

**Directions for the
“One-Pager”
Adapted from Dr. Karla Smart
Concordia College**

The “one-pager” is a plan for responding to reading and preparing for discussion.

- 1. A **visual image, symbol, representation** of an idea/concept that is especially important to you from the reading.**

- 2. At least **2 direct quotes** from the text, selected for whatever purpose you like.**

- 3. At least **one question**.**
Determine what question must be answered for an understanding of the reading material’s main idea or what questions you still have regarding the reading.

- 4. At least **2 statements** from you.**
These can paraphrase ideas from the reading, or they can connect/link parts of the reading to other sources. Great way to summarize!
