What is a Baccalaureate Ceremony?

The best way to explain a baccalaureate service is that it's a celebration held to honor graduating senior class students from high school. It is a non-denominational celebration that is held in a church.

You will hear from your peers as they reminisce about your years in high school. We will also have a key note speaker. It's a nice way to end out your high school years. It is a positive message sending you (the student) forth into the next chapter of your life.

You are welcome to invite any family members or friends to this since no tickets are needed.
