

# McEachern High School Core & Elective Registration FAQ

2026-2027 School Year

<b>When will core registration take place?</b>	Fall semester teachers made core placement recommendations for the 2026-2027 school year in November. Spring semester teachers will make core placement recommendations in February. Course descriptions and pre-requisites can be found on the MHS website.
<b>When is a waiver required?</b>	If there is a disagreement between the teacher and parent regarding the level of a core course the student is recommended for. Student placement waivers may be submitted during Course Preview Week ONLY (March 25-April 1). Waivers are not available after course preview week or at the beginning of the new semester. Waivers DO NOT guarantee placement in the requested course.
<b>How do I register for online classes?</b>	Speak with your counselor to receive the CVA/GAVS Online Student Agreement Contract. Cobb Virtual Academy courses typically open up for registration in late April.
<b>When is elective registration?</b>	February 5 - 6 for 8 <sup>th</sup> grade, February 9 - 12 for 10 <sup>th</sup> grade, and February 23 – 27 for 9 <sup>th</sup> grade. Juniors completed elective registration during their Junior Advisement meeting with their counselor.
<b>What is the process for elective registration?</b>	Students will select 6 elective courses and number in order of preference on the elective registration form. Elective courses are scheduled based on what course fits with a student's schedule and based on availability. STUDENTS SHOULD CHOOSE ELECTIVE COURSES CAREFULLY.
