- Title I Budget and Goals
- Suggestions for our school

***November 11, 2024 / 3:00 pm/ Sanders Elementary Media Center***

## **Meeting Notes**

We started our meeting with introductions and our mission and vision. Ms. Jackson stressed the importance of our Mission and Vision and how it drives everything we do here at Sanders. Next, Ms. Jackson shared the purpose of PAC and thanked everyone for being a part of our council. Then we discussed our Title Plan and goals and how they are being monitored and implemented within our school and classrooms. The goals are based upon EOG data from the previous years and other assessment data. Last, Ms. Jackson asked us to be thinking of suggestions to support our school in growing academically. She shared that we have implemented academic nights this school year to continue to grow our school and that we have fully implemented the teaching and assessment cycle to ensure that our lessons are truly data driven and that we have a good handle on what are students are learning and what they are lacking. These newly added initiatives are research based and are strong initiatives to move our students.
