 - Around \$67,000 raised during Capitol Campaign
 - Our budget down about 17%
 - Early in the school year may cause fatigue with contributing
 - Considering maybe doing the campaign a month later, but still have the Back to School Tailgate in August
 - Having the culminating event be at the end of the Capitol Campaign could potentially increase participation at the Tailgate- have school grand prize happen at event
 - Would like to know what the school's interest is in for next purchase
 - One idea was widening stairs to turf/playground
 - Turf warranty expires May 2027- notify Foundation of any required needs
 - Increase in teacher grant requests
