

ABOUT

North Cobb High School in Kennesaw sent its Class of 2026 across the graduation stage at a rate of 92.9%, part of a record-breaking year for Cobb Schools. Home to the North Cobb School for International Studies magnet, the school pairs a globally-focused honors curriculum — featuring recent student travel to Washington D.C., Japan, Spain, Italy, and Germany — with an AP program that has helped the state to repeatedly recognize NCHS as a School of Distinction. Warriors athletes are current state champions in wrestling and track, and the fine arts program regularly sends students to All-State Band and Chorus.

The Parent Perspective

"North Cobb's International Studies magnet opened the world to my child without leaving Kennesaw."

The Student Experience

"Warrior Nation is real. Teachers know your name, the stands are loud, and you leave here ready."

I have deep roots in this community, and what I see every day is Warrior pride earning real results, from a state wrestling champion to a Gatorade Player of the Year to twelve million dollars in scholarships.
