## What is a School-Parent Compact?

*A School-Parent Compact is an agreement that parents, students, and teachers, develop together. It explains how parents and teachers will work together to make sure all of our students succeed. This compact includes strategies to help connect learning at school to learning at home.*

## Jointly Developed

The parents, students, and staff of Acworth Elementary worked together and shared ideas to develop the school-parent compact for achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Parents are encouraged to participate in the annual review process of the compact and make changes based on students' needs. Parents are welcome to contribute comments at any time. Please contact LaToya Houston at (770)975-6600 or [latoya.houston@cobbk12.org](mailto:latoya.houston@cobbk12.org) to provide feedback.

## Acworth Elementary Activities to Build Partnerships

Please consider joining us through some of the events listed below. Volunteer opportunities may be virtual or face to face.

### Volunteer Opportunities:

- Classroom Readers (In person or virtual)
- Bookfair

### Partnership Meetings:

- Annual Title I Parent Informational Meeting
- Open House
- Meet and greet
- Title I Parent Input Meetings
- Fall/Spring Input Meetings
- Parent Teacher Conference Week

### Family Engagement Opportunities:

- Literacy Night
- Math Night
- Parent Resource Room
- Science Fair

## Acworth Elementary Activities to Build Communication

## District Goals for Student Achievement

- Increase student performance in all core content areas by 2% annually as measured by achievement data.
- CCSD will increase the participation rate of families and communities engaging in services/programs by 10% as measured by CLTS Parent data, survey results & web view module.
- By 2024, we will implement the professional learning framework to meet the needs of all students to ensure alignment with the superintendent priorities as measured by professional learning opportunities, surveys, and student achievement.
- By the end of the 2025 school year, every school will have identified practices and resources that support student success as measured by student achievement, perception and discipline data.

### Acworth Elementary's Goal(s) for Student Achievement

- Increase the number of students in grades 2-5 reading at or above grade-level proficiency by 30% (150 students) measured by the August 2023 to May 2024 administration of the Reading Inventory.
- Increase the number of students in grades 3-5 that meet and exceed quarterly genre benchmark expectations by 25% by the end of Q3 as measured by the quarterly pre and post writing assessments during the 2023-2024 school year.
- Increase the number of students in grades 2-5 scoring on or above grade-level proficiency by 30% (150 students) as measured by the August 2023 to May 2024 administration of Math Inventory.

Academic Focus: Math Computation and Reading Comprehension

## Teachers, Parents, and Students-Together for Success

### Acworth Elementary Teachers

Provide students with CTLS math student books and manipulatives that can be used for independent practice work time during math workshop. Students will continue to use homework assignments to work towards proficiency with math strategies and concepts.

Share information with parents about CTLS math resources to provide additional support with at-home practice and encourage them to help students make real-world application of math concepts.

Apply math strategies and concepts during science and STEM-related activities at school and encourage students to apply strategies and concepts outside of school to reinforce real-world

### Acworth Elementary Families

Support students with at-home practice using CTLS math curriculum and resources. Encourage students to make real-world connections and apply math concepts outside of school.

Utilize CTLS parent resources to support students use of instructional strategies during at-home practice.

Support students in finding examples of math in the world around them.

### Acworth Elementary Students

Use CTLS math resources to practice working towards proficiency with math strategies and concepts at school and/or home.

Utilize CTLS math resources and Dreambox to work towards proficiency with math strategies and concepts.

Share with parents the math strategies and concepts you are learning during math workshop. Share examples of real-world application and connections.

*One Team, One Goal, Student Success!*
