

# COVID GUIDANCE

Staff/Students should monitor symptoms daily before reporting to work/school.

Staff	
If...	Then...
Staff member tests positive*	<p style="text-align: center;"><b>Do not report to work</b></p> <ul style="list-style-type: none"> <li>Isolate at home for 5 days from symptom onset; if asymptomatic, the date of the positive test.</li> <li>If you have no symptoms or your symptoms are resolving and at least 24 hours since last fever without use of fever-reducing medications; after 5 days, you can return to work.</li> <li>Continue to wear a well-fitting mask around others for 5 additional days.</li> </ul>
Staff member exposed to someone who is positive (regardless of vaccination status or point of exposure)	<ul style="list-style-type: none"> <li>Report to work and wear a well-fitting mask for 10 days from last exposure and symptom free.</li> <li>Do not report to work if symptomatic or test positive. *See above for isolation guidelines.</li> </ul>
Student Guidance	
Fully Vaccinated: vaccinated within 6 months, OR boosted	
If...	Then...
Student tests positive**  (absence is excused)	<p style="text-align: center;"><b>Do not attend school</b></p> <ul style="list-style-type: none"> <li>Isolate at home for 5 days from symptom onset; if asymptomatic, the date of the positive test.</li> <li>If you have no symptoms or your symptoms are resolving and at least 24 hours since last fever without use of fever-reducing medications; after 5 days, you can return to school.</li> <li>Continue to wear a well-fitting mask around others for 5 additional days.</li> </ul>
Student tests positive w/ school-aged sibling(s) in the home  (absence is excused)	<p style="text-align: center;"><b>Do not attend school</b></p> <ul style="list-style-type: none"> <li>**See isolation guidance for positive student.</li> <li>If <u>NOT able to isolate</u> from positive person: sibling(s) will quarantine at home for 5 days from the positive person's last day of isolation plus an additional 5 days.</li> <li>If <u>able to isolate</u> from positive person: Sibling(s) will quarantine at home for 5 days from last exposure and return to school and wear a well-fitting mask for an additional 5 days. *Only follow 5-day guidance if true minimization of ongoing exposure at home.</li> <li>If sibling is fully vaccinated, he/she may return to school and wear a well-fitting mask for 10 days</li> </ul>
Student is a close contact <u>at school</u> (6ft or closer for 15+ minutes, 24 hr. cumulative)	<ul style="list-style-type: none"> <li>Wear a mask for 7 days after exposure. May come to school if asymptomatic, monitor symptoms. **Follow isolation guidance if symptomatic.</li> <li>Seek testing after 5 days if possible.</li> </ul>
Student is a close contact <u>outside school</u>  (absence is excused)	<p><b>If NOT up to date on COVID vaccinations:</b></p> <ul style="list-style-type: none"> <li>Quarantine for 5 days from last exposure.</li> <li>May return to school after 5 days have passed and asymptomatic.</li> <li>Continue to wear a well-fitting mask for an additional 5 days.</li> <li>Seek testing after 5 days if possible.</li> </ul> <p><b>If up to date on COVID vaccinations:</b></p> <ul style="list-style-type: none"> <li>You do not need to quarantine unless you develop symptoms.</li> <li>Get tested 5 days after your last close contact exposure.</li> <li>Watch for symptoms for 10 days.</li> <li>Wear a well-fitted mask for 10 days from last exposure date.</li> </ul>
Student is a close contact w/ COVID positive sibling/parent in the home.  (absence is excused)	<p style="text-align: center;"><b>If NOT up to date on COVID vaccinations</b></p> <p><b>If able to isolate</b> from positive person:</p> <ul style="list-style-type: none"> <li>Quarantine for 5 days from last exposure.</li> <li>May return to school after 5 days have passed and asymptomatic.</li> <li>Continue to wear a well-fitting mask for an additional 5 days.</li> <li>Seek testing after 5 days if possible.</li> </ul> <p><b>If NOT able to isolate</b> from positive person:</p> <ul style="list-style-type: none"> <li>Quarantine for sibling/parent's 5 days + 5 additional days.</li> <li>May return to school after 10 days have passed and asymptomatic.</li> <li>Continue to wear a well-fitting mask for an additional 5 days.</li> <li>Seek testing after 5 days if possible.</li> </ul> <p style="text-align: center;"><b>If up to date on COVID vaccinations</b></p> <ul style="list-style-type: none"> <li>You do not need to quarantine unless you develop symptoms.</li> <li>Get tested 5 days after your last close contact exposure.</li> <li>Watch for symptoms for 10 days.</li> <li>Wear a well-fitted mask for 10 days from last exposure date.</li> </ul>
Student is a close contact <u>outside school</u> , and he/she had a confirmed positive COVID case within 90 days of testing positive	<ul style="list-style-type: none"> <li>You do not need to quarantine unless you develop symptoms.</li> <li>Get tested 5 days after your last close contact exposure.</li> <li>Watch for symptoms for 10 days.</li> <li>Wear a well-fitted mask for 10 days from last exposure date.</li> </ul>
