## **Principal's Advisory Committee Meeting Notes**

November 11, 2024

Members Present: Sherri Mitchell, Goddess Spencer, Theda Jenkins, Michelle Harrison, Carrie Jones, Dea Works, Haley Taylor, Helen Walcott and Dana Mann

Reviewed Mission and Vision

Academic Nights: We had STEAM Night last Thursday, November 7. Have been awesome and help us reinforce the rigor in the classrooms and help move our school along. Discussed what we can put in place that make a difference.

ELA and Science EOG Data Comparison: We have student groups that are in the red and we need to spend more time identifying and supporting these students. When discussing data, it is important to always talk ALL students and provide support with fidelity. This year's focus is on Tier 1 Instruction, the Teaching and Assessment Cycle, Academic Nights, Lesson Plans and Rigor.

Next Meeting: February 26, 2025

At that time, we will discuss our Spring Initiatives and discuss progress with common assessments.
