

McEachern HS

Course Preview for the

2026-27 SY

The scheduling team is preparing for the 2026-27 school year. Wednesday, March 25, 2026, we will begin our Course Preview for the next school year. Course Preview Week affords parents an opportunity to request a change if you disagree with the teachers recommended placement (ie. On-level to Honors, Honors to AP, Honors to On-level) or if you desire to make an elective change. We will not renumber elective selections. Additional details are below:

- ❖ Level of rigor changes require a waiver. The waiver is included in the change request form.
- ❖ Any electives chosen can be placed in your students' schedule including the alternates, as well as ANY CTAE course that allows them to continue with a sequence and complete a pathway.
- ❖ JROTC, Band, Orchestra and Chorus are **year-long commitments** and are two elective options.

You may view your students' courses in StudentVue/ParentVue by selecting the "Course Request" tab. Changes must be submitted through the link below. Email requests will not be granted. No changes will be made in the fall or spring unless a prerequisite has not been met. The form will be available beginning Wednesday, March 25 and close Wednesday, April 1 at 4:00 PM. Please remember these are only course request **NOT** your students' actual schedule. Students will receive schedules in late July.
