

Attention 6th Grade Parents/Guardians:

JJ Daniell Middle School takes our students' emotional and physical safety seriously. To proactively address depression and teen suicide concerns, JJ Daniell Middle School is joining other Cobb County schools to offer suicide prevention training as part of the *Signs of Suicide Prevention Program*. This program has successfully increased help-seeking by students concerned about themselves or a friend. It is the only school-based suicide prevention program selected by SAMSHA for its National Registry of Evidence-Based Programs and Practices that addresses suicide risk and depression while reducing suicide attempts.

This program will be implemented through the 6th Grade Social Studies classes on October 15th and 16th. Please don't hesitate to contact your student's counselor or view the counseling CTLS page for additional information about the program.

Please complete this [form](#) if you DO NOT wish for your child to participate in this program.

Thank you,
The Daniell Counseling Team
