Review.pdf

Students entering Spanish 2 Honors should feel comfortable communicating about familiar topics using the present tense in Spanish. They should have a solid foundation in the vocabulary and themes covered in Spanish 1 and be able to participate in basic conversations with confidence. **Students should be able to introduce themselves by sharing their name, age, where they are from, and information about their hobbies and interests. In addition, they should be able to ask others similar questions and understand simple responses in conversation.** Overall, students should be prepared to use Spanish as a tool for basic communication rather than relying solely on memorized phrases.
