

The Maverick Minute

Parent Edition – 1/23/22

Principal's Note

McClure Families,

I hope that everyone had a great weekend and that students are ready to get back to work tomorrow! We are approaching the end of January, and for the next month we will be spending a lot of time indoors together. Just like any winter, illnesses such as colds and the flu run through schools. This year will be no different in that regard. With that in mind, please monitor how your student is feeling and keep them home if they are not feeling well. At McClure, we truly believe that being face-to-face at school is what is best for students and teachers, and we want to make sure we keep it that way. Thank you for helping us limit the spread of germs in our building!

Sincerely,
Cory Stanley

Instructional

Laptops – The CCSD student laptop initiative is going very well! They are getting used for instruction daily and students are really getting used to having them as a tool for learning. We want to make sure students continue to have theirs for learning and are therefore encouraging the following practices to keep them up and running:

- Keep the laptop in its case
- Do not put anything, even papers, in the laptop when you close it
