# How to Pin a Website to Start or Taskbar Using Edge

These directions explain how to Pin a website to Start or Taskbar using the Edge browser.
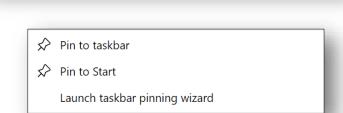

1. Using the Edge browser, locate the desired **webpage** you want to pin.

2. In the upper-right corner, click on the **ellipsis** (three dots).

3. Click **More tools**.

4. Choose from the pinning options:
    a. **Pin to taskbar** – pins webpage shortcut to the taskbar.
    b. **Pin to Start** – pins webpage shortcut to the Start.
    c. **Launch taskbar pinning wizard** – automated task bar that creates pins.
