Victoria Howard	Partner in Education, Chick-fil-A	Attendee	
Chris Setzer	Community Member/Foundation Board Member	Attendee	
Kaleigh Reyes	Parent, Foundation President	Attendee	
Ammie Lindsay	Parent, PTA President	Attendee	X

1) Welcome
   a) Introductions See above
   b) What is Principal Advisory Council? The purpose of the Principal Advisory Council is to bring parents, school employees, students and community members together to create a better understanding of and mutual respect for each other's perspectives and share ideas for increasing student achievement and performance. Ms. Rabil's goal for PAC this year is to get feedback from the Kincaid community and what they are excited about and interested in. The state requires PAC committees and certain members.

2) Kincaid at a Glance
   a) Enrollment breakdown and changes Shared graphics depicting Kincaid's current demographics and lower enrollment. Ask for thoughts on enrollment decline. Discussed prospective family tours by the principal and leadership team, reaching out to daycares in the area in the spring for K enrollment, possibility of connecting with real estate offices to share information, etc. We do not have problems with attendance, except for tardies. Dani, social worker, helps with a tardy initiative this year to reduce tardies because they impact student learning and implementation of lifelong skills.
      i) In 2024 the law changed in GA in how economically disadvantaged students are identified. Now it is not based on free and reduced lunch. It is now based on those receiving SNAP benefits, Medicaid benefits (large increase), homeless, migrant status.
      ii) EIP does not go past 5th grade...this is in place to catch students struggling in reading or math. The goal is always to close the gaps and exit them from the program.
      iii) Low ESOL population; students can exit based on the ACCESS test
   b) Mission and Vision

i) Mission: Reach. Inspire. Support. Engage. Every Student. Every Day.
ii) Vision: Empowering all students for lifelong success.
look into changing the format of the graphic

3) Construction
   a) Renderings Shared two renderings of the completed project and talked through where the project is currently.
   b) Important dates/changes Parking lot reconstruction complete after winter break. Main entrance will reopen in January. Front office relocation in January. Communication and updates are sent through the weekly newsletter.
   c) Looking ahead Painting interior during all breaks for the remainder of the school year and over the summer. Addition work has already begun but will see more in spring. PTA room will need to be packed up during the summer.

4) Upcoming student and community events
   a) 11/11/26 Veterans Day Celebration and PTA meeting, 6 PM, Cafeteria (hospitality members are coming, and some teachers. Chorus and parents will be here.
   b) 1/ 22/27 International Night
   c) 2/12/27 Celebration of the Arts
   d) 3/4/27 Cougar Run

We are still looking into a family celebration in the spring due to parents being unable to come to the Thanksgiving celebration.

Ms. Lindsay would like a sensory room to be considered. Ms. Rabil said this is definitely something that she would like to do, but after construction is completed, probably 2028-2029.

Questions have been raised about the green space in front of new parking area being fenced in. Questions from parents and children have been raised about the size of the new front playground. The green area will not be fenced, and we are unsure about the true dimensions of that area.

5) Next PAC meeting dates
   February 3, 2027
   April 28, 2027
