

# Lassiter High School \*Optional\* Summer Reading 2024

~ Honors 9<sup>th</sup> Literature ~

*Enhance your reading skills this summer!*

Reading is an essential skill that opens a world of possibilities. It allows you to gain knowledge, learn new perspectives, and develop critical thinking skills. Moreover, reading helps to improve your vocabulary, writing, and verbal communication.

Books span many genres, including fiction, non-fiction, and poetry. Literature has the power to offer a unique perspective on the world and will undoubtedly broaden your horizons. One of the most well-known genres is Mythology. **Our suggested book is *Heroes, Gods, and Monsters of the Greek Myths* by Bernard Evslin.** This will be a great enrichment for our Mythology Unit next year and we will look forward to hearing about your thoughts about this work.

We encourage you to take the time to read this summer, as reading is an essential skill that will benefit you throughout your life. Reading mythology will prepare you for the challenges and opportunities you will find in your literature classes at Lassiter. Keeping your reading skills sharp will serve you well.

Note: There is no assignment and no grade attached to the reading of this book; it is for enrichment purposes.
