Applications and Tips

- ***Please speak with a Subject Area teacher to be nominated***
- Once you have been notified you have been nominated to represent Hillgrove at the county interviews you should fill out your part of the application completely! Do a very good job and give thoughtful, detailed answers. This part REALLY matters.
- The teacher recommendation should be sent to a teacher who knows you well as a student in your major content. You might need to help them with information about awards and leadership. Make sure you give them enough time to do a good job – interviewers will make decisions about you partly based on what your teachers write/don't write about you.
