing/Warehouse Fund.

<u>Agency funds</u> the fiduciary funds report only assets and liabilities, are custodial in nature, and do not present results of operations or have a measurement focus. It focuses on net assets and changes in net assets. The District has two individual Agency funds, the Club and Class Fund and the Payroll Withholding Fund. The funds are used to account for assets held by the District as an agent for special school groups and clubs and for salary withholdings collection agencies. The District does not appropriate budgets for these funds.

ORGANIZATIONAL CHART

As of July, 2012

RELATIONSHIP OF ORGANIZATIONAL UNITS BY FUNCTION AND OBJECT

Personnel of the Cobb County School District are organizationally classified according to the function that they perform for the District. The organizational chart has been coded with the appropriate function code and a definition of those functions has been listed below.

FUNCTION

The function describes the activity for which a service or material is acquired. Functions include all activities or actions that are performed to accomplish the objectives of an enterprise. The functions of the school district are classified into five broad areas; Instruction, Support Services, Operation of Non-Instructional Services, Facilities Acquisition and Construction and Other Outlays. Functions are further divided into sub-functions and areas of responsibility.

CODE	<u>FUNCTION</u>
100	<u>Instruction</u> Activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as television, radio, telephone, and correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) which assist in the instructional process.
210	<u>Pupil Services</u> Activities designed to assess and improve the well-being of students and to supplement the teaching process. Activities include guidance, counseling, testing, attendance, social work, health services, etc. Also includes supplemental payments for additional duties such as coaching or supervising extracurricular activities.
221	<u>Improvement of Instructional Services</u> Activities which are designed primarily for assisting instructional staff in planning, developing, and evaluating the process of providing challenging learning experiences for students. These include curriculum development, techniques of instruction, child development and understanding, staff training and professional development.
222	<u>Educational Media Services</u> Activities concerned with directing, managing and operating educational media centers. Included are school libraries, audio-visual services and educational television.
230	General Administration Activities concerned with establishing and administering policy in connection with operating the Local Education Agency. These include the activities of the members of the Board of Education. Local activities in interpretation of the laws and statutes and general liability situations are charged here, as are the activities of external auditors. Also recorded here are activities performed by the superintendent, administrative support personnel and deputy, associate, or assistant superintendent having overall administrative responsibility.
240	<u>School Administration</u> Activities concerned with overall administrative responsibility for school operations. Included are activities of principals, assistant principals, full time department chairpersons and clerical staff.

RELATIONSHIP OF ORGANIZATIONAL UNITS BY FUNCTION AND OBJECT (Continued)

250 Support Services-Business Activities concerned with fiscal operation of the Local Education Agency, including budgeting, financial and property accounting, payroll, inventory control, internal auditing and managing funds. Also included are purchasing, warehouse and distribution operations, and printing, publishing and duplicating operations. 260 Maintenance and Operation of Plant Services Activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in effective working condition and state of repair. This includes the activities of maintaining safety in the buildings, on the grounds, and in the vicinity of the schools. Property insurance expenditures are recorded in this function. 270 Student Transportation Activities concerned with the conveyance of students to and from school and trips to school activities. These activities include supervision of student transportation, vehicle operation, servicing and maintenance, bus monitoring and traffic direction. Transportation insurance expenditures are charged to this function. 280 Support Services Central Office activities, other than general administration and business services. Included are personnel services, data processing services, strategic planning including research, development and evaluation on a system-wide basis; and public relations activities, such as writing, editing and other preparation necessary to disseminate information to students, staff and the general public. 290 Other Support Services All other support services not properly classified elsewhere in the 200 series. 310 School Nutrition Program Activities concerned with providing food to students and staff in a school. This service area includes the preparation and serving of regular and incidental meals or snacks in connection with school activities and the delivery of food. Activities should be recorded in Fund 600 (School Nutrition Program) except when paid by federal funds from fund 100 on behalf of the food service operation due to a shortage of funds or by special arrangement. 320 Enterprise Operations Activities that are financed and operated in a manner similar to private business enterprises-where the intent is to recover costs through user charges. Examples: Local Education Agency operated bookstore, cannery or freezer plant operation, stadium operation, etc. 330 <u>Community Services Operations</u> Activities concerned with providing community services to students, staff or other community participants. 400 Facilities Acquisition and Construction Services Activities concerned with the acquisition of land and buildings; renovating buildings; the construction of buildings and additions to buildings; initial installation or extension of service systems and other built-in equipment; and improvements to sites.

budgetary or accounting control. Transfers to other funds are recorded here.

Other Outlays Outlays which cannot be property classified as expenditures, but require

500

RELATIONSHIP OF ORGANIZATIONAL UNITS BY FUNCTION AND OBJECT (Continued)

510

<u>Debt Service</u> Outlays to retire the long-term debt (obligations in excess of one year) of the Local Education Agency. Included are payments of principal, interest and paying agents' fees. Interest on current loans (repayable within one year) is charged to function 250.

OBJECT

The object code is used to describe the service or commodity obtained as a result of a specific expenditure. There are several major object categories which may be further subdivided:

CODE OBJECT

LEADERSHIP & LEARNING DIVISION

DIVISION RESPONSIBILITIES

The Primary function of the Leadership and Learning Division is to lead the ongoing development and continuous improvement of an effective instructional program in Cobb County. The division is responsible for all facets of student performance, school leadership, leadership development, curriculum and instruction, special student services, student support, transportation, professional learning, athletics, and human resources

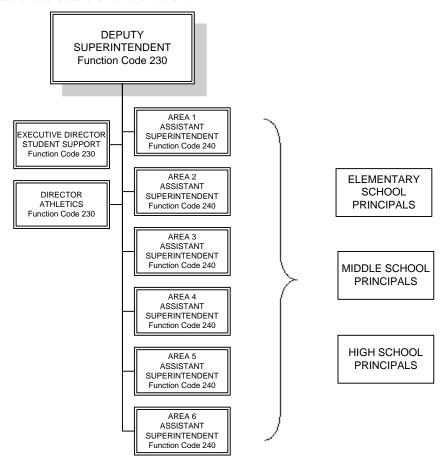

Athletics is responsible for managing interscholastic activity program in the Cobb County School System. The program provides opportunities for learning experiences in athletics which teaches attitudes of responsible team play and cooperation. It is also a vehicle for learning mental and physical self-discipline, loyalty, personal pride in the school, respect for the rights of others, and the will to win.

Area Assistant Superintendents lead principals in expeditious and sound decision making regarding the productivity, results, accountability, staffing, and continuous improvement for individual schools, both from the standpoint of learning effectiveness and operations.

Student Support is responsible for many key administrative functions in the day-to-day operation of the District including student discipline & planning, prevention/ intervention, school health services, and school social work.

DIVISION ORGANIZATION

The Leadership & Learning Division is sub-divided into functional areas of responsibility. The following chart illustrates the structure of this division:

MAJOR DEPARTMENT TASKS

The primary function of the **Area Assistant Superintendents** is to lead principals in expeditious and sound decision making regarding the productivity, results, accountability, staffing, and continuous improvement for individual schools, both from the standpoint of learning effectiveness and operations.

The main task of **Athletics** is to manage the interscholastic activity program in the Cobb County School System. The program provides opportunities for learning experiences in athletics which teaches attitudes of responsible team play and cooperation. It is also a vehicle for learning mental and physical self-discipline, loyalty, personal pride in the school, respect for the rights of others, and the will to win.

Student Support includes Prevention and Intervention, School Social Workers, and School Health services. Student Support is also responsible for advising administrators regarding student discipline issues and conducting student discipline hearings. The division also coordinates the student transfer process, provides support to school administrators in student custody, subpoenas, records requests, enrollment and attendance issues.

<u>Prevention / Intervention:</u> This program provides a system-wide student assistance program to address the needs of children involved in high-risk behaviors. The center networks with community agencies, businesses, parent groups, law enforcement departments, and social services organizations to assist in the development of healthy environments and increase effective parenting and positive life skills for students. The program provides prevention education and training, a crisis response team, parent awareness seminars, and free assessments through other agencies.

School Health Services: Student Health Services provide chronic health illnesses training for school staff; orients, trains and provides ongoing professional development for consulting itinerant and school nurses; orients and trains clinic substitutes; develops, implements and interprets procedures and forms for clinic/student health; Individualized Health Care Plan for eligible students; Section 504 plans for eligible students; monitors absenteeism and communicable illness; collaborates with Cobb and Douglas Public Health and DHR; and maintains clinic/student health statistics.

School Social Work: School Social Workers are certified professionals who provide ongoing advocacy and direct services such as groups, individual counseling, crisis intervention, and home visits to assess environmental factors and improve academic success for students. They develop and implement community resources to eliminate barriers to student achievement in areas of health, mental health, transience, and family basic needs. School Social Workers provide intensive services to address student punctuality, attendance, dropout prevention, and file truancy referrals to Juvenile Court, when necessary.

The Facility Use Department is responsible for working with non-profit community groups and sports organizations interested in scheduling activities in Cobb County School District facilities and/or on school grounds. While Cobb County School District's first priority is educating children, the District is aware of the importance of allowing community groups and sports organizations to use District facilities during non school hours. This enables schools to be utilized to their maximum potential as groups adhere to guidelines set forth by the District.

OPERATIONAL SUPPORT DIVISION

DIVISION RESPONSIBILITIES

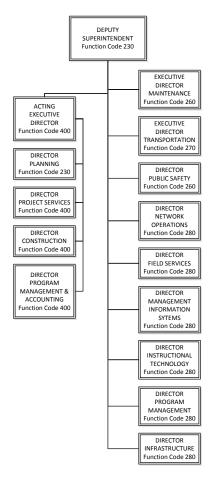

The Operational Support Division is led by the Deputy Superintendent of Operations and comprised of departments that provide the district with services and support for daily operations, technology, maintenance, transportation, public safety, planning and SPLOST initiatives.

Technology Services' mission is to provide the resources necessary to ensure all CCSD schools reach a consistent technology standard that enhances the teaching and learning process within each classroom through the effective use of technology. It also supports the operation of the district through the integration of all technologies for administrators, teachers, students and parents.

The SPLOST Program encompasses Construction, Program Management & Accountability, Project Services, Facility Use and Planning and is responsible for all aspects of the planning, implementation, and completion of all SPLOST projects and activities.

DIVISION ORGANIZATION

The Operational Support Division is sub-divided into functional areas of responsibility. The following chart illustrates the structure of this division:

MAJOR DEPARTMENT TASKS

The Deputy Superintendent of Operations is responsible for overall coordination of technology services and technology initiatives for the school district. The Deputy Superintendent of Operations is also responsible for overseeing the services and support for the district's Maintenance Services, Department of Public Safety, Transportation Services and SPLOST organization. Technology departmental major tasks include the following areas:

<u>Field Services</u> – Provides support for PC and Mac workstations, laptops, handhelds, mobile computing devices local servers, printers, copiers, phone systems, video distribution, interactive classroom equipment and the Customer Care Center (help desk). The group is also responsible for copier support, vendor management, billing and coordination of bids, RFPs and quotes.

Network Services and Security – Operation, support and design for wide area network (WAN), Data Center, and servers. Provides monitoring and reporting for network security and compliance, email and internet services for the district, wireless phone support, and data backup and recovery services. The Disaster Recovery and Business Continuity team is also part of Network Services and has the responsibility for recovering services in the event of a disaster.

<u>Management Information Systems</u> - Support and software development and reporting services for the district's applications, including: Financials, Student Information Systems, Human Resources/Payroll, Help Call System, Data Warehouse, Academic Portal and other mission critical applications.

<u>Infrastructure Team</u> – Responsible for design, implementation and support of fiber optic cabling for network refresh and maintenance at all schools including all infrastructure cabling, switches and network closets. Supports and maintains audio visual equipment and manages technology hardware warranty/parts. Manages the district's phone service, including VoIP migration.

<u>Instructional Technology</u> – Responsible for instructional technology professional development, creating curriculum for and teacher implementation of the technology standards for students, eighth grade technology literacy assessment (NCLB) program. Also responsible for submitting and monitoring goals of the GaDOE required District Technology Plan, evaluation and selection of district provided technology resources, and the Title IID and recurring instructional software budgets.

<u>Technology Program Management</u> – Provides program and project management for the District's technology programs and initiatives including implementation of new technology applications and equipment such as the District's gradebook application, equipment implementation and refresh for computers, printers, copiers, audio-visual hardware and interactive devices. Responsible for local/long distance and wireless phone billing oversight and reconciliation, phone line and phone feature ordering, cell phone and smartphone distribution and support. Manages vendor relationships, bid, RFP and quote coordination, budget planning and e-Rate filing and reimbursement.

The **Public Safety Department** provides a safe and secure environment for all students and staff. Security programs are developed and maintained by Public Safety for all schools, school system facilities and property. Law enforcement officers are provided for the schools and they monitor overall safety of school campuses.

The **Maintenance Services Department** provides this support through a staff of 17 administrators, supervisors, and clerical personnel and a work force of 143 hourly employees. The department's primary objective is the maintenance of existing facilities, their grounds, and equipment not under manufacturer's warranty. These responsibilities involve 126 schools and support facilities that encompass 3,073 acres throughout Cobb County.

The majority of support and repair requests submitted to Maintenance Services fall within the following areas:

- Heating and air conditioning
- Plumbing
- Electrical
- Paint touch-up
- Minor carpet and floor tile repair
- Security & fire alarm systems
- Intercom systems
- Custodial equipment

- Carpentry
- Roofing
- Grounds
- Glass replacement
- Keys and locks security
- Clocks
- Indoor environmental quality issues

Maintenance Services also supervises vendor contracts related to pest control, waste management, the cleaning of 113 portables, elevator maintenance, and fire extinguisher servicing, as well as supporting Food and Nutrition Services with repairs, maintenance, research and installation of its equipment. Lastly, the department supports 566 custodians including evaluating their cleaning effectiveness, making equipment purchases, ordering supplies, training and making recommendations in custodial shift staffing.

The Transportation Services Department provides safe, consistent and reliable transportation for the district's students comprised of 872 bus drivers, 134 bus monitors, 921 conventional buses, 271 special needs buses and 855 routes per day. The department transports 60,882 students each day and travels 68,570 daily miles.

SPLOST

(Special Purpose Local Optional Sales Tax)

Special Purpose Local Option Sales Tax (SPLOST) is a one-cent sales tax on all consumer goods that must be approved by voters in a referendum. On September 16, 2008, Cobb County voters approved the SPLOST III referendum that allowed for the continuation of the one-cent sales tax to fund a diverse list of school projects. (The previous referendum was set to expire on December 31, 2008.) SPLOST revenues can be used only for specific school related capital outlay improvement projects. SPLOST III will expire on December 31, 2013.

The SPLOST Division Program is responsible for all aspects of the planning, implementation, and completion of all SPLOST projects and activities.

The Division is subdivided into five departments: Program Management & Accountability; Construction; Project Services; Planning; and Facility Use. The first three departments are funded by and support SPLOST funded projects. With the elimination of the Operations Division due to budget constraints, the remaining two departments, Planning and Facility Use, were recently added under the SPLOST Division umbrella. These two departments are funded by the District General Fund.

The **Program Management & Accountability Department** provides construction program management for capital improvements to District property. Specifically, the department staff of program managers coordinates the design of projects with consultants and local school administrators. Program managers also inform the community of planned improvements and solicit input on the plans during public forums held during the design phase. In addition to program management, this department provides accountability for SPLOST expenditures by monitoring bidding for projects to ensure that design and construction stay within projected costs and that the scope of the project conforms with the voter approved referendum.

The **Construction Department** provides plan review and cost estimating services to the program management staff during design and manages the construction phase to assure on-time and on-budget project delivery.

The **Project Services Department** is responsible for managing the purchase and installation of furniture, fixtures and equipment for new schools and addition projects. It also manages selected maintenance and renovation projects as well as the District's portable classrooms. The department is involved in all stages of project development and implementation including scope definition, plan preparation, documentation, budget development, scheduling, awards, purchase orders, payment approvals, monitoring and reporting. The project managers provide leadership and coordination for project vendors, local school staff, central office administrators and other entities.

The **Planning Department** facilitates sound decision-making by the Board of Education and CCSD Administration in several areas of District operations, including Student Population Growth, Redistricting, Land Property Management, Leased Property Management, and Cell Tower Lease Initiation and Management. The Planning Department plays a significant role in school attendance zone redistricting initiatives. The Department also initiates and leads the process of negotiation for new land acquisitions, rights of way and easements, and maintains property ownership records and land use contracts for the District. They maintain relationships with those who lease property to the District, and initiate new leases and renewal of existing leases when necessary. They are also directly responsible for cellular communication tower placement initiatives and ongoing administration of that program for the District. This initiative provides significant additional direct revenue for schools where cell towers are placed, and shares the total revenue with all schools.

ACADEMIC DIVISION

DIVISION RESPONSIBILITIES

Curriculum, Instruction, & Assessment supports teaching and learning to enhance the efforts of our schools, thus enabling students to perform at their highest levels of achievement. Our work is delivered through a Framework of Success focused on how teachers Plan, Instruct, Assess, and Reflect. Contributing to the work of our division and influencing the teaching and learning process are our system's mission, vision, core values and beliefs; our shared, instructionally focused leadership; our professional learning opportunities; and the input and support of our students, families, and community. Curriculum Instruction and Assessment assists schools with curriculum development, instructional design and resources, federal programs, grants, and professional development.

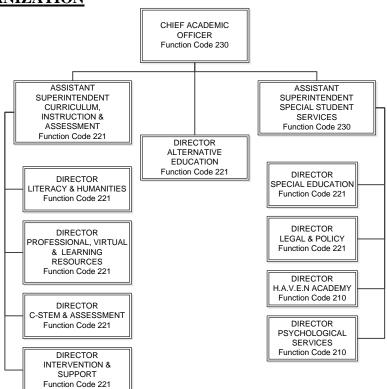

Special Student Services provides individualized support for students who are at risk of not achieving to their greatest potential. The division provides educational services that foster achievement of the whole child in the least restrictive environment.

Secondary Options (formerly Alternative Education Programs) provide a means for students to receive educational services in a setting other than their home school. Programs include Oakwood Digital Academy, Performance Learning Center, Cobb Virtual Academy, and Adult Education.

Student and State Reporting assists in the collection, maintenance, analysis and distribution of reliable student data; provides appropriate support to assist school and district personnel in student/state reporting activities.

Accountability provides direction and support to stakeholders with data and other resources to improve student learning.

DIVISION ORGANIZATION

MAJOR DEPARTMENT TASKS

The task of the **Curriculum, Instruction & Assessment** is to improve student achievement through performance based instruction. This instruction emphasizes the student learning which is demonstrated through performances or products. To improve student achievement, we must have a guaranteed curriculum, and deliver the content so that students learn the content, but can also apply, use and communicate their knowledge. In order to measure student learning and refine the instruction, we must regularly use a variety of assessment tools.

Student achievement is a cumulative process of educational experiences. Through the curriculum, resources, and strategies, the District provides the learning opportunities necessary for students to acquire the skills, knowledge, communication, thinking, and reasoning abilities needed to be successful graduates of Cobb County. Additionally, professional learning, coaching, and ongoing training is differentiated by content, process, and product by content area and/or level.

There are four major departments that support specific goals of the Cobb County School District Strategic Plan. They are:

<u>Literacy and Humanities</u> - The Humanities and Arts are fundamental to the human experience, to a balanced and healthy lifestyle, and to developing a cultural appreciation for and critical analysis of literature, the arts, and a global perspective. Our purpose is to foster an appreciation for the complexities of the human experience by developing healthy, literate, and critical consumers of media and the arts. Copied/inserted from web page

<u>C-STEM and Assessment</u> - The Office of C-STEM is comprised of the interdisciplinary team of careers, science, technology, engineering and mathematics and works to integrate these critical fields in our schools K-12. Students have the opportunity to pursue an education that will prepare them for future endeavors in higher education and the 21st century workforce. The Office of Assessment serves as a proponent for student growth and success through all forms of assessments at the local, district, state and national levels.

<u>Professional, Virtual and Learning Resources</u> - provides essential support to the employees and students of the school system through ongoing learning opportunities, 21st century technologies, and school and classroom resources.

Intervention and Support - provides a continuum of support to K-12 schools from Early Intervention (EIP), Response to Intervention (RTI), Remediation, to Advanced Learning, and also for economically disadvantaged students (Title I). In addition to the programs that are in place, the Office of Intervention and Support works to assist in developing and implementing grants that support K-12 schools to provide additional services and resources. The goal of this Office is to provide support to maximize the use of programs, initiatives, grants, and specialized services to enhance and ensure optimal school and student success.

The task of **Special Student Services** is to provide educational services that foster achievement of the whole child in the least restrictive environment. To provide a world class education, the Division promotes professional learning, consults and collaborates with students, parents, and staff, assesses students' needs, and fosters relationships with stakeholders. The Special Student Services is comprised of the Special Education Department, Psychological Services, School Counseling, and H.A.V.E.N Academy.

<u>Special Education Department</u> – The Special Education Department provides support to students, parents, and schools to foster achievement of meaningful outcomes for students with disabilities. This support is provided by leading with integrity, building positive relationships, making student driven decisions, and maintaining high expectations for all students. The Special Education Department is charged with improving the academic, behavior, and social performance of students with disabilities as well as ensuring that the district is in compliance with IDEA.

<u>Audiological Services</u> – provides complete diagnostic hearing evaluations for any child from birth through high school who resides in the Cobb County School District. Evaluations are provided by licensed audiologists. We can test children with multiple disabilities, those who are difficult to test and children who are at increased risk for permanent hearing loss.

<u>Psychological Services</u> – Our mission is to provide psychological services within the school community through consultation, collaboration, research-based interventions, and individualized assessment in order to facilitate learning and promote positive mental health for all students. School psychologists work to increase student achievement by assessing barriers to learning and helping determine the best instructional strategies to improve learning, and work within a multidisciplinary team to evaluate eligibility for special education services. They collaborate with educators, parents, and other professionals to create safe, healthy and supportive learning environments that strengthen connections between home, school, and the community for all students.

<u>School Counseling</u> – The Mission of the Cobb County School Counseling program is to assist students in overcoming barriers that impede learning. The goal of all Cobb County Professional School Counselors is to implement a standards-based comprehensive school counseling program that:

- Includes a curriculum addressing the needs of all students in the domains of academic, personal/social, and career development
- Provides specialized interventions based on identified student needs
- Assists students in acquiring appropriate attitudes, knowledge, and communication skills to promote healthy relationships
- Enhances the ability of students to identify and utilize the appropriate resources needed for postsecondary success
- Creates positive relationships with students fostering personal growth, service to others, and academic achievement
- Advocates for all students encouraging them to develop to their fullest potential
- Encourages counselors to consult and collaborate with other educators, parents, and community on behalf of all students

<u>Hospital/ Homebound Services</u> - Provides instructional services to students who are able to participate in educational instruction but who are medically unable to attend school for a minimum of ten consecutive days or equivalent on a modified calendar, or intermittent periods of time throughout the school year.

<u>H.A.V.E.N. Academy</u> - One of twenty-four programs of the Georgia Network for Educational and Therapeutic Support (GNETS). The program serves students from Cobb, Douglas, and Marietta City School Systems. Students with an emotional and behavioral disorder (EBD) are served based upon the documentation of the severity of the duration, frequency and intensity of the behaviors. H.A.V.E.N. Academy supports the continuum of services by providing comprehensive education and therapeutic support. Special Education services include behavior change strategies within small group H.A.V.E.N. classes, individual and group counseling, family counseling, interagency coordination and direct services to students and their families.

<u>Section 504</u> – Section 504 of the Rehabilitation Act of 1973/Public law 93-112 is a comprehensive law that addresses the rights of handicapped persons (hereafter referred to as persons with disabilities except when quoting the law) and applies to all agencies receiving federal financial assistance. The Special Student Services Division is charged with ensuring that Section 504 eligible students are provided an appropriate 504 plan if required and that the plan is implemented as written.

<u>Vision and Hearing Screening Programs</u> - To detect those students who may have a vision or hearing disorder and refer them for further care.

HUMAN RESOURCES DIVISION

DIVISION RESPONSIBILITIES

Human Resources' goal is to attract, employ and retain the most qualified applicants for all school district positions and to improve delivery of services rendered by the division to all applicable groups and individuals.

DIVISION ORGANIZATION

The Human Resources Division is sub-divided into functional areas of responsibility. The following chart illustrates the structure of this division:

MAJOR DEPARTMENT TASKS

Under the Chief Human Resources Officer's supervision, the following departments and offices provide services to District employees and prospective candidates for employment.

The Employment Department encompasses several functions: the Employment Office, Benefits Office, the Compensation Office, the Risk Management Office, Fingerprinting, ID Badges and Background Check Office and Records.

The Employment Office directs the employment activities for over 18,000 full-time/part-time and temporary classified and certified employees (except for administrators) which includes: supervising the application, employment, and orientation of all new hires; directing the employee transfer and reassignment process; managing the certification process for educators, service professionals, and paraprofessionals, including HiQ; developing a recruitment strategy and attending selected on-campus recruitment fairs; providing ongoing recruitment strategy training to administrators; building relationships with local universities and high schools to recruit future educators; issuing employment contracts to all Certified Employees; approve all Head Coaches; and administer employee recognition programs.

HUMAN RESOURCES DIVISION (Continued)

The Benefits Office is responsible for the District's comprehensive employee benefits program which includes requesting and evaluating bid proposals for each type of coverage; providing benefits education to new and existing employees; processing enrollments for new hires, status changes, and open enrollment; counseling and processing paperwork for retiring employees; processing Optional Spending Account enrollments and claims; managing the 403(b) and 457 plans as well as the supplemental retirement plan for those in PSERS; coordinating the Catastrophic Illness Leave Bank; managing leaves of absence; and responding to customer needs by email, phone and in-person visits. The Benefits Office is also responsible for the payroll deductions associated with all employee benefits; for the collection of payments missed due to unpaid leaves of absence; and for making payments to insurance companies and state agencies for employee benefits. Currently, the Benefits Office administers the following:

State Health Benefit Plan Short Term Disability Insurance
Teachers Retirement System of Georgia Long Term Disability Insurance

Public School Employees Retirement System Cancer Insurance

CCSD Supplemental Retirement Plan

Dental insurance (Delta Dental)

Vision insurance (CompBenefits/Humana)

Basic and Supplemental Life Insurance with AD&D

Legal Services Insurance
Optional Spending Accounts
Section 125 Flexible Benefits Plan
Catastrophic Illness Leave Bank

403(b) and 457 Tax-Deferred Savings Plans

Leaves of Absence (short and long term leaves, FMLA, personal and family illness, educational, military, and so on)

The Compensation Office is responsible for ensuring pay structures and incentives are designed to compensate employees for their skills, abilities, performance, and years of experience. This includes evaluating experience and certification documents for step placement; processing employee transfers, reassignments, and terminations; developing and rolling out incentive programs; updating employee work calendars; administering salary increases and revising salary schedules; conducting job evaluations and approving job descriptions; and managing salary surveys to ensure salary rates are leveraged competitively.

The **Risk Management Office** coordinates bid proposals for property, comprehensive crime and student accident insurance. It also administers the Districts' self- insurance plan for general liability and vehicle accidents, including bus accidents. It receives and processes claims for student injuries, site visitors, and damage or loss to equipment and facilities. The District is self- insured and self- administered in the area of workers' compensation. Risk Management handles all aspects of the worker's compensation claims process. It is responsible for researching and responding to unemployment claims from the Department of Labor. Risk Management also addresses issues of loss control, safety and accident prevention awareness.

The Fingerprinting, ID Badge and Background Check Office manages background checks for all Cobb County School District Employees; maintains fingerprint and ECH records.

The Records Office manages the storage and maintenance of employee personnel records, employment verification, and responding to requests for information in compliance with the Georgia Open Records Act.

HUMAN RESOURCES DIVISION (Continued)

The Leadership Management Department aims to match the available administrative talent (current Cobb employees and out-of-district applicants) to the needs of the District. LM directs the employment activities for all local school and central office administrative positions which include: supervising the application, employment, and orientation of all administrative new hires; and assisting the Leadership and Learning Division in the RFP and administrative reassignment process. Leadership Management is further responsible for the following.

- To provide a sufficiently large and diverse number of highly qualified candidates to fill local school and central office administrative openings
- Assist principals and central office administrators in their selection of leaders process
- Assist applicants, both internal and external, in completing administrative applications and understanding the system's leadership selection process
- Manages the posting, advertising (local and national), and application qualifying of all local school and central office administrative vacancies
- To help individuals realize their career objectives in administration
- Forecast replacement needs as a means of targeting necessary training, employee education, and employee development
- Facilitates the advertising, application and selection process for district Leadership Academies and College/University Educational Leadership Cohorts
- Manages the storage and maintenance of administrative personnel records
- Liaison for the Administrative Critical Need process including maintaining contact information for CCSD retirees, scheduling and TRS reporting of retired administrators returning to work

The Professional Standards & Ethics Department is responsible to the following areas:

- Employee disciplinary action, i.e. suspension without pay, termination
- Consultation with supervisors regarding employee job performance and misconduct issues
- Employee misconduct investigations
- Discrimination and sexual harassment investigations
- PSC Code of Ethics violations
- Job performance issues, i.e. PDPs
- Certified employee contract non-renewals
- Employee complaints and grievances
- ADA accommodations requests
- Labor relations issues
- Formal Employee Grievances
- Provide training regarding Employee Discipline and Documentation

The Evaluation Office develops, facilitates, and monitors the evaluation process for classified and certified employees.

Mailroom and Courier Services provide intra-District mailroom and delivery support for all Central Office departments and schools.

FISCAL MANAGEMENT GOALS AND OBJECTIVES (Policy Index DA)

The Cobb County Board of Education (Board) recognizes that effective, efficient fiscal management and strategic and equitable allocation of all resources available to the Cobb County School District (District) are required to maximize the academic achievement of every student in the District.

A. ROLE OF THE BOARD OF EDUCATION:

As trustee of local, state and federal funds allocated for use in public education, the Board will be vigilant in fulfilling its responsibility to see that these funds are allocated in ways that maximize the academic achievement of every student in the District. The Board's fiscal operations and management will ensure that education remains central and that fiscal matters are ancillary and contribute to the educational program.

B. DISTRICT FISCAL MANAGEMENT GOALS:

In the District's fiscal management, the Board seeks to achieve the following goals:

- 1. To engage in thorough advance planning and forecasting, with broad-based staff and community involvement, in order to develop budgets and guide expenditures so as to maximize the academic achievement for the allocated resources;
- 2. To establish levels of funding which will provide high quality education for the District's students;
- 3. To use the best available techniques for budget development and management;
- 4. To provide timely and appropriate information to all staff with fiscal management responsibilities; and
- 5. To establish high quality procedures for accounting, reporting, business, purchasing and delivery, payroll, payment of vendors and contractors, and all other areas of fiscal management responsible for the efficient management and use of resources.

PLANNING, PROGRAMMING, BUDGETING SYSTEM (Policy Index DB)

The Cobb County Board of Education (Board) shall annually adopt a budget according to the laws of the State of Georgia and the regulations of the State Board of Education. The budget shall be adopted at a public meeting of the Board.

Furthermore, the Board expects the Superintendent to assure that the Cobb County School District (District) maintains a multi-year financial plan and to establish financial guidelines and procedures that:

- Protect the District's fiscal soundness; and
- Support the fulfillment of the District's priorities.

A. FINANCIAL PLANNING:

- 1. Financial planning for any fiscal year or the remaining part of any fiscal year will:
 - a. Clearly and directly support the District's priorities as established in the District Strategic Plan, in response to student achievement data, and by Board Policy DA (Fiscal Management Goals and Objectives);
 - b. Insure the District's fiscal soundness;
 - c. Support the fulfillment of the District's multi-year financial plan;
 - d. Fulfill the requirements of Board Policy DI (Accounting and Reporting);
 - e. Contain sufficient information to enable credible projections of revenues and expenses;
 - f. Disclose planning assumptions for the General Fund;

2. Multi-Year Financial Plan:

The multi-year financial plan shall:

- a. Include a minimum of a five-year forecast of revenues and expenses;
- b. Include a total projected obligation and cost of multi-year programs; and
- c. Be updated whenever necessary and:
 - (1) Whenever significant change occurs in projected revenues or expenses; and
 - (2) No less than annually.

B. BUDGETING:

1. General Provisions:

The General Fund annual operation budget shall:

- a. Include no items as recurring General Fund expenditures which are funded with non-recurring revenue;
- b. Treat adjustments approved during the fiscal year as non-recurring expenditures;
- c. Calculate the best estimate of the financial condition of the General Fund in subsequent years;
- d. Disclose any recurring expenditures in funds other than the General Fund that are funded from non-recurring project funds; and
- e. Stipulate the number of positions by Division and classification for the three prior years in a comparative format.

2. Process:

- a. The District will utilize an annual budgeting process that includes:
 - (1) A credible projection of revenues and expenses;
 - (2) Separation of capital and operational items;

PLANNING, PROGRAMMING, BUDGETING SYSTEM (continued)

- (3) Cash flow;
- (4) Disclosure of planning assumptions upon which District leadership based its planning;
- (5) Total projected obligation and cost of new and proposed multi-year programs; and
- (6) Annual and remaining obligation and cost of existing multi-year programs.
- b. Each February, as part of the budget adoption process, the Superintendent will present to the Board of Education and make public those budget items preapproved the Board from specific approval in the spending authority of the Superintendent. (see Board Policy DI ([Accounting and Reporting]).
- c. The District shall not create long-term obligations of employment, compensation, or benefits for employees, consultants, contract workers or volunteers, that extend beyond reliable revenue projections.
- d. The District shall not treat Board approved budget adjustments during the fiscal year as carry-overs to be included in the initial budget amount for the subsequent fiscal year. Rather, the subsequent fiscal year budget process shall:
 - (1) Identify both the original amount included in the current year budget and the amount of any adjustment approved by the Board during the current fiscal year; and
 - (2) Identify adjustments needed for recurring expenses as budget enhancements in the subsequent fiscal year budget process.

3. Public Notice:

a. Advertisement:

The Board shall advertise at least one time in a newspaper of general circulation in Cobb County the proposed budget for each fiscal year. The advertisement shall be made prior to the meeting of the Board of Education at which the District budget for the fiscal year is to be finally adopted and shall follow the form required by the State Board of Education.

b. Hearings:

Before the budget is officially adopted the Board shall hold a public hearing to explain the proposed budget and invite questions and discussion from the administration and public relative to the budget.

4. Millage Rate:

- a. The Board shall annually recommend to the County Commissioners the tax millage for the county to be collected for school purposes only and in compliance with Article 8, Section 6, Paragraph I(a), of the Georgia Constitution which provides that the millage rate shall not be greater than 20 mills.
- b. The District's annual budget shall limit operating expenses to an amount no greater than the revenues it projects to be generated by a property tax rate no greater than 20 mills.

LOCAL TAX REVENUES (Policy Index DFA)

Tax Allocation Districts

The Georgia Redevelopment Powers Law, O.C.G.A. § 36-44-1, et seq., provides means for the redevelopment of economically and socially depressed areas through the creation of tax allocation districts by political subdivisions. O.C.G.A. § 36-44-8. The creation of a tax allocation district (TAD) permits the use of actual or anticipated increase in ad valorem tax revenues resulting from redevelopment activities to fund activities in furtherance of that redevelopment. Implicit in this financing method (which involves a commitment of public resources to what are generally private endeavors) is the expectation that but for the infusion of the public commitment, the increased property tax revenue would not occur.

Typically, a large proportion of the total tax millage rate for a county is levied for county school district purposes. The Georgia Constitution and the Redevelopment Powers Law provides that the school district component of tax revenue can be included in the computation of tax allocation increments if the board of education consents to such inclusion by resolution duly adopted by the board.

The Cobb County Board of Education (Board) has a fiduciary obligation of the highest order to ensure that the Cobb County School District (District) component of ad valorem property tax levies is used in a manner that is clearly and convincingly beneficial to the District and its students. This Statement of Policy is intended to permit the District to support appropriate redevelopment under the Redevelopment Powers Law without detriment to the constitutional mission of education.

A. GENERAL PROVISIONS:

The Board shall:

- 1. Carefully and fully consider all applications for participation in a tax allocation district (TAD) requiring consent of the Board under O.C.G.A. § 36-44-9(c);
- 2. Not consent to the creation of a (TAD) unless, following careful review of the application, the evidence is clear and convincing that:
 - a. The redevelopment activities described in the redevelopment plan will occur;
 - b. But for the use of TAD financing, the redevelopment activity and tax increment would not occur; and
 - c. The redevelopment activities will provide benefits to the District commensurate with the dedication of the District component of the tax increment ("district benefit").
- 3. "District benefit" shall mean additional revenues resulting from a TAD that would otherwise be received by the District (with or without regard to the existence of the TAD) are ultimately received or restored to the District within a time and under terms and conditions set forth in the consent documents or, if not, such other benefits as would warrant any deferral or adjustment of receipt of increased tax revenues resulting from the TAD;
- 4. Look with significantly greater favor upon applications for consent that involve specific projects, defined as projects with detailed descriptions, including information as to the:
 - a. Identity of the project redevelopment participants;

LOCAL TAX REVENUES (continued)

- b. Affected real property;
- c. Property improvements;
- d. Redevelopment costs;
- e. Method of financing;
- f. Nature and status of participation and financing commitments; and
- g. Such other information as may be required by the Board.
- 5. Applications that do not involve specific projects as described above shall not be approved unless the following criteria are clearly satisfied:
 - a. The characteristics of the proposed district are such that the proposed described redevelopment offers unique opportunities for assured substantial increases in the assessed value of the proposed TAD;
 - b. Financial projections are detailed and supported by documented information, reliable models, and analysis from sources with recognized expertise;
 - c. There are identified special benefits, direct or indirect, for the District beyond those projected as resulting solely from the increase in assessed value of the property in the TAD;
 - d. There are sound reasons why designation of a TAD and Board consent cannot await the creation of specific projects;
 - e. The projected time frames for milestones for the redevelopment are of such length and sufficiently credible as to minimize risk to District interests;
 - f. There are safeguards in place to:
 - (1) Assure the opportunity for Board scrutiny and involvement in decisions as the redevelopment occurs, including, at a minimum, the opportunity to approve specific projects; and
 - (2) Protect the use of the Board share of accumulated tax increments pending use for redevelopment costs.

B. PROCEDURES:

- 1. The Board adopts and incorporates the current TAD Policy and Guidelines adopted by the Cobb County Board of Commissioners to the extent applicable, except as provided herein.
- 2. Applicants seeking the Board's consent to a TAD shall:
 - a. Provide the District with two copies of all materials submitted to the Cobb County government (including the required Redevelopment Plan) at the time of that submission;
 - b. Submit a completed Application for School Board Consent to a Tax Allocation District (Application) in a form prescribed by the District; and
 - c. Provide such other information required by the District.
- 3. Applications for Board consent shall be submitted no later than August 1 of the year prior to the year in which the proposed TAD is to take effect. This requirement may be waived by the Board for good cause shown.
- 4. Applicants shall be responsible for all costs and fees associated with the review of the application. Payment shall be made before the application is filed and shall be nonrefundable.
- 5. Any conditions to Board consent to a TAD shall be included in a binding intergovernmental agreement or other contract containing terms sufficient to carry out this Policy.

ACCOUNTING AND REPORTING

(Policy Index DI)

The Board of Education (Board) expects the Superintendent to assure that the Cobb County School District (District) establishes financial guidelines and procedures that comply with generally accepted accounting principles, State Department of Education rules, and District expectations established in Board Policy BD (Planning, Programming, Budgeting System).

A. PERSONNEL BUDGET:

- 1. To protect the mutual trust between the Board of Education, the Superintendent, and employees of the District, the Superintendent shall, in Executive Session provided that this action does not attempt to violate any provision of the Georgia Open Meetings Act, discuss all personnel budget issues including any proposed changes to the compensation/structure including proposed bonuses, pay increases, and the addition or deletion of employee groups.
- 2. In considering the implementation of specific personnel options (for instance the adequate staffing of a leadership academy, offering an enriched staff development program, or other improvements), the Superintendent must:
 - (a) Disclose to the Board the potential financial and programmatic impact of such actions;
 - (b) Identify other initiatives, including reaching target reserve levels, that may be jeopardized as a result of funding proposed personnel issues.
 - (c) Require specific Board action to hire in excess of those positions provided in the budget.

B. LOANS:

1. District Borrowing:

a. The District may incur indebtedness only when approved by the Board and then only in an amount specifically approved by the Board.

b. Procedures:

- (1) The Board, as it deems necessary, may vote a resolution authorizing the borrowing of money for District purposes. The aggregate amount of all such loans outstanding at any one time shall not exceed 75% of the total income of the Board from taxes collected by the Board in the preceding year.
- (2) The resolution authorizing the borrowing of funds shall, as a minimum, state:
 - (a) The amount to be borrowed;
 - (b) The length of time it is to be used;
 - (c) The rate of interest to be paid;
 - (d) The purpose for which it is borrowed; and
 - (e) The institution from which it is to be borrowed.
- (3) Such loans shall be payable on or before December 31 of each year.
- (4) The Board Chair and Superintendent shall execute the note(s) for money that is authorized to be borrowed under the resolution passed by the Board (Board Policy BBA [Board Officers]) and Board Policy ABB [Board Powers and Duties]).

2. Loans to Schools:

a. Eligibility:

Before a loan can be made to a school, the school must meet the following "educational purpose" requirements:

- (1) Purpose of the loan must be to support a program that is part of the educational curriculum;
- (2) Students must receive instruction in the program specified for the loan during school hours; and
- (3) Students must receive credit toward graduation for participation in the program specified for the loan.

b. Guidelines:

The following guidelines shall apply to loans:

- (1) Loans will be used for the purpose of assisting the program specified;
- (2) The maximum loan to a local school will not exceed \$50,000; and
- (3) Loans will be repaid within five years with one-fifth of the loan due on each anniversary of the loan date.

3. Loans to Organizations other than Schools:

The Board may not authorize a loan of District funds to private organizations, such as Booster Clubs, PTAs, or other school support organizations (Administrative Rule KG-R [Use of School Facilities]).

C. FUND BALANCE:

- 1. In accordance with the governmental accounting standard, GASB Statement 54, the Board recognizes the following five categories of fund balance for financial reporting purposes:
 - a) *Non-spendable Fund Balance* non-cash assets such as inventories or prepaid items.
 - b) *Restricted Fund Balance* funds legally restricted for specific purposes, such as grant funds.
 - c) *Committed Fund Balance* amounts that can only be used for specific purposes pursuant to a formal vote of the Board.
 - d) *Assigned Fund Balance* amounts intended by the Board for specific purposes. The Board can choose to delegate this authority.
 - e) *Unassigned Fund Balance* residual spendable fund balance after subtracting all above amounts.
- 2. Committed Fund Balance. The Board of Education, as the government's highest level of decision-making authority, may commit fund balance by a formal vote prior to the government's fiscal year-end for that fiscal year. Future modification or rescission of committed funds must likewise be accomplished by a formal vote of the Board prior to fiscal year-end.
- 3. Assigned Fund Balance. The Board expressly delegates to the Superintendent, through the Chief Financial Officer, the authority under this policy to assign funds for particular purposes.
- 4. Spending Prioritizations:
 - a) When an expenditure is incurred that would qualify for payment with either restricted or unrestricted funds, it will be paid from restricted funds.
 - b) When an expenditure is incurred that qualifies for payment from either of the three unrestricted fund balance categories, it will be applied in the following order: 1) Committed, 2) Assigned, and 3) Unassigned.

- 5. The Board will strive to maintain a minimum unassigned general fund balance less encumbrances equivalent to a range of 30 to 55 days of annual expenditures unless this is unfeasible due to circumstances beyond its control such as:
 - a) A substantial decrease in the county property tax digest,
 - b) A substantial decrease in State funding,
 - c) An unanticipated fiscal necessity.
- 6. Pursuant to the requirements of Accounting Statement 54 of the Governmental Accounting Standards Board (GASB), the Board hereby commits substantially all of the revenue received by the following Special Revenue funds to be used exclusively for each respective program's operating expenditures.

D. FINANCIAL PRACTICES:

1. On-time Payments:

The District shall:

- a. Settle payroll and debts in a timely manner;
- b. File accurate and on-time tax and other government ordered payments and financial
- c. Not acquire real property for investment purposes; and
- d. Aggressively pursue receivables after a reasonable grace period.

2. Procedures:

The procedures developed and implemented by the Superintendent or designee shall:

- a. Provide for the consistent accountability of all District funds;
- b. Require that District personnel have itemized receipts for cash purchases and that other purchases be supported by purchase orders or contracts with payment made only upon receipt of original invoices;
- c. Require that District personnel not collect funds from students for expenditures that are included in the District budget;

- d. Require District personnel to maintain a clear audit trail from receipt of funds to disbursement of funds;
- e. Provide for an annual audit of student activity funds by either an internal or external auditor;
- f. Account for the disposition of surpluses or deficits from completed projects; and
- g. Provide for an annual audit of all District funds and the payment of costs for external auditors from the funds being audited.

3. Line Items Transfers:

The Superintendent will request Board approval of all budget transfers in accordance with state budgeting amendment procedures. To implement these budgeting procedures the Superintendent and staff will develop, review and maintain up-to-date Financial Services Regulations governing budget transfers of all District funds to ensure good fiscal responsibility.

4. Investment of District Funds:

Effective cash management is recognized as essential to good fiscal management. The extent to which the cash manager can obtain investment returns on funds not immediately required can provide additional needed financial resources. This requires that investments be well founded and uncompromisingly applied in legal, vendor, and administrative aspects.

a. Depositories:

All District central funds shall be deposited to the credit of the District. The bank depository for the District's daily operating central funds will be selected through standard bidding procedures and approved by the Board Chair.

b. Investment Authority:

- (1) The Board delegates the authority to invest the District's idle funds to the Chief Financial Officer (CFO) or designee;
- (2) The CFO or designee:
 - (a) Has the authority to sign all paperwork required by investment or banking institutions to open investment accounts unless additional signatures are required; and
 - (b) Will provide a quarterly investment report to the Board.

c. Guidelines:

- (1) The District will emphasize the preservation of investment principal and conform with Federal and State legal requirements.
- (2) The financial administration will maintain sufficient liquidity to meet funding needs.
- (3) Investments will be diversified to avoid incurring unreasonable risks regarding specific investments or individual banks.
- (4) Investments will be made that will attain the best market rate of return considering liquidity based on projected expenditure needs.

E. PROCUREMENT PRACTICES:

1. Purchasing:

a. General Provisions:

The Board expects the Superintendent and his/her staff to establish procedures for the procurement of supplies, equipment and services for the District that complies with generally accepted purchasing principles, District procedures and

Georgia Department of Education Rules, Georgia laws and federal laws. Specifically, the District shall make purchases that are consistent with the purchasing principles of:

- (1) Acceptable quality at lowest price;
- (2) Transparency in use of public funds;
- (3) Protection against conflict of interest;
- (4) Maximization of competition;
- (5) Equal and fair competition; and
- (6) Legal/regulatory compliance.

b. Solicitation Process:

The Superintendent or designee shall set solicitation dates and opening time according to District procedures and State rules. The District shall be represented by appropriate staff members at all bid openings including at least one representative from Procurement Services. The Procurement Services staff member representing the District shall call the time for receiving solicitation responses closed at the time specified in the solicitation document(s). Solicitation responses will not be accepted after the time specified in the solicitation document has been called.

2. Board Approval:

a. Individual Purchases/Expenditures:

Specific Board approval shall be required for all purchases/expenditures greater than \$200,000 annually except those purchases/expenditures specifically excluded by the Board. The Board may change its list of excluded items at any time and shall review the list each February as part of the annual budget adoption process (see Board Policy DB [Planning, Programming, Budgeting System]).

b. Aggregate Purchases/Expenditures:

(1) **Defined:**

The term "aggregate expenditures" means the sum total of all expenditures for the same product or service over the course of the fiscal year

(2) Required Approval:

Specific Board approval shall be required for all, whether or not included in the Board-adopted budget, purchases/expenditures when the annual aggregate becomes greater than \$200,000 except for those purchases/expenditures specifically pre-approved by the Board. The Board may change its list of items pre-approved by the Board at any time and shall review the list each February as part of the annual budget adoption process.

c. Contracts:

Contracts are subject to the competitive solicitation process if the total expenditure or anticipated aggregate expenditure is \$10,000 or more and an Exception to Full and Open Competition as defined in the District Purchasing Regulations does not apply.

(1) Construction Contract Approval:

All District generated contracts for construction or services require the following approval:

(a) Construction contracts in the amount of \$25,000 or less shall be approved by the Superintendent or appropriate Division head and executed by the Superintendent or designee;

- (b) Construction contracts in the amount of \$25,001 to \$200,000 will be approved by Coordination Record and executed by the Superintendent or designee;

- 7. Encourage the parents and guardians of students attending District schools to actively participate in their respective school's PTA/PTSA.
- 8. Promote the visibility of the Board when representing the District at external functions and with elected leaders on political issues.

GRANTS

(District Administrative Rules DFF-R)

RATIONALE/OBJECTIVE:

The Cobb County School District (District) seeks to maximize its sources of revenue for the benefit of students, employees and taxpayers.

RULE:

The District recognizes and appreciates that organizations and/or individuals may wish to award grants, contribute gifts, make donations or provide sponsorships to the schools in the District. The system reserves the right to determine if the grant, gift, donation, or sponsorship is appropriate and may reject those it deems inappropriate or unsuitable.

A. General Provisions:

To be acceptable, a grant, gift, donation, or sponsorship must:

- 1. Have a purpose consistent with the beliefs/philosophy of the school system;
- 2. Not bring undesirable or hidden costs to the school system;
- 3. Place no undesirable restrictions on the Board;
- 4. Not be inappropriate or harmful to the best education of students;
- 5. Not imply endorsement of any business or product or belief; and
- 6. Not be in conflict with any Board Policy, Administrative Rule, state law, or District financial procedures.

B. Grant Application:

The District, including schools and District divisions, are encouraged to apply for competitive grant funding from sources including local, state, and federal government as well as non-governmental agencies and organizations. For the purpose of this Rule, competitive grants are defined as those grants that are awarded through an application process in which multiple grant applications are solicited through a grants notice or request for proposal.

1. Office of Grants Administration:

Employees considering applying for a grant in the amount of \$10,000 or more should first contact the District's Office of Grants Administration for guidance and to insure compliance with Administrative Rules related to the approval process;

2. Required Compliance:

- a. The District shall comply with all local, state and federal rules and regulations concerning these grant programs;
- b. All grants applied for shall comply with Board of Education (Board) Policy, District Administrative Rules and District procedures including but not limited to the following:
 - (1) Board Policy SD-5 (Financial Planning and Budgeting);
 - (2) Board Policy SD-6 (Fiscal Accounting and Reporting);
 - (3) Board Policy SD-8 (Asset Protection);
 - (4) Board Policy SD-10 (Community and Communication Involvement);

 - (7) Administrative Rule FJA (Construction of/Improvements to Facilities on District Property by Community Organizations or Individuals)

GRANTS (continued)

c. Prior to submission of each competitive grant application with an award of \$10,000 or more, participation in basic District Policies & Procedures for Grants training must be completed by the local school staff and any participating Central Office Staff.

C. District Approval:

1. Administrative:

a. Grant applications in the amount of \$10,000 or more:

Prior to submission, all grant applications in the amount of \$10,000 or more shall have the approval of:

- (1) The applicant's principal, department head and/or division head;
- (2) Other District office personnel as appropriate;
- (3) The Office of Accountability;
- (4) The Senior Staff and/or Superintendent.
- b. Grant applications in an amount under \$10,000:

All grant applications in an amount under \$10,000 shall have the approval of the local school principal.

c. Grant Applications that require a contract (see Section D below):

Prior to submission, all grant applications of any amount that require a contract shall have the approval of:

- (1) The applicant's principal, department head and/or division head;
- (2) Other District office personnel as appropriate;
- (3) The Office of Accountability;
- (4) The Senior Staff and Superintendent.

2. Board:

a. Initial:

The Superintendent and/or Board shall approve any grant that:

- (1) Requires a special appropriation from the General Fund prior to the acceptance of the grant's funding; or
- (2) Specifically requires Board approval.

b. Continuing:

In subsequent years:

- (1) These funds shall be disclosed in the District's annual budget in compliance with Board Policy SD-5 (Financial Planning and Budgeting) requirements regarding non-recurring project funds; and
- (2) The continuing acquisition of these funds shall be based on Board approval of the annual budget.

D. Legal Review:

Once a grant has been awarded, any required contract must be reviewed and approved by the Board Attorney, Superintendent and/or Board in compliance with Board Policy BBA (Board Powers and Responsibilities).

E. Matching Funds:

Any grant application which requires "Matching Funds" which are not currently budgeted must be presented to Senior Staff for review and approval. It will be the determination of the

GRANTS (continued)

Senior Staff to send the "request for matching funds" to the Board along with appropriate documentation to request the additional funds needed for the final grant approval. This final decision will be made only AFTER a pre-award has been granted by the grantor.

F. Grant, Gift and Donation Expenditures:

All grant, gift, and donation expenditures must follow District financial procedures.

G. Quarterly Report of Competitive Grants:

Quarterly reports will be submitted to the Board in the form of a written report outlining all competitive grants of more than \$10,000 received on behalf of the Cobb County School District.

AUDITS

(District Administrative Rules DID-R)

RATIONALE/OBJECTIVE:

Internal Audit is an independent appraisal function established within the Cobb County School District (District) to document financial integrity and to promote efficiency, effectiveness and economy in District operations.

RULE:

A. RESPONSIBILITIES:

Internal Audit shall:

1. Perform independent audits, examinations and investigations and report results and outcomes;

2. Verify compliance with:

- a. Laws and regulations;
- b. Board Policies;
- c. District Administrative Rules; and
- d. Written departmental procedures;

3. Evaluate internal controls and seek improvements that will:

- a. Enhance the District's performance;
- b. Reduce the risk of fraud and other corrupt/illegal conduct (Administrative Rule DIEA [Audits: Fraud and Other Corrupt/Illegal Conduct]); and
- c. Increase accountability to the public.

B. AUTHORITY:

1. Scope:

All District schools, departments, programs and functions are subject to audit by Internal Audit;

2. Access:

The Chief Audit Executive and authorized representatives shall have full, free and unrestricted access to all District functions, records, property and personnel.

3. Audit Committee:

The Chief Audit Executive shall serve as one of the members of the Board of Education Audit Committee governed by Board Policy BBC (Board Committees).

FRAUD PREVENTION

(District Administrative Rules DIE-R)

RATIONALE/OBJECTIVE:

The Cobb County School District (District) has a responsibility to uphold the public trust. Internal Audit is an independent appraisal function established to document financial integrity and to promote efficiency, effectiveness and economy in District operations.

RULE:

District employees are subject to the requirements of the Georgia Code of Conduct for Educators (Administrative Rule GBU [Ethics]). In addition to the professional requirements, the District sets forth the following actions which are prohibited and guidelines for reporting their occurrence or suspected occurrence:

A. FRAUD AND OTHER CORRUPT/ILLEGAL CONDUCT:

This includes but is not limited to:

- 1. Any crime defined in Title 16 in the Official Code of Georgia Annotated (O.C.G.A.).
- 2. Inappropriate conduct or the appearance of inappropriate conduct that does not rise to the level of criminal activity including but not limited to:
 - a. Conflict of Interest;
 - b. Omissions or the failure to provide information that could affect a financial decision or cause an undue loss or expense to the District;
 - c. Other actions prohibited by the Code of Conduct for Educators.

B. NOTIFICATION:

1. Procedures:

Internal Audit shall:

- a. Be notified of any occurrence or suspected occurrence of any of the above conduct;
- b. Establish and publicize procedures for the reporting (including the ability to report anonymously) and investigating of any of the above conduct in the District.

2. Reprisals:

No action shall be taken or threatened against any employee for reporting the occurrence or suspected occurrence of any of the above conduct unless the complaint was made with the knowledge the allegation was false.

STUDENT ACTIVITIES FUNDS MANAGEMENT

(District Administrative Rules DK-R)

RATIONALE/OBJECTIVE:

The Cobb County Board of Education (Board) Policy SD-6 (Fiscal Accounting and Reporting) establishes the expectation that the Cobb County School District (District) will establish financial guidelines and procedures that comply with generally accepted accounting principles, State Department of Education rules, and District expectations established in Board Policy SD-5 (Financial Planning/Budgeting). Athletic Concession monies represent a significant source of revenue for high schools and/or their school support organizations. Board Policy SD-6 necessitates the establishment of clearly stated and understood guidelines for the consistent accountability of these funds.

RULE:

A. GATE RECEIPTS/TICKET SALES:

These guidelines apply only to athletic concession monies not athletic/special event gate receipts/ticket sales. Guidelines and procedures for athletic/special event gate receipts/ticket sales may be found in the District's Local School Accounting and Procedures Manual.

B. ATHLETIC CONCESSION MONIES:

District guidelines for the accounting and reporting of high school athletic concession monies are as follows:

1. School Receives Proceeds:

If the school is the direct recipient of the monies received from the sale of athletic concessions, the monies shall be handled in accordance with procedures specified by the Financial Services Division.

2. Booster Club Received Proceeds:

If the Principal elects to consider the concession sales as a fund raising activity for a specific booster organization, the monies shall be handled as follows:

a. Other Required Guidelines:

All activities and procedures shall be in compliance with the provisions of the following:

- (1) Administrative Rule JJE (Student Activities: Fund Raising Activities); and
- (2) Administrative Rule KJA (Relations with Booster Organizations).

b. Accounting:

All receipts must be collected and recorded in the booster organization's financial records and all concession invoices must be paid directly by the booster organization.

c. Reporting Requirements:

Reporting requirements are outlined in Administrative Rule KJA (Relations with Booster Organizations) as follows:

- (1) The booster organization's annual budget should include the projected dollar amount of anticipated athletic concessions proceeds and the planned expenditure of these funds;
- (2) Quarterly financial reports to the Principal to include actual proceeds/expenditures from athletic concessions; and
- (3) An annual financial accounting and summary report as provided in the booster organization's constitution.

BUDGET DEVELOPMENT PROCESS

Board of Education sets District Goals and Priorities.		
Superintendent and Executive Cabinet review proposed budget procedures.		
School Administration develops subsequent year student and employee count estimates. Using these estimates, Financial Services prepares formula driven budgets for salaries, fringes and operating expenditures.		
All Schools/Departments relate program needs to Division Heads.		
Divisions review formula driven budgets. Divisions prepare budget improvement requests and budget reduction requests for committee review.		
Budget Administrator Committee reviews budget and available resources and		
recommends a preliminary tentative balanced budget.		
Board of Education reviews budget and adopts a tentative balanced budget.		
Public hearing is held.		
Board of Education approves final budget.		
State Board of Education approves the Final Official Budget.		

BUDGET ADJUSTMENT PROCEDURE

Guidelines

The chief administrator of each department is responsible for the initiation of a budget adjustment. A budget adjustment is always required when a department head desires to deviate from the original board approved budget. All changes to non-allocated salary accounts and division reorganizations must have a budget adjustment approved prior to actual implementation in Human Resources and Payroll. Each budget administrator is responsible for being knowledgeable about his or her assigned accounts and for the management of his or her assigned accounts. Budget administrators CANNOT exceed any of their budgets. The State of Georgia does not permit deficit budgets. Additionally, strict QBE requirements necessitate timely budget adjustments so that account expenditures may be properly monitored for QBE compliance.

Budget Appropriation Units

In the financial accounting system and the budget database, accounts are in groups called appropriation units. Administrators and principals have flexibility to spend their funds in various accounts. A budgeted amount is often loaded to *Supplies 6101*; however, actual expenditures will be expended from other accounts. As long as the entire appropriation unit is within budget limits, the system will accept additional expenditures to non-budgeted or *zero budget accounts*. For example:

Charge Code	<u>APRs</u>	Object Name	Budget	Expended	Encumbered	Avail Bal
	<u>Unit</u>					
0100-H30-1101-1041-6101	ISZ	Supplies	500	200	15	285
0100-H30-1101-1041-6121	ISZ	Software	0	75	43	-118
0100-H30-1101-1041-6151	ISZ	Expend Equip	<u>0</u>	<u>95</u>	<u>52</u>	<u>-147</u>
Appropriation Unit Total			500	370	110	20

In this example, the Appropriation Unit has \$20 remaining while the Software and Expendable Equipment accounts appear to be over-budget.

Some accounts are subsidizing other accounts within this appropriation unit because a zero budget is utilized. A budget administrator may choose to set up zero budgets within their appropriation unit to purchase items that were previously not budgeted. If a zero budget is desired, the Principal or Administrator should contact Budget Services to request that a zero budget be set up for a particular account.

STEPS NECESSARY TO PROCESS A BUDGET ADJUSTMENT

Initiator/Chief Administrator

A Budget Adjustment Form (FS127-A) must be filled out completely and accurately. The Budget Adjustment must be typed, signed and dated in blue ink (to denote original) by the chief administrator. All Budget Adjustments must have sufficient documentation.

Budget Services

The Budget Services staff will date stamp *RECEIVED* on all incoming adjustments. They will verify all computations, account numbers and attached documentation. Budget Services will route the Budget Adjustment for appropriate approval. Adjustments to Capital Outlay funds (beginning with 03XX) are processed through Capital Projects Finance Department rather than Budget Services.

Approval Routing

Director of Budget Services or Capital Projects Finance Manager

Chief Financial Officer

Executive Cabinet Member

Superintendent

(If budget adjustment greater than or equal to \$200,000, Superintendent approval is required)

Board

(If a General Fund account is increased or decreased from the original, Board approval is required)

Budget Services

After the formal review process is completed, the Budget Services staff will key the Budget Adjustment into the system. A confirmation copy will be returned to the initiator/chief administrator when processing is complete. Funds 03XX (Capital Outlay) are keyed by the Capital Projects Finance Department.

Note:

- A Budget Adjustment must be prepared and processed before processing any expenditures related to the adjusted accounts.
- All signatures must be in blue ink to denote original.

GENERAL GUIDELINES RELATED TO BUDGET ADJUSTMENTS

1. Non-Transferable Accounts:

Budget Adjustments containing non-transferable accounts cannot be processed without the Superintendent or designee's approval. The following are non-transferable accounts:

Account Number	<u>Description</u>
1xxx	All Salary Accounts
2xxx	All Benefit Accounts
4111	Water and Sewage
5301	Telephone
6211	Natural Gas
6221	Electricity
6261	Gasoline
6411	Regular Textbooks
6412	Replacement Textbooks
7303	Vehicles
7321	Buses

2. Budget Adjustment Justification

All budget adjustments must have proper documentation to explain why money is being moved. If there is a Budget Adjustment for the transfer of funds from one account to another, there must be an explanation for the use of the funds. Budget Adjustments with improper documentation will be sent back to the originator.

3. Capital Projects

All Budget Adjustments for 03XX funds are prepared by the Capital Projects Finance Department. Any Budget Adjustment necessary as a result of a purchase order or a change order to a capital project must accompany the order document for approval. No encumbrances or expenditures will be processed until a Budget Adjustment has been approved and signed by all appropriate administrators.

4. Grant Budget Adjustments

All grants are the responsibility of the grant administrator. It is the policy of Financial Services to continue recurring grant budgets at the previous year's dollar amount. If the grant administrator is aware of upcoming federal/state appropriation increases or decreases, it is his/her responsibility to adjust the budgets as soon as possible. These preliminary budgets are ESTIMATES only. The grant administrator is responsible for adjusting these budget estimates to the current year grant approved amounts for revenue and expenditures as soon as the approved amounts are ascertained. A written, formal, signed approval letter acquired by the grant administrator is required from the granting agency as part of the grant's documentation prior to budgeting and spending of the funds. The grant administrator should be in constant contact with the grant agency to ensure all rules and procedures relating to the grant are followed. The grant administrator is required to be proactive to ascertain the current grant procedures and current approved grant amounts. The grant administrator is responsible for budget over-expenditures and under-expenditures. Before a grant application is submitted to the Board or State/Agency, the grant administrator is required to provide a copy of the grant for review by the Budget Office and Grant Accountant. This assures proper account coding and information.

BUDGET ADJUSTMENT SIGN-OFF PROCEDURES

All Budget Adjustments must be signed in blue ink and dated by the initiator, and/or chief administrator(s) of the account. In addition, the adjustment may require additional sign-off if it meets any of the criteria that fall under the responsibility of the following individuals:

Director of Budget Services:

- Internal Adjustments
 - O Corrections and transfers for the purpose of accounting requirements compliance.
- Approved budget appropriations requiring reallocation to a detailed level (such as the local school allocations).
- Carryover Budgets Fund Balance adjustments necessary to carry-over previously approved funding into a new fiscal year.

Agency/Department Administrators (Chief Administrators) & Principals:

• All Budget Adjustments under respective areas of supervision.

Chief Financial Officer:

• All Budget Adjustments.

Executive Cabinet Members:

• All Budget Adjustments under respective areas of supervision.

Superintendent or Designee:

• All Budget Adjustments greater than or equal to \$200,000.

Board of Education:

• General Fund accounts that increase/decrease from the original Board approved budget.

Note:

• Budget Adjustments for all funds need to be reported to the Board if the transferred line item is greater than 20% of the total and/or the adjustment amount is over \$100,000.

CAPITAL PROJECTS/SPLOST BUDGET ADJUSTMENTS SIGN-OFF PROCEDURES

Capital Projects/SPLOST related Budget Adjustments are coordinated by the Capital Projects department in Financial Services. The adjustment will require additional sign-off under the criteria stated below. The stated requirements are considered the minimal requirements. Additional signatures may be required at the direction of the Chief Financial Officer.

Director of Program Management & Accountability:

• All SPLOST budget adjustments.

Director of Project Services:

• All budget adjustments requested by Project Services.

Director of Construction:

• All County-Wide Building Fund adjustments and all budget adjustments related to Construction Services.

Capital Projects Finance Manager:

• All budget adjustments.

Chief Administrative Officer

• All budget adjustments.

Chief Financial Officer or Director of Disbursement Services:

All budget adjustments.

Chief Technology Officer:

• All technology initiative adjustments.

Superintendent/Designee

• All budget adjustments from Fund Contingency greater than \$200,000 and all revenue adjustments greater than \$200,000.

Note:

• Budget adjustments for all funds need to be reported to the Board if the transferred line item is greater than 20% of the total and/or the adjustment amount is over \$100,000.

Providing a World Class Education In Cobb County Schools

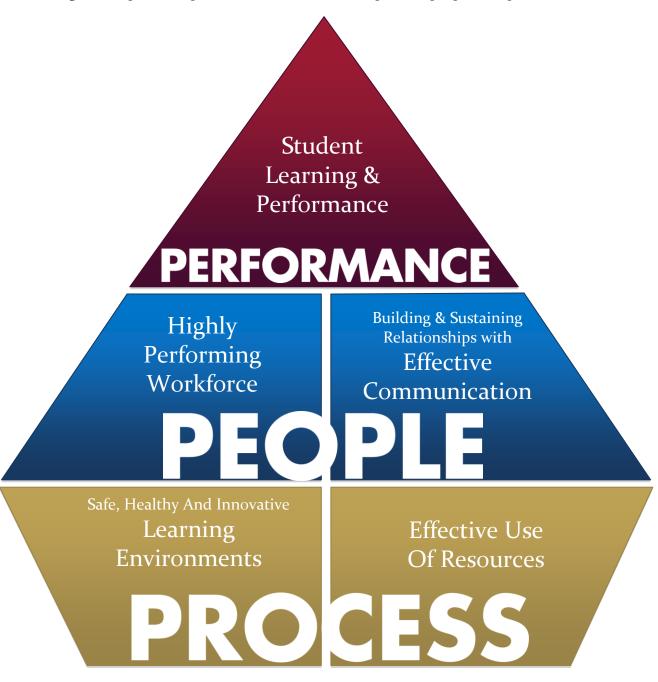

A Plan for a Renewed Focus and Commitment to Excellence

Adopted June 10, 2009

Strategic Plan Overview

The improved performance of all students and district alignment to support that performance is guided by a strategic plan that provides overall direction to the school district and serves as the foundation for monitoring student success and district accountability. Each year, the plan is updated and will continue to evolve into an integrated management tool reflective of the Board of Education's constancy of purpose and well as the Board of Educations' innovative flexibility.

The CCSD Strategic Plan strengthens the District Focus by further delineating the goals of the Board of Education with a greater emphasis on the measurement of outcomes. This updated strategic focus places emphasis in three critical areas: process, people, and performance.

Dear Staff, Families, and Community Members:

Reinforcing our commitment toward continuous improvement, we are pleased to present the Cobb County School District's 2009-2014 Strategic Plan. Working collaboratively with stakeholders, we have gathered valuable input ensuring the plan reflects the priorities of the community.

Cobb's strategic plan provides a comprehensive accounting of the school system's performance in the areas of student achievement, stakeholder involvement, and accountability. We believe keeping these priorities in the forefront provides a clear direction. The focus is on implementing strategies and initiatives in the areas of curriculum, instruction, assessment, teacher recruitment and retention, communications and operational support.

The first step of implementing the strategic plan involves communication so all District staff and stakeholders are collectively engaged in the direction of the Cobb County School System. Additionally, we will report our progress on an annual basis to help determine how well the District meets goals, objectives and targets. Ultimately our performance will depend on how well we focused on effective partnerships, a high-quality workforce, and strong family and community involvement.

We remain committed to this shared accountability process, and through your participation the strategic plan will guide the Cobb County School District toward becoming a world-class school system.

Respectfully,

Dr. John Abraham, Board Chairman

Fred Sanderson, Superintendent

Providing a World-Class Education Means...

- The focus is on learning
- All students achieve high standards
- Instruction is engaging and rigorous
- Reading and writing are taught in all content areas
- There is a sense of belonging
- Schools and offices are inviting, welcoming, and customer oriented

Mission

To provide an academically rigorous, caring and safe educational environment in partnership with families, students and the community.

Vision

All children will receive the respect, encouragement and opportunities they need to build the knowledge, skills and attitudes to be successful, contributing members of a global society.

Board of Education Academic Priorities

The strength of the strategic plan is rooted in the academic priorities of the Board of Education. These priorities serve to further define/refine the direction of the school district, establish the basis for a congruent multi-year planning strategy, and allows for clear expectations of the superintendent, central office and building level staff.

Student Achievement

- Measurable gains/growth as measured by national and state test scores
- Quality teaching and leadership
- Keep track of students through system

Stakeholder Involvement

- Utilize community in decision making
- Utilize resources and create sustainable partnerships
- Board member responsibility to communicate with community and local/state officials

Accountability

- Annual performance assessment of Superintendent/Service Providers/Board to include an independent evaluation
- Follow board policy
- Responsible fiscal stewardship to include SPLOST management

Step 4: Act — **Continuous Improvement** Based on assessments, focus on opportunities for improvement Redefine and redesign system, office, department, and school goals and action Redirect and redeploy resources to address opportunities for improvement **Evaluate the Process, Make** Adjustments, and Repeat the Cycle

Student Learning and Performance

The continued improvement of teaching and learning in the Cobb County School District (CCSD) is the focus of the system's strategic plan. Critical to achieving the mission is the systematic and systemic monitoring of student learning and performance of every student in every school. Classroom teachers, principals, and senior leaders monitor student performance by disaggregating data by race, ethnicity, gender, disability status, English proficiency, and economically disadvantaged status. Disaggregating the data ensures that every student's needs are considered when making instructional decisions.

Goals

I. Ensure success for every student by meeting high standards of performance

Objectives and Measures

- All schools will meet federal and state achievement standards
 - Increase in the number of schools meeting Adequate Yearly Progress (AYP)
 Benchmarks
 - o Improvement of student performance on national tests (ITBS)
- Students will demonstrate continuous improvement on state and national indicators and performance assessment
 - o Improvement on state assessments
 - o Increase state writing performance at grades 5, 8 and 11
 - o Improvement in students reading on-grade level at grade 3 and 6
 - o Increase students taking more challenging courses
 - o Increase graduation rate
 - o Decrease in high school dropout rate
 - o Increase in SAT/ACT participation rate and results
 - Increase the percentage of students who are work ready as indicated on the ACT WorkKeys Assessment

II. Monitor the progress and success of each student

- Continue to design and implement the academic portal as an ongoing monitoring tool for teachers and administrators
 - o Number of schools with fully functioning data teams
 - o Number of reports available in the academic portal

Highly Performing Workforce

CCSD requires a highly skilled staff working to support the performance of each and every student. Core components and competencies for all employees include a commitment to students, knowledge of the job, professionalism, interpersonal skills, communication, organization, and problem solving. Recruiting and retaining highly qualified staff to meet the No Child Left Behind requirements is tantamount to district success. Professional training for all staff is coordinated and rooted in the need to support the ongoing improvement of student performance.

Goals

I. Attract, recruit, and retain the highest quality applicants representing diverse backgrounds.

- Increase the percentage of highly qualified staff
 - Percent of Highly Qualified Paraprofessionals (Title I)
 - o Percent of Highly Qualified Teachers (Title I)
 - o Percent of Highly Qualified Paraprofessionals (Non-Title I)
 - o Percent of Highly Qualified Teachers (Non-Title I)
- Increase the teacher retention rate
 - o Percent of Staff returning at the beginning of the school year
 - o Increase in average years of experience
- Increase the number of teachers with advanced degrees
 - o Increase percentage of teachers with advanced degrees
 - o Increase the number of teachers receiving an accurate assessment of the quality of their instructional practice
- Increase the number of qualified applicants
 - Number of qualified teaching applicants
 - Number of qualified leadership applicants

II. Provide high-quality professional learning and training for all personnel

- Provide all employees with high-quality professional learning opportunities to promote individual development and improved student performance
 - o Increase the number of highly qualified teachers to 100%
 - o Increase the number of highly qualified para-professionals to 100%
 - o Increase the number of professional learning opportunities aligned to improve student performance
 - o Insure that all staff successfully meet certification and recertification requirements as established by the Professional Standards Commission

Building and Sustaining Relationships With Effective Communication

CCSD is committed to supporting a strong and active parent community and ensuring that family engagement efforts reflect the cultural and linguistic diversity of local school communities. The school district strives to foster broad-based community involvement by constituents with a vested interest in the education of children. To build effective, meaningful, and supportive relationships with families and the community at-large, the district must create and sustain environments where parents, students, teachers, leaders, and community members feel respected, valued and where their ideas and perspectives are embraced in the decision-making process.

Goals

I. Promote a culture that fosters active family engagement

Objectives and Measures

- Schools will provide numerous opportunities for families to become engaged in their child's academic progress and school experiences
 - Improved participation in opportunities (PTA, school councils, committees, SIP team) for family involvement
 - Percentage of families and school staff joining PTA/PTSA
 - Increase elementary and middle school parent/teacher interaction, especially opportunities focusing on academics
 - Increase family participation at workshops (Math nights, Art Festivals) designed to improve student learning
 - Improve family volunteerism
- Schools create a warm and welcoming environment for families
 - Develop and implement a system to assess an improve family and community experiences when visiting schools
 - Assessing and improving school websites and newsletters ensuring they provide clear information
 - Annual survey indicates a high percentage satisfaction with the school climate (goal 100%)
- II. Partner with businesses, community resources, institutions, agencies and organizations that support education

Objectives and Measures

• The District serves as a community resource by offering its facilities, personnel, and resources to support community needs within District Policy

- o Maintain, at minimum, current number of facility use agreements
- o Ensure continuous monitoring of facility usage to ensure quality and equity
- o Increase results of bi-annual surveys with agencies using the District's facilities to ensure needs and goals are being met
- o Increase District and School community participation
- Community resources and relationships are used to strengthen schools, families, and student learning.
 - Increase number of Cobb Chamber Partners in Education
 - o Increase number of interagency collaborations
 - o Increase number of higher education partnership/programs in schools
- III. Provide clear, concise and timely communication between students, parents, staff, and community.

- The district and local schools have the tools and training to communicate effectively with their audiences, and do frequently
 - o Schools use available tools effectively and frequently (goal 100%)
 - o Feedback from parents on annual School Climate Survey indicates a high percentage of school-to-home communication. (goal 100%)
- Communication tools utilize technology to ensure that parents and District staff are aware of critical District priorities, programs, procedures and policies, as well as the positive accomplishments of local schools.
 - Schools distribute Student Folder and Parent Information Guide to all parents, as indicated by signed receipts
 - o Intouch calling system data indicates increase in number of schools using automated calling system to disseminate critical information
 - The District expands the use of video to inform parents, district staff, and students about programs, procedures, and policies
 - Press releases and other information are disseminated by email, and District-wide email distribution lists continue to grow in number

Process

Safe, Healthy and Innovative Learning Environments

CCSD is committed to the continuous improvement of student performance by maintaining and enhancing safe, healthy and innovative learning environments for all students. The district will promote a climate that supports equity, diversity, and collaborative behaviors among students, teachers, leaders, parents, and community. The promotion of mutual respect between all stakeholders is key to maintaining and enhancing positive learning environments for students. The facilities and equipment used within the district will be maintained and upgraded to promote a high-quality, world-class education for all students. Student and employee safety remains vigilant.

Goals

I. Provide a safe, secure, and healthy environment for all students and staff.

- Develop/maintain a schedule for construction/renovation
 - Number and percent of Board approved project starts completed on time
 - Number and percent SPLOST projects under budget
- Develop/maintain a schedule for preventive maintenance
 - Maintain a regular schedule of preventative maintenance on building systems (HVAC, Roofing, Electrical, Plumbing, Security Alarms)
- Continue to evaluate and improve focus on public safety
 - o Increase student awareness of behavior practices by reducing student offenses (Fighting/Bullying, Drugs, Weapons, Gang-related incidents)
 - Improve bus discipline at all levels through implementation of the Safe Rider Bus Program
- Improve performance on health and wellness measures
 - Increase the number of servings of fruits, vegetables, and milk taken by students participating in the school breakfast, lunch and After School programs
 - o Increase to 100% schools completing the Online Local School Wellness Plan
 - Improve to 100% schools earning a score of "A" on the Georgia Department of Human Resources Food Services Establishment Inspection Reports
 - Implement programs to encourage bus ridership, car pooling and walking to school programs.

II. Provide well maintained and upgraded technology for all students and staff

- Maintain current SPLOST schedule of technology refresh
 - o Number of refresh projects completed on-time
- Continue implementation of the integration of the information systems
 - o Completion of SPLOST district operational initiatives
- Continue to support instruction through technology
 - o Completion of SPLOST district classroom initiatives

Process

Effective Use of Resources

Responsible fiscal stewardship is a priority of the Board of Education. CCSD will maximize the effective use of resources to build public trust and strengthen the relationship with all stakeholders. Fiscal priority ensures that maximum resources are dedicated to student performance. CCSD provides effective and efficient management of tax dollars which results in the most productive delivery of instruction to all students.

Goals

I. Manage financial resources effectively and efficiently

- The District's Comprehensive Annual financial Report will receive an unqualified (clean) audit opinion each year
 - o Clean audit opinion every year
- Maintain a General Fund unreserved fund balance that is greater than or equal to one month (8.33%) of expenditures
 - o General Fund unreserved fund balance per the Comprehensive Annual Financial Report equals at least 8.33% of expenditures
- Maintain a millage rate that is at or below 18.9 mills
 - o Board approved millage rate is no higher than 18.9 mills
- Ensure that all SPLOST funds are spent appropriately
 - o Conduct an annual performance audit of SPLOST funds
- II. Align financial resources to maximize student performance
 - Maintain per pupil expenditures for Instruction that are above the state average
 - Maintain per pupil expenditures for General Administration that are below the state average

II. Improve opportunities to increase supplier diversity

• Improve communications to a broader base of suppliers

- Provide outreach to local city/county chamber of commerce associations and other diverse supplier organizations (minority, women owned, disabled, etc.) by joining organizations and/or speaking at their meetings
- o Provide access to "How to Do Business" booklet on CCSD procurement website

• Increase membership in industry organizations

 Number of memberships in local diverse business organizations (small, minority, women owned, disabled owned, etc.) to provide opportunities to make suppliers aware of opportunities to participate in Cobb's procurement process

• Improve procurement linking

- Number of "procurement link" informational events held to guide suppliers through the procurement process
- o Number of organizations contacted to offer a link to Cobb's web site in order to offer opportunities to small businesses

• Implement and monitor a supplier tracking system

o Number of suppliers in Cobb's vendor database identified as being diverse businesses (small, women owned, minority owned, etc.)

FINANCIAL PLAN

(This page was left blank intentionally)

FUND DESCRIPTIONS

The District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

An important principle that the Governmental Accounting Standards Board (GASB) *Codification of Governmental Accounting and Financial Reporting Standards* includes within the code is the "Basis of Accounting" which refers to when revenues, expenditures, expenses and transfers, and the related assets and liabilities, are recognized in the accounts and reported in the financial statements.

When budgeting for revenue and expenditures, the District uses one of two methods that GASB approved: accrual basis or modified accrual basis. The accrual basis of accounting recognizes transactions in the accounting period that when they occur. That is the revenue becomes objectively measurable and earned, and the expenditure is measurable and incurred. Under the modified basis of accounting, the expenditures are recognized while they are measurable and incurred; and the revenues must meet two criteria: measurable and available. Available means that the revenue was collected during the year or will be collected within a specified period of time after year-end. The district considers revenues available if they are collected within 60 days after year-end. Budget is adopted on a basis other than accounting principles generally accepted in the United States of America (GAAP) as allowed by the State of Georgia.

The basis of budgeting is the same as the basis of accounting used in the District's Comprehensive Annual Financial Report (CAFR) for both Governmental funds and Proprietary funds.

Governmental funds are those through which most governmental functions of the District are financed. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined; and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues available if they are collected within 60 days after year-end. Property taxes, sales taxes and interest are considered to be susceptible to accrual. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Expenditures are generally recognized when the related fund liability is incurred, except for the principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized as expenditures to the extent they have matured.

The District appropriates budgets for governmental funds including the following fund types:

The *general fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Major revenue sources include state funding under the Quality Basic Education Act (QBE) and local property taxes. Expenditures include all costs associated with the daily operations of the schools, except for federal and state grant funded programs, school construction, debt service, lunchroom operations and interdepartmental services.

FUND DESCRIPTIONS (Continued)

The *special revenue funds* are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District has three categories of special revenue funds depending on the revenue source and program purpose.

- 1. Funds which are funded primarily through fees and tuitions to provide extracurricular activities and special services to the students and citizens of the District.
- 2. Funds which are funded with State revenues to provide programs and services specified by the State of Georgia.
- 3. Funds which are funded with Federal revenues to provide programs and services specified by the Federal government.

The *debt service fund* accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs. The primary revenue source is local property taxes levied specifically for debt service.

The *capital project funds* account for financial resources used for the acquisition and construction of major capital facilities. The District has three funds used for that purpose: County-Wide Building Fund, SPLOST II (Special Purpose Local Option Sales Tax II), and SPLOST III Fund.

Proprietary funds the District appropriates budgets for proprietary funds which are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Proprietary funds include the following fund type:

Internal service funds are used to account for the financing of goods or services provided by one department to other departments on a cost-reimbursement basis. The District has five individual funds in the Internal Service Funds category. The Unemployment, Self-Insurance and Dental Insurance Funds are used to account for the District's self-insurance programs. The Flexible Benefits Fund accounts for the District's cafeteria plan of flexible benefits. Purchasing and warehousing costs are allocated to users through the Purchasing/Warehouse Fund.

Agency funds the fiduciary funds report only assets and liabilities, are custodial in nature, and do not present results of operations or have a measurement focus. It focuses on net assets and changes in net assets. The District has two individual Agency funds, the Club and Class Fund and the Payroll Withholding Fund. The funds are used to account for assets held by the District as an agent for special school groups and clubs and for salary withholdings collection agencies. The District does not appropriate budgets for these funds.

OVERVIEW OF REVENUES AND EXPENDITURES FOR ALL FUNDS CONSOLIDATED BUDGET STATEMENT

The FY 2013 consolidated budget presented below is for informational purposes only. While informative, this consolidated statement shows mixed types of funds. It does not represent an operational statement of the District, but merely a total of all budget types within.

FUND DESCRIPTIONS

- The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *Special Revenue Fund* is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
- The *Debt Service Fund* accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.
- The Capital Project Fund accounts for financial resources used for the acquisition and construction of major capital facilities.
- The *Internal Service Fund* is used to account for the financing of goods or services provided by one department to other departments on a cost-reimbursement basis.

FISCAL YEAR 2013 REVENUE EXPLANATIONS AND PROJECTIONS

LOCAL REVENUE

During the development of the budget, the historical trend of each local revenue item is reviewed. State agencies are contacted during the budget process and the local revenue budget is modified if the agency predictions vary from the historical trend. In FY2013, local revenue contributes approximately **51.87%** of the Cobb County School System's revenue. The local revenues consist of the following categories:

Property Taxes - The ad valorem tax, more commonly called property tax, is the primary source of revenue for local governments in Georgia. Ad valorem means "according to the value." The County Board of Tax Assessors, which is appointed by the County Board of Commissioners, evaluates and assesses all property for tax purposes. Assessments are based on 40% of the (appraised) market value by law as of the 1st day of January each year. The millage rate is the determining factor in the calculation of taxes (a mill is 1/10 of 1 cent). The State authorities set the millage rate for State taxes, the County Board of Commissioners sets the millage rate for County taxes and the County Board of Education sets the millage rate for County school taxes. The various authorities establish the millage rate by dividing revenue needed by the 40% net assessment. The Tax Commissioner is responsible for collecting taxes based on the set millage rate. The school district pays a 1.6% fee of collections received to the Tax Commissioner for collection of the school taxes.

Property tax bills are mailed on, or about, August 15 each year to the owner on record as of January 1 and payment is due upon receipt. Delinquent taxes are subject to a 5% penalty plus 1% interest per month or any portion thereof, figured on the principal plus the 5% penalty. Fifa tax lien(when a tax liability has gone unpaid and reaches the lien stage), recording fees (\$15.50 on taxes less than \$100 and \$20.50 on taxes \$100 and over) and any administrative levy fees incurred will be charged. The Tax Commissioner collects city taxes for Acworth and Kennesaw. Marietta, Smyrna, Powder Springs and Austell collect their own city taxes. Contact the city Tax Department for information concerning city taxes in these four cities.

Note: <u>Property Tax Revenue Trends</u> – Property tax revenue is generated by applying a millage rate to the assessed value in Cobb County each year. Growth in the assessed value of property in Cobb County each year yields additional revenue for the school district. Assessed property growth since FY2001:

Fiscal Year	Property Digest Growth
FY2013	(2.42%)
FY2012	(5.66%)
FY2011	(9.41%)
FY2010	(1.41)%
FY2009	4.38%
FY2008	7.05%
FY2007	8.16%
FY2006	7.31%
FY2005	5.23%
FY2004	3.50%
FY2003	16.41%
FY2002	18.05%
FY2001	7.14%

Taxes levied on real and personal property are based on values assessed as of January 1. Based on a millage levy of 18.90 mills, a homeowner would pay \$20.00 per \$1,000 on 40% of the assessed value. Taxes not paid in sixty (60) days become delinquent taxes and penalties and interest are assessed.

How your School Taxes are calculated

The following is an example of how FY2013 Cobb County School Taxes are calculated for a \$206,700 home:

M & O Millage	<u>Item</u>
\$206,700	House assessed at Fair Market Value
X .40	40% Assessment Rate
\$ 82,680	Assessed Value for Tax Purposes
(\$10,000)	Homestead Exemption
\$72,680	Tax Base for Property Tax
X 18.90 mills	Millage Rate
\$1,374	M & O School Taxes

Note: Median Home Value in Cobb County \$206,700, per U.S. Census Bureau 2010 American Community Survey

Property Tax Exemptions - A property tax exemption excludes all or part of a property's value from property taxation, ultimately resulting in lower property taxes. In Cobb County the Tax Commissioner's office processes the exemption applications. Following are some major exemptions:

Cobb County Basic Homestead Exemptions - These exemptions apply only to homestead property. For all exemptions, the amount exempted is deducted from the 40% assessed value of the property in the applicable tax categories. Homeowners who meet the basic Homestead Exemption requirements are entitled to a \$10,000 exemption in the county general and school general tax categories. The Basic Homestead Exemption was worth \$266.70 in 2012.

Cobb County School Tax (Age 62) - Homeowners who are 62 years of age on or before January 1 are entitled to be exempt from all taxes in the school general and school bond tax categories.

Cobb County \$22,000 Disability - Homeowners who are totally disabled on or before January 1, and whose annual net income does not exceed \$12,000 for the immediately preceding taxable year's income, including income of the spouse, but not including payments received as a result of the disability (i.e., disability retirement) are entitled to a \$22,000 exemption in all tax categories except the state.

Veteran's Disability - Homeowners who are disabled veterans as defined in O.C.G.A. 48-5-48 are entitled to a \$50,000 exemption in all tax categories.

Veteran Disability Surviving Spouse – A homeowners who is the un-remarried surviving spouse of a member of the U. S. armed forces killed in any war or conflict as defined in O.C.G.A. 48-5-52.1 and receiving spousal benefits from the U. S. Department of Veteran's Affairs is entitled to a \$50,000 exemption in the state, county, municipal and school tax categories.

Peace Officer or Firefighter (Surviving Spouse) – The un-remarried surviving spouse of a peace office or firefighter killed in the line of duty is entitled to an exemption for the full value of the homestead.

Real Estate Transfers - A tax imposed on the transfer of real estate located within Cobb County. The tax is \$1.00 on the first \$1,000 or less of the purchase price or value of the property, and \$.10 of each additional \$100 or fraction thereof. Transfers with a purchase price of less than \$100 are not taxable. This tax has a direct relationship of property being bought in the county.

<u>Tag Tax</u> - Georgia law requires that motor vehicle ad valorem taxes be paid at the time of purchase of auto tag or renewal decals. The ad valorem tax is assessed at 40% of the fair market value of the vehicle. This assessed value multiplied by a millage rate determines the taxes.

<u>Intangible Recording Tax</u> - Holders of "long term" notes secured by real estate pay the Georgia intangible recording tax to the Tax Commissioner. The rate is \$1.50 per \$500 or fraction thereof of the principal amount of the loan.

Intangible Personal Property Tax - Intangible personal property tax is a part of the county ad valorem tax structure. This tax is imposed annually on the fair market value of intangible property owned on January 1, and is administered by the State Revenue Department. The tax is collected by the county Tax Commissioner and is distributed locally. Intangible personal property includes several classes: money, bonds, stocks, mutual funds, patents, copyrights, investment trusts, etc. There are many exempt classes such as government bonds, IRA's and so forth.

Alcoholic Beverages - Tax collected on all alcoholic beverages sold in Cobb County.

Tuition and Fees - Charged to non-employees enrolled in District professional learning classes.

<u>Interest Income</u> - Interest income are funds collected as interest on all school investments and the interest charged to delinquent taxes.

<u>Other Local Revenue</u> - These funds include sale of school assets, rental of facilities owned by the school district, reimbursements of lost and damaged textbooks and other miscellaneous items.

STATE REVENUE

State revenue is earned via a formula entitled the Quality Basic Education (QBE) Act which is approved by the State of Georgia legislature. The main criteria for State funding is student growth. In FY2013, the projected State contributes approximately **47.40%** of the Cobb County School System's revenue.

QBE Funding Formula Summary

- 1. **Full-Time Equivalent** The funding formula utilizes a concept called Full-Time Equivalent (FTE). The State of Georgia allocates funds to school districts based on their number of full-time students. Cobb County reports enrollment during each school year to the State of Georgia. Each school day is divided into six parts and the student is counted six times. Students in the following programs or situations may not be counted for the portion of the day that they are in them:
 - Study Hall
 - Students on Minimum Day Schedule
 - Non-credit Courses

EXAMPLE: A student taking the following in school is counted as 5/6 FTE instead of 1 FTE:

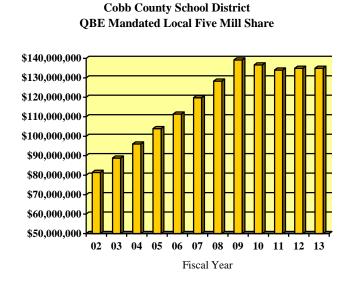

<u>Item</u>	# Items	FTE
Math	1	1
English	1	1
Social Studies	1	1
Science	1	1
Study Hall	1	0
Literature	<u>1</u>	<u>1</u>
Total	6	5

2. **Program Weights** - Since different programs (kindergarten, primary grades 1-3, middle school grades 6-8, etc) vary in their cost of operation, each program is assigned a program weight. The Governor is authorized to appoint a task force every three years to recommend to the General Assembly any needed changes in the program weights. The following are the FY2013 Program Weights:

<u>Programs</u>	<u>Weights</u>	<u>Programs</u>	<u>Weights</u>
Kindergarten	1.6611	Remedial	1.3142
Kindergarten EIP	2.0532	Alternative	1.6048
Grades 1-3	1.2866	Special Ed Cat I	2.3975
Grades 1-3 EIP	1.8056	Special Ed Cat II	2.8213
Grades 4-5	1.0327	Special Ed Cat III	3.5944
Grades 4-5 EIP	1.8000	Special Ed Cat IV	5.8308
Grades 6-8	1.0166	Special Ed Cat V	2.4607
Middle School	1.1221	Gifted	1.6695
Grades 9-12	1.0000	ESOL Program	2.5359
Vocational Lab	1.1837		

3. **Training & Experience** - The State of Georgia allocates additional funds to school districts to adjust for varying levels of teacher education and years of experience.

4. **Local Five Mill Share** - The Local Share for each local system is an amount of money equal to the amount that can be raised by levying five (5) mills on the forty (40) percent equalized property tax digest. Each local system will receive an amount of State funds that is the QBE program cost for the system MINUS the Local Share Amount. Cobb County's Local Share contribution in FY2013 is \$135 million.

YEAR	LOCAL SHARE			
2002	\$81,438,033			
2003	\$88,827,699

2011	\$133,973,704			
2012	\$134,918,836			
2013	\$134,918,839			
These amounts are deducted from the State				
revenue earned by Cobb County				

5. **Base Amount** - Standard Cost per Student amount established by the State of Georgia. The base amount for FY 2013 is \$2,744.80 per student.

QBE Formula

To determine the total State funds for a specific school system, the following formula is used: FTE Count X Program Weight X Base Amount X Training & Experience Factor - Five Mill Share

Cobb County School District QBE and State Grant Revenue

FY 2013 General Fund State Revenue is approximately 47.40% of Total Revenue. The following chart

^{*}The Federal ARRA funding had replaced the State funding in 2009-10 and 2010-11 two years.

Note: **State Revenue Trends**

State Revenue is based primarily on student counts. Due to the State of Georgia economic decline since FY2003, the State of Georgia implemented austerity cuts for K-12 education. Cobb County's cumulative austerity cuts from FY2003 to FY2012 total \$353 million. FY2013 budget was created with the anticipation of a \$72.3 million austerity cut.

FEDERAL REVENUE

The Cobb County School District receives a small portion of its revenue from the Federal Government. In FY2013 projected federal revenue is approximately **0.73%** of the Cobb County School System's revenue. The following is a listing of the various Federal Revenues sources:

<u>Indirect Cost Revenue</u> – Reimbursement allowed under selected federal grant programs to help compensate the school district for administrative costs, overhead costs that support the grant.

<u>ROTC Revenue</u> – The Federal Government pays half of the cost of ROTC instructors.

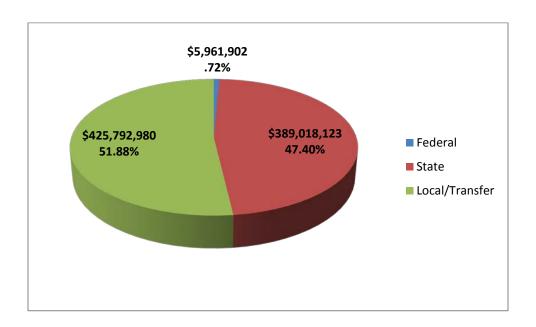

<u>MedACE Revenue</u> – The Administrative Claiming Education (ACE) program is a Medicaid program administered through the Children's Intervention School Services Office in conjunction with the Georgia Department of Community Health. This program allows the district to be reimbursed under the Federal Medicaid program for portions of administrative costs associated with providing school-based health services.

<u>Medicaid Reimbursement</u> – This program reimburses the district for certain medical services provided to a child under his/her Individual Education Program (IEP). This program is only available to Medicaideligible students. This program allows the district an opportunity to obtain funding which would otherwise be unavailable to the district, thereby strengthening the district's ability to deliver high quality education to the student.

<u>E-Rate Revenue</u> – Supported by the Telecommunications Act of 1996 with the express purpose of providing affordable access to telecommunications services for all eligible schools and libraries, particularly those in rural and economically disadvantaged areas.

GENERAL FUND BUDGET BOND DEBT AND LONG-TERM OBLIGATION

Long-Term Bond Debt

As of January 31, 2007, the Cobb County School District is free from all long-term debt. The Board voted to eliminate the debt service millage rate of 0.90 mills as part of the FY2008 budget. The additional millage tax rate has not been needed while there has been no ling-term debt.

Long-Term Obligation

Accrued Vacation Pay

The Cobb County School District employees who work an annual employment year are eligible to earn vacation leave. An employee's vacation leave accrual rate is determined by a combination of his/her years of employment in both education and the District.

An employee may accumulate up to four (4) times the amount of vacation leave he/she earns annually. An employee who resigns, retires, or changes from annual employment to less-than-annual employment status will be reimbursed for accumulated vacation leave at the rate of the annual salary for each day of vacation accumulated up to the maximum described above (District Policy GARK-R). Accrued vacation pay is generally liquidated by the General Fund.

Fiscal year 2012 **long-term obligations** are as follows:

GENERAL FUND DISTRICT-WIDE INSTRUCTIONAL ALLOCATION GUIDELINES LOCAL SCHOOL

The basic 2012-2013 per pupil instructional allocation for local schools, based on the October Full-Time Equivalent (FTE) count, is: elementary school (including kindergarten), \$32.00; middle school, \$40.00; and high school, \$48.00. The QBE accounting requirements apply to all the 2012-2013 Local School Allocation Funds. Each category of funding by school level is detailed in the following pages.

<u>Instructional Expenditures</u>

Funds must be used for instructional purposes as defined. Instruction includes the activities dealing directly with the intervention between students and teachers whereby a uniformly sequenced core curriculum is provided for those competencies defined by the State Board of Education in Georgia Code 20-2-140. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving curricular activities. It may also be provided through some other approved medium such as computer, television, radio, telephone, or correspondence. Included are the activities of aides or classroom assistants of any type (clerks, graders, etc.) that assist the instructional process.

New School Allocation

The new school allocation procedure for 2012-2013 provides for an additional 100% increase of instructional allocation (per pupil FTE count) for the first two years of operation. For the third year and beyond of the school's operation, regular funding applies.

Curriculum Materials and Instructional Supplies Policy

The Cobb County Board of Education shall annually provide to schools a teaching supplies allocation based upon a per pupil allotment. This allocation shall be consistent among schools of like grade levels. Additionally, in accordance with accreditation standards of the Southern Association of Colleges and Schools, the provision of materials and supplies for libraries and programs associated with them shall be provided on an equitable basis from school to school. Special funding may be provided to schools on a selected basis for curriculum materials and supplies above the basic allotment to address unique needs in the individual schools. Through the basic allotment provided on an equitable basis to all schools and additional funding according to identified need, the Cobb County Board of Education shall provide an equalized educational opportunity for all students within the resources available.

Please note for all programs:

- (1) Each principal is responsible for complying with all agency requirements (SACS, QBE and other accreditation and/or state standards) for expenditures of allocated funds.
- (2) Allotments are based on the October FTE count as reported to the State.
- (3) The annual allotment for state media funds includes funds necessary to renew periodical subscriptions for the next year.

GENERAL FUND DISTRICT-WIDE INSTRUCTIONAL ALLOCATION GUIDELINES LOCAL SCHOOL (Continued)

- (4) Each school has a Local School Billing account with a zero budget. The school submits a local school check to the Central Office for the amount of an order before a purchase order can be processed through the county purchasing system.
- (5) Specific Board approval shall be required for all purchases/expenditures greater than \$200,000 except those purchases/expenditures specifically excluded by the Board. The Board may change its list of excluded items at any time and shall review the list each February as part of the annual budget adoption process.

DISTRICT-WIDE INSTRUCTIONAL ALLOCATION GUIDELINES MIDDLE SCHOOLS

Direct Instructional Allotments:				
Instructional Supplies and/or	\$40	Per Pupil allocation		
Equipment		\$22 must be spent on instructional materials. A maximum of \$18 may be used for instructional equipment and non-instructional supplies (office supplies) from the per pupil allocation. If maximum amount is spent on equipment, funds will not be available for office supplies.		
		Note: Included in Instructional Supplies are extra funds for new schools, computer lab supplies, lab workbooks, and transient funds.		
New School Additional Allocation		The new school allocation provides a 100% increase of instructional supply funds for two years after which regular funding applies.		
Computer Lab Supplies	\$1,400	Per middle school for supplies, e.g. paper, printer cartridges (Garrett, Lindley, Campbell only)		
Lab Workbooks	\$608	Per middle school for workbooks		
Transient Allotment	\$2	Per transient pupil		
		Funding is provided for schools with a transient rate of 30% or more. This additional instructional supplies allotment is based on transient percentage of student enrollment.		
	\$250	Per transient school postage allowance		
Discretionary Funds	\$300	Base +. 03 per pupil-based on total enrollment		
Band, Chorus, Orchestra Supplies/Equipment		For each program, half of total budget is divided between schools. Remaining half is distributed according to student enrollment for each program.		
Guidance Supplies	\$.45 \$.08	Per initial 500 pupils enrolled plus Per remaining number of pupils		
Personnel Allotments:				
Counselor – 4 Extra Days/Summer	\$1,314	Per school		
		Middle schools are allotted four extra days to prepare records for high school, register new students, request records, prepare class lists, conferences and to advise students and parents. This work should take place after post-planning or prior to pre-planning at per diem rate.

GENERAL FUND

DISTRICT-WIDE INSTRUCTIONAL ALLOCATION GUIDELINES HIGH SCHOOLS

Direct Instructional Allotments:		
Instructional Supplies and/or	\$48	Per pupil allocation
Equipment		\$26 must be spent on Instructional materials. A maximum of \$22 may be used for instructional equipment and non-instructional supplies (office supplies) from the per pupil allocation. If the maximum amount is spent on equipment, funds will not be available for office supplies.
		Note: Included in Instructional Supplies are extra funds for new schools, and transient funds.
New School Additional Allocation		The new school allocation provides a 100% increase of instructional supply funds for two years after which regular funding applies.
Transient Allotment	\$2	Per transient pupil.
		Funding is provided for schools with a transient rate of 30% or more. This additional instructional supplies allotment is based on transient percentage of student enrollment.
	\$250	Per transient school postage allowance
Discretionary Funds	\$500	Base + .03 per pupil-based on total enrollment
Band, Chorus, Orchestra Supplies/Equipment		For each program, half of total budget is divided between schools. Remaining half is distributed according to student enrollment for each program.
Guidance Supplies	\$.45 \$.08	Per initial 500 pupils enrolled plus Per remaining number of pupils
Vocational Supplies/ Trade & Industry Supplies/ Business Teachers Supplies		Allocations vary according to relative cost of operation and number of sections taught. Each high school receives a lump sum allocation based on number of programs at school and number of pupils enrolled in programs. Funds are for purchase of computer software, small equipment and supplies for vocational programs.
Athletic Support	\$1,700	Per high school to cover the cost of miscellaneous purchased services, e. g. ambulance service, excluding Oakwood. Campbell, Osborne, Pebblebrook and Wheeler receive additional athletic support funding of \$900.
Athletic Field Maintenance	\$11,774	Per high school for maintenance of athletic fields, excluding Oakwood.

DISTRICT-WIDE INSTRUCTIONAL ALLOCATION GUIDELINES HIGH SCHOOLS (Continued)

SPECIAL REVENUE FUNDS SPECIAL REVENUE SOURCES/ASSUMPTIONS

Special Revenue Funds (Special Fee Based Programs)

The Cobb County School District has multiple Special Revenue funds that depend on fees in order to fund and operate the program. Each year during the budget process, each of these programs is examined to anticipate program participation. Based on this examination, revenue is estimated. The scope of each program is then adjusted based on available resources.

Special Revenue Grants (Federal and State)

Special Revenue Grant revenue is projected based on previous year grant awards. Each grant is adjusted in the current year before funds are spent based on the actual grant award for that year.

DEBT SERVICE FUND BOND DEBT ISSUES

DEBT REVENUE AND POLICY

Debt Service Fund Revenue Sources/Assumptions

Whenever the District and the citizens of Cobb County make a decision to incur long term debt, debt retirement is funded in the Debt Service fund with local property taxes. This debt would be serviced via a special millage tax rate assessed as property tax to pay remaining principal and interest payments.

Debt Administration

In fiscal year 2007, the District paid off all its outstanding general obligation bonds. The District has maintained its AA+ rating from Standard & Poor's Corporation and its AA-1 rating from Moody's Investors Service on general obligation bond issues. The District's general obligation bonded debt issuances are subject to a legal limitation based on 10 percent of total assessed value of real and personal property. As of June 30, 2012, the District's net general obligation bonded debt of \$0 was well below the legal limit of \$2,136,385,100. Net bonded debt per capita equaled \$0. With capital leases, debt per capital is \$0.

The Cobb County School District is currently free of all long term debt.

Prior to 1995, all school construction was funded by issuing bonded debt. School construction has been funded since 1995 using a one percent sales tax. This alternative funding method is a "pay as of go method" which has saved the citizens of Cobb County millions of dollars in interest.

CAPITAL PROJECTS FUND CAPITAL PROJECTS DESCRIPTION

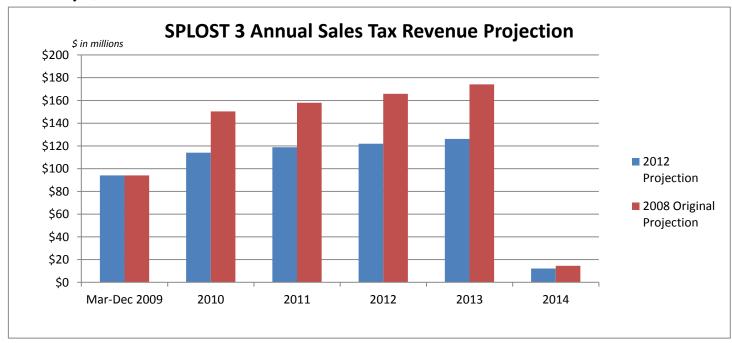

Capital Projects Revenue Sources

The Georgia Legislature passed a law allowing school districts to establish a one-cent sales tax that would be used for capital projects or debt retirement. On September 15, 1998, Cobb County citizens voted and approved SPLOST 1 (Special Purpose Local Option Sales Tax), the five year funding source that assisted the school district in building new schools, supplying additional classrooms and equipment and providing for the technology needs of a growing school district. On September 16, 2003, the voters approved SPLOST 2, the renewal of this one-cent tax for an additional five years. Again, on September 16, 2008, the District held a referendum for an extension of current SPLOST, which also was passed. This SPLOST 3 will expire on December 31, 2013. The projected total five year receipt is \$797,656,675.

With the approval of SPLOST 3, the District will focus on revitalizing schools. More than one third (36 percent) of all Cobb County schools are older than 40 years. The proposed school improvement expenditures funded by SPLOST 3 five-year plans are as follows:

School Improvements	Proposed Expenditures
Facility Improvements	
Maintenance / Renovation	\$225,758,136
Additions / Modification	\$213,164,186
New / Replacement Facilities	\$101,654,872
Safety and Support	\$132,309,481
Curriculum / Instruction / Technology	\$109,770,000
Land	\$ 15,000,000
Total Proposed Expenditures	\$797,656,675

Due to the observed shortfall in sales tax revenue since 2009 and the needs of a new revenue projection from a well qualified external source, Kennesaw State University's Coles College of Business Econometric Center has been asked to conduct SPLOST 3 Sales Tax Forecast for Cobb. Below is an updated projection presented by KSU on February 1, 2012.

Impact of Capital Investments and Nonrecurring Expenditures on Operating Budget of General Fund

With the opening of any new school, the General Fund is forced to absorb the additional costs of school operations. Examples of these include new school salaries, utilities costs and school supplies/equipment (New school gets a 100% increase of instructional supply fund allocation for two years). Note that these additional operating costs are funded primarily through local funding sources, such as property taxes, and state funding.

Open New Schools

In FY2008, the District did not open any new schools.

In FY2009, the District opened two new schools: Allatoona High School and Pickett's Mill Elementary. The following is the estimated financial impact beginning in FY2009 and continuing into FY2010.

(1) In order to staff the new schools, teachers are allocated based on student FTE counts. Student/teacher ratios are: High School - 25:1; Kindergarten - 18:1; Grades 1-3 - 19:1; and Grades 4-5 - 26:1.

To fund **personnel operations** for these new schools, the budget was increased as follows:

Position Type	Allatoona High School	Pickett's Mill Elementary
Teachers	\$2,477,055	\$2,823,310
Vocational Lab Teachers	\$266,350	\$0
Special Ed Teachers	\$692,510	\$266,350

(2) To fund **operational expenditures** for these new schools, the budget was increased as follows:

Operation Type	Allatoona High School	Pickett's Mill Elementary
Supplies/Instructional Materials	\$590,826	\$249,806
Electricity	\$303,648	\$111,900

CAPITAL PROJECTS FUND CAPITAL PROJECTS DESCRIPTION (Continued)

Replacement Schools

In FY2013, two new replacement elementary schools are planned to be opened. Mableton Replacement Elementary School has a total projected cost of approximately \$22 million and is funded from SPLOST 3. Clarkdale Elementary School was demolished after a catastrophic flood loss in 2009 and is being replaced on a different site with an estimated cost of \$19 million. Clarkdale Replacement Elementary School will be funded from several revenue sources, but primarily from Casualty Loss Insurance funds. Since both of these are replacement schools, the effect on General Fund will be minimal.

Declaration of Excess Proceeds from the SPLOST 2 Fund

On December 31, 2008, sales tax collections ended for SPLOST 2. Although some of the SPLOST 2 projects are not yet complete, the Administration has determined that a portion of the fund contingency can be declared as excess proceeds.

The State Constitution of Georgia Article VIII, Section VI, Paragraph IV(h) states: Excess proceeds of the tax which remain following expenditure of proceeds for authorized projects or purposes for education shall be used solely for the purpose of reducing any indebtedness of the school system. In the event there is no indebtedness, such excess proceeds shall be used by such school system for the purpose of reducing its millage rate in an amount equivalent to the amount of such excess proceeds.

On May 27, 2010 the Board approved an initial declaration of excess proceeds from the SPLOST 2 fund totaling \$23,634,130 and on May 19, 2011 an additional \$22,233,815 was declared excess. The excess proceeds were then transferred to the General Fund to reduce the millage rate in accordance with state law.

On March 22, 2012 the Administration recommended a third declaration of excess proceeds equal to 1.0 mills to allow the millage rate to be reduced from 19.9 mills to the rate imposed in FY 2012: 18.9 mills. The estimated value of the excess declaration is \$20,269,817. The amount was approved to transfer to General Fund for FY2013 Budget.

Capital Project Highlights of FY2012

Major Non-Construction Projects

With the continuing of unfinished contractual commitments from the previous year, the following non-construction projects were anticipated in FY2012:

- ➤ Human Resources/ Payroll Software Upgrade
- ➤ Replacement of Obsolete Computer Workstations
- > Replacement of Teacher Laptops
- ➤ Bus and Student Consumable Workbook Purchases
- > Gym Flooring Upgrade for Elementary Schools
- > CCTV / Surveillance Cameras for Elementary Schools
- ➤ VOIP (Voice Over Internet Protocol) for High Schools

SPLOST 2 PROJECTS

On September 16, 2003, Cobb County Citizens voted to approve another five year 1% sales tax to improve our school system facilities and programs. Tax receipts were projected to be \$636,504,317 with additional construction funding from the State of Georgia for a total budget of \$722,923,991. The tax became effective January 1, 2004 and expired December 31, 2008. SPLOST 2 receipts of \$613,719,675 fell short of the projected revenues by -\$22,784,642 for a variance of -3.6%. Projects included 9 new schools, 347 classroom additions, building maintenance (including electrical, HVAC, roofing, painting, etc.), curriculum technology (workstations, servers, network, etc.), safety and security (security fencing, surveillance cameras, etc.) and land.

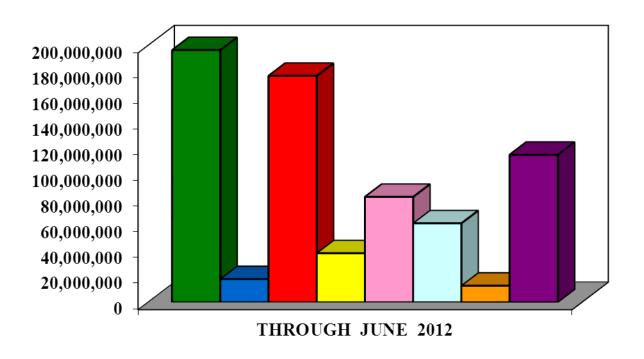

Clarkdale Elementary School

Clarkdale Elementary Media Center

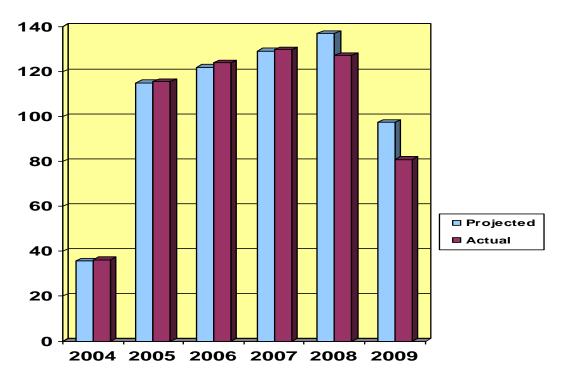

- NEW SCHOOLS AND LAND: Nine new schools have been constructed: Austell Elementary School, McCall Primary School, Pickett's Mill Elementary School, Riverside Primary School, Barber Middle School, Lovinggood Middle School, McClure Middle School, Allatoona High School and Hillgrove High School. A total of \$214,348,959 has been expended on land, new school construction, and furniture and equipment for these schools since inception.
- ADDITIONS AND RENOVATIONS: Thirty-one addition and renovation projects were planned and completed. A total of \$176,291,264 has been spent as of June 30, 2012, on additions and renovation projects.
- CURRICULUM, INSTRUCTION AND TECHNOLOGY INITIATIVES: Classroom teachers received laptops and training. Computers, printers, servers and copiers have been refreshed. Classroom printers have been installed. District network equipment upgrades and Data Center equipment refresh are now 100% complete. As of June 30, 2012, a total of \$82,034,463 has been expended on technology upgrades.
- MAINTENANCE: Generators, switchgear/panel upgrades, flooring, lighting, HVAC, painting, paving, plumbing, resurfacing tennis courts & track, roofing, and toilet partitions and accessories projects are 100% complete. Since inception, maintenance project expenditures total \$38,134,391.
- SUPPORT AND SAFETY IMPROVEMENTS: Funds have been used for ADA renovations, access
 controls, new buses, vehicles and equipment, food service upgrades, replacement classroom and
 administrative furniture and equipment, security fencing and signage, HR /Payroll and Financial
 Services software upgrade, personnel needs, local school requests and surveillance camera projects.
 Clarkdale Replacement Elementary was completed and a portion of the project is funded with SPLOST
 2 funds. Since inception, a total of \$61,466,915 has been spent on Support and Safety Improvements.

SPLOST 3 PROJECTS

On September 16, 2008, Cobb County Citizens voted to approve another five year 1% sales tax to improve our school system facilities and programs. The tax became effective January 1, 2009 and will expire December 31, 2013. Tax receipts are projected to be \$587,278,130 with additional construction funding from the State of Georgia for a total budget of \$631,492,408. Projects include replacing three elementary schools, building a new ninth grade center, school additions, maintenance (including parking lot repaving, re-flooring, painting, HVAC, roofing, fire suppression, etc.), and various electrical upgrades (fire alarm systems, emergency generators, etc.), curriculum technology (servers, network, etc.), safety and support (security fencing, surveillance cameras, access controls, etc.) and land. All projects are identified in priority order, with the highest priority being classroom space.

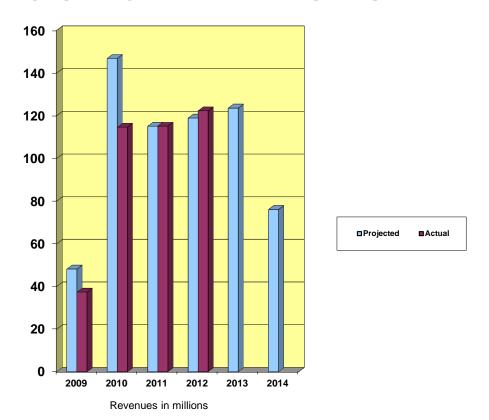

Mableton Elementary Replacement School

North Cobb High School Addition

- NEW/REPLACEMENT FACILITIES: SPLOST 3 funds were utilized to replace two of the county's oldest elementary schools: East Side and Mableton. The new Smyrna Elementary is under construction with a scheduled opening of Fall 2013. A total of \$44,455,230 has been expended on new school construction and furniture and equipment since inception through June 30,2012.
- ADDITIONS/MODIFICATIONS: Major additions/modifications/renovations continue in elementary, middle and high schools as well as the inclusion of special schools and support facilities. A total of \$149,304,888 has been spent as of June 30, 2012.
- MAINTENANCE/RENOVATION: Projects include parking lot repaving, additional parking spaces, drainage enhancements, fencing repairs, landscaping, playground equipment, re-flooring, painting, HVAC, plumbing, and various electrical upgrades. Maintenance project expenditures total \$42,844,698 as of June 30, 2012.
- CURRICULUM, INSTRUCTION, AND TECHNOLOGY INITIATIVES: Maintaining the existing technology
 infrastructure, upgrading servers, switches, data center, and phone systems continue in 2012 as well
 as providing computing devices, printers, copiers, and audiology/vision equipment. As of June 30,
 2012 a total of \$75,665,794 has been expended.
- SAFETY AND SUPPORT IMPROVEMENTS: Funds are being used to improve school safety by adding
 access controls, surveillance cameras, security fencing, signage, and traffic controls. Providing support
 functions includes buses, vehicles and equipment, renovations for Accessibility for Disabled, school level
 furniture and equipment for growth and replacement, food service upgrades, and textbooks for
 students. A total of \$58,596,379 has been spent on Support and Safety Improvements through
 June 30,2012.

COUNTYWIDE BUILDING FUND

The Countywide Building Fund is a multi-year capital outlay fund with start-up funds received from the 1995 Bond Fund after all Bond project commitments were completed. Revenues also include interest income, state capital outlay funds, extraordinary income such as catastrophic insurance claims, and construction related grants through the CCPS Education Foundation. Expenditures in the Countywide Building Fund include leased portable classrooms, small construction projects of an emergency nature, or large capital needs resulting from catastrophic events.

EXPENDED LOCATION/DESCRIPTION COMPLETE BUDGET Countywide Building Fund is a capital outlay fund with the majority of available funds received from the 1995 Bond Fund after all Bond project commitments were completed. Revenues also include interest income, state capital outlay funds, extraordinary income such as catastrophic insurance claims, and state grants for construction-type projects from the State Department of Community Affairs. Expenditures in the Countywide Building fund include leased portable classrooms, small construction projects of an emergency nature, or large capital needs resulting from catastrophic events. INTERNAL SERVICE FUNDS BUDGET

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost-reimbursement basis. For FY2012, the District has five individual funds in the Internal Service Funds category. The Unemployment Compensation, Self-Insurance and Dental Insurance Funds are used to account for the District's self-insurance programs. The Flexible Benefits Fund accounts for the District's cafeteria plan of flexible benefits. Purchasing and warehousing costs are allocated to users through the Purchasing/Warehousing Fund.

INTERNAL SERVICE FUNDS FUND DESCRIPTIONS

FUND#	FUND NAME	FUND DESCRIPTION	REVENUE SOURCES
691	Unemployment	Employer contributions to Georgia Unemployment Compensation Fund are used to pay Unemployment Benefits. This fund accounts for the cost of compensation for unemployment for previous employees that separated involuntary	Unemployment rates are determined by employer experience. Lower rates are earned by employers whose unemployment experience costs are less, and higher rates are assigned to employers whose experience indicates greater cost
692	Self-Insurance	The Board of Education provides the total cost of a worker's compensation program that pays for employee claims for injuries resulting from performance of their duties. This fund also provides insurance for General Liability and Auto	Workers Compensation revenue is developed based on past and current claims history. General Liability and Auto revenue is based on past and current year insurance payments
694	Dental Insurance	This fund was established in FY1995 for employee's self-insured dental coverage	Dental Fund revenue is calculated and applied using a percentage rate via State of Georgia fringe benefit health insurance. The employer and employee both contribute towards the funding of this program
696	Purchasing/ Warehouse	This fund was established to make Purchasing and Warehouse functions self-supportive	The General Fund budgets a transfer to fund all Cobb County School District warehouse operations
697	Flexible Benefits	This fund provides for tax-free medical and child care payments. Each employee can also estimate yearly medical and child care costs. These estimated amounts are deducted each month from the employee's paycheck. All unused estimated amounts revert to the county at the end of the year	All employee health, life, and dental insurance premiums are deducted from the employee's paycheck before taxes

FISCAL YEAR 2013 REVENUE EXPLANATIONS AND PROJECTIONS

LOCAL REVENUE

During the development of the budget, the historical trend of each local revenue item is reviewed. State agencies are contacted during the budget process and the local revenue budget is modified if the agency predictions vary from the historical trend. In FY2013, local revenue contributes approximately **51.87%** of the Cobb County School System's revenue. The local revenues consist of the following categories:

Property Taxes - The ad valorem tax, more commonly called property tax, is the primary source of revenue for local governments in Georgia. Ad valorem means "according to the value." The County Board of Tax Assessors, which is appointed by the County Board of Commissioners, evaluates and assesses all property for tax purposes. Assessments are based on 40% of the (appraised) market value by law as of the 1st day of January each year. The millage rate is the determining factor in the calculation of taxes (a mill is 1/10 of 1 cent). The State authorities set the millage rate for State taxes, the County Board of Commissioners sets the millage rate for County taxes and the County Board of Education sets the millage rate for County school taxes. The various authorities establish the millage rate by dividing revenue needed by the 40% net assessment. The Tax Commissioner is responsible for collecting taxes based on the set millage rate. The school district pays a 1.6% fee of collections received to the Tax Commissioner for collection of the school taxes.

Property tax bills are mailed on, or about, August 15 each year to the owner on record as of January 1 and payment is due upon receipt. Delinquent taxes are subject to a 5% penalty plus 1% interest per month or any portion thereof, figured on the principal plus the 5% penalty. Fifa tax lien(when a tax liability has gone unpaid and reaches the lien stage), recording fees (\$15.50 on taxes less than \$100 and \$20.50 on taxes \$100 and over) and any administrative levy fees incurred will be charged. The Tax Commissioner collects city taxes for Acworth and Kennesaw. Marietta, Smyrna, Powder Springs and Austell collect their own city taxes. Contact the city Tax Department for information concerning city taxes in these four cities.

Note: <u>Property Tax Revenue Trends</u> – Property tax revenue is generated by applying a millage rate to the assessed value in Cobb County each year. Growth in the assessed value of property in Cobb County each year yields additional revenue for the school district. Assessed property growth since FY2001:

Fiscal Year	Property Digest Growth
FY2013	(2.42%)
FY2012	(5.66%)
FY2011	(9.41%)
FY2010	(1.41)%
FY2009	4.38%
FY2008	7.05%
FY2007	8.16%
FY2006	7.31%
FY2005	5.23%
FY2004	3.50%
FY2003	16.41%
FY2002	18.05%
FY2001	7.14%

Taxes levied on real and personal property are based on values assessed as of January 1. Based on a millage levy of 18.90 mills, a homeowner would pay \$20.00 per \$1,000 on 40% of the assessed value. Taxes not paid in sixty (60) days become delinquent taxes and penalties and interest are assessed.

How your School Taxes are calculated

The following is an example of how FY2013 Cobb County School Taxes are calculated for a \$206,700 home:

M & O Millage	<u>Item</u>
\$206,700	House assessed at Fair Market Value
X .40	40% Assessment Rate
\$ 82,680	Assessed Value for Tax Purposes
(\$10,000)	Homestead Exemption
\$72,680	Tax Base for Property Tax
X 18.90 mills	Millage Rate
\$1,374	M & O School Taxes

Note: Median Home Value in Cobb County \$206,700, per U.S. Census Bureau 2010 American Community Survey

Property Tax Exemptions - A property tax exemption excludes all or part of a property's value from property taxation, ultimately resulting in lower property taxes. In Cobb County the Tax Commissioner's office processes the exemption applications. Following are some major exemptions:

Cobb County Basic Homestead Exemptions - These exemptions apply only to homestead property. For all exemptions, the amount exempted is deducted from the 40% assessed value of the property in the applicable tax categories. Homeowners who meet the basic Homestead Exemption requirements are entitled to a \$10,000 exemption in the county general and school general tax categories. The Basic Homestead Exemption was worth \$266.70 in 2012.

Cobb County School Tax (Age 62) - Homeowners who are 62 years of age on or before January 1 are entitled to be exempt from all taxes in the school general and school bond tax categories.

Cobb County \$22,000 Disability - Homeowners who are totally disabled on or before January 1, and whose annual net income does not exceed \$12,000 for the immediately preceding taxable year's income, including income of the spouse, but not including payments received as a result of the disability (i.e., disability retirement) are entitled to a \$22,000 exemption in all tax categories except the state.

Veteran's Disability - Homeowners who are disabled veterans as defined in O.C.G.A. 48-5-48 are entitled to a \$50,000 exemption in all tax categories.

Veteran Disability Surviving Spouse – A homeowners who is the un-remarried surviving spouse of a member of the U. S. armed forces killed in any war or conflict as defined in O.C.G.A. 48-5-52.1 and receiving spousal benefits from the U. S. Department of Veteran's Affairs is entitled to a \$50,000 exemption in the state, county, municipal and school tax categories.

Peace Officer or Firefighter (Surviving Spouse) – The un-remarried surviving spouse of a peace office or firefighter killed in the line of duty is entitled to an exemption for the full value of the homestead.

Real Estate Transfers - A tax imposed on the transfer of real estate located within Cobb County. The tax is \$1.00 on the first \$1,000 or less of the purchase price or value of the property, and \$.10 of each additional \$100 or fraction thereof. Transfers with a purchase price of less than \$100 are not taxable. This tax has a direct relationship of property being bought in the county.

<u>Tag Tax</u> - Georgia law requires that motor vehicle ad valorem taxes be paid at the time of purchase of auto tag or renewal decals. The ad valorem tax is assessed at 40% of the fair market value of the vehicle. This assessed value multiplied by a millage rate determines the taxes.

<u>Intangible Recording Tax</u> - Holders of "long term" notes secured by real estate pay the Georgia intangible recording tax to the Tax Commissioner. The rate is \$1.50 per \$500 or fraction thereof of the principal amount of the loan.

Intangible Personal Property Tax - Intangible personal property tax is a part of the county ad valorem tax structure. This tax is imposed annually on the fair market value of intangible property owned on January 1, and is administered by the State Revenue Department. The tax is collected by the county Tax Commissioner and is distributed locally. Intangible personal property includes several classes: money, bonds, stocks, mutual funds, patents, copyrights, investment trusts, etc. There are many exempt classes such as government bonds, IRA's and so forth.

Alcoholic Beverages - Tax collected on all alcoholic beverages sold in Cobb County.

Tuition and Fees - Charged to non-employees enrolled in District professional learning classes.

<u>Interest Income</u> - Interest income are funds collected as interest on all school investments and the interest charged to delinquent taxes.

<u>Other Local Revenue</u> - These funds include sale of school assets, rental of facilities owned by the school district, reimbursements of lost and damaged textbooks and other miscellaneous items.

STATE REVENUE

State revenue is earned via a formula entitled the Quality Basic Education (QBE) Act which is approved by the State of Georgia legislature. The main criteria for State funding is student growth. In FY2013, the projected State contributes approximately **47.40%** of the Cobb County School System's revenue.

QBE Funding Formula Summary

- 1. **Full-Time Equivalent** The funding formula utilizes a concept called Full-Time Equivalent (FTE). The State of Georgia allocates funds to school districts based on their number of full-time students. Cobb County reports enrollment during each school year to the State of Georgia. Each school day is divided into six parts and the student is counted six times. Students in the following programs or situations may not be counted for the portion of the day that they are in them:
 - Study Hall
 - Students on Minimum Day Schedule
 - Non-credit Courses

EXAMPLE: A student taking the following in school is counted as 5/6 FTE instead of 1 FTE:

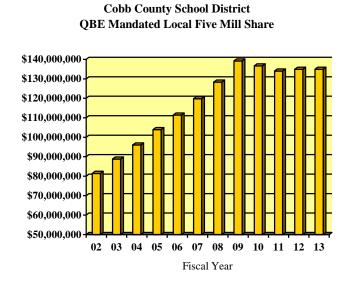

<u>Item</u>	# Items	FTE
Math	1	1
English	1	1
Social Studies	1	1
Science	1	1
Study Hall	1	0
Literature	<u>1</u>	<u>1</u>
Total	6	5

2. **Program Weights** - Since different programs (kindergarten, primary grades 1-3, middle school grades 6-8, etc) vary in their cost of operation, each program is assigned a program weight. The Governor is authorized to appoint a task force every three years to recommend to the General Assembly any needed changes in the program weights. The following are the FY2013 Program Weights:

<u>Programs</u>	<u>Weights</u>	<u>Programs</u>	<u>Weights</u>
Kindergarten	1.6611	Remedial	1.3142
Kindergarten EIP	2.0532	Alternative	1.6048
Grades 1-3	1.2866	Special Ed Cat I	2.3975
Grades 1-3 EIP	1.8056	Special Ed Cat II	2.8213
Grades 4-5	1.0327	Special Ed Cat III	3.5944
Grades 4-5 EIP	1.8000	Special Ed Cat IV	5.8308
Grades 6-8	1.0166	Special Ed Cat V	2.4607
Middle School	1.1221	Gifted	1.6695
Grades 9-12	1.0000	ESOL Program	2.5359
Vocational Lab	1.1837		

3. **Training & Experience** - The State of Georgia allocates additional funds to school districts to adjust for varying levels of teacher education and years of experience.

4. **Local Five Mill Share** - The Local Share for each local system is an amount of money equal to the amount that can be raised by levying five (5) mills on the forty (40) percent equalized property tax digest. Each local system will receive an amount of State funds that is the QBE program cost for the system MINUS the Local Share Amount. Cobb County's Local Share contribution in FY2013 is \$135 million.

YEAR	LOCAL SHARE				
2002	\$81,438,033				
2003	\$88,827,699				
2004	\$95,996,050				
2005	\$103,896,069				
2006	\$111,425,228				
2007	\$119,785,026				
2008	\$128,360,314				
2009	\$139,200,389				
2010	\$136,638,551				
2011	\$133,973,704				
2012	\$134,918,836				
2013	\$134,918,839				
These amounts are deducted from the State					
revenue earned by Cobb County					
	-				

5. **Base Amount** - Standard Cost per Student amount established by the State of Georgia. The base amount for FY 2013 is \$2,744.80 per student.

QBE Formula

To determine the total State funds for a specific school system, the following formula is used: FTE Count X Program Weight X Base Amount X Training & Experience Factor - Five Mill Share

Cobb County School District QBE and State Grant Revenue

FY 2013 General Fund State Revenue is approximately 47.40% of Total Revenue. The following chart

presents a summary of State Funding budget since FY2002-03:

School Year	State Revenue Budget	State Revenue Student Percent Increase Active (Decrease) Enrollment		State Revenue Per Student

2012-13	\$389,043,623	1.4	106,591	\$3,650

^{*}The Federal ARRA funding had replaced the State funding in 2009-10 and 2010-11 two years.

Note: **State Revenue Trends**

State Revenue is based primarily on student counts. Due to the State of Georgia economic decline since FY2003, the State of Georgia implemented austerity cuts for K-12 education. Cobb County's cumulative austerity cuts from FY2003 to FY2012 total \$353 million. FY2013 budget was created with the anticipation of a \$72.3 million austerity cut.

FEDERAL REVENUE

The Cobb County School District receives a small portion of its revenue from the Federal Government. In FY2013 projected federal revenue is approximately **0.73%** of the Cobb County School System's revenue. The following is a listing of the various Federal Revenues sources:

<u>Indirect Cost Revenue</u> – Reimbursement allowed under selected federal grant programs to help compensate the school district for administrative costs, overhead costs that support the grant.

<u>ROTC Revenue</u> – The Federal Government pays half of the cost of ROTC instructors.

<u>MedACE Revenue</u> – The Administrative Claiming Education (ACE) program is a Medicaid program administered through the Children's Intervention School Services Office in conjunction with the Georgia Department of Community Health. This program allows the district to be reimbursed under the Federal Medicaid program for portions of administrative costs associated with providing school-based health services.

<u>Medicaid Reimbursement</u> – This program reimburses the district for certain medical services provided to a child under his/her Individual Education Program (IEP). This program is only available to Medicaideligible students. This program allows the district an opportunity to obtain funding which would otherwise be unavailable to the district, thereby strengthening the district's ability to deliver high quality education to the student.

<u>E-Rate Revenue</u> – Supported by the Telecommunications Act of 1996 with the express purpose of providing affordable access to telecommunications services for all eligible schools and libraries, particularly those in rural and economically disadvantaged areas.

EXECUTIVE SUMMARY EXPLANATION OF ALLOCATION OF HUMAN AND FINANCIAL RESOURCES BUDGET ASSUMPTIONS/INITIATIVES AND CONSTRAINTS

The operating budget was developed in conformance with budget guidelines developed by the Budget Administrator Committee. These guidelines are divided into different sections, which include assumptions and constraints.

I. ASSUMPTIONS/INITIATIVES

A. Enrollment - The enrollment projections for the forthcoming school year are submitted by the Planning Services to the Financial Services Division by November 30th of each year. These projections are used to prepare the proposed expenditure budget. The proposed State revenue is calculated using the current year enrollment and estimated growth based on the realized growth from the previous year. The methodology of forecasting is to review the historical trends in enrollment data at each grade level for each school. In addition, the projections took into consideration the data contained in the recent Enrollment Growth Study that was developed for the Cobb County School District by McKibben and Cropper, as well as a review of the Cobb County Government data (2030 Comprehensive Plan), and housing and population data provided to the District by Metro Study Inc. The following table presents the past five year active enrollment data and projection for the future years:

Five Year History	FY2008	FY2009	FY2010	FY2011	FY2012
Enrollment	106,056	105,742	106,488	106,836	106,502
Growth Rate	-	(0.29%)	0.70%	0.33%	(0.31%)

Five Year Projection	FY2013	FY2014	FY2015	FY2016	FY2017
Enrollment	106,591	106,912	107,446	107,983	108,522
Growth Rate	0.08%	0.30%	0.50%	0.50%	0.50%

- B. <u>Personnel</u> The teacher, paraprofessional, counselor, media specialist, assistant principal and clerical needs are determined based on the enrollment projections and the personnel allotment formulas. Personnel needs are analyzed so that existing as well as projected new students are served according to state and local mandates. The teacher/paraprofessional allotment formulas comply with state mandated maximum average class size. The formulas also comply with accreditation agency requirements such as the Southern Association of Schools and Colleges.
- C. Economic Factor In some years, an inflation factor is determined by the Budget Committee based on the Consumer Price Index as published by the Bureau of Labor Statistics with consideration given to local economic conditions. Because of current economic conditions which affect the school district's ability to balance the budget, an inflation factor is not used in budget development. Generally, operating budgets are continued unless there is a new approved school district project or initiative. Individual account estimates (utility rates, etc.) are developed by contacting outside entities to ensure that the District final budgets are as realistic as possible.

EXECUTIVE SUMMARY EXPLANATION OF ALLOCATION OF HUMAN AND FINANCIAL RESOURCES BUDGET ASSUMPTIONS/INITIATIVES AND CONSTRAINTS (continued)

- D. <u>American Recovery and Reinvestment Act (ARRA)</u> The Federal Stabilization Funds and the Stimulus Funds ended in FY2011.
- E. <u>Lapse Analysis</u> Budgets are developed each year using a realistic approach. In spite of this approach, there are accounts that finish the year under-budget. This under-budget amount is referred to as lapse. This can happen for a variety of reasons such as budgeting insurance for employees, but for some reason the employee does not request insurance or they end up being included on their spouse's insurance program. In both of these cases, the budget is not utilized and these funds revert to fund balance at the end of the year. Lapse can also occur as a result of over or under collections of revenue. Because of the District's realistic budget approach, the effect of lapse on the district fund balance should be minimal.
- F. Formula Driven Budget A formula driven budget is prepared by the Finance Division using the enrollment projections and personnel allotments furnished by Leadership & Learning Division to determine availability of funds for improvement and new programs. Only the longevity step increase is used for personnel salary calculations. Existing program appropriations are evaluated and one time costs are eliminated.
- G. <u>Student Supply Allocations</u> FY2013 Elementary schools are allotted supplies at the rate of \$32 per student. Middle schools are allotted supplies at the rate of \$40 per student. High schools are allotted supplies at the rate of \$48 per student.
- H. <u>Salary Improvements</u> Salary improvements are recommended based on the proposed State increase with adjustments as specified in the system's goals and objectives as approved by the Board.
- Program Evaluation New programs are recommended for consideration in the enhancement budget and are considered based on their contribution to district-wide and school-level objectives.
- J. <u>Equipment</u> Equipment, furniture and vehicle budgets are zero-based each year. All new and replacement equipment must be itemized and will be considered individually by the Budget Committee.
- K. <u>Facilities</u> Renovations of existing facilities and new facilities to be constructed are funded through the Special Purpose Local Option Sales Tax (SPLOST). Renovations to school facilities such as HVAC units, roofs, painting, etc. impact the General Fund. Because of these new items and new product efficiencies, there is a reduced need for increased general maintenance budgets in the General Fund. All General Fund maintenance accounts are reviewed annually to estimate and budget this savings.

EXECUTIVE SUMMARY EXPLANATION OF ALLOCATION OF HUMAN AND FINANCIAL RESOURCES BUDGET ASSUMPTIONS/INITATIVES AND CONSTRAINTS (continued)

L. <u>Student Transportation</u> – Transportation is provided to students and is partially funded using State categorical grant funding and local property taxes. Each year, the number of bus drivers and buses is analyzed based upon the projected number of students that the district will have to serve.

M. Financial Impact of Non-Routine Capital Expenditures

School District building square footage is reviewed each year to account for new schools and classroom additions. Additional maintenance budgets are requested each year to provide for building maintenance (general maintenance supplies, custodians, etc.). Utility companies are contacted annually to ascertain the most current rate estimates. These estimates are used to budget utilities (existing buildings and new schools) for the new school year.

N. Fringe Benefit Estimates for FY2013

FRINGE BENEFIT	FY2013 PROJECTION
Group Insurance - Certified	18.534% of Gross Salary
Group Insurance - Classified	\$446.20 per month
Social Security	6.20% of Gross Salary
Medicare	1.45% of Gross Salary
Teacher's Retirement System	11.41% of Gross Salary
(Certified, Administrators, Clerical, Aides)	
Unemployment	\$45 – Annual Employee Cost
Workers Compensation	
Teachers, Administrators, Clerical, Aides	0.35% of Gross Salary
Bus Drivers	2.68% of Gross Salary
All Other	1.97% of Gross Salary

II. CONSTRAINTS

- A. <u>State Revenue</u> The school district is experiencing revenue gaps in State funding. New and existing programs mandated by the State may not be fully funded and must be supplemented locally. The local fair share deducted from State revenue further reduces the State funds available to the district. The FY2013 local 5 mill share is budgeted at \$135.5 million dollars.
- B. <u>Local Tax Revenue</u> For FY2013, the Cobb County School District is estimating a property tax digest decline of 2.0 percent. The budget contains an increase in the millage rate from 18.9 mills to 19.9 mills. The Board approved the declaration of SPLOST II excess proceeds equal to 1.0 mills to allow the millage rate to be reduced to 18.9 mills, the rate imposed in FY2012.
- C. <u>Uncommitted Fund Reserve</u> For cash flow purposes (Payroll and Vendor Payments), a minimum one month cash reserve is recommended by the Financial Services Division. Current Board Policy directs the District to maintain a minimum unassigned general fund balance less encumbrances equivalent to a range of 30 to 55 days of annual expenditures.

Net Property Digest Information – Cobb County

Over half of the General Fund revenue of the Cobb County School District is derived as a result of local property taxes in Cobb County. Millage rates approved by the Board of Education are applied each year to the net property digest for M&O and Bonds. The current and prior year Property Digests are presented below:

Fiscal Year	Net Maintenance & Operations Property Digest	Net Bond Property Digest
FY2004	\$18,385,713,203	\$19,690,686,562
FY2005	\$19,347,342,727	\$20,643,481,831

COBB COUNTY SCHOOL DISTRICT PERFORMANCE RESULTS

IOWA TEST OF BASIC SKILLS (ITBS)

Fall 2011 (Latest available scores)

Administration of the Iowa Tests of Basic Skills (ITBS) allows the district to compare the performance of students to that of other students across the nation who took the same test at the same time of year. Core subjects tested by the ITBS include Reading, Language Arts, and Math.

Cobb County students again topped national averages on the ITBS and posted increases in percentile rank scores in the Fall 2011 test. ITBS results are particularly helpful in identifying reading or math skills where students may need additional instruction; by administering the test in the Fall, teachers have time to work with students before Spring CRCT testing begins.

"The ITBS scores are a good indication that our students are receiving competitive instruction by national comparison," said Superintendent Dr. Michael Hinojosa. "The gains in Math, Language Arts and Science are especially encouraging as these academic areas play an increasing role in school performance measures."

The ITBS is a norm-referenced test that ranks student performance according to percentiles. For example, a student in the 75th percentile scored equal to or better than 75 percent of all students across the nation who participated in the ITBS at the same grade level.

CRITERIAL REFERENCE COMPETENCY TESTS (CRCT)

Spring 2012 (Latest available scores)

Georgia law (O.C.G.A. §20-2-281) provides legislation for the development and administration of Criterion-Referenced Competency Tests (CRCT) to measure student acquisition of the knowledge and skills set forth in the Georgia Performance Standards (GPS). The CRCT testing program serves a dual purpose – to provide a diagnosis of individual student and program strengths and areas of improvement as related to instruction of the GPS, and a measure of the quality of education in the state. O.C.G.A. §20-2-283 states that no third grade student will be promoted to the fourth grade if the student does not achieve grade level performance on the third grade CRCT in Reading and no fifth or eighth grade student will be promoted to the next grade if the student does not achieve grade level performance on the CRCT in Reading and Mathematics. Tests were administered in April in the content areas of Reading, English/Language Arts, Mathematics, Science, and Social Studies to students enrolled in grades three through eight.

The scale score range for the CRCT is 650 to 900 or above. Scores are reported in three performance levels: Does Not Meet (650-799), Meets (800-849), and Exceeds (850 and above).

At the District level, the percentage of students meeting or exceeding standards was higher than the State percentage in every content area and grade level.

The percentage of all students in Cobb meeting or exceeding standards was the same or higher than last year across all grades and content areas with the exception of 3rd Grade Science, where there was a decline of 1%.

GEORGIA HIGH SCHOOL GRADUATION TEST (GHSGT)

As part of the statewide testing program, 11th grade students are administered the GHSGT each spring. They are tested in four subject areas — English Language Arts, Mathematics, Science and Social Studies — and each section must be passed to earn a Georgia high school diploma. Scores range from 100 to 300 with 200 as a passing score in English Language Arts, Science and Social Studies. The scores for Math range from 400 to 600, with 500 as passing. Results for the System, metro area (RESA—Regional Educational Service Agencies) and State are listed in the Table below. It is followed by Figures that display the passing percentage on each subject with five year, 2007 – 2011, progress comparison.

Schools use the GHSGT results to determine if students are well-prepared students to graduate and earn a high school diploma. Students who do not succeed on their first attempt have additional opportunities to meet the standards prior to completing 12th grade.

FY2017	5.00%	18.9 mills
FY2018	0.00%	18.9 mills

- 2 Transfer of SPLOST 2 Contingency equal to 1 mill.
- **3** Revenue projections remain the same until more data is available.
- 4 The \$1.6 million transfer from County Wide Building was only for FY2012. FY13 to FY16 projections were adjusted down.
- **5** Revenue projections remain the same until more data is available.
- 6 QBE Revenue

QBE earnings are increased at a rate of 2% per year for training and experience (State Salary Step).

Austerity cuts are restored at a rate of 9% per year after FY13. Current FY13 proposal Governor's budget does not include the restoration of austerity cuts. The anticipated changes to austerity cuts are as follows:

Fiscal Year	Change in Austerity
FY2013	No Change
FY2014	\$6.5 million
FY2015	\$11.9 million
FY2016	\$14.6 million

CAPITAL PROJECTS FUND

The Georgia Legislature passed a law allowing school districts to establish a one-cent sales tax that would be used for capital projects or debt retirement. The passage of this sales tax assists the school district in building new schools, supplying additional classrooms and equipment and technology needs of a growing school district.

Cobb County Citizens voted to approve SPLOST 1 (1999-2003), SPLOST 2 (2004-2008). SPLOST 3 was approved on September 16, 2008 for another five year plan starting from January 1, 2009.

Note: Prior to 2008, the property digest for debt service of school bonds included properties annexed by the City of Marietta which were no longer taxed for general operations but were still taxed for unpaid school bonds issued before the date of annexation.

Taxes levied for debt service were discontinued in July, 2007 after bonds were fully paid in fiscal year 2007. Prior to 2008, Maintenance and Operations were included in the bonds amount; therefore, in 2008 through 2012, only the M & O is reflected.

Property Taxes - Assessments are based on 40% of the appraised market value by law as of January 1 each year.

School tax, by law, cannot be greater than 20 mills per dollar for the support and maintenance of education.

GLOSSARY

(This page was left blank intentionally)

This glossary contains definitions of selected terms used in this document and additional terms and interpretative data as necessary for common understandings concerning financial accounting procedures of the Cobb County School District. Several terms, which are not primarily financial accounting terms, have been included because of their significance in the budgeting process. The glossary is arranged alphabetically with appropriate cross-referencing where necessary.

ACCOUNTING SYSTEM

The recording and reporting of activities and events affecting the money of an administrative unit and its programs. Specifically, it describes: (1) what accounting records are to be maintained, how they will be maintained, and the procedures, methods, and forms to be used; (2) data recording, classifying, and summarizing activities or events; (3) analyzing and interpreting recorded data; and (4) preparing and initiating reports and statements which reflect conditions as of a given date, the results of operations for a specific period, and the evaluation of status and results of operation in terms of established objectives.

ACCRUE

To record revenues when earned, or when levies are made, and to record expenditures as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made. Sometimes, the term is used in a restricted sense to denote the recording of revenues earned but not yet due, such as accrued interest on investments and the recording of expenditures which result in liabilities that are payable in another accounting period, such as accrued interest on bonds. See also **ACCRUAL BASIS**.

ACCRUAL BASIS ACCOUNTING

The basis of accounting under which revenues are recorded when levies are made and expenditures are recorded as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made. See also **REVENUE** and **EXPENDITURES**.

ADMINISTRATION

Activities that have as their purpose the general regulation, direction, and control of the affairs of the local education agency.

AD VALOREM TAXES

Taxes levied on the assessed valuation (less exemptions) of real and personal property, including automobiles. See also **TAX DIGEST** and **ASSESSED VALUATION**.

AGENCY FUND

A fund normally used to account for assets held by a government as an agent for individuals, private organizations or other governments and/or other funds.

ALLOTMENT, TEACHER

The teachers are allotted to the schools on the basis of active enrollment. The formulae used for allocations meet the provisions of the State Board of Education and accrediting standards.

APPROPRIATION

An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. Note: An appropriation is usually limited in amount and as to the time when it may be expended.

In a given school year, the average daily attendance for a given school is the aggregate days attendance of the school divided by the number of days school was actually in session. Only the pupils were under the guidance and direction of teachers in the teaching process should be considered as days in session.

AVID

Advancement via Individual Determination

AYP

Adequate Yearly Progress

BALANCE SHEET

A financial statement disclosing the assets, liabilities and equity of an entity at a specified date in conformity with GAAP.

BALANCED BUDGET

A balanced budget is a financial plan in which projected income and other revenues, combined with unrestricted fund balance, equals, or exceeds, the amount proposed to be spent.

BOARD OF EDUCATION, DISTRICT

The elected or appointed body which has been created according to State law and vested with responsibilities for educational activities in a given geographical area. These bodies are sometimes called school boards, governing boards, boards of directors, school committees, school trustees, etc. This definition relates to the general term and covers State boards, intermediate administrative unit boards, and local basic administrative unit boards.

BOND

A written promise, generally under seal, to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality.

BONDED DEBT

The part of the school district debt that is covered by outstanding bonds of the district. Sometimes this is called "Funded Debt."

BONDS PAYABLE

The face value of bonds issued and unpaid.

BUDGET

A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them. The budget usually consists of three parts. The first part contains a message from the budget-making authority together with a summary of the proposed expenditures and the means of financing them. The second part is composed of drafts of the appropriation, revenue, and borrowing measures necessary to put the budget into effect. The third part consists of schedules supporting the summary. These schedules show in detail the proposed expenditures and means of financing them together with information as to past years' actual revenues and expenditures and other data used in making the estimates.

BUDGET ADJUSTMENTS

An administrative procedure used to revise a budgeted amount after the Annual Budget has been adopted by the Board of Education and approved by the State Board of Education.

BUDGET CALENDAR

The schedule of key dates used in the preparation and adoption of the Annual Budget.

BUDGET CONTROL

The control or management of the business affairs of the school district in accordance with an approved budget with a responsibility to keep expenditures within the authorized amounts.

BUDGET DOCUMENT

The instrument used as a comprehensive financial plan of operations of the Board of Education.

BUILDINGS

A fixed asset account that reflects the acquisition value of permanent structures used to house persons and property owned by the local education agency. If buildings are purchased or constructed, this account includes the purchase or contract price of all permanent buildings and fixtures attached to, and forming a permanent part of such buildings. If buildings are acquired by gift, the account reflects their appraised value at time of acquisition.

CAPITAL BUDGET

A plan of proposed capital outlay with the accompanying finance method for the current fiscal period, which is usually a part of the current year budget. If a Capital Program exists it will consist of the first capital program year. A CAPITAL PROGRAM may also be referred to as a Capital Budget.

CAPITAL OUTLAYS

Expenditures that result in the acquisition of, or addition to, land, buildings, machinery, furniture, and other equipment which the school district intends to hold or continue in use over a long period of time.

CAPITAL PROGRAM

A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long term work program or otherwise. It sets forth each project or other contemplated expenditure in which the local education agency is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

CASH BASIS ACCOUNTING

A basis of accounting in which transactions are recorded when cash is either received or expended.

CCRPI

College and Career Ready Performance Index.

CCSD

Cobb County School District.

CERTIFIED TAX DIGEST

An annual property tax digest certified by the tax receiver or tax commissioner of a county to the Department of Revenue and approved by the State Revenue Commissioner.

CLASSIFICATION, FUNCTION

As applied to expenditures, this term has reference to an activity or service aimed at accomplishing a certain purpose or end; for example, Instruction, School Administration, Plant Maintenance and Operation.

CLASSIFICATION, OBJECT

As applied to expenditures, this term has reference to an article or service received; for example, payroll costs, purchased and contracted services, materials, and supplies.

CODING

A system of numbering, or otherwise designating, accounts, entries, invoices, vouchers, etc., in such a manner that the symbol used reveals quickly certain required information.

COLLECTION RATE

A collection rate of 99% is used to approximate the revenue to be collected from ad valorem taxes. This rate accounts for uncollectible taxes and tax releases made by County tax assessors.

COMMITTEE OF 100

An organization of certified employees representing faculties of each school and administrative groups.

The committee meets periodically with the Superintendent and Cabinet to address issues and receives information concerning all operations of the school district. Three meetings are scheduled each year.

CLASSIFIED COMMITTEE

An organization of classified employees representing classified employees at each school and central office division. The committee meets periodically with the Superintendent and Cabinet to address issues and receives information concerning all operations of the school district. Three meetings are scheduled each year.

CONTRACT SERVICES

Labor, material and other costs for services rendered by personnel who are not on the payroll of the local education agency.

COST PER STUDENT

Financial data (either budget or expenditures) for a given period of time divided by a pupil unit of measure (average daily membership, average daily attendance, etc.).

CRCT

Criterion Reference Competency Test.

CTE

Career and Technical Education.

DEBT

An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of local education agencies include bonds, warrants and notes, etc.

DEBT LIMIT

The maximum amount of gross or net debt which is legally permitted.

DEBT SERVICE FUND

A fund established to account for the accumulation of resources for, and the payment of, long-term debt principal and interest.

DELINQUENT TAXES

Taxes that remain unpaid on or after the date on which a penalty for non-payment is attached.

DISBURSEMENTS

Payments for goods and services.

DONATIONS (PRIVATE SOURCES)

Money received from a philanthropic foundation, private individuals, or private organizations for which no repayment or special service to the contractor is expected. Separate accounts may be maintained.

EIP

Early Identification Program.

ELEMENTARY SCHOOL

A school classified as elementary by state and local statutes or practice and composed of kindergarten through grade five.

EMPLOYEE BENEFITS (FRINGE BENEFITS)

Amounts paid by the school system on behalf of employees; these amounts are not included in the gross salary, but are over and above. Such payments are, in a sense, overhead payments. They are fringe benefit payments, and while not paid directly to employees, are part of the cost of salaries and benefits. Examples are: (a) group health or life insurance, (b) contribution to employee retirement, (c) Social Security/Medicare, and (d) Worker's Compensation.

ENCUMBRANCE ACCOUNTING

A system or procedure which involves giving recognition in the accounting budgetary expenditure control records for the issuance of purchase orders, statements, or other commitments chargeable to an appropriation in advance of any liability or payment.

ENCUMBRANCES

Purchase orders, contracts, and/or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid, as in accounts payable, or when actual liability is established or when canceled.

EQUIPMENT

Those moveable items used for school operations that are of a non-expendable and mechanical nature and perform a specific operation. Typewriters, projectors, computers, lathes, machinery, and vehicles, etc., are classified as equipment. (Heating and air conditioning systems, lighting fixtures and similar items permanently fixed to or within a building are considered as part of the building.)

ESOL

English to Speakers of Other Languages

ESTIMATED REVENUE

When the accounts are kept on an accrual basis, this term designates the amount of revenue estimated to accrue during a given period regardless of whether or not it is all to be collected during the period.

EXPENDITURES

Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.

EXPENSES

Outflows or other using up of assets or incur of liabilities (or a combination of both) from delivering or producing goods, rendering services or carrying out other activities that constitute the entity's ongoing major or central operations.

FEDERAL REVENUE

Revenue provided by the federal government. Expenditures made with this revenue are identifiable as federally supported expenditures.

FI. FA.

A tax lien or writ, authorizing the Sheriff to obtain satisfaction of unpaid taxes by levying on and selling the delinquent taxpayer's property. The phrase is short for fieri facias (a Latin term for "cause it to be done.")

FISCAL PERIOD

Any period at the end of which a local education agency determines its financial position and the results of its operations. The period may be a month, a quarter, or a year, depending upon the scope of operations and requirements for managerial control and reporting.

FISCAL YEAR (FY)

A twelve-month period of time to which the annual budget applies, and at the end of which a local education agency determines its financial position and the results of its operations.

FIXED ASSETS

Land, buildings, machinery, furniture, and other equipment which the school district intends to hold or continue in use over a long period of time. "Fixed" denotes probability or intent to continue use or possession and does not indicate immobility of an asset.

FNS

Food and Nutrition Services.

FORECAST

A projection made for the development of next fiscal year's budget. The projection is based primarily on the annualized cost of providing the same level of services as in the current year.

FRINGE BENEFITS

Total employers share of FICA Taxes, hospitalization, dental, disability, worker's compensation, unemployment, and retirement contributions made on behalf of employees.

FTE (FULL-TIME EQUIVALENCE-EMPLOYEE)

The amount of employed time required in a part-time position expressed in proportion to that required in a full-time position, with 1.000 representing one full-time position. It is derived by dividing the amount of employed time in the part time position by the amount of employed time required in a corresponding full-time position.

FTE (FULL-TIME EQUIVALENCY - STATE FUNDING)

Local school systems in Georgia must report enrollment two times during the school year for funding purposes. This reporting reflects the school day being divided into six parts (periods). The student is counted six times, according to which programs he or she participates in during the day. Students may not be counted for the portion of the day that they are in the following programs or under the following conditions:

- 1. Study Hall
- 2. Non-credit courses
- 3. Driver's education
- 4. Enrichment courses as defined by QBE or the State Board (generally one that does not devote a major portion of time to the competencies adopted by the State Board)

- 5. Courses that require complete participation in an extracurricular activity
- 6. Serving as a student assistant, unless this activity is an approved career or vocational education work program
- 7. Individual study courses that have no outline of course objectives available
- 8. Other courses designated by the State Board
- 9. The student is not enrolled in a program or not attending regularly
- 10. A resident student paying tuition or fees in excess of the local cost per student
- 11. A non-resident student paying tuition or fees in excess of the local cost per student
- 12. A student who has not attended within 10 days of the count

Each student is counted for each one-sixth of the school day for the eligible program in which he or she is enrolled. The resulting total, when divided by six, is known as the full-time equivalent (FTE) program count. An average of the counts reported at two different times during the year are used in the funding formula. See also **QBE**.

FUNCTION

An accounting term relating to both the budget and the financial report. A "function" is a grouping of activities being performed for which salaries and other types of direct costs are expended and accounted. Functions and subfunctions consist of activities that have somewhat the same general operational objectives. Furthermore, categories of activities comprising each of these divisions and subdivisions are grouped according to the principle that the activities should be combinable, comparable, relatable and mutually exclusive. Both the budget and the financial reports group activities within "functions".

FUND

A fiscal and accounting entity which is comprised of a self-balancing set of accounts which reflect all assets, liabilities, equity, revenue, and expenditures (or expenses) necessary to disclose financial position and the results of operations. Funds are established as individual entities in order to segregate financial records for purposes of legal compliance, different natures of the activities performed, measurement of different objectives, and to facilitate management control.

FUND BALANCE

The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities, reserves and appropriations for the period.

FUND BALANCE, UNRESERVED

The portion of Fund Balance that is not reserved for encumbrances, debt service or similar items.

FUND, CAPITAL PROJECTS

Used to account for all resources used for acquiring capital sites, buildings, and equipment as specified by the related bond issue. Capital project funds are designated to account for acquisition or construction of capital outlay assets that are not acquired directly by the general fund, special revenue funds, or enterprise funds. Capital project funds have been developed to account for the proceeds of a specific bond issue and revenue from other possible sources which is designated for capital outlay, i.e., for land, buildings, and equipment.

FUND, DEBT SERVICE

Used to finance and account for payment of principal and interest on all long-term general obligation debts. Debt service funds are used to accumulate resources over the outstanding life of the bond issue in an amount equal to the maturity value. Cash of the debt service may be invested in income-producing securities that are converted back into cash at the maturity date for use in retiring bonds.

FUND, ENTERPRISE

Used to finance and account for the acquisition, operations, and maintenance of school district facilities and services which are entirely or predominantly self-supportive by user charges. Budgetary accounts and formal budgetary accounting are recommended for Enterprise Funds. The accounting consists primarily of proper recording of receipts and disbursements.

FUND, GENERAL

The fund used to finance the ordinary operations of the local education agency. It is available for a legally authorized purpose and consists of money not specifically designated for some other particular purpose.

FUND, INTERNAL SERVICE

A fund established to finance and account for services and commodities furnished by a designated department or agency to other departments and agencies within a single governmental unit. Amounts expended by the fund are restored thereto either from operating earnings or by transfer from other funds so that the original fund capital is kept intact.

FUND, SPECIAL REVENUE

A fund used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditures for specific purposes.

FUND, TRUST AND AGENCY - FIDUCIARY

A fund used to account for money and property held in trust by a school system for individuals, government entities, or non-public organizations. A Trust Fund is usually in existence over a longer period of time than an Agency Fund. Primarily, Agency Funds function as a clearing mechanism for cash resources collected by the district held for a short period, and then disbursed to authorized recipients.

GAAP

General Accepted Accounting Principles.

GED

General Education Development.

GENERAL FUND

The fund used to account for all financial resources except those required to be accounted for in another fund.

GENERAL LONG-TERM DEBT

Liability for general obligations bonds. The general long-term debt of a state or local government is secured by the general credit and revenue-raising powers of the government rather than by the assets acquired or specific fund resources.

GFOA

Government Finance Officers Association.

GHSGT

Georgia High School Graduation Test.

GRANT

Contributions of either money or material goods given by a contributing unit (public or private) to another receiving unit and for which the contributing unit expects no repayment. Grants may be for a specific or general purpose.

HIGH SCHOOL

A school classified as high school by state and local statutes or practices and composed of grades nine through twelve.

HVAC

Heating, ventilation and air conditioning.

<u>IB</u>

International Baccalaureate.

IDEA

Individuals with Disabilities Education Act.

IEP

Individualized Education Program.

INSTRUCTION

Direct interaction between students and classroom teachers, paraprofessionals and/or related staff involving teaching students in a teaching/learning environment in a systematic program designed to assist students in acquiring competency in knowledge, skills, and understanding.

INSTRUCTIONAL MATERIALS - SUPPLIES

An object of expenditure related to amounts paid for the acquisition of devices, content materials, methods or experiences used for teaching and learning purposes. These include printed and non-printed sensory materials.

INTER-FUND TRANSFERS

Amounts transferred from one fund to another fund except loans, interfund services provided and used, and reimbursements.

INVOICE

An itemized statement of merchandise shipped or sent to a purchaser, consignee, etc., with the quantity, value or prices, and charges annexed.

IT

Information Technology

KINDERGARTEN

A group or class that is organized to provide educational experience for children for the year immediately preceding the first grade and conducted during the regular school year.

LAND

A fixed asset account that reflects the acquisition value of land owned by a school system. If land is purchased, this account includes the purchase costs and other associated improvement costs which are incurred to put the land in condition for its intended use. If land is acquired by gift, the account reflects its appraised value at time of acquisition.

LAPSE

The difference between budgeted revenue and expenses and actual revenue and expenses.

LEVY

(Verb) To impose taxes or special assessments. (Noun) The total of taxes or special assessments imposed by a governmental unit.

LIABILITY (INSURANCE)

Expenditures for insurance coverage of the school system, or its officers, against losses resulting from judgments awarded against the system. Also recorded here are any expenditures (not judgments) made in lieu of liability insurance.

LOCAL FAIR SHARE

Each local board of education is required to provide and use local funds in support of the QBE Act. A minimum of the equivalent of 5 mills must be provided. The Local Fair Share is computed by the Georgia Department of Education and identified on the allotment sheet provided to each school system following actions of the Georgia General Assembly. The Local Fair Share equates to five effective mills on the equalized, adjusted tax digest as certified by the Department of Audits and adjusted for exemptions. Local Fair Share is subtracted from the total QBE revenue entitlements.

PROGRAM BUDGET

A budget wherein expenditures are based primarily on programs of work and secondarily on character and object. A program budget is a transitional type of budget between the traditional character and object budget on the one hand, and the performance budget, on the other.

PROGRAM WEIGHTS

Since different programs vary in their cost to operate, each of the nineteen (19) QBE programs is assigned a different program weight. These weights reflect the cost of teachers, paraprofessionals, and other instructional personnel; instructional materials; facility maintenance and operation (M & O) costs; media center personnel and materials costs; school and central office administration costs and staff development. The middle grades program is defined as the "base" program for the purpose of determining relative program costs. The cost of each component of the middle grades program (grades 6-8) are totaled and the result is given a weight of "one". The other nineteen (19) programs are assigned weights that reflect their cost relative to that of the middle grades program. See also **QBE**.
